

## Local and Other Matters.

FROM TUESDAY'S DAILY, OCT. 23.

**Stealing.**—A lad named Ernest White was before the police judge this morning, charged with stealing a pistol. He was fined \$5.

**Missionaries.**—It is expected that most of the missionaries called at the late General Conference to go to Europe, and some who are destined for the eastern states, will start eastward on or about the 1st of November.

**Second Crop.**—Yesterday Brother Thorp, of the First Ward, showed us some fine, large specimens of Early Rose potatoes, of the second crop raised this year on the same ground, on his lot.

**Expected Home.**—Elder John W. Sharp, who has been laboring in Tennessee, is expected to reach this city this evening. His return was necessitated by sickness, he having been ill with fever and ague for some time past.

**Runaway.**—The delivery wagon of Mr. John Cook, butcher, came down West Temple Street this morning at break-neck speed, minus a driver. The runaway also rushed along First South Street, threading dexterously among street cars, wagons and buggies, avoiding a smash, and bringing up directly in front of Mr. Cook's shop, without damage.

**Azalea Ball.**—A grand anniversary ball will be given on Friday evening, the 26th inst., by the Azalea Association of this city. The Emporium Hall is engaged for the occasion, Olsen's band will furnish the music and Currie will be the caller. Tickets \$1.50 the couple, and dancing will commence at 8:30 p.m. It is expected to be a very select and enjoyable affair.

**The Medal.**—To-morrow the members of the Deseret Rifle Club will shoot, on Arsenal Hill range, to decide who shall hold the championship medal of the organization. Mr. McLaughlin has won the temporary possession of the article four times. Should he come off best in to-morrow's contest, according to the rules of the club, he will become its permanent possessor.

Some of the gentlemen who will shoot to-morrow, have not previously contested for the medal.

**In Minnesota.**—Elders B. P. Wolfenstein and John Hafen write under date of the 15th inst., that they are laboring with considerable success in various portions of the State Minnesota. They purpose leaving Minneapolis on the 31st inst., for home, with a small company of Saints, as follows: Margeretha Houghton, daughter and child of the latter; P. Nell, wife and five children; Newell Judkias, Martha Young (widow) and four children; and probably a few others.

A few have been baptized recently, and the promises have been fulfilled in the signs following those that believe.

**Malice Aforethought.**—This morning it was discovered that some person, apparently prompted by an unadulterated spirit of mischief, had poured a quantity of coal oil into the basin of the public drinking fountain near the Z. C. M. I. building. Several persons drank the water before being aware of this, causing them to be affected with nausea. The fountain was soon afterwards cleaned.

It would be a good thing if the perpetrator of the filthy trick could be discovered and taught a profitable lesson.

**The Rifle.**—Yesterday, on account of Messrs. Milner, Rigby and Greenhill, of the British rifle team being in the city, a match, at 200 yards, off hand, was improvised by the local riflemen, and came off on the Arsenal Hill range. The following is the score:

W. K. Conrad,	22
G. A. Meears,	22
John Groesbeck,	22
Thomas Stone,	21
John Sharp,	20
E. Egli,	20
L. Hasson,	20
J. Heusser,	20
James Sharp,	19
Thomas Couch,	19
J. E. Bamberger,	19
J. K. Milner,	19
Wm. Rigby,	19
C. E. Wallin,	18
H. Denhalter,	16
Wm. Heusser,	14
H. Graves,	13

The prize shot for a Wesson pocket rifle, was won by Mr. Conrad. Mr. Greenhill did not shoot,

and Messrs. Milner and Rigby, being unaccustomed to the off hand style of shooting, as will be seen, only scored 19 apiece.

**District Court.**—Tuesday, October 23rd—Abe Blumenthal vs. J. J. Greenwald; dismissed for want of prosecution.

Territory of Utah vs. O. F. Strickland; passed.

D. Johnson vs. H. N. Chlarson; suit dismissed, on motion of defendant, for want of prosecution; the property replevined to be returned to the defendant.

John C. Graham, assessor vs. Abraham Taylor; dismissed for want of prosecution.

Warren vs. Greenwald; settled and dismissed.

Abner Crain vs. W. R. Carver; dismissed.

C. Madsen vs. Geo. Barry; trial before the Court; judgment in favor of plaintiff.

Allen Frazer vs. Robert Lawson; trial before the Court; motion for a nonsuit overruled.

T. F. Mulloy vs. T. P. Conklin et al; jury trial; motion for nonsuit allowed.

**Silk and Bees.**—C. A. Christenson, of Fountain Green, Sanpete, sends us some particulars regarding his experience in silk and bee culture. Five or six years ago he obtained two ounces of mulberry seed from the late Louis A. Bertrand, with directions about planting, &c. From this small beginning he obtained 2,000 trees, 700 of which, when they were large enough, he re-planted, 3 feet by 6 feet apart. They are doing excellently, producing lots of fruit, and not one percent of the whole have died. He has also raised some silk, and thinks the results he has attained are highly encouraging. Brother Christenson has strong faith that sericulture could be made a prolific source of wealth to Utah.

He has also kept bees for the last five years, and sold many hives to the surrounding settlements. Last spring he had 37 hives and now he has about 100, all free from every kind of disease the bee is "heir to." So far as he is aware there is no foul brood in the entire county. On account of the dryness of the present season, however, the honey crop has been comparatively light.

**"Rome."**—Mrs. Dr. Ferguson, a lady of liberal education and refined culture, has consented to deliver her lecture, "To Rome and Back in an Hour," at the 20th Ward Schoolhouse, on Friday evening, for the benefit of a couple of missionaries residing in that part of the city, who will shortly leave for Europe. The lady has the reputation of being an able and entertaining lecturer.

**Correction.**—In our notice of the improvements on the Weber river, we stated that Bishop John Sharp had the "contract." The facts are that the U. P. C. P. and U. C. companies have agreed to share the expense, and have deputed the Bishop to superintend the whole work. He is not a "contractor" and cannot be, as a Director of the U. P. R. R.

**Accidental Poisoning.**—Yesterday Mrs. Harrison, her daughter and son, of Bountiful, came near being fatally poisoned. The lady had been reading in a medical work about an herb that was highly recommended as a blood purifier. She procured a quantity from this city, made a decoction, took some herself, gave some to her daughter, aged about 15 years, and offered some to her son, about four years old. The little fellow, however, tasted it, and would not take any, saying it was not good.

Shortly after taking the stuff, about noon yesterday, the mother and daughter were seized with peculiar and distressing symptoms, causing their hands to firmly clench and their teeth to set together.

Dr. F. D. Benedict was sent for and antidotes and restoratives were administered, a portion, at least, of the herbs taken being of a poisonous character. The Doctor stated that together with the herb named in the medical work, frequently grows another of a deadly poisonous character, whose leaves can scarcely be distinguished from those of the one having curative properties. His theory of the case was that, in gathering the blood purifying herb, some of the leaves of the poisonous one had been inadvertently mixed with it.

We learned to-day, that Mrs. Harrison and her daughter were in a fair way to recovery, but they had a very narrow escape, as it was

feared, at one time, that they could not survive.

**The Indians.**—The various attempts that have been made to drive the few peaceful harmless Indians from the farms they are cultivating, with the aid and under the instructions of a number of friendly, philanthropic white men, can only be characterized as brutal, merciless, and wholly unnecessary. The acme of folly and vindictiveness was reached in this respect by the lately defunct grand jury of the Third District, in their report, which we know, on positive and unimpeachable information, to be full of misrepresentations and unqualified falsehoods. The misanthropic and unscrupulous spirit manifested in the attempt alluded to has, as is generally acknowledged, been the cause of nine-tenths of the Indian troubles that have vexed the country from time to time, and still it is fostered and exhibited. One would have thought the Corinne fiasco would have been sufficient to show the futility of the attempts of the scaremongers to get up a "contractor's war."

We are informed that another attempt is proposed to oust the Indians located in Malad Valley, and also those situated in Thistle Valley, from their possessions. Understanding that Col. Critchlow, Indian Agent for the Uintah Reservation; had received instructions relative to the Indians in Thistle Valley, and that he had been advised, by the Commissioner of Indian Affairs, at Washington, to consult with District Attorney Howard upon the subject, our reported called upon the latter gentleman, from whom he learned that the consultation with the agent had not yet taken place. In answer to an interrogation as to the nature of the instructions issued by the Commissioner, Col. Howard stated that he understood them to be positive as to the removal of the Indians to their respective reservations.

If this be the case it is evident that misrepresentations have been made to the Indian Commissioner, who is evidently unaware of the fact that the Indians referred to do not belong to any reservation, that they have severed their tribal relations, that they are in peaceful pursuit of their own business and avocations, on their own land, and are therefore as much entitled to the protection of the law and to be let alone as white men.

We have no idea that the Administration will adopt any extreme measures, but should an attempt be made to again drive and rob those comparatively helpless people parties making it may find they have undertaken to split an exceedingly hard knot on a decidedly tough log. The law and the right are both on the side of the Indians in this matter, and the law will surely not be overridden with impunity, even if the intended victims should be a handful of ignorant aborigines.

## WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876. DEAR SIR:—I suffered more or less for years with the itching and ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.
