TALLY ANOTHER FOR SALT LAKE

Local Ball Tossers Won a Good One From 'Frisco Yesterday.

SCORE WAS FOUR TO TWO.

Quick Pitched a Magnificent Game to The Undoing of the Pirates—Clifford Here Sunday.

Chalk up another for Salt Lake! Yes indeed, the local bunch certainly walloped the fierce Pirates from 'Frisco yesterday, and if they put up the same kind of a fight today they are likely to repeat the performance. The work of the locals was so good that many things were forgotten, and if the good work is only kept up they will be referred to no more for ever. The game was not won because of accident, or good luck, or bad luck, but because our nine played good ball all the time there was anything doing on the diamond. The score was four to two.

The contest was essentially a pitchers' battle in which Mr. Quick, the young gentleman who occasionally shoots the shoots for the home guards, had somewhat the better of. He had to work mighty hard though, did Quick, but he was given gilt edged support throughout. But the home team won, so whats the difference?

The main trouble with the naughty Pirates was in the fielding. In spots it was not so worse, but in other spots it was much "worser," etc., etc., ah! and then some. Lietman, who presented the benders for the visitors, had a good assortment of shoots, but it was the support given him that caused him to feel like he were sitting on the ragged edge with his feet hanging over.

A word should be said in favor of one Weed, who hangs around short for the locals and eats up sizzling grounders when there is nothing else to do. That young gentleman had nine hard chances yesterday but fell down on none of them. Mr. Taylor at third will win a happy home here if he keeps up his good work, and Mr. Paul Farrott was there with the hitting. In fact it may be said that but for his splendid stick work he would probably have been appropriated by the Friscoites.

Salt Lake now has one the best of it and we only hope the team will keep it up. The same teams will battle again this afternoon. The summary of yesterday's doings follow:

JACK DALY ARRIVES.

Man Matched to Meet McCarthy This Morning.

"Chicago" Jack Daly, the welterweight fighter who is matched to meet Jerry McCarthy at the Grand opera house on the evening of Aug. 3, arrived here this morning from Butte. He looks well and says that in a few days he will be fit as a fiddle for his bout with Jerry.

Tommy Markham is to meet Roy Condie in a 10 round bout to a decision as a preliminary to the main event.

YESTERDAY'S HORSE RACES.

Spectators Thought That "Limber Jim" Was Pulled Hard.

It is really too bad that it cannot be truthfully said that yesterday afternoon's horse races (?) at the Fair grounds were of the gilt edge order, but alas they were not. They should have been started at 2 o'clock, but it was three-quarters of an hour later when the second race was run, the first one having been postponed for the good and sufficient reason that three of the animals had been 'scratched.' Chub won the second race, galloping home an easy winner while Bicycle and M J Shelly fought it out for second place, the former winning.

In the next event Limber Jim was undoubtedly the favorite. It was a mile and a sixteenth. On the getaway Jim had all the better of it and was taking things easy several lengths ahead when the horses came around for the second time. But suddenly the jockey evidently got strong in the arms and if ever a horse was "pulled" Jim was pulled good and plenty. At least such is the undivided opinion of several persons who are competent to judge.

There was another fight yesterday between jockey and trainer, but no particular damage was done. The summary follows:

First race, called off; only two horses ready to start.

Second race, five-eighths mile, running—Chub, Bicycle, M J Shelly; time, 1:03¾.

Third race, mile and one-sixteenth, handicap—Admetius 105, Ledeae 102, Limber Jim 115; time, 1:52¾.

Fourth race, 4½ furlongs—Lady Ordnance, The Covenanter, Bert Davis; time, :56¾.

Races at Calder's.

The following program is being run at Calder's park track this afternoon:

Free-for-all pace and trot, purse $200—Sarah Green, owned by Frank Wilson; Torreon, owned by C. H. Thompson; Kangaroo, owned by McCoy stables.

Special trot, half-mile heats, three in five, purse $100—Erma D A, owned by Dr. Will L. Ellerbeck; Chester S, owned by Spiers Bros.; Ladysmith, owned by Dr. W. S. Ellerbeck.

Race for colts three years old and under, half-mile heats, two in three, purse $100—Zeltoka, sired by Altoka; Alda B, sired by Altoka; May Wallace, sired by Altoka; Alcanta, sired by Altoka; Alda B, sired by Altoka.

Today's Events.

Following is the program of today's horse races at the Fair grounds:

First race, 4½ furlongs, non-winners this year—Corvis 109, Covenanter 104, Saxby 104, M J Shelley 104, Torso Maid 102.

Second race, one mile and 70 yards—Invictus 106, Pilot 106, Ledeae 104, Mr. Robinson 107.

Third race, six furlongs—Thisby 104, Madame Bishop 110, Easter Card 107, Boomerack 110.

Fourth race, hurdle, 1¼ miles—Bert Davis 125, Ledeae 125, Humbert 125, Limber Jim 125.

Girls' race—Black Richie, Elsie Thurman, Mary McPherson, Mildred Miller.

CLIFFORD HERE SUNDAY.

Will Begin Training for His Bout With Clarence English.

Manager Eddie Robinson of Clarence English has received a communication from Jack Clifford and his manager, to the effect that they will arrive here on Sunday. Clifford will then begin his training for his bout with English. The latter is doing his work over at the fire department headquarters, and is rapidly rounding into first class shape. Inasmuch as both boys take exceptionally good care of themselves, they will require but little work.

OUTSIDE EVENTS.

JOHN TAYLOR WON.

Took Fifth Heat and Race Worth Purse of $10,000.

Detroit, July 23.—John Taylor, the gray gelding that ran away after an accident in the third heat of the Merchants and Manufacturers' $10,000 stke yesterday at Grosse Pointe and then won the fourth heat in an impressive fashion, this afternoon won the fifth heat and the race from Wainscott, the heavily played favorite. Summary:

Merchants and Manufacturers' stake, $10,000, of which $2,000 is for consolation stakes Saturday, 2:24 trotters, three in five heats (unfinished from yesterday):

2:09 pace, $1,000—Sadie Baron won both heats. Time, 2:11, 2:13¾.

IT WAS A DRIFTING RACE.

New Challenger Was Beaten by Shamrock 1st.

Atlantic Highlands, N. J., July 23.—A fluke and a shift of wind cheated Shamrock III out of a victory in a drifting race with Shamrock I off Sandy Hook lightship today and gave the old boat the first victory ever had over the new cup challenger. The boats had drifted about nine miles before the wind to the turning mark, with just enough wind to keep them moving, when Shamrock I's sails filled with wind nad for 20 minutes she slipped away, leaving her sister racer almost decalmed. Beating back to the finish line, a shift of wind gave the old boat an advantage. Shamrock I gined five minutes by her good luck. She finished 1 minute 32 seconds ahead and beat the challenger by 3 minutes, 50 seconds elapsed time. Summary:

	Start.	Finish.	Elapsed Time.
Shamrock I	12:51:16	4:25:39	3:34:04
Shamrock III	12:49:13	4:27:12	3:37:51

England Won Challenge Trophy.

Bisley, England, July 24.—England won the National Challenge trophy today with a score of 1821. Wales was second with a score of 1805; Scotland scored 1804 and Ireland 1755.

SPORTING NOTES.

The Cleveland Commission company amateur baseball team left last evening for a trip into Idaho to play against some of the crack amateur teams of that state. The ball tossers will be gone two or three days.

St. Louis, Mo., July 23.—Abe Attell, the California featherweight, and Johnny Reagan, the bantamweight, signed articles today to box 15 rounds before the West End club here on July 30 for the legitimate featherweight championship of America, at 122 pounds ringside.

The reason Limber Jim did not win the third race yesterday is accounted for in the fact that somebody needed the money. The work of the lad who rode the elongated animal was pretty raw, and he should have been "seen" about it. He might at least have used the whip a little just for the sake of the looks of things.

Chicago, July 23.—E. E. Farley, who was ruled off the turf for alleged "ringing" by the Detroit Jockey club, and for whom a fugitive warrant had been issued by the Michigan authorities, walked into the central police station here today and gave himself up. Farley was taken before Judge Chetlain, who, after hearing preliminary questions, set the trial for next Thursday.

At Richfield this evening Jack Christie is billed to fight one James Mair, and the bout is to go 10 rounds—provided one of them is not knocked out. It is stated that the men will enter the ring at catch weights, and that Mair will weigh about 160 and Christie about 155 ponds. The contest is for a side bet of $25. What will the winner do with all the money? The gate receipts are to be divided 75 and 25 per cent. There will be two preliminary bouts, it is said.

New York, July 23.—The weights for the last of the spring and summer handicaps, the $12,000 Saratoga handicap, at one mile and a quarter for three-yer-olds and upwards, to be run on the opening day of the Saratoga Racing association's summer meeting, Aug. 3, have just been announced, with the two most talked-of horses of the season, Waterboy and McChesney, on equal terms as the top weights at 127 pounds. Hermis gets four pounds less weight.

AMUSEMENTS.

Thursday at the Salt Palace is known as amateurs' night, and last night it was expected that a number of local singers would respond to the chance given them to furnish an illustration of what they could do in the vocal line, only one turned up, however, Fred Taylor, who sang a baritone song in pleasing style, and was heartily applauded. The audience was a good sized one, and the indications are that the Thursday amateur events will draw well in the future.

At Calders tonight the display of fireworks will be under the direction of Charles Millard, and will include a number of subjects suitable for Pioneer Day.

OLD CURIOSITY SHOP.

To be Demolished and Re-erected in United States.

New York, July 24.—This city is to lose another of its show places, says a Herald's dispatch from London. A building in Portugal street Lincoln's Inn Fields, which is said to have been the original of the Old Curiosity Shop, immortalized by Dickens, has been sold to an American, who will eventually take it to pieces and re-erect it in the United States.

Thousands have paid for the privilege of seeing the venerable edifice and of purchasing Dicken curios, caring but little whether the house written about by the master novelist really existed there or, as many suppose, in Fetter Lane.

Shot One of his Tormenters.

Chicago, July 23.—Adolph Ehman, a member of the firm of Charles Ehman & Co., mantel manufacturers, angered by the jeers of a crowd of union workmen while he was acting as guard over non-union men, shot and seriously wounded Robert Kuter, one of his tormenters, today. Ehman was arrested.

Fisherman Must Not Trespass.

New York, July 23.—William Rockefeller, who owns more than 90,000 acres of land in the Adirondacks, has obtained an injunction restaining Oliver Lemora, a fisherman, from trespassing upon the lands within Rockefeller park.

M. Lemora, who was sued by Mr. Rockefeller for trespass, lives in Brandon, a former lumbering community, now entirely surrounded by Mr. Rockefeller's lands. By the court's order he is practically confined to his own dooryard, although he may use the public highway which leads to the railway.

More Wages for Employes.

Columbus, Ohio, July 23.—The Federation and Independent Window Glass companies of Columbus have granted an increase of about 15 per cent to the employes of its various plants who belong to the Window Glass Workers association. About 5,000 men are affected.

Cruiser Galveston Launched.

Richmond, Va., July 23.—The United States cruiser Galveston, which was constructed when the Trigg ship works went into the hands of a receiver, was successfully launched here today. Miss Ella Seeley of Texas acted as sponsor. The only government official was Assistant Naval Constructor Groesbeck.

Grace Barrington Gets a Divorce

Kansas City, Mo., July 23.—Mrs. Wilhelmina Grace Barrington was today granted a divorce from "Lord" Frederick Seymour Barrington, who is now under arrest at St. Louis charged with murder, in the district court at Kansas City, Kansas. The decree restores to Mrs. Barrington her maiden name Cochrane. She married Barrington in St. Louis believing his representations that he was an English lord. Barrington did not contest the divorce suit.

A 12-Inch Mortar Blown Up.

Sandy Hook, N. J., July 23.—A 12-inch mortar was blown to pieces at the Sandy Hook proving ground today. The explosion demolished the mortar and pieces of steel were scattered all over the Hook and the adjacent beach. The firing squad was all behind bomb-proofs and no one was injured.

E. E. Farley Surrenders Himself

Chicago, July 23.—E. E. Farley, who was ruled off the turf for alleged "ringing" by the Detroit Jockey club and for whom a fugitive warrant had been issued by the Michigan authorities, walked into the central police station here today and gave himself up. Farley was taken before Judge Chetlain, who, after hearing preliminary questions, set the trial for next Thursday.

WRETCH NARCOTINE.

Katherine Paragora, who was arrested for being drunk on July 3 and sentenced to 15 days in the county jail, but was later released on her promise to leave the city, was arrested Thursday and locked up at the police station charged with being drunk.

The Paragora woman was at one time one of the most respected and beautiful women of the city. She was the daughter of a prominent real estate dealer and a leader in society. Her story is told in a few words. She suffered from throat trouble and was given morphine by the doctors who attended her until she became a "fiend." Her husband, who died a few years ago, a broken-hearted man on account of the vice of the woman he loved, spent a small fortune trying to break her of the habit of using drugs, but his efforts were vain. She went from hospital to hospital, but no sooner was she released from one as cured than she went back to the use of drugs with more determination than ever. She became a drunkard as well, and often was picked out of the gutters and sent to her home by kindly friends. She was placed in the insane asylum some time ago, but was later released as cured, and on her husband's death received a small fortune, which in the last few years she has been spending with a free hand for morphine and drink. No serious is her condition at the present time from her years of dissipation that her mind is entirely gone and she will be returned to the insane asylum by the insanity commission.

She was found lying in a gutter at the side of one of the principal streets of the city by the bicycle police, and was slated at the station under the name of Mary Smith. Her friends and relatives here have decided that the case is hopeless, as she will accept no favors from any of them, and tells them to mind their own business and she will attend to hers when they suggest that she cease her dissipations. Her case is one of the most deplorable that has ever come under the attention of the police dpartment.—Indianapolis Journal.

A WOMAN'S RISK

As a trapeze performer is greater than a man's. She must have a man's courage and a man's muscle to succeed. But she must also work under conditions of which a man knows nothing. Many an accident to women acrobats must be attributed to the sudden weakness to which all women are subject at certain times.

Dr. Pierce's Favorite Prescription heals the womanly diseases which cause weakness. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

"With pleasure I write to-day in praise of Dr. Pierce and his medicines," says Mrs. Mary Conway, of Appleton, Lawrence Co., Tenn. "Was troubled with female disease; the back of my head hurt me so I could not lie in bed and I would have to sit up, and then I would have such pains from my waist down I could scarcely raise up. My feet and hands would feel almost like ice. Since taking Dr. Pierce's Favorite Prescription I can sleep well all night. Could hardly drag around before I took your medicine, and now can do my housework and help my husband in the field. Words cannot express the thanks I owe to Dr. Pierce."

Weak and sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

COMMUNICATION BY DRUM.

A system of long-distance communication used by the native tribes of South Africa in the territory lying west of Natal is described by a returned missionary, Rev. C. A. Rideout. A drum composed of a gourd with a dried kid skin stretched across it is beaten with a padded drumstick, and gives forth a sound which is carried across the valleys and glens to the next village, where it is interpreted by another gourd. There is always a guard on duty to receive the messages. If the message is for a distant part, he repeats it on his gourd, and so it is carried from village to village with very little loss of time, until it reaches the person for whom it is intended. During the war between the British and the Boers those who were hundreds of miles distant from the scene of hostilities got all the news with surprising rapidity, and knew every victory, and every reverse which took place in the Orange Free State and the Transvaal. In several instances the news came by the gourd air lines hours ahead of the messags by field telegraph. The same system is common to many of the African tribes, and the secret is always confined to a few trained men in each village. There appears to be no difficulty in sending any kind of message by the code, and it was just as easy for the operator, comparatively, as it would be for the man who sits down at the key in a telegraph office. Dr. Rideout has known of messages being sent nearly 1,000 miles.—Kansas City Star.

MOROCCO'S FUN-LOVING SULTAN

An Englishman who recenly visited Morocco tells some interesting stories of life at the sultan's palace.

It seems that his majesty is hugely fond of amusements.

"Not a day passed," says the writer, "without some amusement. As for the cares of state and the government of the country, nobody seems to worry in the least about them. Certainly the sultan did not at that time.

"Large quantities of mechanical and scientific novelties had been ordered from Europe—Abdul Aziz was just a big child, with unlimited money to spend on toys. One day he tried an automobile and nearly blew himself up. Then he soon smashed it, as he smashed everything. The phonograph sent him into ecstacies, but he pulled it to pieces to see where the voices came from.

"My friend used to amaze the simple Moors by his conjuring tricks, his ventriloquism, and his hypnotic seances. They thought it was black magic; but the sulfan was not taken in. He has a shrewd mind of skeptical turn. He made my friend show him how to do the tricks, and before long he became pretty good at parlor magic himself.

"Photography interested the sultan intensely. He had a magnificent assortment of cameras, and soon learned how to use them, although in doing so he broke one of the tenets of the Mohammedan religion, which forbids the representation in any form of any living person or thing. He liked being photographed, but it had to be done 'on the quiet,' to avoid annoying the fanatical Moors."—London Answers.

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Cascarets

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address Sterling Remedy Co., Chicago or New York. 545
