

## LOCAL AND OTHER MATTER.

Correspondents writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not indeed as a guarantee, but as a guarantee of responsibility.

*Theatricals.*—"Lucile, the Story of a Heart," to be performed for the first time here this evening is a very touching drama, with fine points, presenting pure sentiments and emotions in the impersonations, and displaying much of the better side of human nature. Those who missed seeing Madame Scheller in *Methilde* should see her in *Lucile*. This play is now proving an attraction at the Opera House, San Francisco, with Lucile Western starring in the little role. The "Two Puddingots" is a good farce when played lively, as we have no doubt it will be. In the entire performance much enjoyment may be anticipated.

ACCEPTED.—We learn by our exchanges that General Palmer's report of the 5th parallel route for the Southern Pacific Railroad, has been accepted.

BREAKFAST.—By the Arizona Miner of the 6th ult., it would seem the Samuel Adams, of Colorado, had written home from Denver to the recent election in his territory, what was his judgment. The full returns have been received, but so far as they were in, Rush had the advantage, with Governor McCormick behind, and Adams a long way in the rear. We have seen it asserted in other papers that McCormick was ahead of Rush.

TWO PERFORMANCES.—On Saturday there will be two performances at the Theatre, so that all who seek pleasure in "the Grandes Fours" may not lack for theatrical entertainment. In the afternoon, when the doors will be open at a quarter-past one, "Under the Gaslight" will be revived for this occasion, which will give our country friends who may be in the city an opportunity to see this very popular sensational drama. In the evening "Enoch Arden" will be reproduced, followed by a patriotic song, sung by Miss Scheller, Mr. Hardie and the full company. "Too Much for Good Nature" will conclude the evening's entertainment.

OUTGOING TRAINS.—President Young received the following telegram yesterday:

South Pass City, July 1.  
JOHN GILLESPIE.

By a previous letter to the President from Captain Gillespie, with which we have been favored, we learn that he has with him in all 104 wagons, 95 of which are Church wagons. Others going to the terminals for freight requested permission to travel with his company, increasing it to the number named. The train is in two divisions, 55 wagons in one and 47 in the other.

TOOLS FOR THE RAILROAD.—By telegram from John W. Young, Esq., to President Young we learn that there will be plenty of scrapers and plows at the grading camps in Echo Canyon, on Saturday the 4th, but there will be a want of wheelbarrows. Those who are making barrows and can furnish them at reasonable rates, would do well to prosecute their work with as much energy as possible, so as to be able to supply them.

RECOVERING.—President Joseph Young has been quite ill for some days, but are pleased to say that he is rapidly recovering. Last night and this morning he was able to be out riding, feeling much better.

GOT BACK.—We had a visit from Fred T. Perris, Esq., of Crown & Perris, who got home yesterday evening by stage. Last Monday week he left St. Louis, stopped in Chicago and did business, laid over in Omaha a day, went down the river to visit relatives, returned and came on, and is now here, ready to start again after a brief rest, to attend to further business east. That is the way to keep moving in a fast age. And its results tell us the railroad is nearing us. Mr. Perris is a capital specimen of a go-ahead merchant and industrial business man, and ever gives satisfaction in his commission purchases.

He informs us that the terminus will be at North Platte about the 15th, and at Green River by November. The grading is going on all along the way, but the neatest work on the road, which he saw, was in Echo Canyon, where it was being finished in a most workmanlike manner, and the men were putting it through in rapid style.

STRONG CASTS.—We published lately a very strong cast for the performance at Mr. Coulcock's benefit at San Francisco; when the "School for Scandal" was produced. But the strongest casts we ever remember to have seen were in a dramatic performance given on the 5th ult., at the Haymarket, London, the proceeds to be devoted to the Dramatic College. The pieces were "London Assurance" and "A Roland for an Oliver." In the first Messrs. Buckstone, Webster, C. H. Matthews, Toole, Sothern, Addison, Monique, Vincent, Irving, Mrs. Charles Matthews, Miss Nelly Moore and Mrs. Keeley appeared; in the other Messrs. Chippenden, Walter Lucy, Henry Neville and Belmore, with Mrs. John Wood, Miss Louisa Moore and Miss E. Farren.

MAMMOTH.—Manager Gaines, with his usual enterprise, is out with a mammoth poster, announcing the performances on Saturday, which "takes the rug" off anything in the shape of a "big bill" that has ever been got out in this region. They are principally for country posting. He knows how to use printer's ink to advantage. May be be attracted with crowded houses!

DRAKING.—Mr. Dubois, well known to many of our citizens, who conducted H. G. Steeple's business in this city, leaves to-day with many regrets that business prospects forbid his remaining here longer. He is an unobtrusive gentleman, who attended to his own business, did it well, and won the respect of all who made his acquaintance.

ACKNOWLEDGMENT.—We are again indebted to our delegate, Hon. W. H. Hooper, for Congressional documents and other favors.

FILLMORE.—Bishop F. Carpenter, from Fillmore, called in to-day. He informs us that the "hoppers" are doing their best to make grain scarce in some sections of Millard county. In Fillmore and its vicinity they have entirely destroyed the crops, but the people, nothing daunted, were putting in large quantities of corn, in Round Valley the crops had met a similar fate, and many of the brethren were giving up, and going to work on the railroad. The crops in Meadow Creek and Corn Creek were doing well.
