

BIG FOOTBALL GAME TOMORROW

University of Utah and Varsity of Boulder Teams to Clash.

CONDITION OF LOCAL TEAM.

Had Last Hard Practice Yesterday Afternoon—Now Ready for Colorado Champions, Who Come Today.

Extremely stormy weather tomorrow is all that will keep a great crowd of enthusiastic football fans away from Cunningham field.

The Gridiron devotees are hoping for a day without rain, while the army of duck hunters who will leave the city tonight, will hope for rainy weather.

What will it be?

At 12:30 o'clock tomorrow afternoon, the local football game of the season will be played on the Varsity campus.

The competing teams will represent the U. of U. and the University of Boulder, Colo., and it will surely be a great game.

The east bench eleven will be taken at a disadvantage for the reason that the team is hardly organized as yet. The players have had about two weeks preparation only, but Coach Joe Maddock has accomplished wonders with them.

Their last hard practice was yesterday afternoon when for a couple of hours two squads, struggling and bruised, battled it out in going through the "Yost" "hurry up" formations taught them by Maddock.

The style of play, which is called the "hurry up" style, is a new one, and it will be seen in Utah tomorrow for the first time, and if our team does not win, it will be the fault of Maddock.

At the conclusion of the practice, there was a look of confidence and satisfaction on the faces of the coach, the players and the large crowd of students on hand. Every man on the team now understands the signals and the plays to be used.

They have had very little time to get themselves into first class form for tomorrow's struggle, and taking this into consideration, it must be said that the results attained are remarkable.

Win or lose, the Utah boys will put up a game, interesting fight, one worth going miles to see.

The Boulder team is due here this afternoon at 4:30, over the Union Pacific. It will be accompanied by a delegation of Colorado fans. They will leave tomorrow afternoon on the Rio Grande. A delegation of students with tooting horns and flying banners will meet them at the Short Line station and escort them to the Kenyon.

After the game, a dance and reception will be tendered the long-haired visitors. It will be a "show" a good time while in the city.

While the line-up of the home team has not been decided upon definitely, it will be about as follows:

Robbins, center; Harton, Freshman and Varsity guard; "Ole" Peterson, right tackle; Conville, or Hopp, left tackle; Russell and Bennett will be found on the end positions; Jimmy Wade at quarterback; Henry or Pyle at halfback; and Fred Benson, fullback.

MAHER WINS ANOTHER.

Not Peter but the Little American Jockey in England.

London, Sept. 29.—Rockland, ridden by Maher, the American jockey, won the race for the Jockey club stakes at the first October meeting at Newmarket today. He was the first to start, and William Rufus was third. The last named horse was ridden by Martin. The American jockey, ten horses won and the Jockey club stakes are of 1,000 sovereigns for 3-year-olds and up. Distance, one mile and three-quarters. Great interest was taken in the race because of the entry of a large number of well known horses.

The betting was 5 to 2 against Rockland and Henry the first, while Martin's mount started at 40 to 1 against it.

Rockland was supposed to be suffering from an inflamed leg and until this morning it was doubtful whether he would be able to start. Yet Rockland won by length and a half. Starnam, this year's Derby winner, could not even get fourth place.

Pennant for St. Paul.

Chicago, Sept. 29.—At a special meeting held today at the magnanimous of the American Baseball association, the pennant for 1904 was officially awarded to the St. Paul club.

| Do Hair No Good, But Often Cause It to Fall Out. | | |

Many hair preparations are "fake" because they are merely scalp irritants. They often cause a dryness, making the hair brittle, and, finally, lifeless. Dandruff is the cause of all trouble with the hair. It is a germ disease. The germ of the dandruff scales as it digs to the scalp, where it destroys the hair's vitality, causing it to fall out. To cure dandruff, the germ must be killed. Destroy the cause, you remove the dandruff. Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Sold by leading druggists. INDIANS WILL SEVENTEEN PEOPLE

Fifty-Seven More Were Either Murdered or Carried Away By Them.

REDS WERE THREE HUNDRED.

Victims Were Chewing Gum Gatherers In South Mexico—Raiders Led By a Renegade.

New York, Sept. 29.—Advice received by mail from a correspondent of the Herald at Bolal, British Honduras says:

In the recent attacks by Indians on the camps of chewing gum gatherers in South Mexico, 17 persons were killed, 18 wounded and 57 more either murdered or carried into captivity.

The force of the Indians consisted of about 300 and was led by a renegade from the national guards of Yucatan. The Indians first attacked a camp at Quintana Roo, where they killed three women and two men and wounded three more men. At another camp they killed two men and two women and wounded three men.

In Chenchunel, the hospital, commercial warehouses and offices were burned. Three patients perished. Attacks were also made on camps at Comuel and Tulum, resulting in several deaths.

"Chapple" Ryan Insane.

Boston, Sept. 29.—"Chapple" Ryan, arrested in many cities and who achieved a reputation as one of the most successful operators in his line during recent years, has been adjudged insane by a member of the state board of lunacy. This saves him from imprisonment in the state penitentiary at Charlestown under his sentence for robbery.

Ryan's operations for several years have been carried on in New York, Philadelphia, St. Louis and Chicago. He has been arrested repeatedly on charges of swindling, but always tapping and other well known tricks, but invariably escaped imprisonment.

ATTEMPTED SUICIDE.

Man Charged With Embezzlement Swallows Broken Glass.

St. Louis, Mo., Sept. 29.—Joseph E. Edwards, former manager of a plow company's branch at New Orleans, who was brought here from Denver en route to New Orleans to face charges of embezzling \$15,000, attempted to commit suicide after leaving Denver. Though handcuffed he managed to break up a hand mirror and swallowed some of the glass, and when discovered was eating the sulphur end of matches. Edwards was out of danger when St. Louis was reached. He was taken to New Orleans.

DELAWARE REPUBLICANS.

Warring Factions Make Vain Effort to Compromise.

Wilmington, Del., Sept. 29.—The warring factions of the Republican party in Delaware made a vain effort to effect a compromise on a state ticket, but the Dupont or regular Republicans and the Addicks, or union Republicans, having held their convention and nominated separate tickets with the exception of presidential electors, which are the same. The hitch is over the choice of a candidate for governor, each faction insisting that it shall have the name of the candidate.

Recently the regulars made a proposition that each side withdraw its ticket and that the regulars submit the names of five men from which the unions might select one as a candidate for governor.

The state committee of both of the factions met here today and endeavored to reach an agreement. Each committee in turn presented a list of names from which the other might select a candidate for governor.

Both propositions were rejected. The union committee then offered to hold a joint primary election throughout the state for the purpose of allowing the voters to decide the disputed question, both factions to abide by the result.

The regulars said this could not be done as another primary election would be in violation of the law. The union men's answer to this protest was that the primary would be merely to learn the will of the voters so as to guide the committee in making up a ticket. The regulars would not accept the proposition. There was no further exchange of propositions and both committees adjourned.

BROKE HIS PAROLE.

And Now J. W. Holmes Goes Back to San Quentin.

Kansas City, Mo., Sept. 29.—Officers from the penitentiary at San Quentin, Cal., were at police headquarters here today, on the way back to the coast, having in charge John W. Holmes, whom they arrested in Newark, Mo., for breaking his parole from the penitentiary.

Holmes was sentenced for grand larceny and was released on parole for good behavior. He received word that his mother at Newark, Mo., was dying, and asked the prison authorities for permission to leave the state and visit his home. The request was refused and Holmes went to Newark. Officers arrested him at the bedside of his mother, who was dying.

The officers and their prisoner left for San Quentin this afternoon. They said they gladly would have allowed Holmes to remain with his mother until she died, but they were acting under orders to bring the prisoner back.

Arthur D. Wyman Dead.

Cambridge, Mass., Sept. 29.—Arthur D. Wyman, an instructor in the chemical laboratory of Harvard, and son of Charles F. Wyman, the Russian consul at Boston, died today from injuries sustained by being run down by an automobile at midnight. Leon Strauss, a student at Harvard, who operated the automobile, was arrested.

INDIAN SCHOOLS.

Past Year Has Shown Marked Improvement.

Washington, Sept. 29.—In her annual report to the commissioner of Indian affairs, Miss Estelle Reel, superintendent of Indian schools, says the past year has shown marked improvement in the method of instruction and that gratifying progress has been made in teaching English. The report says that on every reservation where day schools are located, the latter's good effects on the older Indians can plainly be seen. The day school system, it is stated, has reached its best development on the Pine Ridge and Rosebud reservations.

Now. Why?

Special attention has been given to agriculture and industrial training in the day school work. The recommendation for an employment clerk to assist returning students in securing employment is renewed. Miss Reel urges agents and superintendents to have the children enter the day schools immediately upon reaching school age. Continuing the report says:

"They should go to the nearest reservation boarding school and from this school, when sufficiently advanced and the consent of the parents has been obtained, be transferred to the nearest non-reservation training school. For many years it has not been possible to carry out this system of transfers and agents are in order to obtain a large enrollment, they receive children into their schools who have very slight percentage of Indian blood. Such a course deserves severe condemnation."

LAND FRAUD CASES.

Demurrer to the Indictment is Overruled.

Portland, Or., Sept. 29.—Judge Bellinger today overruled the demurrer to the indictment in the case of the United States vs. Emma L. Watson, S. A. D. Porter, Horace E. McKinley, Miss Marie L. Ware, Maud Witt, Frank H. Walcott, Henry C. Barr, D. D. Tarpel and three others whose names are unknown, accused of fraud in government land transactions. These indictments were returned by the grand jury on charges of fraud in government land transactions. The defendants were returned many of them implicated being very prominent in affairs in the southern portion of the state.

Home for Drunkards' Wives.

Des Moines, Ia., Sept. 29.—Twenty thousand dollars to establish a home for drunkards' wives in Iowa is one of the bequests of the late James Callahan, the eccentric philanthropic millionaire. The bequest was made known today. Mr. Callahan was a strong advocate of temperance during the latter years of his life and gave freely to the cause. The provisions of the bequest were not made known, but it is supposed that a sum sufficient to at least insure a success of the project will be acquired.

DEMOCRATIC MASS MEETING.

Huge One to be Held in Madison Square Garden.

New York, Sept. 29.—A Democratic mass meeting will be held in Madison Square Garden about the middle of October, at which it is the intention to have as speakers Grover Cleveland and a number of the foremost Democrats of the country. At a meeting of the Manhattan branch tonight it was decided to co-operate with the Democratic club and the gathering will be held under the auspices of the two organizations. The date has not been fixed definitely, beyond agreeing that the meeting shall be some time between Oct. 15 and 20. If his health will permit, Mr. Cleveland will preside.

Arrangements were perfected also for the reception to be given to Judge Parker on Wednesday night. Three thousand invitations to the event are to be issued to the members of the various Democratic organizations.

A MISSING SCHOOL GIRL.

U. S. Troops and Students Looking for One in the Woods.

Chicago, Sept. 29.—A force of United States troops from Fort Sheridan, 200 students of Lake Forest college, and many residents of the suburb, several in automobiles, began early today to search the woods for a 15-year-old schoolgirl, missing from Ferry hall. It was the culminating effort of a search conducted for hours last night through the woods, ravines and along the lake shore. In automobiles, on foot and in carriages, the men of the town and college persevered in the hunt for the missing girl until almost midnight.

The lost girl is Frances Parkhurst, 15 years old, and a new student at Ferry hall, the girl's school connected with Lake Forest college. She disappeared in the morning, but not until the evening was her absence noticed.

Miss Parkhurst, when last seen, was

Fort Worth, Tex., Sept. 29.—A special to the Record from Dalhart, Tex., says: A lone robber entered the office of the Fort Worth & Denver railway and Wells Fargo & Company's express office last night and attempted to hold up Night Operator C. H. Brown. The robber fired at Brown and ordered him to throw up his hands. Instead of obeying the robber's orders, Brown drew a revolver and opened fire on the intruder, who fled to the railway yards. Sheriff Webb was immediately notified and put his pack of bloodhounds on the trail, but up to the present time no arrests have been made.

Option on P. B. Cornwall Estate.

Bellingham, Wash., Sept. 29.—The Rockefeller interests are declared to have secured an option on the estate of the late P. B. Cornwall and if the report is true, the Bellingham Bay & British Columbia railway may fall into the hands of the Chicago, Milwaukee & St. Paul railway as an outlet to the coast. It is known that an endeavor has been made to secure options from local parties who have Bellingham Bay & British Columbia railroad stock, and it is asserted these efforts have been in the interest of the Rockefeller group of capitalists.

D. O. Mills, one of the principal stockholders of the road is known to be particularly friendly to the Rockefeller interests. The Bellingham Bay & British Columbia road now extends 50 miles in an easterly direction, its route to the extreme eastern part of the state has been surveyed and construction, it is said, is planned to begin next year.
