DESERET EVENING NEWS: THURSDAY, JULY 12, 1900.

man's relationship to Deity, etc. was here that the Prophet ga-forth that elevating dootrine, "Th sourced it is generally sorted. The expert wool sorter opens the fleece and conoves portions of it here and there ind throws it into separate piles or dod once was as man is, and man ma become as God it." Among some Among some popple there is an impression to the our people there is an impression to be effect that this did not emanate from Joseph Smith. "Let me correct this error, because." said the speaker, "the idea was first enunciated by him if it was not couched in the above lapaskets. The number of sorts of wool fleeces varies greatly, ranging from vo or three to five or six sorts from te same fleece. It has been found that eces from pure-bred sheep do not, as rule, have as many sorts of wool in The speaker said many of the dis-courses and sayings of the Prophet which have come down to us were takm as those taken from grade and as-bred animals. Fleeces uniform oss-bred animals.

a down in long-hand and conseque are only a synopsis of what he said of Z. C. M. L's employes are having an different occasions; and while we ar-rept his sayings and discourses along with the other standard works of the great program of sporting events in being pulled off. These include an eight-mile bicycle race, shooting Church, as to the doctrise of the Church, we should say that we accept only "the well established saymatch, sack, peanut and wheelbarrow races for boys and girls, bun-eating contest, ladles' races, potato-paring contests, needle and thread race, baseand discourses of the Proph-Dg8 oseph," and not every rumor that is ald to have come from him. Again, it should be remembered that he Prophet had a sense of humor, and ball game, relay race, obstruction and hurdle races, fishing contest, tug of that he was a man; and many times manifested this side of his nature speaking in a jocular strain. For in stance, be was once asked the caus of the ebb and flow of the tide. He a once replied, "Why, the earth breather

WALKER'S STORE. Friday and Saturday Bargains.

STORE CLOSES AT 3 P. M. FRIDAY. \$6.75 Up to \$12.75 Pique Dress Skirts, \$1.95.

Nothing wrong with the skirts, but selling time is getting near the limit. You may wear them two months or more yet and next summer even, with a laundering to freshen they will be pretty and serviceable again. Almost two hundred are here to choose from, in excellent style variety-some with pretty contrasting colors for trimmings, others have braid or em-broidery insertions put on in effective ways, while many are the plain kinds. Colors are black, blue-light and dark, and white; plques used in their mak-ing are all shrunken, so will not lose shape. Originally they were \$6.75 to \$12.5 dress skirts, while they last now any one for-

THE LOS ANGELES

LINE TO BE BUILT

Oregon Short Line May Push Its

Early Construction.

MR. BANCROFT GOING SOUTH

Over the Utah & Pacific, and Will Go

by Team Over the Proposed Boute

to Los Angeles.

Citizens of Salt Lake are very anxiou

to see a line of railroad put through

to Los Angeles, because of the great

benefit that would result to the town.

what the construction of such a road

is a near probability may be accepted

as a fact that Mr. Bancroft of the Ore-

con Short Line will leave here on Fri-

day morning to make an inspection of

the Utah & Pacific. But his trip will

not end there, for an order has been is

sued for the shipment of a car load of

road traveling outfits. These will be

used for the purpose of riding over the

proposed route of the Los Angeles line.

This action indicates an early exten-

sion of the Utah & Pacific to Los An-

gles and that the Oregon Short Line

will back the enterprise. In fact the

Short Line is already interested in the

Utah & Pacific, having furnished all

the rolling stock, etc. As a consequence

of its close relations with the Short Line the Union Pacific certainly looks upon this Los Angeles line with a kindly eye and will expedite the con-struction of the line as much as possi-

the, for while the relations between itself and the Southern Pacific are at

present very cordial, the Overland line would hall with delight another outlet

to the Pacific coast. When that is built it must prove to be a paying prop-osition right from the start, for there

fact that it will cut the distance be-tween here and the coast by a very

prove to be a great factor in bringing business to the new line. Mr. Ban-croft's return and the result of his trip
