Restorative will cure: for if it failed often the offer would ruin me.

The remedy that makes that offer possible, strengthens the inside nerves. It brings back the nerve power which alone operates the vital organs. It is the result of my lifetime's work.

A weak organ must have more power. It is useless to doctor the organ itsif. It is like a weak engine that needs more steam. And my Restorative forms the only way known to bring back that nerve power, and make the weak

organ again do its duty. My Restorative, kept in the house, will enable you to head off the serious, diseases by treating the little troubles promptly. But if a chronic trouble has developed, it is very probable that this remedy forms the only way to a cure.
