

BIG CROWD SEES FINE RACE CARD

Australian Pursuit Proves Feature and Develops Cheer Provoking Leg Work.

SAMUELSON BEATS "MAC."

Half-Mile and Lap Handicap, Not to Mention Consolation, Delight Fans Beyond Measure.

Good clean races, with waits between boiled down to a minimum, pleased an immense crowd at the Salt Palace again last night. It was an ideal night to be out doors. It was only fair that the enthusiasm was shared by riders and the weather man. The Australian pursuit was of the gingery kind that never fails to bring the fans to their feet. It was intended as the feature of the card and it was no disappointment.

PURSUITS, BIG FEATURE.

With McFarland on the tape and Demara, West, Wilcox, Samuelson, Palmer, Morgan and Mitten, set 27 1/2 yards apart, the echo of the pistol shot which started the grind was heard in the cheering as each man tried to cover space between himself and the man ahead. McFarland set a terrific pace and lap after lap was covered before any man behind gained an inch. One by one this rider and it seemed as if McFarland would never be reached, although Demara, Wilcox and Samuelson pushed their pedals desperately.

WONDERFUL SPRINT.

After ordinary riders would have been fagged, Samuelson made a wonderful sprint. McFarland was warned and he shot ahead like a mad hare. But Samuelson increased his speed and with thousands urging him on, finally passed and caught him. It took four minutes and 32 seconds to do the trick and when it was done two miles and 90 yards had been covered. McFarland came in second, with Wilcox third and Demara fourth. The Australian pursuit was a pretty race and last night's affair was one of the prettiest.

SPEEDY HALF-MILES.

There were 10 other events, comprising three heats and final of a one-half mile open amateur; three heats and final of a one-half mile open professional; a two mile lap handicap amateur and a three-quarter mile consolation race, open professional. The final of the half-mile open amateur saw the distance covered in 1:06.25 by Chris with Morris second and Dieffenbacher, third. The half-mile open professional was made in 59.45 second by McFarland with Wilcox second, West third and Mitten fourth.

With 23 riders in the two mile lap handicap there had to be several "also rans." Al Halstead, although wearing tag came home first, with Phil Wright, A. Lamont and Ed Meyer following in the order named. Time, 4:05.15.

Hollister won first place in the three-quarter consolation, open professional with Downing, Hopper, Devonvitch and Agass crossing the tape in the order given. Time, 1:41.25.

PERMANENT BOAT CLUB IS PLANNED

Within the next few days boatmen of this city will form a permanent organization and map out plans for the coming summer.

There are about 16 boats—motor and sail—owned in Salt Lake, and the plan is to conduct racing meets and aquatic contests of all kinds. Trophies will be offered, and some fun is anticipated, as there is nothing cleaner nor more interesting than boat racing. Garfield offers all sorts of advantages and should this point be selected as headquarters, the Salt Lake Route will arrange train service for the crowds which are sure to journey out to watch the fun. There are now seven boats on the lake and despite the salty water, good time has been made, both by motor and sail. The time possible on fresh water is cut down one-third in the lake water, but races would be interesting nevertheless.

A GOOD FISH STORY.

Bishop F. W. Oldham Tells it and Vouches for its Truth.

Chicago, June 12.—It was a fish story, but it must be true, for it was told by Bishop F. W. Oldham at a "rally of Chicago Methodists," held last night at the Grace M. E. church. Three other bishops sat in the pulpit and listened. Bishop Oldham comes from the Maylay archdiocese in the Indian ocean, and has been attending the Methodist conference in Baltimore. He was asked by the Chicago Methodist Social union, which held the rally, to deliver an address at last night's meeting.

"Just to let you know about the social conditions in the island, I'll tell you how people enjoy life there," he

said. "They build their houses as close to the seashore or rivers as possible and when they wake up in the morning they just put up a window, stick out a fish pole and catch a number of fish for their breakfast without even getting out of bed. Now that is the truth."

N. G. U. RANGE OPENS.

National Guardsmen of Utah are busy putting their new target range, a mile north of Beck's Hot Springs, in readiness for the initial try out. The first of the coming week will have seen what the men could do with the new U. S. army Springfield rifle. No high scores are expected until the men get accustomed to the idiosyncracies of the Springfield. The longest range possible is 600 yards, and those qualifying at this distance will finish on the Fort Douglas range. The Lagoon road will run a train out for the guardsmen and friends.

LEAGUE GAME ON.

(Special to the "News.") Ogden, June 12.—The first game of the baseball league season is being played on the new diamond at the inter-mountain fair grounds this afternoon between Ogden and Murray. The lineup for Ogden is as follows: Olsen, catcher; Mead, pitcher; Greenwell, first base; Messler, second base; Taylor, short stop; Margetts, left field; Fisher, right field; Gimlin, center field; with Quinn gone a new face adorns third base.

THOMPSON MOVES QUARTERS.

Ogden, June 12.—"Cyclone" Johnny Thompson, who is to meet Pete Sullivan in this city on June 29, transferred his training quarters from the fire station in this city to the Utah Hot Springs. Ample facilities are offered at the resort, which will also be the scene of the contest. As sparring partners, Thompson took along Forest Geiger and Billy Hemp.

CHARGED WITH SMUGGLING.

Pittsburg, June 12.—Albert J. Walker and Ralph Wadman, the two Englishmen arrested last Wednesday while offering valuable diamonds and other precious stones for sale, have been formally charged with smuggling. M. M. Garland, surveyor of the Port of Pittsburg, filed the complaint against them late today.

MORE VOTES FOR HEARST.

New York, June 12.—The examination of 125 ballot boxes today in the recount of the disputed mayoralty election of 1905 showed gains for William R. Hearst of 23 votes. Hearst has so far gained 348 votes in the recount of 650 ballot boxes. There are still 1,316 ballot boxes to be examined and at the present rate of progress it is expected that the result will be known about the end of the month.

NINE KILLED BY EXPLOSION.

Winnipeg, Man., June 12.—Nine workmen were killed by a premature explosion of dynamite yesterday at Chamber Bros' camp, east here, and the Grand Trunk Pacific road.

THAW REMAINS IN JAIL.

New York, June 12.—Harry K. Thaw will remain in the Poughkeepsie jail pending an application of his counsel to Justice Dowling of the supreme court for a change of the order committing him to the state hospital. The inmate at Poughkeepsie after hearing arguments of counsel in this city today on a motion to transfer the prisoner to any state asylum other than an asylum for insane convicts. Justice Moroschauer expressed the opinion that it might be better for Thaw to be incarcerated in some other asylum than the one at Matteawan as it was evident that strained relations existed between the head of the Matteawan institution and Thaw.

WHO NAN HARRISON WAS.

Newark, N. J., June 12.—The young woman who was shot and killed in Reno on Wednesday was Mrs. Nan Harrison, wife of John B. Harrison of Bloomfield, N. J., and the daughter of John Mitchell, a prominent business man of East Orange. Both families are well known. Harry McCausland who killed Mrs. Harrison, it was said, is from a well known Philadelphia family.

Mrs. Harrison had been in Reno for the purpose of obtaining a divorce so she could marry McCausland, who was insanely jealous of her. J. B. Harrison and Nan Mitchell were married three years ago. Miss Mitchell had a remarkable voice, sang in a church choir and was a social favorite.

Mrs. John Mitchell, her mother, is ill at her home in East Orange.

EVELYN DECLARES HARRY SANE

Poughkeepsie, N. Y., June 12.—The first meeting between Harry K. Thaw and his wife, Evelyn, since his attempt to secure his release from Matteawan asylum took place today in Thaw's quarters in the Dutchess county jail. The visit was evidently pre-arranged, for Thaw was waiting to greet his wife when her name was announced. The meeting between them was private. Mrs. Thaw expected to take lunch with her husband and pass the day with him.

Mrs. Thaw said she was dissatisfied with the turn matters have taken and said it was her fault that she was not called as a witness in the habeas corpus case for her husband. Matteawan, she said, is the last place on earth to which Thaw should be sent. Mrs. Thaw declared that her husband was sane.

"I have known him for seven years," she said, "and ought to know."

FIRST UNDER NEW LAW.

The first arrest in Salt Lake for violation of the statute compelling parents to provide for minor children was made yesterday afternoon, when Martin Grimm, Jr., was taken into custody by Deputy Sheriff Sperry. The complaint is sworn to by Grimm's wife, who alleges that for some time past he has failed to contribute anything for the support of herself or child. Mrs. Grimm says that so far as she is concerned, she desires nothing from him, but is determined that he shall not entirely neglect his child. Suit for divorce, in which Mrs. Grimm is defendant, is now pending in the district court.

TWELVE BANDS IN LINE.

Features Added Every Day For Big U. C. T. Parade.

New features for the U. C. T. festival next week continue to be invented. The latest one is a float from the Cambrian society to be a reproduction of the Harlech castle of Wales, with a harp and harpist and a young woman dressed in the native costume of the Welsh people. The Cambrians are taking much interest in preparing the float.

Another new feature is the Pony Express with riders surviving from genuine frontier days, dressed again in the costumes of the frontier. E. Covington, over 80 years of age, will head the pony riders, while William Naylor, who drove the first stage into Utah will drive a representation of it in the parade.

The Provo Commercial club will be represented by a float and a band, both being in connection with the Strawberry festival of June 23. The total number of bands assured to date is an even dozen, although a few more may be secured.
