

THREE DIVORCES GRANTED BY COURT

Percy Folwell, Sole Disappointed Applicant for Marital Freedom Before Judge Morse.

USUAL SAD WEEKLY MATINEE.

Florence M. Johnson Tells Story of Shameful and Brutal Treatment at Hands of Her Spouse.

Judge Morse held a very short session of the divorce court yesterday afternoon and granted three divorces and denied one. Percy Folwell failed to prove that his wife, Annie Folwell, had treated him in a cruel manner but did prove that she had deserted him only in February. As the desertion must be for at least a year, the court refused to grant Folwell a divorce. Mrs. Folwell was in court, but did not have an attorney and when asked if she wanted to cross-examine her husband she replied that she did not. She also stated that she did not care if he got the divorce but she was anxious to know what would become of her 12-year-old daughter who was in court with her. After the divorce was denied, the attorney for Folwell announced that he would file an amended complaint.

GROSS CRUELTY.

Florence M. Johnson was divorced from P. P. Johnson on the ground of cruelty. They were married on Jan. 11, 1892, and have three children. Mrs. Johnson, who is almost an invalid, testified that her husband had cursed, beat and kicked her in a most shameful manner and caused her illness which necessitated an operation. He refused to furnish her medical aid and her sister who lives in this city went to Montana and brought her here for medical treatment. Since her health was partially restored she has been working in order to support herself. She was awarded the custody of the children and also \$50 as attorney's fees.

HE CHANGED HIS MIND.

Failure to support is the ground upon which Nellie Alfred was granted a divorce from Alfred Alfred, a bachelor at Bingham. They were married in 1900, and have one child, the custody of

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nervine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spells of headache and neuralgia, and could sleep but very little. Every effort that was made to restore my strength was of no avail until I began taking Dr. Miles' Restorative Nervine. After I commenced to take the Nervine my sleep was profound and restful, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

WAS E. E. OFF FORTY-NINE, 321 Broadway Ave., Belvidere, Ill.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind.

which was awarded to plaintiff. She was also awarded \$10 per month alimony and \$50 as attorney's fees. Alfred entered an appearance in the case about two weeks ago and employed an attorney to handle his case, but since that he evidently changed his mind as his attorney stated that he had disappeared and his whereabouts was unknown.

WIFE INSANE.

Theodore Eisenbarth was divorced from Adeline Eisenbarth on the ground that the defendant is insane and has been in an asylum in Ohio for about seven years. They were married at Cleveland, O., on Dec. 31, 1895.

DURAND ONCE MORE.

A petition for a writ of prohibition has been filed in the district court by George Dahlstead against Justice of the

Peace C. F. Durand of Murray to prohibit Durand from taking any further action in a case in his court wherein the Salt Lake Clearing Company was plaintiff and Dahlstead was defendant. It is alleged that Durand rendered judgment against Dahlstead for \$11.75, and he claims that he was never served with a summons and knew nothing of the action until an attempt was made to collect the judgment. He declares that the judgment is illegal and further that Durand had no jurisdiction whatever in the case for the reason that the parties to the suit are residents of Salt Lake City and the obligation arose, if at all, in this city. It is therefore asked that Durand be prohibited from attempting to collect the judgment and from taking any further action in the case.

JAMES ROMAN SUE.

Claud W. Freed Brings Action on Bungalow Contest.

Suit has been filed in the district court by Claud W. Freed against James Roman and the American Surety company of New York to recover judgment for the total sum of \$1,020.95 as damages for the failure of Roman to complete the construction of a bungalow for plaintiff and also for money advanced for labor and material used in the house to prevent liens from being filed against the property. This amount includes a penalty of \$18 for the failure of Roman to complete the house within contract time and \$250 costs of filing a lien claimed by the Morrison Lumber company. It is also asked by plaintiff that the lumber company be made a party defendant and be compelled to present its claim so that the lien may be discharged and that the defendants be compelled to pay any sum found to be due to the lumber company. The surety company was on Roman's bond, hence it is made a defendant in the action.

COURT NOTES.

Mrs. Florence Andrews has filed a petition for letters of administration of the estate of Joseph Andrews, who died in March. The estate consists of real and personal property valued at \$1,850, and there are three heirs named in the petition.

The jury in the case of N. J. Torkelson against George P. Gault, which was tried in Judge Lewis' court, has returned a verdict in favor of defendant. The action was brought to recover \$155 on a promissory note, but the jury found that the note was outlawed and returned a verdict for the defendant.

Suit for divorce has been filed in the district court by Richard Solomon against Edna E. Solomon on the ground of desertion. They were married in Bingham on Sept. 11, 1896, and it is alleged that Mrs. Solomon deserted her husband about three years ago and he does not know where she is at present.

A petition for letters of administration of the estate of Peter Johnson, who died on April 23, 1907, has been filed in the district court by the district court by James Squires. The estate consists of cash in bank, amounting to \$3,

944.69, and notes and mortgages amounting to \$381. There are four heirs to the estate.

Judge Morse has approved the sale of the lease and property of the Rich Refreshment company, located in the basement of the Walker bank building to the Louvre Restaurant company for \$2,200. The sale was by Little & Little, under the direction of Frank Godde, receiver of the Rich Refreshment company.

The jury in the case of Mark Kunkel against the Utah Lumber company has returned into Judge Lewis' court a verdict in favor of plaintiff assessing his damages at \$1. The action was brought to recover \$7,500 damages for the alleged wrong removal of a house off of the land of plaintiff. The company claimed that defendant owed it for lumber used in the construction of the house and it simply took the house and moved it off of the lot and held it as security for the debt.

THE TELEPHONE.

Wonderful New Talking Machine on Exhibition in This City.

The latest thing in the scientific world is the Poulsen telephograph, which records the human voice, or any sound, by means of electromagnetism, on a thin strip of wire, and reproduces the same immediately at the will of the operator. One of the instruments is now on exhibition in this city at room 408 in the Security and Trust building. By the telephograph the human voice is recorded and stored on a single wire, or thin sheet of steel—without wax, without indentation, without a pin scratch or mark, with no agency other than the invisible influence of electromagnetism. The sound waves, even to the minutest whisper or respiration, are electrically projected into the microphone of the metal—there to remain and be reproduced until automatically removed by a stronger magnet.

After the manner in which the instrument may be put in that of recording dictation, and this may be caught from the transmitter of a telephone being operated from the telephone exchange. The machine now on exhibition in this city is one of the first manufactured in Denmark, and is therefore faulty in construction, but the American factory will supply an improved machine within the next 30 days. This will make the record on steel plates instead of on the steel wire, but its fundamental principles will be the same as in the original machine. The steel records will be light, so that they may be mailed in envelopes, and messages may be traced on both surfaces. It is claimed for the telephograph that it will faithfully reproduce a complete opera, the amount of sound recorded only being limited by the length of the wire held by the machine. It is said the machine will take the place in large measure of the telephone instrument, especially for train dispatchers' work in railroad offices. The possibilities of the machine are said to be almost limitless, and its development will be looked forward to with interest.

LAGOON IMPROVEMENTS.

Large Force of Men Getting Davis County Resort Into Shape.

Lagoon promises to be, as in the past, a delightful family resort for the hot summer months. The windstorm last fall played havoc at this resort. The main dancing pavilion was wrecked and the structural steel frames holding the roof in place were twisted and bent out of shape. The roof of the grand stand was blown off, and the little summer houses were picked up bodily and scattered over the park. Thousands of dollars worth of damage was done, but the Lagoon management have a large force of men at work repairing the breaks and putting the buildings in better shape than ever before. The dancing floor on the pavilion was torn up and is being relaid, and the skating rink is being almost doubled in size. The rink will be under the same management this year as last. All the buildings are being painted and brightened up. The lawns and flower beds are being put in beautiful condition, the latter supplied from the hot house of the premises. The teddy bears and monkeys have wintered in good shape and are lively as crickets.

The pond at the foot of the chutes chute has been enlarged for better handling of the boats. The lagoon itself has been drained and a new supply of fresh water will be run in from the canyon creek. All the trees have been trimmed in a symmetrical manner, adding beauty to the grounds as a whole. A scenic railway is in process of erection, a touring car building is going up, and in fact the Lagoon grounds are at present a scene of great activity, preparing the resort for the grand opening on May 30, Decoration day.

VIA NIAGARA FALLS AND LEHIGH VALLEY R. R.

To New York.

A delightful trip at any season. The route via the Lehigh Valley is famed for its scenic beauty, and comfort is assured on its vestibuled trains. Its double track is stone ballasted throughout, and trains are operated by automatic electric block signals.

Your local ticket agent will sell you tickets reading over the Lehigh Valley from Niagara Falls or Buffalo to New York or Philadelphia. Descriptive matter mailed on request to Chas. S. Lee, G. P. A., 142 Liberty St., New York.

Are You Going on a Mission?

If so come to us for Photos as we will make you a special discount. Monroe Studio, 56 W. 2nd South. We will take rate tickets from any other studio at face value.

The Best Clothes at any Price? Or The Best for Your Money?

If you paid a tailor twice as much for a suit of clothes you couldn't get better fit, better style, or better material than you get in

Alfred Benjamin

Correct Clothes for men. Specialization in clothes building enables Alfred Benjamin & Co. to give perfect clothes at the lowest possible price. Faultless tailoring, authoritative style, and finest quality material are not usually combined in one suit of clothes. You find them all in Alfred Benjamin clothes. Made in New York.

"Where the Clothes Fit"

For Grinding Pains

Women's Agonies

The agonies that you may suffer every month, can be relieved. It is not natural that you should suffer so. The reason is, that some of your organs or functions are sick and need attention.

Take Wine of Cardui. This purely vegetable remedy acts curatively on the womanly functions.

During over 50 years it has been successfully and beneficially used by more than a million women and still continues its good work in the relief and cure of womanly pain and suffering.

Thousands of ladies have put aside timidity and written to tell of their symptoms and how they were cured by Wine of Cardui, for the benefit of other suffering women.

The following letter from Mrs. Maggie Stout, of Gabbatha, Tenn., tells simply, and with the ring of truth, the story of her ills and their relief. She writes:

"All I have said about Wine of Cardui is the truth. I suffered with female weakness and pains in my back and limbs for a year. I was so bad, that I could not walk, only a short distance, without stopping to rest. I took Wine of Cardui according to directions, and now I feel like a new woman, and can do all my housework. Wine of Cardui is the best medicine I ever used for female weakness." At druggists, \$1.00.

Write today for a free copy of valuable pamphlet, illustrated book for women. (If you need Medical Advice, describe your symptoms, stating age, and reply will be sent in plain language.) Write to: The Chattanooga Medicine Co., Chattanooga, Tenn.
