

differences with the employers has failed. The bosses this afternoon declined to arbitrate, and the end of the lock-out is apparently as far away as ever.

The action of the master masons it is thought will cause the master carpenters to adhere to their nine-hour plan, and the result will be that thousands of

#### IDLE MEN

will be added to those already out of work.

The Builders' Central Council has adopted resolutions recommending to all subordinate associations the establishment of a uniform work day and commending the action of the master masons.

TORONTO, June 10.—At a mass meeting to-night of carpenters belong to the American Brotherhood of Amalgamated Society and Knights of Labor, it was decided to strike to-morrow, because the employers refuse to grant an increase of wages. Between six and seven hundred men will strike. It will paralyze the whole building trade. A prolonged strike is probably inevitable.

NEW YORK, June 10.—Counsel for the Inman Steamship Company applied to-day to the United States District Court for a writ of *habeas corpus* in the case of the 70 Irish immigrants, whose return to Ireland on the City of Chester to-morrow has been ordered by the Immigrant Commissioners. Arguments will be heard Tuesday.

Two thousand seven hundred and twenty-eight immigrants were landed at Castle Garden to-day. The new rule, to hold all children under 10 years of age, unaccompanied by proper guardians, went into effect this morning. Several boys were found to be alone, and they were held for investigation.

BERLIN, June 11.—Emperor William slept well last night and is much improved this morning. The departure of the Crown Prince Frederick William for London to participate in the jubilee of Queen Victoria has been postponed until Monday.

NEW YORK, June 11.—The immense sugar refinery of the Havemeyer Sugar Refining Company in Williamsburg, near Green Point, was burned at 3 o'clock this morning. The fire extended to the Devoe Oil Works and destroyed everything, and leaped next to the stables of the Union & Cross-town Railroad Company, which burned. Reaves & Perkins' lumber yard burned next. The refinery wharves fell in. It is not known whether any lives are lost. Ten men of the night force are missing. The fire extended along Hunter's Point bridge when connected Green Point with Long Island City, across Newton Creek. Shortly after the entire reserve forces were called out. The buildings of the Brooklyn Cooperative Co. and the Gleason's Glass Works were burning at 3 and Lock's Iron Works were threatened. It is impossible to estimate the extent of the loss, but it will exceed a million dollars.

NEW YORK, June 11.—The latest reports from Green Point state that the fire is confined to Havemeyer's sign buildings. The loss will be about three hundred thousand dollars; fully insured.

#### LATER.

GREEN POINT, June 11.—The Havemeyer Sugar Refining Co's sugar houses, which were destroyed by fire early this morning, covered nearly half an acre. The contents, consisting of twenty-five thousand barrels of refined sugar, 300,000 gallons of liquid and valuable machinery are a total loss and valued at about \$400,000 and insured for half the amount. The total loss on the building is about \$600,000. It is believed no lives were lost.

ST. PETERSBURG, June 11.—The government has issued orders forbidding Koreans or Chinese to settle within Russian territory bordering on Corea or China.

WASHINGTON, June 11.—The backwardness of ship builders in applying for information as to the plans and specifications for the new navy cruisers is causing considerable apprehension among navy officers, and it is feared that the number of bids to be opened August 1st will be very small. Thus far there has been but one inquiry for information about plans for the nineteen-knot cruisers, that of the Union works of San Francisco, and a full set of drawings and specifications has been mailed them. It is not likely, however, that they will submit a bid until they have examined the plans in detail. Not an inquiry has yet been received as to the Newark. Two seventeen-hundred-ton gunboats will probably be constructed by Cramp & Sons, of Philadelphia. The reasons for the backwardness on the part of bidders is ascribed to the rapidly increasing cost of material.

DUBLIN, June 11.—The evictions at Bodyke were further carried out to-day. The first house visited by the evicting force was that of Timothy Collins, but as it was announced that a daughter of Collins lay dying inside, the work of eviction was abandoned. The evictors then proceeded to the house of Michael O'Callaghan, where they met with terrible resistance. The bailiffs and police were deluged with scalding water and meal. Col. Turner, who was in charge of the evicting party, implored Father Hannon, who was again in attendance, to endeavor to persuade the people to cease resistance, and thus prevent bloodshed. Father Hannon then entered the house

and the inmates ceased their attack on the force, which entered and carried out the work of eviction and five women, who had been extremely violent in their attacks, were arrested.

LONDON, June 11.—A collision occurred to-day at Denbigh, Wales, between a mob and the police, who were protecting an auctioneer engaged in selling property for tithes. The mob turned an excited bull loose on the police and assailed them with rotten eggs.

NEW YORK, June 11.—A special from Montreal in reference to the rumor afloat that both the North German Lloyd Companies will shortly start a line of steamers from this point, says: "Van Horne, general manager of the Canadian Pacific has intimated to the people of Manitoba that if they continue competing with the Northern Pacific, the company will stop running the vessels they have chartered on the Pacific, and there seems to be a willingness on the part of the Canadian Pacific to allow the North German Lloyd's, or, in fact, any large carrier, to supplant them on the route from Vancouver to the Eastern Hemisphere."

LONDON, June 11.—Further earthquake shocks have occurred in Turkey. Kaskelensk, a settlement 25 versts west of Vernome, was visited by a severe shock and the settlement destroyed. Shocks have also been felt in the town of Rischbek. The telegraph wires are broken in many places. Earthquakes have been felt continuously since the 9th instant within a radius of 1,000 versts of Vernome. Many persons lost their lives but the exact number is unknown, but each day reveals newly discovered bodies.

SAN FRANCISCO, June 11.—The steamship *Alameda* brings the news of

#### A COLLISION

between a passenger and an express train near Windsor, Victoria, on May 11th. Five persons were killed and nearly thirty wounded.

CITY OF MEXICO, June 11.—News from the State of Guerrero says that a shock of earthquake was felt there not only on the 20th of May, but two days later, causing much terror and some damage in the smaller towns. On the first and second of June other shocks were felt at the capital of the state.

HANCOCK, Michigan, June 11.—By the overturning of a "skip car" this evening four miners were thrown down the shaft and instantly killed.

SAN FRANCISCO, June 11.—A well-developed case of small-pox was discovered by the authorities to-day in the Chinese district in this city. The victim is one of the Chinese recently released from the quarantined ship *Belgic*.

NEW YORK, June 11.—An authority closely connected with the district attorney's office and believed to be reliable, states: All arrangements are completed for the return of the former reading clerk of the board of aldermen, Wm. Maloney, from Canada to testify for the prosecution in the approaching Sharp trial. This is the only means by which Maloney's longing to be back in New York can be gratified and he has been promised immunity if he will testify against Sharp.

ST. JOHN, N. B., June 11.—The savings bank at St. Martin was burglarized ten days ago; \$38,000 in securities was taken. The robber has been captured, after a long chase, and part of the securities recovered.

WINNEPEG, June 12.—The residence of a farmer named James Edwards, living in the township of Minota, South Manitoba, was burned last night, and three children, aged 7, 12 and 14, perished in the flames.

JENKINS CITY, June 12.—Serious rioting is reported to have occurred at Oak Ridge Park, Guttenberg, this afternoon. An anarchist picnic for the benefit of the Chicago anarchists, at which Herr Most was present, was being held in the park. Several persons are reported hurt and more trouble is expected.

#### ANOTHER ACCOUNT.

JERSEY CITY, June 12.—A desperate affray took place this afternoon at Conrad Schneider's, Oak Cliff Park, Unlontown, New Jersey. It was engaged for the day by the socialists, who assembled about 2,000 strong to hear addresses by Most and his co-laborer, Braunschweig; the park was decorated with red flags and a vast quantity of beer was tapped. Each socialist invested 25 cents in a ticket which admitted him to the grounds and entitled him to six glasses of beer. The proceeds of the picnic, it was announced, were to be used to obtain a new trial for the condemned anarchists in Chicago. About a dozen swarthy Bohemians were in charge of the park gate and closely scanned all comers. They

#### DENIED ADMISSION

to all whom they suspected of being reporters or detectives. They enjoyed themselves unmolested until soon after, when a disturbance occurred. The row was caused by Bernard Winn, a laborer, who attempted to pass through the woods as was his custom. He was seized by several of the socialists and assaulted when he declined to answer their inquiries. Winn managed to break away and escape.

Later in the day a baseball game was commenced on the adjoining grounds by the Monitor club of New York City and a nine from Danbury, Conn. Several hundred men and boys were witnessing the game, when

#### WINN RETURNED

to the picnic grounds. He scaled the

fence, but hardly had he done so when the socialists, many of whom were armed with clubs, swarmed around him. Winn drew a revolver, but he was disarmed before he could use it and horribly beaten. When his assailants thought that he had been sufficiently punished, they hurled him bodily over the fence. A man named Wm. P. Wallberger, of the Hoboken police, tried to rescue Winn, but was himself assaulted. The outlaws attracted the attention of the crowd on the baseball grounds and they began hurling stones at the picnickers. A

#### GENERAL MELEE

ensued, during which a dozen or more pistol shots were fired. Constable Jackson was struck in the arm and a boy whose name was not learned had two fingers shot off. Several of the socialists were struck with stones and pandemonium reigned. Wallberger was dragged by the excited throng of socialists, who yelled "hang him" and similar cries. While the uproar was at its height, Justice of the Peace Walker and three constables appeared. The justice was admitted, but the constables were compelled to remain outside the gates. An excited throng surrounded them and threatened them. The justice, after a long parley, succeeded in securing Wallberger's release. He presented a frightful appearance. His head was cut open in three places and he was covered with blood. Constable Timmony, of Wehancu, was also beaten and several other men were roughly handled.

NOGALIS, A. T., June 12.—The Indian situation is unchanged. The troops are at a loss as to the whereabouts of the Indians. There is a perfect cordon of soldiers along the southern boundary of the territory, and it will be almost impossible for the hostiles to cross into Mexico.

There is no additional information from Tucson about the semi-official report that 100 bucks were on the war path well armed, and that 400 Indian warriors would soon be in the field.

DUBLIN, June 12.—In consequence of the government's proclamation forbidding the meeting announced to be held at Bodyke to-day, an extra military force was drafted into the service to enable the authorities to enforce the proclamation.

Michael Davitt eluded the authorities, however, and addressed 500 persons at Feakle while soldiers were searching for him. He afterwards spoke at Scarff. He asserted the people's right of meeting in public, and said if the people were armed they could deal with the black-coated burglar brigade as they deserved.

#### IN HIS SPEECH

at Scarff, Davitt denied having counseled any further resort to extreme violence. He only maintained it would be cowardly not to show every rational resistance. He expected this would be the last meeting he would have a chance to address before the coercion act would again induce him with the luxuries of a prison plank bed. Before going into political retirement for six months he would give them this advice: "Boycott the inquisition clauses of the coercion act and welcome imprisonment rather than assist the government to make the act operative."

TRENTON, Mo., June 12.—This town and vicinity have been infested this past week with an insect the description of which agrees fully with a species of cantharides, a Spanish fly, as given in the United States Dispensatory. The insects come in perfect swarms and they not only devour vegetation with avidity, but their vesicating power on the human body is equal fully to cantharides. Fully a thousand people in Trenton are at present nursing blisters caused by this insect, and lights in residences at night have been almost abandoned for fear of attracting the poisonous insect.

KEY WEST, Fla., June 12.—One new case of yellow fever has appeared since yesterday and one patient has been discharged from the hospital. The British Bark Brothers and Sisters has sent three men ashore. They probably have chagres fever.

CHICAGO, Ill., June 12.—The following is the crop summary printed by the *Farmer's Review* this week:

The wheat harvest has been somewhat retarded in the south by showery weather, but in other localities than that the rain has had a beneficial effect. Missouri has the best prospects for an even and abundant winter wheat crop. Reports on the condition of winter wheat are as follows: Twenty counties in Illinois report an average condition of 87 per cent; six counties report injury from drought and insects. Eleven counties in Indiana report an average condition of 86 per cent; four counties report injury by insects. Seven counties in Michigan report an average condition of 18.87 per cent and two of them complain of insects. Five counties in Wisconsin report an average condition of 85 per cent; four counties report an average condition of 83 per cent. The average condition falls to 67 per cent. in twelve Kansas counties.

ST. PAUL, June 12.—The Trades and Labor Assembly, which includes all the building trades in the city except the stone masons, had a general meeting and decided that unless the demands of the striking carpenters are met by next Wednesday, all other workmen within its jurisdiction shall be called out. This would add about 900 men to the present number on strike.

NEW YORK, June 12.—The trades unionists of this city met in force in

the Central Labor Union this afternoon, as it was known that exciting matters would be discussed. The Knights of Labor local assembly delegates were also on hand. Neither side was disappointed. The Ale and Porter Employers Association has forced T. C. Lyman, a brewer, to discharge twenty-one members of the Lager Beer Brewers Union, because they were not Knights of Labor. The Central Labor Union sent a committee to demand a reinstatement of unionists, which Lyman refused to do. To-day the Ale and Porter Men's Association was expelled until it agreed to recognize the cards of the union. The association's defense was that several of its own members were out of work. It belongs to District Assembly 49.

PARIS, June 12.—Albert Delpit, who has just been expelled from Alsace, was a member of the *Figaro* staff. He went to Benfeld in Alsace to see Dr. Seiferman, protesting member of the Reichstag, who had previously obtained formal permission to visit Alsace on behalf of Mr. Delpit. Upon arriving at Benfeld Delpit was ordered by the police to leave German territory within half an hour. He protested and telegraphed to Prince Hohenlohe, governor of Alsace-Lorraine, who confirmed the order, but granted Delpit 24 hours grace. The police informed Delpit he was expelled because he tried in writing to rouse opposition in the minds of those who should remain German.

VIENNA, June 12.—Twenty-five thousand square miles of land are inundated in Hungary. There was another hurricane at Mukoon Saturday. The water washed over the dykes and destroyed a number of bridges. The laborers at work on the dykes fled, but were driven back by soldiers.

NEW YORK, June 13.—The coffee market opened excited this morning at twenty points below Saturday's closing. The market is verging on a panic, with rumors of failure which cannot be confirmed.

CHICAGO, June 13.—The second annual convention of the Order of Railway Telegraphers will be held in Chicago June 15th. Delegates from all parts of the country are expected.

Mr. John Gutmon, Sherman, Ky., writes: "I have used St. Jacobs Oil for ten years. It always cured the toothache in about ten minutes." Sold by Druggists and Dealers.

#### STRAYED OR STOLEN!

FROM TOOLEE, ON OR ABOUT MAY 27th, 1887,  
One light iron-grey HORSE, branded C. T. on left shoulder and left thigh, 3 on right thigh.

**CHICAGO, ROCK ISLAND & PACIFIC RY**

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

#### THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequalled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

#### THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown. A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employees of Rock Island trains protection, respectful courtesy and kindly attention.
