

## NO BASEBALL MEETING HELD.

Stockholders Failed to Show Up for Their Annual Session.

## LOOKS BAD FOR THE GAME.

But Little Prospects for a Team in Salt Lake this Season—A State League.

The stockholders of the Salt Lake baseball association have put a damper on the greatest of all American games (locally speaking) for the time being at least, and from present indications Salt Lake will have no professional baseball this season unless outside teams can be induced to come here occasionally and keep the fans alive.

This death dealing blow is not what the stockholders have done but what they failed to do. Last evening was the time set for their annual meeting, when they were supposed to elect officers for the ensuing year and vote on the proposition of increasing the capital stock from \$5,000 to \$10,000.

But the capital stock was not increased, officers were not elected and

Juniors will play, and in the latter the struggle will be between the Y. M. C. A. and Company G. This fight for the championship of the city promises to be very spirited and the contests will be close and hard fought.

## BOXERS POST FORFEIT.

Articles Were Not Ready but Will Be Signed Tonight.

Phil Green and "Kid" Heuser met with Manager McNamee of the Salt Lake Athletic club last night for the purpose of signing articles of agreement for their fight, which is scheduled to come off on the 24th.

They did not sign but posted a forfeit of \$50 each to bind them to the match. It was not their fault they did not attach their names to the articles, but the fault of McNamee. He did not have the papers drawn up, but promised to have them ready tonight when they could meet and attend to the matter.

Both youngsters are training and they will be in fine shape on the night of the go. Those who patronize the club will witness one of the best bouts yet given under the auspices of the club.

## THEY TOOK A SPILL.

Six Day Grinders Collide on Philadelphia Track.

Philadelphia, Jan. 15.—Twelve minutes before the finish of the third day's racing in the six-day bicycle race at the Second regiment armory tonight there was a nasty spill in which four riders were mixed up. Hatfield had his collar-bone broken. Freeman badly sprained his right shoulder, and Fisher and Gougoltz were considerably shaken up. The spill was caused by Leander. He had been sprinting with the other riders close up. Suddenly he swerved slightly and his wheel struck that of Hatfield. The latter fell and the others also went down.

Leander escaped. Hatfield, Fisher

## THE OAKLAND RACES.

Favorites Won and "Bookies" Were Hard Hit—Events at New Orleans.

San Francisco, Jan. 15.—Favorites won four races at Oakland today and as the other two winners were fairly well played, the books were hit hard. The best performance of the day was that of Towser of Candles, who winning in a drive from Sir Hampton. The six furlongs were covered in 1:13. Water-cure beat Edgardo and Josie G. easily in the mile and sixteenth. Wyoming ran gamely in the last race, winning by a head from Commissioner Foster. An Attack of Pneumonia Warded Off.  
"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have known it to fail," says James Prendergast, merchant, Annapolis Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all druggists.

## THE CALENDAR FAD.

It is the Rage in Decoration of Dining Rooms.

The fad now-a-days is to decorate dining rooms with elegant calendars, placed singly or grouped according to taste and surroundings. Some people place a bunch of floral designs in the center and surround them with landscape scenes, or group floral plates around one of more pretty landscapes, branching out with varied arrangements of designs of various kinds, with large heads as centers of groups. People maritally inclined make a center of such a piece as the artillery scene issued by the Utah Commercial and Savings bank, a remarkably handsome design; while others musically inclined start with St. Cecilia playing the pipe organ issued in elegant plaque form with white satin finish by the Continental Oil company. This last is considered one of the finest pieces of art work in that line ever put out in this city, and the supply was exhausted bright and early. People with an eye to furniture make a pretty center of the colored plates issued by floral companies, while the elegant plates of other concerns form centers for those of different preferences. In general, most any pretty and attractive picture will do, if it is so arranged in the nature of a calendar attached to it.

## CHEYENNE, WYO.

Politicians Interested in Great Increase in Big Horn's Population.

Special Correspondence.  
Cheyenne, Wyo., Jan. 14.—So rapidly has the population of Big Horn county increased in the past two years that two precincts are said to now contain as many electors as were contained in the entire county at the time of the last election in 1900. Big Horn county promises to cut quite a figure in the coming election next fall and politicians are already taking cognizance of the fact.

## IS GOOD TO SICK BOYS.

While Gen. Chaffee was on his southern trip he visited Maabate, and at the place where he landed, inspected the hospital.

"What is the matter with you?" was the question asked one of the patients. "Dysentery," was the response. "Have you any complaint to make?" "No-o, except that I can't get what the doctor orders."

"What does the doctor order that you don't get?"

"Milk," Gen. Chaffee called the post quartermaster before him and asked if there was no milk in the post. "Yes-o," the officer responded reluctantly, "but Lieut. L. has ordered it for the use of the ladies of the post."

"You order a hundred more cases of milk at once," Gen. Chaffee commanded, "and, meanwhile, send those two cases up to the hospital right away."

And that, perhaps, is one of the reasons why Gen. Chaffee is liked by the enlisted men of the army—Mamie American.

## PRESIDENTIAL RESIDENCE.

Historic Old Mansion May Not Be Rebuilt or Enlarged.

## ROOSEVELT WELL SUITED.

Thinks Building Meets all Requirements—Speculation as to Gorman's Place in Democratic Party.

## Special Correspondence.

Washington, Jan. 12.—No amount of argument has yet convinced Congress that there ought to be a new presidential residence. I have no doubt that a majority in both houses believe that the present residence is altogether inadequate, and if some plan could be perfected to extend the building without changing too much its appearance or, as some have advocated, to erect a separate business office for the President, it is quite certain that a majority would vote the necessary money. But the trouble seems to be in getting any satisfactory plan. For some reason there is a strong sentiment in favor of retaining the present White House because of its historical associations. There might be some foundation for that sentiment if so much of this building had not been rebuilt. The best way to perpetuate the present White House would be to erect on its site a structure twice or three times the size of the old building, which would be strictly an enlargement of the present building. This would give the necessary room and yet retain the resemblance of the old mansion.

## PRESIDENT ROOSEVELT SATISFIED.

President Roosevelt took occasion early in his term to say that the White House was comfortable enough and that he did not desire it enlarged. That is all well enough so far as he is personally concerned, but there has not been a large social function this winter or any other that has not overtaxed its capacity. On New Year's day hundreds of people could not get into the building for hours, but stood out in the cold waiting to secure entrance. Of course a great deal of the discomfort was due to the fact that the public generally is received at the close of the official reception and therefore crowded up to the doors, which is no reason for being there than idle curiosity. But senators and representatives and their families and friends were crowded into the room where the wraps were checked and herded and held there while those who are given social official precedence were being received. There ought to be a building large enough to house the invited guests of the President at any of the functions which are held in the White House. President Roosevelt no doubt meant that the present White House was large enough for his family. That may be true, but it is not large enough for the United States government and its people.

## GORMAN'S FUTURE POSITION.

Although it will be more than a year before Arthur P. Gorman takes his seat in the United States Senate, the politicians are wondering what his office will be in the Democratic party. For years he was the acknowledged leader, the man to whom all his associates deferred when questions of great moment to his party were to be decided. He held ranking places in the committee, and his eighteen years in the Senate gave him an experience that was invaluable to a party leader, to a man who made politics not only his business but his pleasure. Now what will be his position? He cannot secure his old places on committees, nor can he hope to obtain that sway he so long maintained. It is true that he was practically dethroned during the last year of his service. He wanted to have the compliment of being made a member of the finance committee, but this was denied him because he was not in harmony with the majority of his party on the money question. When this was refused, Gorman resigned as chairman of the party caucus.

# RHEUMATISM ITS CAUSE AND CURE

The cause of this ailment is uric acid in the blood. In other words it is a blood disease. Any reliable physician will tell you this. To effectually cure such an ailment the blood must be cleansed of all poisonous matter and the system put in a healthy condition. An application of oil or liniments to the afflicted parts, if the right kind is used, will give temporary relief, but it certainly will never make a permanent cure. It would be just as sensible to try and cleanse the works of a watch by cleaning the outside of the case as it would to expect to cure rheumatism by rubbing an oil on your skin when the cause of the trouble is in the blood.

There is one remedy which will cure Rheumatism in any of its forms, that remedy is Swanson's "5-DROPS." It is both an internal and external remedy which acts quickly, safely and surely, never failing to cure this dreaded disease. Swanson's "5-DROPS" taken internally will dissolve the poisonous acid, remove it from the system and cleanse the blood of all impurities, thereby effecting a permanent cure. An application of "5-DROPS" to the afflicted parts will stop the rheumatic pains almost instantly while the cause of the disease is being surely removed by its internal use. Aches, pains and soreness disappear as if by magic when "5-DROPS" is used. No other remedy in the world will stop a pain so quickly or effect a cure of rheumatic troubles as "5-DROPS." It is the greatest blood purifier in existence and is a remedy that every family should keep on hand ready for use in case of emergency.

"5-DROPS" will cure Rheumatism in any of its forms or stages of development. It makes no difference whether you are suffering from inflammatory, Nervous, Muscular or Articular Rheumatism. "5-DROPS" if used as directed will give instant relief and effect a permanent cure. "5-DROPS" is perfectly harmless. It contains no alcohol, no salicylates or any other injurious drug.

## "5-DROPS" CURES COUGHS, COLDS AND BRONCHIAL TROUBLES

"5-DROPS" will stop a cough instantly and cure a cold quicker than any other remedy. For the cure of bronchial troubles it is unequalled. All throat irritation and bronchitis is cured by this remedy. It never fails to give immediate relief to the sufferer and will effect a cure even after other methods have failed completely.

"5-DROPS" CURES NEURALGIA, LA GRIPPE, Lumbago, Sciatica, Asthma, Catarrh, Liver and Kidney Troubles, Nervousness, Backache, Dyspepsia, Gout, Indigestion, Croup, Nervous and Neuralgic Headache, Heart Weakness, Paralysis, Creeping Numbness, Sleeplessness and Blood Diseases.

SENT FREE TO ALL. A trial bottle will be mailed free of charge to every reader of this paper who is a sufferer from any of the above named diseases. All that we ask in return is that you take it as directed and let us know what you think of it. It costs you nothing, and you need not feel under any obligations whatever in securing the trial treatment which we offer. Cut out the coupon and send to us with your name and address.

**SPECIAL NOTICE.** If any unprincipled dealer offers you a substitute for "5-DROPS" don't accept it. No other remedy will do its work. Most druggists are selling it. Any reliable druggist can easily secure it for you. If it is not obtainable in your locality order direct from us and we will send it prepaid.

and "steering" committee. He left the Senate not in harmony with his party, but no less respected by his associates. As he returns under changed conditions it will be interesting to note whether he will again assume that leadership and control which he held so many years before.

## DIFFICULTIES IN THE WAY.

Of course, his four years' absence will count against him. New ties and new alliances have been made. Even if there is to be a successor to Senator Jones there are indications that some new and younger members are anxious for the place. There is Senator Bailey. After two terms in the House he became the leader of his party there. He did not hesitate to organize a force against the old party leaders and defeated men who served in Congress before he was of age. If it suits his purpose, he will no doubt endeavor to organize the Senate minority so as to make himself its leader, whether it means the defeat of Jones or prevents the reinstatement of Gorman within months hence. If the new element of the Democratic party in the Senate should determine to control, neither Jones nor Gorman could be the leader.

## A PORTRAIT OF JEFFERSON.

Senator Nelson was in the east room of the White House the other day, and told a story about a constituent of his in Minnesota who, under Mr. Nelson's directions, was seeing the sights of the capital. "I called his attention to that picture of Jefferson," said Senator Nelson, "and after looking at it a moment, he remarked, 'He is a nice looking man. Does he live near here?' I only said he used to live here," said the senator. "I did not care to go into further details."

## BIGELOW CARPETS

The Carpets made by this Company have received the highest award wherever exhibited, including Gold Medals at the Paris Exposition, 1878, and at the Centennial, 1876.

Their deserved reputation for excellence of fabric, richness and durability of color, novelty and beauty of design, has led to frequent infringements, and inferior goods have often been palmed off in their stead. For the protection of the public the Company has adopted as a trade-mark the word "BIGELOW," which will be woven (at every repeat of the pattern) in white capitals into the back of the fabric. Customers will therefore have merely to examine the back of a carpet to be certain that they are getting the genuine Bigelow Carpet.

These Goods can be obtained from all first-class dealers.

PETER MAHER BRINGING OVER THE RIGHT

Big issues depend upon the contest that takes place at Philadelphia before the Industrial club on Friday, January 17, between Tom Sharkey and Peter Maher. If Maher succeeds in defeating the sailor boy, Sharkey's fight with James J. Jeffries for the world's championship, which has been arranged for, will immediately be called off. In addition to this, the coming contest will also decide the question of the "Irish championship."

## THE ENGLISH DERBY.

Jockey Henry Says W. K. Vanderbilt Has a Good Chance.

New York, Jan. 15.—Milton Henry, who rode for J. R. and F. P. Keene, in England last year, says that W. K. Vanderbilt has a good chance to win the English Derby this season with his American-bred colt, Ellmere.

"I saw Ellmere win a seven furlong dash from a fast field of two and three year old colts," said Henry, "and impressed me as being a colt above the average in ability. He resembles W. C. Whitney's Yankee more than any horse I can think of. The only difference between them is in color, Ellmere being a brown, while Yankee is a bay. Both colts are by Hanover. They are both resolute finishers with plenty of speed. W. K. Vanderbilt has a fine place at Polesay, near Paris. All the stables and buildings are built in the American style. Eddie Hughes, who left here last summer to train for him, has had considerable success. J. B. Buchanan, a California jockey, will ride for Mr. Vanderbilt this season. I will sail for France on Feb. 18. I have been engaged to ride for Baron de Rothschild, father-in-law to the well known French owner, M. Empruss."

## THE DEAL COMPLETED.

Borahma, The Abbot and Lord Derby Will Race.

A New York dispatch says: Two checks for \$5,000 each were received here late this afternoon from Thomas W. Lawson of Boston, to close the negotiations in the talked-of race between his trotter, Borahma, and E. E. Smith's horse, Lord Derby, and The Abbot, owned by John J. Scannell. This is the outcome of Mr. Lawson's original challenge to trot Borahma (2:27) against any horse in the world. When this challenge was made known, Messrs. Smithers and Scannell posted forfeits and Mr. Lawson was advised of that fact.

The arrangements for the two matches now stand as follows:

The Borahma-Lord Derby race and the Borahma-The Abbot race will be trotted some time between July 15 and

and Freeman were compelled to leave the track, and their places were taken by their team mates. Gougoltz continued riding after he had been furnished a new wheel. Score tonight:

Munroe and McEachern, 513.1; Freeman and Maya, 513.1; Gougoltz and Wilson, 513.1; Leander and Rutz, 513.1; Chevalier and Fisher, 513.1; Hatfield and King, 512.10; Mueller and Barclay, 512.3.

This is an indication of how much interest there is in baseball in Salt Lake. The fans who were looking forward for a season of good baseball will be disappointed unless something unforeseen turns up pretty soon. They had hoped that at the meeting scheduled for last night the stockholders would decide to put in a first class team and that some steps would be taken looking for the organization of a league of some kind. But their hopes were blasted in the bud.

The season is not far distant and yet a call for forty baseballists to meet and do something in the interest of the game, only three put in an appearance. Now then, it's time for the brokers to do something if they intend to. A few days ago there was considerable talk on this subject and it was said that if the baseball association did not put in a team, the brokers would take the matter in hand and see that Salt Lake had baseball this season and plenty of it.

Several propositions were discussed but nothing definite was done because it was expected the association would do something.

Harry Stoney is firmly convinced that another state league could be organized and made successful. He thinks the salary list was too high last summer and that the sport was greatly injured by it. It is understood he has made several good propositions and that if the brokers decide to put in a team, Stoney will be interested in the game here.

It is now up to the brokers to go ahead and organize a league composed of Salt Lake, Ogden, Logan and Provo.

## SEASON NOW OPEN.

Four Teams Play This Afternoon and Tonight for Championship.

The basket ball season opened this afternoon with games between the High school and L. D. S. first girls' teams, and the Websters and Y. M. C. A. juniors of the boy's league. The games were played at the L. D. S. gymnasium, which has been fitted up in fine shape for the games.
