LOCAL AND OTHER MATTERS.

THEATRE.—There was a slim attendance at the Theatre last night, but a very pleasant and successful performance.

To-night, "The Little Mother," and the comedy drama "The First Night" will be presented. Miss Blanchard, Mr. Rankin and Mr. Power, supported by the stock company, will appear.

DEATH OF BISHOP CORCORAN.—The following telegram was received by Deedee Telegraph line this morning:

"WILLARD CITY, Ill., 12.30 p. m.—At 2 o'clock this afternoon our Bishop, Alfred Corcoran, departed this life; he had been suffering from inflammation of the lungs for a week past. Further particulars hereafter. Funeral to-morrow."

MCKAY RECAPTURED.—The following was received last night, per Western Union telegraph line:

"7.30 p. m.—I just received the following from the operator at Fish Springs: 'Myself and my regular caught McKay half an hour ago. He was about going west, and had come from Rush Valley. He answers the description exactly. We had to follow him two miles. He had the fire in his belt, and was about to shoot at me. My wife, who has seen him, says she can swear he is McKay. I shall hold him till the police come for him.' (Signed) DAVIS, Operator."

Immediately on the reception of the above information in this city the police set out to bring in the prisoner.

OPERATION.—At 8.30 a. m.—Just starting to meet the police with McKay, the man, all safe, and feeling confident he is the man.

"Hear the cry that comes across the sea." This is the title of a new song just published by Root & Cady, Chicago. The words and music are by Geo. F. Root, Esq. The theme of the song is the appeal made for aid to the people of the United States, on behalf of the suffering people of France. On this account the song is likely to become very popular. It may be obtained at Dwyer's News Depot, or at Child's Music Store.

NARROW ESCAPE.—A horse in a team, while crossing a bridge two or three blocks west of the lower Jordan bridge, fell through a hole and was with difficulty got out again, severely scratched. The poor animal was in a critical condition for a time. Has the Territorial Road Commissioner, among his other numerous official responsibilities, a few moments to spare to look after this, the main thoroughfare to the west?

ALL IS PEACE AND GOODWILL.—Bishop Thomas Callister of Fillmore called in this morning. He had nothing fresh to tell about his diocese. "All was peace and good will" there, as usual. Such a report from almost any place outside of Utah would be a rare thing indeed, but here it is "nothing fresh."

LIBRARY AND LECTURE ASSOCIATION.—On account of the inclemency of the weather last evening, Elder Carrington's lecture, at Morgan's Commercial College, was postponed until Thursday evening, March 16th, at 7 p. m.

WILL BE PLEASED TO RECEIVE ORDERS.—W. D. Perkins, Esq., agent of the firm of Henry W. King & Co., manufacturers of and jobbers in clothing and furnishing goods, 4 and 6 Lake St., Chicago, is now in the city, and will be pleased to receive orders from Salt Lake dealers.

THE MEETING AT THE CITY HALL LAST NIGHT.—The attendance at the meeting in the City Hall, last night, of the Society for the Improvement of Stock, &c., was smaller than usual, owing most likely to the unfavorable state of the weather.

After the usual preliminary business, prayer, reading minutes, &c., had been attended to, the subject of co-operative herds and fish farming was introduced by President Woodruff, and at his request Mr. Brower Pettit, gave expression to some of his views on fish culture. Mr. Pettit has had considerable experience in this business, having followed it ever since his arrival in this Territory, and for seven years in the East before coming here. He said that trout spawn every month in the year except July, August and September, salmon are now spawning. Fresh water is as good for them as salt water, and he was satisfied they could be raised in the lakes and streams of this Territory if the water be deep enough and well supplied with fishy food for their food. Black bass and black catfish would also do for Utah waters; white catfish to special ponds, but they would eat the eggs of other varieties.

The report of the special committee A. P. Rockwood, on the preliminary steps to the organizing of a co-operative fish farm on the south-east side of the city was read; also a communication from the city Recorder, offering the use of a certain street for the purpose and \$100 to aid the project. The report was read and accepted, and a committee for the culture of fish was organized, of which W. Woodruff was appointed President, Geo. Q. Cannon vice-president and A. M. Munser, Secretary.

These gentlemen were appointed ex-officio directors of the Association. A. P. Rockwood was appointed Superintendent.

After further preliminaries in relation to this matter had been agreed upon, the organization of a co-operative stock herd received consideration, and a special committee, consisting of Peter Nebeker, Howard Spencer and Christopher Marking, was appointed to visit herd grounds and to report as early as possible which would be the most eligible for the object desired.

A resolution was passed that delegates from the settlements of Salt Lake County be invited, through the Deseret News, to attend a special meeting of the Society, to be held in the City Hall next Monday evening.

SPENDING FRAMES.—Mr. Alfred Randall showed us this morning a bolt of state colored jeans, manufactured at the "Excelsior," Woolen Mills, which are fine, new of texture and excellence of quality, is superior to any imported material of the kind that we have ever seen. Mr. Randall thinks it can be sold at eighty cents per yard.

The progress now being made in the Territory in the various branches of home manufacture is striking and highly gratifying, and in none is it so noticeable as in the manufacture of woolen fabrics. This speaks in high terms for the enterprise and skill of our manufacturers and artisans, and better still for the welfare of the people and the country. We hope and believe that the day is not far distant when the skill and industry of the country will be such that we will be able to supply our own needs and have surplus to export.

ALDERMAN'S CHARGE.—Fred Tamm was arrested for gambling, fined twenty and sent to jail.

A. A. Green was fined for selling whisky without a license.
