About six weeks ago I was perfectly cured of a cancer in my tongue. The suffering through which I passed previous to its re-moval, cannot be described. The cure was effected without any surgical operation, and I gradually experienced great relief from the commencement of Dr. Plant's skillthi treatment. The entire cure was performed in six weeks. I am sixty-one years old, and an prepared to answer ally or all inquiries in relation to the matter. But the case, to myself, seems so wonderful that I think it my duty to take the present means of communicating the fact for the benefit of others. MRS. MAY. 14th Ward, Main Street.
