

MAIN SUBJECTS OF THE MESSAGE.

Federal Control of Life Insurance,
Relations With Venezuela, and
San Domingo Finances.

PRESIDENT WORKING AT DAILY

Will Complete His Summer Sojourn at
Sagamore Hill and Return to
Washington Saturday.

Oyster Bay, N. Y., Sept. 24.—President Roosevelt will complete his summer sojourn at Sagamore Hill and return to Washington next Saturday. The president, Mrs. Roosevelt and members of their family, Seelye, and Mrs. Leach and the members of the executive force will leave here about 11 o'clock Saturday morning on a special Long Island train. They will go by boat from Long Island City to Jersey City and thence via the Pennsylvania railroad to Washington, reaching the capital shortly after 6 o'clock.

The president is devoting considerable time each day now to work on his annual message to Congress. For some time he has been assembling data for the message, but since the adjournment of the peace conference he has been writing the data into definite form. The message will not be completed until some time early in November, because each member of the cabinet will have to make a statement for the record of the work of his department. This information will be contained in the annual reports of the cabinet officers, which have not yet come in.

Three topics highly important at this time to the American people will be discussed by the president in his message. They are the federal regulation and supervision of life insurance, the relations between this country and Venezuela, and America's interest in the fiscal and financial policies of the government of Santo Domingo.

Other important subjects naturally will be considered, among them the scandals disclosed in the departments of agriculture and the interior, the work of the department of justice in the beef trust case, the regulation of railroad freight rates, the progress made in the construction of the Panama canal and the conclusion of peace between Russia and Japan.

Most of these subjects will be the discussion of these subjects. President Roosevelt now has in hand and the last days of his stay at Sagamore Hill are being devoted to the preparation of that part of his message which will deal with them. Few visitors have been received since the adjournment of the peace conference, the president desiring to be as free as possible from interruption while working on his message.

His last week here is practically divided by engagements. The consideration of all matters except those of immediate importance is being postponed until the president shall have reached Washington.

AMERICAN BANKERS.

Arrangements for Annual Convention Being Made.

Washington, Sept. 24.—Government officials are co-operating with the local committee in arranging for the annual convention of the American Bankers, Oct. 13.

An executive committee composed of prominent Washington bankers has been busy for several weeks preparing

J. J. Hill May Visit Exposition.

Portland, Sept. 23.—James J. Hill, the father of the Northern Pacific, will in all probability be in Portland to attend the exposition on Portland day, Sept. 30, according to advices received yesterday by A. C. Chilton, advertising manager of the exposition and the Northern Pacific. With Mr. Hill will come President Howard Elliot of the Northern Pacific, President Underwood of the Erie system; Fletcher A. Baker, Jonathan Throne, Samuel Thorne, George S. Allen, Frank G. Smith, B. Schley, G. M. Lane, Payne Whitney, Alexander Cochran, Sam Hill, J. L. Greatstinger and J. C. Stunt. All of the members of the party are men who are either affiliated with the Hill railroad interests or else are friendly in disposition. When Mr. Hill and his associates are trying to accomplish in the railroad world.

On Monday night Mr. Hill will give a dinner to his guests at St. Paul and on Tuesday night the party will start west,

make unhappy homes—Their condition irritates both husband and children—How thousands of mothers have been saved from nervous prostration and made strong and well.

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is unable to bear the strain of nerves that govern children involved; it is impossible for her to do anything calmly.

The fits of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arises from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cramps and spasms?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

It is monstrous that nothing in the world can cure a nervous condition than Lydia E. Pinkham's Vegetable Compound! I decided to try it. I did so, and at the end of a month I was a different woman. My nervousness was all gone; I was no longer irritable, and my husband fell in love with me all over again."

Women should remember that Lydia E. Pinkham's Vegetable Compound is the medicine that holds the record for the greatest number of actual cures of female ills, and take no substitute.

Free Advice to Women.

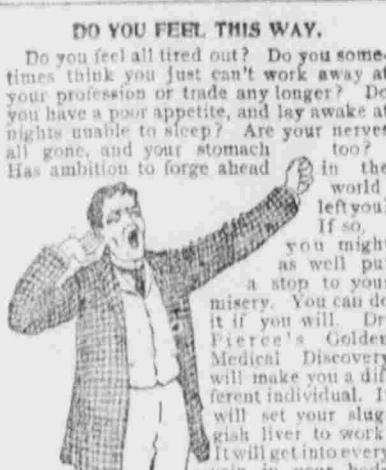

Mrs. Pinkham, Lynn, Mass., writes:

"I'll stick to what you say for advice."

Mrs. Pinkham, Lynn, Mass., writes:

"Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills."

DO YOU FEEL THIS WAY?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach upset? Is there no ambition to forge ahead in the world left you? If so,

you might as well stop to your misery. You can do it if you will. Dr. Fierce's Golden Medical Balsamic will make you a different individual. It will set your sluggish liver to work. It will get into every pore and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep the disease at bay. Even an consumption which gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy cure in 98 percent of all cases. It is perfectly prepared by Dr. J. V. Piers of Boston, Vt., who is right for all who wish to write him. His great success has come from his wide experience and varied practice. O. S. Copenhagen, Esq., of Mount Union, Hocking Co., Ohio, writes: "About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not stand. I had a physician tell me I had a form of dyspepsia which would bring me little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a medicine which I took for a short time. I then tried another, who said I had cholic indigestion, ulceration of the lining of the stomach, and a bilious condition. He treated me for more than a year and I felt much better, but it did not last. Then had to use several different medicines, but none were so good as the first. I then tried Dr. Pierce's medicines, with his Golden Medical Balsamic, and the Physician told me in two months time I was feeling better than I had for years before."

Don't be hoodwinked by a penny grabbing dealer into taking inferior substitutes for Dr. Fierce's medicines, recommended to be "just as good."

an elaborate program for the entertainment of the visitors. John Joyesom, president of the Washington Loan & Trust company and chairman of the executive committee says: "We expect that fully 1000 visitors will be here and that preparations are being made to entertain all of them if they should exceed that number. The place of the Washington tourists have been so good that we are giving the visitors every opportunity to participate in all the events arranged. The government departments will be open until 1:30 o'clock every afternoon for the benefit of the visitors.

By special invitation from Secy. of State, the visiting bankers will be afforded unusual opportunity to view the workings of the treasury department in the best trust cases, the regulation of railroad freight rates, the progress made in the construction of the Panama canal and the conclusion of peace between Russia and Japan.

Most of the time will be given to the discussion of these subjects. President Roosevelt now has in hand and the last days of his stay at Sagamore Hill are being devoted to the preparation of that part of his message which will deal with them. Few visitors have been received since the adjournment of the peace conference, the president desiring to be as free as possible from interruption while working on his message.

His last week here is practically divided by engagements. The consideration of all matters except those of immediate importance is being postponed until the president shall have reached Washington.
