MONEY TO LOAN!

ON EASY TERMS,

To small borrowers, on improved city real estate. Repayable by instalments if desirable. Principals only, dealt with.

C. E. POMEROY, Broker, in Godbe's Drug Store. d119

MY HONEST FRIEND.

He came to me so smilingly,
And firmly shook my hand,
And spoke to me so silvery
In accents smooth and bland.
Forsooth, I knew him not, but yet
His way and mien, so kind,
Proclaimed at once the gentleman
That we so seldom find.

He spake to me so manly
About his home affairs,
And spoke both frank and willingly
Of many business cares;
He told me most that happened from
The moment of his birth;
I grasped his hand in joy to find
I'd found a soul of worth.

He drew me now so lovingly
A little way aside,
And whispered me confidingly,
With air so *bona fide*,
And said it was with deep chagrin
That he did ask of me—
But did I have about me then
So small a sum as "V"

I slipped the sum most willingly
Into his honest hand;
He bowed to me so tearfully—
My friend he'd ever stand.
We parted—but grim death, alas!
O'ertook this nature's prince;
That is, I think he *must* be dead,
For I've not seen him since.

Wool Market.

PHILADELPHIA, 3.—Wool—Colorado wash 22 @ 26, unwashed 18 @ 22, extra and merino pulled 32 @ 35, No. 1 and super pulled 32 @ 35; California fine and medium 25 @ 30, coarse 20 @ 25.

Republican Majority.

DENVER, Col., 3.—Reports from the principal points indicate heavy republican gains everywhere over the election of 1874. The chairman of the republican State committee claims the State by 2,000 majority and the legislature by a majority of forty on a joint ballot.

Shot and killed.

CHEYENNE, Wyo., 3.—Joseph Walters was shot and instantly killed by Robert Holland, at Laramie City, to-day. The trouble originated in a gambling quarrel. The parties were both colored.

American Board of Foreign Missions

HARTFORT, Conn., 3.—The American Board of Foreign Missions began its sixty-seventh annual meeting to-day, Mark Hopkins presiding. The annual report alludes to the lack of theological students ready for missionary service. The receipts of the year were: Ordinary donations $346,000; to extinguish debts $40,000; Centennial offering $7,000; total $393,620; entire income $465,000; expenses $452,000. Last year's debt was $44,000; present deficit $31,000.

$60,000 Fire.

OLDTOWN, Me., 3.—Charles V. Lord and Alfred Peasler's mill was burned last night; loss $60,000, insurance $30,000.

Nomination.

BOSTON, 3.—The republicans of the fifth congressional district, today, nominated Gen. Banks by 48 to 39 votes.

Policeman Shot.

FARIBOULT, Minn., 3.—This morning the guard of the prison containing the Younger brothers, shot through the heart policeman Covernick, whom he supposed to be an accomplice attempting to effect their release. The guard was obeying, and the policeman disobeying, the orders of the prison at the time.

United States Bonds—Money Order Offices.

WASHINGTON, 3.—There are indications of another call for bonds in about a week. It will probably be for ten millions.

A circular has recently been sent out by the direction of the Postmaster-General, informing parties interested that the department is constrained to postpone the establishment of three hundred additional money-order offices, for which requisite preparation has been made, until the commencement of the next fiscal year, for the reason that the clerical force of the office of the auditor has become insufficient, because of the recent reductions, to perform the additional clerical work. The notices previously to postmasters at these 300 various points, that their offices had been designated as money-order post offices of the second class, are accordingly withdrawn.

Aid to the Sufferers.

PORTLAND, Me., 3.—This city has contributed $23,225 to the yellow fever sufferers.

Yellow Fever Interments.

SAVANNAH, 3.—The yellow fever interments to-day were twenty-three.

Moody and Sankey Meeting.

CHICAGO, 3.—The Moody and Sankey meeting, to-night, indicated a rapid growth of the revival interest; 8,000 persons were present, including many city pastors. Some German and Swedish ministers were on the platform; also a number of professors from various theological seminaries here.

Gamblers Sentenced.

COUNCIL BLUFFS, Iowa, 3.—Geo. Melville, *alias* Sandy, a noted gambler and confidence man, and I. B. Clinton, a confederate, were sentenced to five years' hard labor in the State penitentiary. The crime of which they were convicted was passing bogus money in the similitude of gold coin.

Searching for a Murderer.

WORCESTER, Mass., 3.—Officers are searching for John Murphy, who is strongly suspected of the murder of John Bullard at Shrewsbury last night.

The Naval Commission.

The *Tribune's* Washington special says: The naval commision appointed to consider the practicability of abolishing any of the naval yards on the Atlantic coast, met here, to-day, at Admiral Porter's office, for organization. The commission consists of three of the oldest admirals, of engineer King and constructor Early. It is not expected that the commission will recommend the abolition of any yard, and it is quite certain it will report against the location of a navy yard in the Tybee country.

Silver Discovery.

The *Tribune's* Ottawa special says: Rich veins of silver are said to have been discovered in the vicinity of Pigeon River, on the line of the Canada and Pacific Railroad.

WESTERN.

Not Guilty.

SAN FRANCISCO, 3.—A dispatch from Nevada City says: In the case of O'Neil, one of the prisoners on trial for participation in the attack on the Chinese, near Truckee, the jury, to-night, found a verdict of not guilty.

Bank of California.

At the annual meeting of the Bank of California, to-day, the old board of directors was re-elected, except William Norris and John O. Earl, whose places were supplied by H. W. Carpenter and Calvin Page. The board is not yet organized.

FOREIGN.

FRANCE.

The Czar Still in Favor of Peace.

PARIS, 3.—The *Temps* publishes a communication from the Russian embassy in this city in which it is stated that the Czar is still in favor of peace. If Russia should eventually intervene, it would only be with the entire agreement of the Powers, and that intervention in any case would be preceded by a conference.

GREAT BRITAIN.

Report Unfounded.

LONDON, 3.—A dispatch from Alexandria says it is now certain that the reported capture of Massowah by the Abyssinians is unfounded.

The Czar's Letter.

The Vienna correspondent of the *Times* says the Czar's letter to the Emperor Francis Joseph contains no positive proposal of any action. It lays great stress on the friendly relations between the Czar and Francis Joseph, and on the necessity of maintaining them, and a desire is expressed to come to an understanding. Within the last few days, however, communications have passed to the Great Powers, which seem to indicate that the letter was a preliminary introduction to positive proposals as reported last night.

The War and its Results.

The Standard's Madrid dispatch says it is rumored that Gen. Compos will replace Jovellar as Captain General of Cuba.

The *Times* special from Vienna states that the reply of Francis Joseph to the letter of the Czar was handed yesterday to Gen. Sumarakoff, who departed from Livadia.

The same dispatch says the Porte's reply to the powers is very grave, for it reopens the whole question, and strengthens the opinion of those who have maintained that more persuasion was useless.

A telegram from Belgrade says, It is asserted that Russia has ordered her railways, leading to Turkey and Roumania, to place sixteen trains daily at her disposal, and a request to the same effect has been made to the Roumanian railways.

The *Times* dispatch from Thrapin says: Four murders have been committed on the property of Robert Abbott at Salonica. The primate of one of the villages and his wife have been killed. Many other murders are reported.

The *Times* Vienna dispatch states that there are now 7,000 Russian volunteers in Servia, including 1,800 officers, and 2,000 more volunteers are enlisted.

A Vienna dispatch to the *Daily News* reports that at Cubei, Roumania, the troops refused to allow 500 Russian horsemen to cross the frontier.

Pesther Lloyd, Count Andrassy's organ, published a warlike article yesterday showing the necessity of Austria defending herself against the Russian designs.

Iceland Fishers Suffering.

The *Daily News* has a letter from Iceland which reports that the fishing season has been a failure. The privations of the laboring people are great, and 800 have emigrated to Canada.

TURKEY.

Peasants Starving.

BELGRADE, 3.—A dispatch to the *Daily News* from Bucharest, reports that the peasants in the neighborhood of Batak are starving. The Turkish government demands the payment of tithes on the harvest and forbids any threshing until the tithes are paid.

IT COSTS MONEY TO RUN NEWSPAPERS.—The difficulty and expense of establishing a first class daily paper in England seems to be as great as in this country, despite the general belief that the British newspapers are rather slow going and inexpensively managed. *The Hour*, a conservative journal, which at one time had quite a run in London, both in circulation and advertising, succumbed a few weeks ago, after having changed hands three times, and nearly bankrupting all its different proprietors. At one time it had an advertising patronage worth $3,500 a week, yet during the three years and a half in which it was published it sunk, over and above all its earnings, not less than $350,000! The *Printers' Register*, an excellent authority on the subject, estimates that a London daily paper, even under the most enterprising and economical management, cannot live with a less circulation than 20,000 a day and $3,000 worth of advertisements per week. We may add, in this connection, that the publisher of *The Echo*, a half-penny paper of wide circulation in London, shows that the total expense of publishing it last year amounted to the sum of $226,500.—*Ex.*

THE MISERY OF THE POOR.—In the Washington Place police court yesterday was a ragged, careworn woman, and clinging to her faded dress were three little children. In her arms was a bareheaded, half-naked infant. She was a vagrant, and had been found wandering in the streets. The Justice called the eldest child, a girl about nine years old, to the desk, and, as he talked with her, she begged not to be separated from her mother. "This is a hard case," said the magistrate: "but I shall have to send the mother and the infant to the Commissioners of Charities and Correction, and the other three children to the Protectory." At this the eldest girl cried, "Oh, no, no, I can't go. Don't take me away from my mother," and clung so closely to her mother's skirts that two officers were compelled to loosen her clutch by force. As the mother, clasping her baby to her breast, went down stairs to the prison wagon, she was hardly able to support herself. The girl had to be carried into the street, and there she caught hold of the iron railings of the steps and shrieked, "Let me go to my mamma." As the officer took her away her cries were heard for several blocks. The other two children went at the side of their sister, with their hands clasped in hers.—*New York Sun, Sept.* 10.

PATENTS American and Foreign, obtained for inventors at prices as low as those of any reliable agency. Correspondence invited with inventors, and with those who have had their inventions rejected by the U. S. PATENT OFFICE, also with Merchants and manufacturers desiring TRADE MARKS AND LABELS.

INVENTORS if you want a Patent send us a model or a rough sketch, and a full description of your invention. We will make examination in the PATENT OFFICE and if we think it patentable, will send you papers and advice and prosecute your case.

We refer to Hon. M. D. Leggett, Ex-Commissioner of Patents, Cleveland, O.; O. H. Kelley, Esq., Secretary National Grange, Louisville, Ky.; Rev. F. D. Power, Washington, D.C., and to the Danish and Swedish Foreign Legation at Washington, D. C.
