TRUTH AND LIBERTY. 10 PAGES-LAST EDITION. MONDAY, AUGUST 7, 1905. SALT LAKE CITY, UTAH. FIFTY-SIXTH YEAR. and do not want to go the reservation) before their tickets expire. It is also believed an excursion will be run from Grand Junction for the drawing, as many would come to the drawing if low rates were given. RICHARDS SAYS PEACE ENVOYS of the peace shooys and numerous Rus-sian enterprises, old and new, financed by German credit, waits on the results of the conferences, THE SECOND STEP EXPEDITION FEDERAL CONTROL of the conferences. The double existing in London and other capitals over the prospects of peace exist here, but in a far milder form. The prevailing opinion is that, although neither Russia nor Japan is anywhere near the exhaustion of its resources yet, peace is so necessary to both that each will be reluctant to withdraw from the main indication. IT IS A SUCCESS UPSET PLANS. IN SMELTER FIGHT WAS A FAILURE KEPT OUT BY KNOCKERS. KEPT OUT BY KNOCKERS. Through the energetic work of the "knockers" and their organ, the num-ber of eastern people has not been so largo as it otherwise would have been. The impression, so far as ex-pressed, and, they have been fully ex-pressed, of those who have come from the oast, have been very favorable. They are delighted with the country, surprised, many of them, at the evi-dence of prosperity, and pleased with the way they have been received by the citizens. But some have been kept from coming through reports sent from Utah and published in eastern papers to the effect that the "Mor-mons" had arranged to secure all the land, and that it would not be wise for Gentiles to incur the expense of the trip; because they would get no land and would be subjected to all kinds of boat treatment while here. Mr. Mark McBee, of Howard, Kansas, tells of a mark in paper a Kansas, tells of a mark in the Anacquaintance of Mr. AT NEW ORLEANS to both that each will be reluctant to withdraw from the negotiations, once they are begun, without attaining peace. It is believed to official quarters that each side will find the other adopting a stiff attitude in the beginning and coming close to the breaking point, but that ultimately a common ground will be reached. New York, Aug. 7.—According to Brig.-Gen. Arsene Perrilliatt, chief of ordnance of Louisiana, it will be five days before New Orleans will face a crisis in the yellow fever situation, Gen. Perilliatt arrived here from the south last night. ported from Jefferson parish, across the Philadelphia, Aug. 7 .- The British been disposed of under existing laws, An intelligent Virginian lady who An intelligent Virginian lady who was traveling through to Portland ac-companied by her son stopped off to register. She had read considerably about the Smoot case and was very much interested in Utah. At the depot she met City Marshal Henry and through asking him some questions learned that he was also from Virginia. She asked him how long he had been here and if he was a "Mormon." She was informed that he was not a "Mor-mon." river, above New Orleans. Two suswill, on and after the 28th day of Augsteamship Barnton, which arrived at the pictous cases have been reported near us, 1905, in the manner hereinafter pre-scribed, and not otherwise, be opened to entry, settlement, and disposition un-der the general provisions of the home-stead and townsite laws of the United Delaware breakwaters on Saturday Bon Ami, in Calcasteu parish, and one from Porte De Palex, Hayti, with of the crew ill with fever, docked to file answer, until Aug. 10. The answer of the Utab Consolidated has since died. The officials of Cal-casleu asked that an expert be sent at this port (oday. The Barnton was held by the government quarantine officials pending an investigation as to the character of the fever, but after care-ful observation the steamship was persouth last night.

"As the exact area was not known it was not possible at that time to fix the number of entries per day neces-sary to be made during the 60 days following the opening, and this num-ber was tentatively fixed at 50 per day in the necessarium. All reservations in the proclamation. All reservations and allotments having now been made, it is ascertained that there will be sufand anotments having how been made, it is ascertained that there will be suf-ficient land in the reservation open to entry to permit 111 entries per day for the 52 working days of the 60 day period during which entries can only be made in conformity with the regis-tration and drawing. The proclamation of July 14, was therefore amended by a supplemental proclamation of the president, dated Aug. 2, 1905, providing for 111 entries per day during the 60 day period. This will be of advantage to the entrymen, because whatever the number of desirable claims there may be they can be entered and settled upon in less than one-half of the time provided for in the first proclamation, and by the same people who would have taken them were but 50 entries per day allowed, besides giving them more time to prepare for winter. "The registration has progressed suf-discustor the success of the opening. At the and of the success to the entering the progress the success the per day allowed the success of the opening. At the and of the success to the opening. At the and of the success to the

Senato: Smoot's residence. She given the necessary directions, and told that Jesse Knight had the finest residence in town. She knew Mr. Knight from reports of his successsful mining Identity to guarantee the success of the opening. At the end of five days the registrations are more than double the operation and his sugar factory enterprise in Canada, and wanted to know if he was a polygamist. She also want-ed to know Senator Smoot's martial tion of land. It is expected that the registration during the remaining six days will at least equal that already made. It was because of the proba-bility of there being more applicants for the land in the status and was assured he only had one wife, as she had been in the case of Mr. Knight. Her conclusion after a tong talk with Marshal Henry was that he was right when he told her that peoland in this reservation than ple in the east heard a great many things about Utah that were not true. She and her son were so pleased with the city that they took a carriage ride ranging the order in which entries could be made was adopted." to view it and after reporting and tak-ing dinner at the Hotel Roberts, they RENDERS DECISION. continued on their trip to portland, well satisfied with what they had heard Commissioner Richards has rendered and seen during their brief visit to

number of possible entries, so that there are two applicants for each quarter seccould be accommodated, and to prevent strife and violence, that this plan of ar-

decision that old soldiers can be registered through an agent by the use of other than the official blanks, provided such blanks were exact copies of those supplied by the government. The proclamation provided that honorably dis-charged soldiers and sailors, entitled to make entry, might present their aptions for registration through ian agent having a power of attorney on a blank form provided by the commis-sioner of the general land office. A strict construction of this provision would prohibit the use of any blanks except those obtained from the com-missioner of the general land office. It having been learned that there have been furnished to many old coldized been furnished to many old soldiers blanks which have been printed by pri-vate parties, and which were exact copies of the government blank, it was decided to accept them, as to have refus-ed them might have prevented some of the ex-soldiers and satiors from being registered. registered.

diers' declaratory statements can not be used for registration purposes, as they are only used in making an

A BIG DAY.

Saturday's registration in Provo was largest of the week except thei first day, the number registered being 1.038, making the grand total for the week, 6.514. It has been found that the regis-tration office the found that does tration office in Proctor academy does the bulk of the business, being more centrally located, and as there does not seem to be any probability of the crowds becoming larger than can be conveniently handled in one office the crowds becoming larger than can be conveniently handled in one office, the Parker school office has been closed. Three of the clerks, F. P. Machler R. H. Dalton and Van B. Norwood, have been relieved from duty, and given a leave of absence. They will go to Port-land and from there to Washington. Should it become necessary in order to register all applicants, longer hours than the regular office hours from 3 to 4.30 will be worked, and additional clerks, either from the other offices or persons employed here will be put to work, so there need be ... of ear that all will not have a chance to register. The indications now point to a fradual increase of applicants for reg-stration till the close. More of those how arriving are remaining for the

fraving than was the case in the first days of the registration. Some of them have gone to the reserv-Mion, to inspect the land, but will re-turn for the drawing.

EXCURSION ARRANGEMENTS.

Arrangements are pending, and it is believed they will be perfected for ex-tursions at half fare rates, tickets good for ten days, from all parts of the late to Provo, comencing about the loth. This will give people a chance to register on the last days of the registration and remain for the draw-ing, returning (if they fail to draw

"Well, you must be a Democrat," suggested the indy, and Mr. Henry re-plied in the affirmative. "And this is a Republican town is it

Provo. ABOUT DRAWING.

A statement has been published to the effect that a person who draws a num-ber in the drawing for opening and fails to locate land on the reservation under the privilege of the drawing will not have the right to homestead land not have the right to homestead land on the reservation after the time for filing, under the drawing, if any land should be left. Commissioner Richards says this is a mistake; that he will have the right to enter any land not appropriated under the draw-ing, regardless of the fact that he did not use his chance given bim by the drawing, just as he will have the right to homestead other land, provided he has the necessary qualifications. buildings.

has the necessary qualifications, Some of the notaries public board trains going to other towns to inter-cept applicants for land coming this way, and prepare their applications for

them, while traveling on the train. A. L. Booth of this city, J. R. Mur-dock and Wm. Buys of Heber have gone on the reservation to inspect the land open for settlement, and will be prepared to give information of the character of soil, location of land as relates to water, and the facilities for

getting water onto the land, etc., to prospective settlers.

RHODES' MINE MAN.

F. W. C. Hathenbruck is on the rea-rivation. Mr. Hathenbruck is the man who has made such great efforts to who open up the famous Rhoades mine, the location of which he claims to hold the secret. It is suspected that the mine may be on the land lately withdrawn as forest reserve, and that his trip is in connection with that great gold mine of which stories have been handed down from before the time there was an Indian reservation there. Many people believe the story of the mine is a myth: but Mr. Hathenbruck says he knows where it is, and the opening of the land to the prospectors will no doubt clear up the matter.

SUIT MONEY DIRECT.

One eager homeseeker who does not believe in circumlocution, mailed Com-missioner Richards \$16, and an applica-tion for a homestead, the \$16 to pay the entry fee. Mr. Richards returned the applicant informed the applicant money and informed the applicant how to proceed to get the land, under the law governing the opening. The frantic efforts on the part of the

knockers' organ to charge Commis-sioner Richards with being the cause of fewer people coming to Provo to register than was expected, are cau some very pretty compliments to be paid to the organ aforesaid, by Provo people, who have all along noted the zealous work on the part of that paper

gymnastics for the visitors. Mr. Wilkenin announced that after the luncheon Mr. Wilte and himself would return to Boston and procoed to Magnolia by automobile liter, and would leave for Portsmouth at 3:45 p. m. in a special car attached to the regular Portland express over the Bos-ton and Maine railroad. The train is scheduled to arrive at Portsmouth at cheduled to arrive at Portsmouth at 11:15 p. m.

SAILED THIS MORNING Commissioners Left Newport for

Portsmouth at 8 o'clock. Newport, R. I., Aug. 7.—The yachts Dolphin and Mayflower, with their con-voys, bearing the Russian and Japa-nese commissioners to Portsmouth, sailed from this harbor at 8 a. m. With the exception of M. Witte, who left for Boston by special train last night, the members of the Russian and Japa-tures on the Russian and Japa-

nese parties were on board their re-spective vessels. The fog which made necessary the stop at this port, was burned away by the sun this morning and the conditions were ideal for continuing the voyage to Portsmouth. Shortly after the departure of the

fleet, the Dolphin picked up the wire-less station and sent a large number of dispatches, which are to be cabled to Japan. The Dolphin reported ex-cellent weather outside. A message was also received, stating that the envoys had had a refreshing night and were enjoying the voyage under today's placeable conditioned and today's pleasant conditions.

Heavy Rains in India.

Bombay, Aug. 7 .- The Monsoon this year has, generally speaking, proved disappointing, and as a consequence, there is much anxiety. In the prov-ince of Punjab the crops in the unir-rigated lands are already suffering. There has been an abnormal deluge in the province of Cujerat, causing extensive damage and rendering 10,000 persons homeless

merely a general denial. It does not go into the question in detail, but de nies that it owns the Bingham Con solidated smelter, at Bingham Junction and denies that it is in any way re-sponsible for the smelter, further denying that it owns any smelter at Bingham Junction. When asked about this today, Judge Street, who represents the company, said that he considered it an error in the bill of complaint, and the company should never been named as a defendant and owne of the Bingham Consolidated smelter. It is now stated that the Bingham Copper and Gold Mining company owns and operates the smelter, but the accuracy of this statement has not been confirmed.

MORE IN DETAIL.

The answed of the Utah Consolidat ed Mining company is much more detail, and goes into the question It denies any knowledge of the extent of the damages as set forth in the bill of complaint, and leaves it to the petitioners to prove how exten sive these are.

ion of the city. After crossing Harvard bridge into It admits that "on a few farms the growing vegetation is slightly damaged at certain times of the year" but de nies that farms are extensively dam-aged or rendered unprofitable. It denies that the smelter is or has

SIX WILL DIE.

Injured in the Cleveland Grade Crossing Street Car Accident.

Cleveland, O., Aug. 7.-Reports toda, rom various hospitais to which th tan association team, and when this pair started today there was a good victims of last night's grade crossing accident were taken showed that only one drath had occurred, but six of the pailers. Yesterday Egan made a bril-liant 72 on the course coming within one stroke of tying the record of Nor-man Hunter, the Scotchman. The cup played for today was first put up at badly dijured will probably die. At least a score of other passengers on the street car received more or less serious wounds. V. V. Lillis, the gate man em-ployed by the Penna company at the St. Clair street crossing, where the train struck the street car, has been placed under arrest. He admits the gates were not lowered. Lillis is held upon the charge of mainslaughter.

Investigation shows that the trolley wheel left the wire just as the car reached the Pennsylvania tracks and before it could be replaced the train collided with the car, loaded with 40 DASSengers.

es Murtin, whose young daughter was killed, while his wife and two other what a lined, while and while and two other children were badly highred, is today reported to be insane as a result of the accident. Mrs. Martin is not expected to live. Martin went to the hospital, where the physicians were about to op-erate upon his daughter, and struck one of the physicians. of the physicians.

NEW COUNTY JAIL

Commissioners Talk of Buying Site for One Near Joint Building.

The construction of a new county jail

s now being seriously considered by the county commissioners. The presenjall is not adequate to the increasing demands and further than that it is to far from the city and county building for convenience. The proposition for convenience. The proposition raiked of now by the commissioners is to sell the entire jail property and buy a tract of land near the city and coun-ty building and construct a new jail. It is decidedly inconvenient to bring primary such a for the second sec

from the court room, and it takes up a from the court room, and it takes up a lot of valuable time besides. The com-missioners believe that a very advan-tageous sale may be made at the pres ent time of the jall property, and t it would be a decidedly good proposit and the

after spending the required de

ation at the government station. I wo of the mon are down with maarial fever and the captain and thers are rapidly convalescing of yelow fever as previously reported. When the steamer left Ship Island all the pa-lents at the place were on the road o recovery. New Orleans, Aug. 7,-There is \$70.-

000 immediately in hand resulting from an assessment on the citizens of New Orleans and no difficulty standing in the Rear Admiral Enquist, who was way of immediate federal control of the fever situation. Dr. White estimates the total expenses for eradication at \$1.500 to \$2.000 a day, or from \$180,000 to \$340,000 for the fever months, which would carry the campaign in December by which time frosts may be expected. There is therefore available enough Incre is therefore available enough incre is therefore available enough plans at high pressure for a month or six weeks and long before that time it is assured by Mayor Behrman and "chairman Janviere, of the Citizens committee, that a total of \$250,000 will be on hand. If complete success crowns the work of the marine hospital bureau, it is possible that the fever will be completely under control by the lath of September, without regulring the expenditure of the maximum figure, which is asked from the city to stamp out the disease. August has always been re-garded as one of the worst months in an epidimic and the comparatively small number of fatalities thus far this month. In comparison with other years rives great encouragement to the au-POLICE WILL AID.

Every authority wanted by the federal bureau is assured. Adequate police power to be given the marine hospital surgeons to aid them in their scientific work. Dr. White says the municipal laws are sufficient for his purpose. 'hairman Janviere, of the citizens committee, will put his force at the dispo-sal of Dr. White.

Eugines of the department are to be made available in flushing and other cleaning work. Local politics is to cut no figure whatever in the situation and government is to have full author. 11.5%.

U.S. CONTROL WELCOMED.

On the other hand, in addition to the work that will be done here, it is expected that all the resources of the federal government will be used in ob-taining medifications of the extreme quarantine regulations that are now in effect so that New Orleans will be able effect so that new Orleans will be able to resume commercial relations with the surrounding states. The good of federal control is already evidenced in the favorable view of the situation, shown by interviews with the health authorities in nearby states and it is thought little difficulty will be encoun-tered in securing a modification of the restrictions against freight. The Louis-isna parishes are already becoming iana parishes are already becoming more reasonable and some of them are annoulleing their willingness to receive goods from this city. With revival of business New Orieans can the more eadily furnish the money needed by he government.

GENERAL CLEANUP.

Eight hundred men started in today and the general cleaning movement, and his force will be largely added to to-norrow and on Wednesday, when there is to be a general suspension of busi-ness for cleaning purposes. Vigorous anitary and preventive measures are under way in the old infected region and fire engines and steam disinfecting plants are being used in a crusade against the mosquite.

OUTLOOK BRIGHTER.

The fact that there was a slight falling off in the new cases, no increase in the number of deaths and a marked diminution in the number of new focl from a business standpoint to make the within the preceding 24 hours has had a change and build a new and larger jail. marked effect on the spirits of the
