Dislocated His Spine.

Warren M. Johnson Meets With a Serious Accident at Kanab.

KANAB, Dec. 18, 1895.—Last Thursday Brother Warren M. Johnson, of Leeky Ferry, was riding with Elder J. H. Wootley on a load of hay. There being a sliding place in the road the hay and rack tipped off, throwing Brother Johnson backwards on a little bunch of brush and dislocating his spinal column just about in line with the point of his shoulder blades. Paralysis of the lower part of the body was the result. He was rendered unconscious for a time and being several miles from town it was with great care that he was taken by Elder Wootley (who was camped without injury) to his farm in Kanab.

SCHOOL LAND SETTLERS.

Invitation Extended to Them by Prof. Mills of the State Agricultural Society.

Since the publication of the call and the program for the meeting of the State Agricultural society, my attention has been called to the fact that the "school land" question is not mentioned in either the call or the program. The question is of interest only to the people on the school sections, but to many of them it means the retaining of the land of a home. Every farmer cultivating land on a school section is anxious to see the matter settled so that he may be given the opportunity of the question. It is, however, suggested that the interests of school sections appear a delegate to represent them at the meeting. They, then, would meet a delegate to every section that is occupied in Utah.

A. A. MILLER, President Utah State Agricultural Society.

Castle Valley News. The letter of Castle Valley will give a long year's work for the year for some time they evidently intend to begin early to secure their privileges. A. C. Davis, a blacksmith of White Rock agency, was in town last of the week. He came in to take charge of a trail of freighter's wagon, driven by one of the agency men. Last evening, a man named A. C. It costs little and does much. Remember when you attend a play or concert how many people obtain the performance by knocking. One man begins and the knock seems to be contagious. The interruption is a great nuisance, and there is no need of it, for anyone may cure a cough with a single dose of Doan's Kidney Pills. It is the most effective medicine for the throat and lungs which ever came into the world. A few doses of Doan's Kidney Pills will stop a cough and break a cold.
