

BUT LITTLE DOING IN FOOTBALL.

Y. M. C. A. and National Guard
Teams Enjoying a Rest.

THEY MAY CONSOLIDATE.

Christians Will Probably Play "Ag-
gies" Next Thanksgiving Day.

For some unaccountable reason there is an awful slump in the football market, and unless the local magnates get together and do something the sport here is likely to wink out.

Since the game with the D. W. C., the Y. M. C. A. has done little or nothing in the way of practice, and as practice makes perfect, it is not difficult to figure out the condition of the team.

Manager Porter has made arrangements for a game here Saturday afternoon with the Agricultural college team of Logan, and a return game in the Temple city on Thanksgiving day. If the local team hopes to carry off the honors in the coming contest it will have to get down to work.

The National Guard team has but slim prospects for the balance of the season and it has been proposed to combine the two teams and arrange for games with all the heavyweights of the state and also some of the outside teams which are anxious to come here for games. Should the managers decide to consolidate, it would form a team capable of competing with the "Varsity and Logan teams.

U. D. T. VS. Y. M. C. A.
Teams Played by Arc Lights Last Evening.

The third Y. M. C. A. and U. D. T. teams met in a lively game by arc lights last evening on the Fourth South and State street grounds, and the latter won by a score of 15 to 10.

The Christians No. 2 claim that the messengers used Diamond Dusters' backs which gave them an advantage. The teams lined up as follows:

With the Boxers.
The proposed bout between "Young" Christy and "Dumphy" Rowan will probably not take place for at least a month. Christy demands that the bout come down to 160 pounds which the latter could do in a short time but for the fact it would weaken him. Within a month he can come within the limit without doing himself any damage.

Members of the sporting fraternity are exceedingly anxious to witness a contest between "Silent" Rowan and young Phil Green of Butte, and they may soon be getting a twenty round bout. These youngsters are pretty evenly matched and would make a very scientific bout and one that would please the patrons of the athletic club.

Iver Lawson Better.
Iver Lawson the well known and popular bicyclist rider who has been confined at the Holy Cross for several weeks with a severe case of typhoid fever is now on the road to recovery. Unless he receives a set-back he will be around again within a very short time. He is able now to take solid food and is permitted to talk to the boys who visit him.

Salt Lake Man Captain.
Arthur A. Hauerbach, a young man from Lake, who is attending Whitman College at Walla Walla, Wash., and a son of Adolph Hauerbach of this city, is captain of his college football team and on Tuesday, November 12, led his eleven to victory in a game with the University of Oregon. In the second half of the game, Captain Hauerbach had his knee cap dislocated and was compelled to retire, but not before he had got his men well ahead of their opponents. Previous to the accident to his knee cap Mr. Hauerbach was hurt, but pluckily continued to play until he could stand up no longer. This game won the northwest championship for Whitman College.

OUTSIDE EVENTS.

ATHLETIC UNION MEETS.
Over Fifty Delegates Assemble and Elect Officers and Accept Records.

New York, Nov. 18.—More than fifty delegates from various parts of the United States were present today when President E. W. Babbs called the annual meeting of the Amateur Athletic Union to order. Among those present were Bartow S. Weeks, James E. Sullivan, James F. Hawley, Metropolitan association; Walter M. Ligner, Central association; W. F. Winston and Thos. F. Riley, New England association; Harry McMillan, J. K. Starratt and Dr. B. Merrill, Atlantic association; G. T. Heppner, Y. M. C. A.; and L. B. WILL TRY HIS THEORY.
President of California Jockey Club to Experiment with Race Horses.

San Francisco, Cal., Nov. 18.—Thomas H. Williams, Jr., president of the new California jockey club, is about to try an experiment in preparing horses for the track. The well known horseman is a believer in the theory that horses should not be put on the track until they have reached their maturity. He believes that two-year-olds are never strong nor wise enough to do themselves justice.

Mr. Williams intends buying a number of yearlings and colts and sending them to Oregon. It is his intention to allow the horses to grow up on the bunch grass and gain strength roaming over the country. He will not permit them to grow wild nor will he have them trained. He will simply have them ridden from time to time for the purpose of accustoming them to the work they will have to do on the track, where, he is confident, they will demonstrate the correctness of his theory.

Sullivan Goes Under.
Anaconda, Mont., Nov. 18.—Jack Wado, formerly of Salt Lake, now of Butte, tonight defeated Patsy Sullivan of Anaconda in what was to have been a twenty round match at the Margaret theatre. Sullivan was counted out in the thirteenth round.

O'Brien Defeats Craig.
London, Nov. 18.—At the National Sporting club tonight Jack O'Brien of Philadelphia, defeated Frank Craig, the "Harlem Coffee Cooler," after seven rounds of a ten round bout. The Harlem boy was disqualified for falling without a blow. Craig made wild rushes and repeatedly fell without a blow.

O'Brien was a strong favorite in the betting in spite of his bad condition and did almost all of the scoring.

Gratitude

Always seeks to find some expression for itself, and womanly gratitude will not cease. Cynical people sometimes say why do women write these testimonials to the value of Dr. Pierce's Favorite Prescription?

Prescription? The answer can be put in one word, *Gratitude*. When after years of agony a woman is freed from pain, when the weak woman is made strong and the sick woman well, the natural impulse is to write a word of grateful thanks for the medicine which caused the cure.

Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, stops weakening drains, heals inflammation and cures female weakness.

"Having used Dr. Pierce's Favorite Prescription and Golden Medical Discovery during the past year," writes Mrs. Mattie Long, of Plover, Wis., "I consider a great blessing it was to me. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

Doctor Pierce's Pleasant Pellets cure biliousness, and sick headache. They should be used in connection with "Favorite Prescription" whenever the use of a laxative is indicated.

A HANDSOME GIFT.
Mrs. Judge Presents Costly Memorial Window into New Catholic Cathedral.

Mrs. Mary Judge has expressed her intention to Rt. Rev. Bishop Scanlan of donating to the new St. Mary's cathedral two magnificent memorial windows which will probably cost about \$20,000. They will be 20x24 feet

in size and will be placed in the transept on the east and west sides of the cathedral. They will be imported from Europe and will be in keeping with the grandeur of their surroundings. This gift places Mrs. Judge right in the front rank of those who have contributed magnificent sums to their church. Two years ago she gave \$10,000 in cash towards the erection of the Catholic cathedral. The work on the latter is going on though rather slowly because of the lack of material, but it is the intention of Bishop Scanlan to have the work go right on as long as the weather will permit.

CLAIMS SETTLED.
Agreement Reached by City Council With Claimants for Damages.

Last night the claims committee of the Council agreed with Attorney D. O. Willey, Jr., to settle for \$200 the \$1,000 claim of Karen Baby for injuries to her eight-year-old son, Hans Jacobson, who fell into a pile of burning garbage while trying to get out of the way of an approaching team, whereby he was so burnt that for three weeks his life was despaired of.

The committee also agreed to settle for \$200 the \$500 claim of W. A. Stanton for damage to his property at 522 east South Temple street, which was caused by flooding from an overflowing irrigating ditch. A similar claim of \$250 by Dr. Charles H. Plummer, of 535 east First south, was allowed.

The committee on waterworks decided to report favorably on laying a 3.168 foot watermain extension on Third North street to Oakley avenue, and on Oakley avenue to Fifth North street if the property owners will agree to apply the water rate to water rates for the property benefited. The Hubbard investment company gave a bond guaranteeing the city six per cent revenue for the extension.

H. M. Dukes asked the sewer committee for a lease to bore for oil in the sewer farm, for which he offered a ten-cent royalty. He was advised to send his petition direct to the council.

PARLEY'S CREEK TANGLE.
Ice Pond Claims and Annexation of Surplus Water Flow.

Appropriation Notice Filed by Mill Creek Residents—Disputes Over City Water Supply.

A decree of the district court allows two-thirds of the flow of Parley's creek to flow into the ponds of the Parley's Canyon Ice company, from Nov. 15 to March 1, for the purpose of making an ice crop.

Acting on the advice of the mayor and city attorney, Land and Water Commissioner Westerfield yesterday afternoon went up the canyon and cut off all the flow from Sawyer's ice ponds except just enough to keep full the east pond, the largest of the two. The flow had been running into the pond from Friday till Sunday night with the result that the city's reservoirs were almost empty.

Trouble is expected as a result. Commissioner Westerfield expects that at any moment he may be arrested for contempt of court or cited for an injunction. On the other hand the city will probably petition a modification of the decree, so that it will not be required to allow two-thirds of the flow of Parley's creek to run to waste until the weather is cold enough to make an ice crop.

But this is not the only trouble that the city is having with Parley's creek. Yesterday afternoon all of the surplus and unappropriated waters of the creek, approximately twenty cubic feet a second, were claimed in a notice filed with the county recorder. The appropriators, as was intimated in the "News" last week are Charles Crismon, Albert and Oscar Capson, Joseph Hyman, James Young, Joseph G. Kauck, Thomas and Joseph Osgathorne, Nechi Bowthorpe, Milo and Orson Andrew of Sugar ward and East Mill Creek. The claimants state that they intend to appropriate all of the unappropriated and surplus waters of Parley's creek, from whatever source, and to divert the flow from the mouth of Red Hollow, about three miles above the mouth of the canyon, and conduct the flow in a flume, to irrigate about 1,000 acres of the Mill Creek bench owned by the claimants and others. The water claimed would amount to about twice the normal flow of the creek. The city's appropriation will prevent the dry bench lands in the canyon each season with all the flood waters of the creek in order to soak up the water courses for the dry, late summer season. This, it is believed, will prevent the dry bench appropriators from receiving any great benefit from their efforts, and if the proposed storage reservoir is ever built in the canyon basin there will be no surplus flow at all.

COUNTERFEIT \$20 NOTES.
J. L. Sample Placed on Trial in U. S. Court for Making Them.

Philadelphia, Pa., Nov. 18.—John L. Sample, a lawyer of Camden, N. J., was placed on trial today in the United States district court before Judge McPherson, charged with aiding and abetting Arthur Taylor and Baldwin Brodell in making, issuing and attempting to circulate counterfeit twenty-dollar notes. Sample is the thirteenth man arrested in connection with the Lancaster, Pa., revenue stamp counterfeiting conspiracy, conceived by Jacobs and Kendig, cigar manufacturers of that city, in 1897. Nine men have gone to the penitentiary after conviction on charges growing out of the conspiracy and three others are in the county prison awaiting sentence.

BIGELOW CARPETS

The Carpets made by this Company have received the highest award wherever exhibited, including Gold Medals at the Paris Exposition, 1878, and at the Centennial, 1876.

Their deserved reputation for excellence of fabric, richness and durability of color, novelty and beauty of design, has led to frequent infringements, and inferior goods have often been palmed off in their stead. For the protection of the public the Company has adopted as a trade-mark the word "BIGELOW," which will be woven (at every repeat of the
