A Woman's Gratiude

"For more than a year I had been a sufferer, completely broken down. I had not slept but two or three hours any night for weeks. I had such awful misery in my head, and oh, I was so irritable. I could not depend upon my judgement, and my memory was failing. I realized that I was losing my mind, and I thought the grave, or worse, the asylum, would be my doom. My doctor said my case was beyond the reach of medicine. I went to a druggist and told him my condition. He recommended Dr. Miles' Nervine; he was pretty sure it would help me, so I bought a bottle. That night I took a table spoonful, and fell asleep in a few minutes, the first rest I had in weeks, and oh, I will never forget that sweet sleep while I live. I have continued taking it, and sleep like a baby, and gain rapidly."
