

# WHAT JOINT SURVEY SHOWS.

Appears to be Ample Room for Double Tracks in Narrows.

## REPORT OF THE ENGINEERS

Not Necessary for O. S. L. and San Pedro to Occupy Same Road Bed in Meadow Valley.

Good news comes from the Meadow Valley and California Wash region below Caliente. The bearers of it are the engineers who have for weeks past been engaged in doing joint survey work in Nevada for the Oregon Short Line and San Pedro, Las Angeles and Salt Lake roads. It is to the effect that there is ample room in the narrow defiles of the mountains of southern Nevada to admit of two tracks, one for each road, being constructed through these passes. Hitherto the belief has been entertained by the officers of both companies that they would in all probability be compelled to abide by the provisions of federal law in such cases, which provides that where the topography of the country is such as to make it impossible to build two tracks, side by side, that there must be a joint use of one.

The report is that the defiles are very narrow in many places, but that the science of engineering has removed the apparent obstructions so that two tracks may parallel each other both through Meadow Valley and California Wash sections. It is true that there are some stretches there upon which no reports have been made but according to information in possession of the engineering departments of the roads, the most difficult portions have been surveyed. Reports upon these will be forthcoming soon, and the prospect is that when the whole matter is disposed of in the course of the next few weeks, it will be found that there is quite enough room for the tracks of both the Short Line and San Pedro through these mountain narrows.

## TO AVOID WRECKS. Plan to Do Away With Written Train Orders to Engineers.

Chicago, Jan. 4.—Train dispatchers of the country want all possibility of collisions removed by doing away with the present system of train orders, that can be misinterpreted and signals that may be unsafe. Instead of these methods it is proposed to substitute colored electric lights in the engine cab, signals that always can be seen and never can be misunderstood.

Among those who urge a change is A. C. Miller of Aurora, chief dispatcher of the Chicago, Rock Island & Quincy. He suggests that several disastrous wrecks in the last thirty days were due to the alleged misunderstanding of written orders and insists that written orders never should be used.

The placing of "block" signals along the track at this day when trains often run 80 miles an hour, is held to be unsafe, as they cannot always be read by the engineer when going at such speed. "Automatic blocks or lights in the engine cab," said Mr. Miller, "mean just two things—when they are clear, go; when they are red, stop. This system of movable blocks or lights in English cabs is being installed on the Chicago and Eastern Illinois railroad, chiefly through the efforts of Mr. Miller, who took the initiative in bringing the system to perfection. The experiment will be watched with interest by other men throughout the country.

## GRADING CONTRACT. Corey Bros. & Co. of Ogden Get Work on New Cut-Off.

Corey Bros. & Co. of Ogden have secured the first contract for grading the new Southern Pacific improvements in the vicinity of Wadsworth, Nev.

The cut-off is about fifty miles in length and runs directly east of the station on the Southern Pacific known as Brown, southwest of Wadsworth, giving the last named place a complete go-by by a margin of ten miles, and in railroad parlance, "wiping it off the face of the map."

Corey Bros. & Co. have been awarded the contract to build fifteen miles of grading, which is estimated at \$25,000. The work is said to be mostly earth excavating with the exception of a 1,100 tunnel a short distance from Brown.

A. B. Corey left Ogden today in response to a dispatch asking him to come at once to San Francisco and confer with the Southern Pacific officials there in regard to the work.

## THREE INVESTIGATIONS. Interstate Commerce Commission to Hold a Long Session in Chicago.

The Chicago Record-Herald this morning said: The interstate commerce commission will begin a series of three investigations in Chicago next Tuesday which are said to have for their purpose the gathering of data for a special message of President Roosevelt to Congress. It is said that in this special message President Roosevelt will deal with three subjects, as follows:

First—Railway combinations.

Second—The interstate commerce commission.

Third—Legislation governing interstate traffic.

Originally it was the purpose of the President to cover these subjects fully in his annual message to Congress, but owing to the inability of the interstate commerce commission to get all the facts necessary, these subjects were touched upon but briefly and were left to be handled in a supplementary message. The investigations which will be made and which will supplant those already made are:

First—Tuesday at Chicago, the transportation of packing-house products and dressed beef.

Second—Wednesday at Chicago, the Burlington, Northern Pacific and Great Northern combination.

Third—Thursday at Kansas City, grain and grain products to eastern and seaboard points.

Fourth—Friday at Chicago, packing-house products and dressed beef.

United States Marshal Ames' deputy was busy today serving and trying to serve subpoenas on representatives of packing-house interests. He had six summonses, and succeeded in serving two. Several of the men sought are said to have escaped service by leaving the city hurriedly, one of them missing the deputy by only a few seconds.

While the packing-house men are apparently shunning the investigation, the railroad men are not seeking to avoid it. Many of them believe that anything is better than the present conditions, and that with stable rates

# CATARH ROBS WOMEN OF HEALTH AND BEAUTY. Pe-ru-na Makes Women Healthy and Beautiful.

Women All Over the United States Praise Pe-ru-na for Diseases Peculiar to Their Sex.

Miss Mary Meehan, 54 Concord street, Lawrence, Mass., writes: "It gives me great pleasure to tell you that to-day I am a new woman. I was troubled with catarrh for twenty years, and tried many kinds of medicine but found no relief. Finally I tried Peruna, and after taking one bottle I felt better, and six bottles cured me entirely. Henceforth I shall never be without a bottle of Peruna." MISS MARY MEEHAN.

Mrs. E. T. Gaddis, Marion, N. C., writes: "Before I commenced to take Peruna I could not do any hard work without suffering great pain. I took Peruna and Manalin, and can say with pleasure that it has done more for me than any other medicine I have ever taken. Now I am as well as ever; I do all my own work and it never hurts me at all. I think Peruna is a great medicine for woman-kind." MRS. E. T. GADDIS.

Disguised Catarrh. There are a great many people who are actually invalids from chronic catarrh of some internal organ who have not the slightest suspicion that they are victims of this universal disease.

This is especially true in cases of chronic catarrh of the organs in the lower part of the abdomen or pelvic organs. These organs are especially liable to catarrh, which gives rise to weakening discharges, painful irregularities, backache, bearing-down pains, smarting and throbbing, with a host of other symptoms peculiar to weak persons of both sexes, but occurring much more frequently in women, when it is called female weakness.

There are a multitude of women, especially housewives, and all other women obliged to be on their feet continually, who are wretched beyond description, simply because their strength and vitality is sapped away by catarrhal discharges.

Peruna is such a specific for such cases that when patients have once used it they can never be induced to quit it until they are permanently cured. It begins to relieve the disagreeable symptoms at once. The backache ceases, the trembling knees are strengthened, the appetite restored, digestion made perfect, the dull headache is stopped and the weakening drains are gradually cured. These results certainly follow a course of treatment with Peruna.

would come lower rates, to the great benefit of the entire country.

The packing-house men, who were served with subpoenas are: George B. Robins, vice president of Armour car lines; W. J. Jenkins, superintendent of transportation for the Hammond Packing company.

No subpoenas were issued for the railroad men, but in their stead, letters were received from the commission requesting their attendance at the investigation. It is said that every person in charge of traffic on a road centering here and known to carry packing-house products and dressed beef has received a copy of the letter. It is doubtful if the investigation into the Burlington deal can proceed Wednesday, as President Harris of the Burlington and Darius Miller, vice president, will not be in the city. They have asked the commission to postpone the date, and unless the St. Paul letter is obfuscated here a postponement may become necessary.

It is understood that the legal counsel interested into the organization of the Northern Securities company, James J. Hill, E. H. Harriman, J. P. Morgan, former President Hayes of the Southern Pacific, President Butler of the Union Pacific and J. C. Stubbs, traffic director for the Harriman lines, have been asked to attend. None of these men were subpoenaed, but Darius Miller said that he expected to respond to the commission's request, and it is presumed that others will do the same.

It is also the purpose of the commission to inquire into the purchases of the Southern Pacific by the Union Pacific and into all that has transpired within the last year, as tending to show the workings of the community of interests idea.

Railroad men have been given to understand that the investigation into rate matters is not for the purpose of inflicting punishment upon any one, but simply in the life of investigation for facts and data. This is confirmed by the purpose of the President to send a special message to Congress.

## SPIKE AND RAIL.

T. M. Schumacher is still in Omaha. Idaho is still agitating for a 4-cent mileage rate.

The Illinois Central is distributing some handsome Madi Gras literature.

J. E. Dunn, superintendent of motive power and machinery, Oregon Short Line, is in Pocatello.

General Superintendent E. E. Calvin of the Oregon Short Line has returned from his Idaho trip.

The Boise Evening Capital News editorially speaks of the general manager agent of the Oregon Short Line as "Manager Burley."

The Rupert of Hentzau company, twenty-four strong, today closed a contract with the Colorado Midland for transportation here from Denver.

The Oregon Short Line has issued an order to station agents that storage will be charged on all freight left at way stations over forty-eight hours.

According to Chief Engineer Henry Hawgood of the San Pedro in the Bayview Ave. line from Los Angeles, Cal. to Salt Lake, Utah, for which surveys are being made, will be 730 miles in length. The first thirty miles from Los Angeles to Pomona, Cal. are under construction.

Denver Post: It is stated on excellent authority that the visit of George S. Morrison, one of the greatest of American railroad engineering experts, to Colorado to examine the Colorado Southern, is in the interests of George Gould, preparatory to Gould's assuming control of the Colorado & Southern.

The law and motion calendar in the Federal Court will be called on Monday at 10 a. m. with the following cases:

C. P. vs. Johnson; appeal from taxation of costs.

Strickley vs. Highland Boy mining company; motion to dismiss appeal bond.

Dunn vs. Bear River Irrigation

Mrs. Ida Procter, a prominent society matron, President Brooklyn Woman's Century Club, writes from 45 Hoyt street, Brooklyn, N. Y.:

"Two years ago my health was entirely broken down from social cares and responsibilities and I felt that I was going to be very ill. As Peruna had been used by other members of the family with good results I thought best to give it a trial before putting myself in the care of a physician, and was glad that I did so, for the use of four bottles restored my strength and vitality, and a dose once or twice a month keeps me in excellent health." MRS. IDA PROCTER.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Ogden Water Works companies; motion to set aside for trial. Zimmerman vs. same; same entry. Webber vs. same; same entry. Cody vs. same; same entry. Fowler vs. same; same entry. Larsen vs. U. S. Mining company; exceptions to answer and demurrer to cross bill.

## DISTRICT COURT.

Glassberg, bankrupt; specifications against discharge. Crocker, bankrupt; to confirm composition. Hanson, bankrupt, motion to reinstate petition for discharge. Crandall, bankrupt; objections to discharge.

## STATE TREASURER'S REPORT.

State Treasurer Dixon's December report makes the following showing:

Balance, Nov. 30, . . . \$159,686 81 Receipts, . . . . . 628,841 73

Total, . . . . . \$788,528 54 Disbursements, . . . . . \$169,168 91

Balance, Jan. 1, 1902, . . . \$629,359 63

The balance is apportioned among the various funds as follows: General fund, . . . . . \$243,100 70 State district school fund, . . . 286,492 48 Fund, . . . . . 135 57 State school lands fund, . . . 47,321 32 University school lands fund, . . 18,594 84 Agricultural college lands fund, . . 1,359 67 Insane asylum, . . . . . 819 93 School of mines lands fund, . . . 630 62 Institution for blind lands fund, . 645 35 Miners' hospital lands fund, . . . 1,452 08 Normal school lands fund, . . . 737 67 Reservoir lands fund, . . . . . 15,466 16 Public buildings lands fund, . . . 2,417 24 Bear and dumb asylum lands fund, . 619 50 Reform school lands fund, . . . 843 58 Suspense account, . . . . . 8 21

Total, . . . . . \$629,359 63

We are making a specialty of pure, wholesome foods, nuts and fruits.

## WANT ALL REPUBLICANS.

Ogden Politicians Adopt Resolution to Present to New Mayor.

(Special to the "News.")

Ogden, Utah, Jan. 4.—The Republican club of this city met last evening in the city court house. Judge A. B. Patton was made chairman and a resolution was adopted petitioning Mayor-elect Glassman and the new city council to appoint none but Republicans to office in the city government, and to discharge all present officials and employees who are Democrats. The new administration comes into power on Monday next, and as it is entirely Republican it is generally believed that the request of the Republican club will be needed to. There are a number of candidates out after the plums and who will capture the coveted fruit is hard to predict at this time. John Conlisk, the present chief of police, is working hard for retention, but he has a determined competitor in Robert Browning. The council seems to be about equally divided between the two men. Robert Chambers, a former policeman of this city, is working for the detectivehip to supplant Mr. Pender. As the latter is a Democrat it is probable that he will go out.

There is a lively scrimmage over the position of chief of the fire department. Orson Riser the present chief has a petition signed by a majority of the business men asking the mayor and council to retain him in the position.

Browning, the former chief is out after the job, and is making an aggressive fight, as is also Annie Childfield.

BLAZE IN CIGAR STORE. Meyers and Shurtliff's cigar and newsstand, at 549 Twenty-fourth street, was destroyed by fire at an early hour this morning. The blaze broke out among the papers in the front of the store.

Clarence Meyers and Jack McCarthy, who were asleep in the rear, were awakened by the smoke and gave the

alarm. The fire department made a very quick run and managed to save the adjoining building.

The loss to the contents amount to \$600 with \$400 insurance. The building, which belongs to the Peery estate, was damaged to the extent of about \$200.

## HANDSOME NEW CHAPEL.

Eighteenth Ward Hold New Year's Meetings in Enlarged Building.

The improvements to the Eighteenth ward chapel, which have been going forward for the past seven months, have now been completed, and meetings will be resumed in the chapel tomorrow; the first session will be the regular ward fast meeting at 2 o'clock, and in the evening the conjoint session of the two improvement associations will occur.

A choir of fifty voices will render special music; George D. Pyper and Mrs. Florence Dinwoodey will sing a duet, and Messrs. Pyper, Whitney, Patrick and Spencer will render a quartet. The speaker of the evening will be Bishop O. P. Whitney, whose subject will be, "What Mormonism Has Accomplished."

During the fast meeting every well-calls the earth cell, which he is able to take advantage of terrestrial magnetism and communicate through this medium. He claims that with a central station weather bulletins can be flashed into every home, and the same might be said of sending out any important intelligence.

The enlarged chapel, which is now one of the largest ward meeting houses in the city, has been improved at a cost of between \$3,000 and \$5,000, and its seating capacity has been increased to 650. The building is now in the form of a cross, an ante-room, and the lavatories being built on the north side. It contains 10 electric lights, and is heated by steam. The entire work of remodeling the building and raising the funds was placed in the hands of a special committee of twelve with the ward bishopric at its head. The active work of construction and the supervision has been in the hands of the chairman of the building committee, Robert Patrick, Sr., his assistants being John T. Caine and John Nicholson. The architect employed was David C. Dart.

The building was lighted up on Friday evening and all who beheld it were profuse in their expressions of praise over its handsome appearance.

## A SOUND THAT MEANS SOMETHING

You hear a great many people sounding the praise of THREE CROWN BAKING POWDER

It is pure and reliable, satisfactory and economical. It maintains health and makes health; it gives a wholesomeness to your food which you will appreciate. No baking powder of equal merit was ever sold for so low a price. We take a pride in Three Crown Baking Powder because it is a credit to us and we could not afford to put out an inferior article and claim it equal to the best. That is why we are so free with our claims about Three Crown. We know it is right. Buy a pound can from your grocer for 25c, and if not satisfied he will refund the money.

HEWLETT BROS. CO., MFRS.

## OFFICIAL ANNOUNCEMENT.

From the General Presidency of the Relief Society.

Toussaint Mention of the Late President, Zina D. H. Young—New Officers That Were Chosen.

Official Announcement of the Organization of the General Presidency of the Relief Society.

To the officers and members of the several stakes and branches of the Relief Society in the Church of Jesus Christ of Latter-day Saints.

Our Father in heaven, who doeth all things well, has seen fit to call home to a better world our beloved and revered president, Sister Zina D. H. Young, after a long life of active usefulness, and blessed ministrations in the spirit of the Gospel, and the calling assigned her by the Priesthood of the Church, of which she was a faithful member. She passed peacefully away August 23, 1901, beloved by all who knew her, and many thousands bless and honor her memory. "Blessed are the dead, which die in the Lord from henceforth; yea, saith the Spirit, that they may rest from their labors; and their works do follow them."

On Thursday, October 31, 1901, Sister Bathsheba W. Smith was elected to fill the vacancy caused by the demise of the late president, Sister Young, and at the special conference of the Stake in Nauvoo, Illinois, March 11, 1902, Sister Smith was sustained as president of the Relief society in all the world. Her counselors, who had been previously chosen, were also sustained; they are Sister Annie Taylor Hyde and Sister Ida Smoot Dusenberry, also Sister Emmeline B. Wells, secretary, and Sister Clarissa B. Smith, Williams, treasurer. These are the general officers that were sustained at the special conference by vote of all the quorums of the Priesthood, and the members of the Church who were present on that memorable occasion.

We unitedly join with our sisters and collaborators here in Zion and abroad in all parts of the world in gratitude to our Father in heaven for His innumerable blessings, that have been manifest ever since the society was first organized by the Prophet Joseph Smith in Nauvoo, Illinois, March 11, 1842, now nearly sixty years ago; and we humbly beseech the blessings and guidance of our heavenly Father, to direct all our future efforts, and pray that His Holy Spirit may be with those who labor in any capacity therein, and bless their ministrations however lowly their calling may be.

We have not taken these responsibilities upon ourselves, but have been called in the order of the holy Priesthood, and we humbly desire to magnify the callings given to us of the Lord, and in order to do so acceptably, we shall need the faith and support of the First Presidency of the Church, the Apostles, presidents of Stakes and Bishops, whom we ever feel to uphold, and with whom we desire to work in harmony, and to merit at all times their confidence and blessing.

Signed: BATHSHEBA W. SMITH, General President. ANNIE TAYLOR HYDE, First Counselor. IDA SMOOT DUSENBERRY, Second Counselor.

EMMELINE B. WELLS, General Secretary. CLARISSA SMITH WILLIAMS, Treasurer.

Salt Lake City, Dec. 30, 1901.

Stops the Cough and works off the Cold.

Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, No pay. Price 25 cents.

## EARTH A GREAT BATTERY.

Telephonic Possibilities Being Considered in Salt Lake.

There is talk in local telephonic circles over the claims of a Kentuckian who alleges his ability to telephone messages without the use of wires. This man lives at Murray, Ky., and is named Nathan B. Stubblefield. He says the earth is a great battery and is credited with having perfected a system of wireless telephony by which the sound of the human voice can be transmitted great distances. The inventor recently gave an exhibition in Murray which was successful. By the construction of a special electric cell which he calls the earth cell, Stubblefield claims to be able to take advantage of terrestrial magnetism and communicate through this medium. He claims that with a central station weather bulletins can be flashed into every home, and the same might be said of sending out any important intelligence.

Whole Wheat and Graham bread and zwieback at 63 cent First South. Return thirty of our bread seals and get a package of breakfast food.

ST. HELENA SANITARIUM FOOD CO.

## JUDGE DIEHL'S COURT.

John Sullivan, a man 62 years of age, pleaded guilty to drunkenness, but said it was his first offense and he would try to make it his last. On that promise he was discharged.

Billy Lloyd pleaded guilty to drunkenness and was assessed \$10.

Old John Bull swore that he had not been drunk since September. Officer Tompat testified that he saw Bull on the streets a great deal and he was nearly always drunk.

"Taint so," said John. "I allers comes 'ere when I's drunk." He was found guilty and given fifteen days.

Wong Chang, the Chinese vagrant, was before the court again today. He was convicted of vagrancy on the testimony of Officer Emil Johnson, and sentenced to thirty days at labor.

## WARD ENTERTAINMENTS.

A farewell reception and concert will be given in the Seventeenth ward meeting house Wednesday evening, Jan. 8, in honor of Elder Rupert Gauhn, who departs within a few days for Germany, where he goes to perform a mission. Elder Gauhn has been one of the most active workers in the ward and his friends, who are expected to be present at the reception. An excellent program has been prepared which is as follows:

Singing . . . . . C. B. Felt, Conductor Song . . . . . Will Willis Banjo accompaniment, Sam Donelson Reading . . . . . Amy E. Smith Solo . . . . . Elsie Barrow Selection . . . . . Lambourne String Quartet From the Sunday School, Geo. A. Smith Solo . . . . . Little Millie Williams Recitation . . . . . Nona Banks Song . . . . . George B. Margotts From the M. L. A. Mathemah, Thomas Song . . . . . Mrs. Clarissa Cleghorn From the Ward, Bishop W. J. Beale Solo . . . . . Winslow F. Smith From the Missionary, Rupert Gauhn Singing . . . . . Choir Benediction . . . . . Choir

Accompanist, Mrs. Gwendolin Lewis Little.

The news will be of the Greatest Bargains in Clothes for man and boy that this town has ever seen.

You can't afford to miss it.

## ONE PRICE. J. P. Gardner, 130-132 MAIN ST.

## FIRST CHARGE WAS DISMISSED.

Kaighn Will Be Tried on a More Serious Information.

## MERE LEGAL FORMALITY.

Charge of Assault With Intent to Commit Murder Blotted Out in District Court.

As mere formality, demanded by the law, the case against Merrill M. Kaighn, charging him with assault with intent to commit murder, was dismissed in the district court this morning. The law requires that the district attorney make a statement, when an information is not filed, in order to dispose of the case.

Suit on a Note.

Thomas B. Ellingwood is suing F. P. Gridley to recover \$220 claimed to be for note for \$225, dated Omaha, May 25, 1892.

Schroeder Case Dismissed.

Judge Stewart this morning dismissed the case of Theodore Schroeder vs. Utah Stove and Hardware company, the case having been amicably settled out of court. The suit was to recover \$230 claimed to be due as attorney fees.

Another Continuance.

The date set for the sentence of Frank Shurtliff, convicted of involuntary manslaughter, was continued a second time this morning until Saturday, January 11. Erick and Edwards had submitted some new authorities to the court on their motion for a new trial, and the court, not having had time as yet to consider them, ordered this further continuance of time to pass on the motion for a new trial.

Baird Gets \$60.

In the suit brought by Walter Baird to recover \$150 from Mrs. A. W. McCune for work done in decorating the new McCune residence, Judge Hall this morning rendered judgement for the plaintiff cutting his remuneration down to \$50, however, and allowing him \$25 for attorney fees.

Decree in Deep Creek Case.

Judge Hall today entered a decree in the case of the Deep Creek Irrigation company vs. the Draper Irrigation company, which has been in litigation since last spring. The decision is as fair as it could be under the circumstances, each of the parties to the suit receiving an equal share of the benefits which they were fighting for. Each is decreed to be owner of one-half of the primary waters and of one-half of the surplus waters for possession of which the suit was brought, and the title of each is quieted to this share.

## SCANDINAVIAN SINGERS ATTENTION!

The attention of Scandinavian singers and choirs is directed to the Latter-day Saints' "Koralbok" (psalms), for sale at this office. It has been in print for several years, gotten up by Mr. Olof Nilsson, for many years and until recently leader of the Danish-Norwegian choir, "Harmonien." It is now used by the two Scandinavian choirs, "Sven" and "Harmonien" of Salt Lake City, also by Scandinavian choirs in Ogden, Logan, Provo, Brigham City and other towns. Copies have also been furnished to choirs in Copenhagen, Stockholm and Christiania. It is printed in clear type, on fine white paper, contains 58 pieces of music, with the hymns printed both in Swedish and Danish-Norwegian languages. All Scandinavian choirs and organizations should obtain this work. Price, in paper cover, 50 cents per copy. For sale at Deseret News office. Special discounts to agents, dealers and choirs.
