

# UNION PACIFIC'S FINE ROAD BED.

George Bowen Speaks of Its Excellence of Construction.

WILL SAVE MUCH EXPENSE

Many Helping Engines Will be Laid Off.

George Bowen and his sons, of Spanish Fork, reached here today from Rawlins, Wyo., near which place they have been working on some of the Union Pacific cut-offs that are now almost completed between Ogden and Cheyenne. They say that the Union Pacific is this season doing the largest amount of construction work of any road in the West. The work consists in reconstructing, cutting down grades and straightening the line at points between Cheyenne, Wyo., and Ogden, Utah, a distance of 89 miles. In improving its line the Union Pacific has already laid this season the following track: From Forkout to Medicine Bow, 12.5 miles; between Hanna and Dana, 4.4 miles; between Green River and Bryan, 4 miles. Other lines in construction in Wyoming are from Buford to Laramie, which includes the famous Sherman Tunnel, 2.5 miles; Green River to Bryan, 10.4 miles; Rawlins to Tipton, 4.5 miles; and from Leroy to Bear River, which includes Piedmont hill and the big Aspen tunnel, 21.4 miles. The completion of these lines will eliminate the necessity of helper engines, with one or two exceptions, along the line of the Union Pacific. Mr. Bowen says that the new road bed is immensely superior to the old one.

## Railway Employees' Day.

Interest is increasing among the railroad employees of Utah entering in Salt Lake and Ogden in the big picnic of the Order of Railroad Conductors and Ladies Auxiliary, which takes place next Monday at the Salt Palace. At least 400 employees are expected to take advantage of the low excursion rate and the local employees will turn out in body. The day will be one of events and amusements will be provided to suit everybody. Heading the list of events is the tug of war between the conductors and brakemen. The match called a draw. Then there is the ladies' race, fat men's and fat ladies' race and the prize walking and cake walking. Geo. C. Koster and Charlie McCullom of the conductors and all the ladies of the auxiliary are working industriously to make the day big success and there is every indication that a big throng will turn out.

## SPIKE AND RAIL.

The M. I. A. of Cache will visit Salt Lake on August 29th. A. J. Carkins of the Santa Fe at Guthrie, O. T., is visiting here. A new piece of line to Wet Mountain, Colorado is under construction by the Denver & Rio Grande. W. H. Pugh is talked of for train dispatcher at Evanston, Wyoming, to succeed J. D. Guertin, resigned. A thousand people from outside of Salt Lake went to Saltair yesterday on the Pacific Islanders' excursion. Held's band made the Rio Grande Western employees' excursion. Ogden lived from the musical standpoint. During the month of July orders were placed at \$700 cars and forty locomotives with the different builders. It was a big and jolly crowd of railroad shoguns and families that went to Ogden over the western train this morning and the shops of the company are momentarily deserted. The visitors to the Junction City will certainly make that town boom for one day at least. President Hill of the Great Northern arrived at Spokane, Wash., yesterday morning going east. He said: "We will be very glad to build to Republic, soon as we can find an easy grade. I will say nothing about dates." President Hill also stated he believed business would soon justify a double daily train service between Spokane and the coast. The State of Colorado yesterday began a suit against the Pullman Palace Car company for \$11,000, which it is claimed is due the state as incorporation fee. The company is incorporated in Colorado for only \$100,000, while Illinois it is incorporated with a capital of \$7,000,000. The suit is brought to force the company to incorporate anew and pay the incorporation tax on its entire capital. Cheyenne Tribune: It is semi-officially reported that when the new construction work is completed, Laramie, which has of late ceased to be a terminal for passenger trains, will likewise be eliminated. A semi-terminal and that train and engine crews will run from Cheyenne to Rawlins. This rumor is corroborated by the fact that the company is now constructing an immense water-tail round house at the latter place.

In the Great Northern cut-off on the Montana Central, running from a point 25 miles east of Great Falls into the city of Great Falls, the new line will follow the route along the river until within one mile of Rainbow Falls, where it will turn and cross the river about 150 feet above the falls. After making a loop to overcome the grade, it will follow the river back to the falls. Three steel bridges will be required on the new line. Two will be 800 feet long and the third about 1,000 feet long. The railways running into Spokane have complied with the law requiring all railroad companies engaged in interstate commerce to equip their trains with power or train brakes and automatic couplers. The Northern Pacific and Great Northern have a number of cars that still have the old hand brake and link and pin coupler, but they are not being used, and will not be until the air brakes and automatic couplers are applied. Statistics show that the number of accidents has been growing less since the roads began to equip their cars with the power brakes and automatic couplers.

## LATE LOCAL NEWS.

The members of the Spanish Fork Elks-aided church will meet for rehearsal at the choir hall Sunday evening at 8 o'clock. Those who have not been in the habit of attending regularly should make an extra effort to be there as business pertaining to the church will be transacted. There is room for tenor singers, good voices and readers will be welcomed. Evan Arthur. Second Lieutenant Bruce Palmer, who has been visiting his sister-in-law, Mrs. Leont, Guy Palmer, of this city, will leave this evening for his home in Illinois. After a short visit with relatives and friends he will proceed directly to Cuba, where he will join the Seventh cavalry. Lieutenant Palmer has many friends in this city who wish him success wherever his lot may be cast.

# ANNOUNCEMENT.

Notice is hereby given that the publishing, job printing and book-binding departments of George Q. Cannon & Sons company have this day been dissolved and the Deseret News. All orders and contracts now on hand for printing or binding will be completed by us, but no new ones will be accepted or entered into for work in these lines after this date.

We shall now devote ourselves exclusively to our merchandise branch, at Nos. 11-13 Main street, this including the book, stationery and school and office supply business. The Juvenile Instructor will also be continued by its founder and owner, George Q. Cannon, though for the printing of this magazine, as well as that of the Fourth Volume of Whitman's History of Utah, arrangements will probably be made with the "News."

It has long been apparent to both the parties to the transfer that there would be mutual advantage in the union of the two institutions, which have become identified with what is locally known as the business of Church publication; and when finally steps were taken looking to such consolidation, the negotiations progressed with most agreeable rapidity. In therefore expressing our gratitude to the public for the cordial support given to us during the thirty-five years we have been in the printing and binding business, we have pleasure in referring our patrons in these lines to our successors, the Deseret News, for future business.

GEORGE Q. CANNON & SONS CO.

## BIG PRINTING OFFICE DEAL.

Geo. Q. Cannon & Sons Co. Retirement from the Publishing Business.

Their Plant Will be Combined With that of the Deseret News.

The announcement of the sale of the publication, job printing and binding departments of Geo. Q. Cannon & Sons Co.'s business, to the Deseret News, made above, will be read with interest by the public. The plant of Cannon & Sons has long been known as one of the largest and most complete in this section, and now that it is to be combined with that of the Deseret News, it can be seen that the two will comprise one of the greatest printing establishments in this section. If indeed it is not the largest in the West.

Hereafter, therefore, there will be but one printing and publication house where the standard Church works as well as the books used in Sunday school and Mutual Improvement associations are turned out, and that will be the Deseret News establishment.

## AT THE RESORTS.

The butchers of Salt Lake and Ogden will give a grand barbecue at Lagoon on August 15th. The following interesting program of sports has been prepared: Road race, time prize, first and second prizes. Boy's foot race, under 14 years. 100 yard dash, open to all. Fat men's race. Tub race on lake, boat race. Girl's race, obstacle race. Tug of war, Salt Lake and Ogden butchers. Catching the greased pig. Baseball game, Salt Lake vs Ogden. Barbecue. Children's cake-walk, under 13 years. Walking contest, with numerous other contests.

The employees of the Standard Steam Laundry were given an excursion to Saltair yesterday afternoon by C. A. Dolan, their manager. A very happy time was had by all except L. L. Johnson and W. S. Hill, who had their money shipped from Seattle. On the same day at the same place a baseball game will be played between the Bricklayer's union and the Painter's union. There will be many other spirited contests that will maintain the interest all day.

The firm of F. Auerbach & Bro. will give its employees an outing at Lagoon next Tuesday, Aug. 14th, closing the store at 12 noon. All the expenses of the trip will be met by the firm, whose custom has been for many years to devote one day for the pleasure of their employees. A special observation train for the hand-picked bicycle road race will leave at 1:30 p. m. There are nineteen entries for the road race, among them some of the best local talent, and with a good string of prizes hung up, the race should be a swift one from start to finish. A big program of sports, open only to the employees of the store, has been arranged and will consist of fishing contest, boat race, boys' sack race, boys' three-legged race, men's foot race, steeple chase, egg and spoon race, ladies' apple and basket race, and many other contests, the whole to conclude with a baseball game between the wholesale and retail departments for a cash prize of \$25. In the evening there will be walks, two-step and cake-walk contests, for which suitable prizes will be given. The employees anticipate a good jolly time, and assure the same to everybody who visits Lagoon next Tuesday. Special trains will be run during the day.

A gentleman from Evansville, Ind., whose name can be secured upon application to the Postum Cereal Co., Ltd., Battle Creek, Mich., says: "My physician prohibited the use of oats and wheat for I was in a bad condition physically, with pronounced dyspepsia. He said the heavy paste was indigestible, but that Grape-Nuts, being a thoroughly cooked food and cooked in such a manner as to change the starch into grape sugar, could be easily digested. I have become very fond indeed of Grape-Nuts and all the uncomfortable feelings have disappeared. I have gained nearly twelve pounds in weight and have more of the distressed, full feeling after my meals that I had formerly. Grape-Nuts Food has done the work."

## PASTY FOOD

Too Commonly Used. The use of pasty cereals is not advisable to physicians says: "Pasty cereals are very indigestible and a bad thing for the stomach, causing a depressed feeling and culminating in a train of disorders, particularly of the intestines and nerves. Cereals, such as wheat and oats, can be cooked long enough and well enough to fit them for human use but the ordinary way of cooking leaves them in a pasty condition. A gentleman from Evansville, Ind., whose name can be secured upon application to the Postum Cereal Co., Ltd., Battle Creek, Mich., says: "My physician prohibited the use of oats and wheat for I was in a bad condition physically, with pronounced dyspepsia. He said the heavy paste was indigestible, but that Grape-Nuts, being a thoroughly cooked food and cooked in such a manner as to change the starch into grape sugar, could be easily digested. # FELL INTO AN EXCAVATION

Ezekiel Holman Brings Suit Against the City and Stephen Hay.

Demands \$5,000 Damages for Personal Injuries Alleged to have been Received on Commercial St.

Ezekiel Holman filed a suit against Salt Lake City and Stephen Hay in the Third district court today, to recover damages in the sum of \$5,000 for personal injuries, alleged to have been received through falling into an open trench on Commercial street, May 31st, 1899. The complaint alleges that on the day named plaintiff was walking along the street and without any fault on his part was precipitated into the excavation, whereby he broke three of his ribs, as well as seriously injuring his shoulder. Plaintiff further says that the trench was excavated by Hays, who owns the property abutting upon the street, with the knowledge and consent of the city, and that both the defendants allowed the same to remain open and utterly unprotected.

To U. S. Supreme Court. Krebs & Hoppebaugh, as attorneys for the plaintiff, John M. Kirkman vs William and the Rio Grande Western Railway company, garnishee, perfected an appeal of the case today to the United States Supreme court. The question involved is the exemption of wages from execution, under the laws of the State relating to garnishment.

## A PAINFUL ACCIDENT.

Mrs. Gentry of Goshen Meets With a Sad Mishap at Saltair.

Mrs. Peter Gentry of Goshen, aged 66 years, fell from the steps of a car at Saltair last evening and sustained a broken shoulder. The injury is painful in the extreme and it will take some time for the bones to knit together, owing to the advanced age of the unfortunate victim.

The cars were standing on the platform, and about twenty minutes before the train was to leave, Mrs. Gentry left the pavilion and went to board one of the cars. There was considerable crowding and jostling going on, as a large crowd was endeavoring to get on the train. Mrs. Gentry succeeded in getting onto the second step to one of the open cars but being surrounded by people who were for her home, she failed to get into the car, she became agitated and lost her footing and fell with tremendous force to the platform, striking her on her shoulder.

She was picked up tenderly and brought into the city by Manager Bateman, who has shown her every attention possible. She was taken to the Walker House, where she received the attention of Dr. Bower, and Mrs. Johnson of Goshen, who has waited on her faithfully ever since the accident. Mrs. Gentry attaches no blame to anyone and speaks warmly of the kindness of Manager Bateman to her. She will leave for her home this evening. As the doctor says that she can travel with safety and that he can do no more for her.

## AMUSEMENTS.

The Salt Palace theater, as its patrons know, presented a strong card to the public during the week that closes tonight. But a still stronger bill is offered for next week. Beginning Monday night several new faces will be seen. The most notable attraction is the engagement of Harry Moore and Fred Kancher, who form a strong team of musical comedians. Both are artists in their line and have been seen before the footlights of many of the big theaters of the country. Their last engagement was at Proctor's in New York. Wm. H. McBride and Mace Robinson, a duo of Irish improvisers, will give a fifteen minute sketch entitled "O'Grady's Will." Arnoldo, the well known juggler, is also on the list. Juggling and contortion work will be taken care of by Asa, a specialist in these lines. The grounds, Shields Bros., the famous hayrack cyclist, will give nightly performances.

On Thursday evening, August 16th, at the Salt Lake Theater, the following program will be given for the benefit of the Orphan's Home and Day Nurseries: The Rosemary Close at Eve, Att. George D. Pryor, H. G. Whittier, Horace Ensign, John D. Spencer. "The Two Grenadiers," by Schumann. "Pastorale Sonata," by Schumann. "Cypsel Love Song," by Vincent. "My Dreams," by Miss Harrington. "Violin solo," by Prof. Wm. C. Clark. "Oh, for a Burst of Song," by Althea. "The Art My Life," by Mascheroni. "The Earl King," by J. B. Ashworth. "Soprano solo," by J. B. Ashworth. "The Swallows," by Miss Elsie Barrows. "The Earl King," by J. B. Ashworth. "Ben Bolt," by J. B. Ashworth. George D. Pryor, H. G. Whittier, Horace Ensign, John D. Spencer.

## DEN'S REVIEW OF TRADE.

Some Progress Made Towards a More Stable Business Position.

New York, Aug. 10.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say: "Progress has been made toward a more stable position of business with a few more heavy contracts to hold the ground already gained; but for a proper interpretation of the week's results, one must look beyond Wall street speculation, which is more than any other quarter, the vacation season is leaving its impress of inactivity. Speculation is cautious but investment holdings are being increased rather than diminished, and operations cannot see that their hesitations on the ground of politics is checked any more in general business circles than two months ago.

"Small changes appear in railroad stocks, industrials are a little higher and traction issues a shade lower. Working forces are smaller and will soon be further reduced, probably for three weeks, by the closing down of cotton mills in New England, which has been delayed longer than expected. But strength is evidenced to the world by the over-subscription of the new British loan of \$10,000,000 on about a 34 per cent basis, of which over half is allotted to the American applicants.

"London sales of about 40,000 shares of stocks and some bonds, and American purchases of the new foreign loan explain why gold goes out in the face of foreign commerce returns which show for New York alone for the week an excess of exports over imports of more than \$5,000,000. Exports for the week of \$12,750,719 were more than double those of the same period of 1899, and for the year is over \$3,000,000, while imports for the year are \$2,000,000. The money market is untroubled by financial of the foreign loan though the volume of new commercial loans is well sustained.

"Cotton fell as sharply that some recovery is assured in an over-sold speculative market, and spot sold at 10c when the official report appeared, notwithstanding many indications of further reduction in consumption.

"Wool advanced about 1 cent, helped by foreign reports, but the domestic outlook is fairly cheerful, and farmers have marketed freely. Receipts at interior centers aggregate 4,554,541 bushels against 3,815,216 last year and 3,447,417 bushels in 1899. Exports from Atlantic ports were only 1,720,963 bushels wheat (four included), against 2,503,344 bushels last year, although purchases on foreign account were large and promise an increased movement hereafter.

"Corn gains nearly 2 cents with the aid of dry weather reports and is 8 cents above the price at this time last year. Bush receipts and exports for the week fell more than 50,000 bushels below the same week in 1899. "Improvement is slow in boots and shoes, with only a small percentage of eastern shoe factories at work. The textile markets have been free from such features as marked recent divisions of prices, but price is of fair volume. Loss of Chinese market has put coarse brown cottons in a bad position, other grades being less seriously affected.

"In woolen goods readers are not up to expectations, and some serious sell lower. Manufacturers show more interest in the wool market, taking fair quantities and seeking fewer concessions. The tone is firmer, though prices are unchanged.

"Failures for the week were 17 in the United States, against 136 last year, and 23 in Canada, against 29 last year."

## SMALL BLAZE THIS MORNING.

A barn owned by Simon Ramberger on First South between Sixth and Seventh East caught fire from some cause this morning, but the damage done was small, amounting to not more than \$5. Before the fire department reached the scene the flames were extinguished with the garden hose.

## JUDGE TIMMONY'S COURT.

Week was assessed \$5 for driving on a bicycle track.

John Harvey was fined \$3 for drunkenness.

Frank Price and William Britton, broke-bean tourists, were charged with trespass, but the court gave them one hour to get out of town. When arrested Price had the following note on his person, although he told the judge he did not have it: "To whom it may concern: This is to certify that the bearer is deaf and dumb, and is on his way to Portland, Ore., and a little help for him would be highly appreciated. Give what you can and may God bless you. Yours truly, J. C. Pederson."

Frank Rudy was accused of imbibing but was cautioned to go. Rudy was thrown in jail last night with drunkards on parade. The crimp took off his wooden leg and beat Rudy over the head with it, knocking several teeth out. The court thought Rudy had received punishment enough.

## PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or the respective signers for further information.

IN THE DISTRICT COURT, PROBATE Division, in and for Salt Lake County, State of Utah, In the matter of the estate of Arthur Bonson, a minor, Notice. The petition of John J.
