

BURNS-JOHNSON FIGHT TERMS

Conditions are Cabled from England—Will Negro Accept?

CHAMP. TOMMY IS WILLING.

Declares He Will Take on Big Black At Any Time or Place and Puts Up Forfeit.

London, Feb. 28.—Mr. Kelley, representative of the syndicate which is endeavoring to arrange a fight between Tommy Burns, holder of the heavy weight pugilistic championship, and Jack Johnson, the American negro, today received the following cable dispatch from the United States: "Johnson is puzzled at Burns' terms. Will fight in England if Burns insists. He wants \$1,000 for expenses. Send full particulars of the offer of the British syndicate."

To this Mr. Kelley replied: "Will give Johnson \$5,000 win or lose. This includes expenses. Jeffries to referee and the ring to be 16 feet. Burns insists. I insist on Johnson posting \$2,000 for this match. I will make an option on a certain building until the evening of Feb. 29."

In an interview concerning the proposed contest Mr. Kelley said: "The fight will be a 30-round one, in order to comply with the English law, and if Johnson posts a forfeit, articles will be sent to the United States for him to sign. It might be added that terms of Burns, but were made by the syndicate. The only conditions upon which Burns insists are the size of the ring and James J. Jeffries to referee."

Jeffries was chosen by him because he believed the American public will be better satisfied by Jeffries than if an Englishman judged the fight.

Burns, in discussing Johnson's reply to the offer of the syndicate, said: "We will see who is cashing now. My forfeit is out and it shows what I mean. I only get a chance to run as he did from Philadelphia Jack O'Brien in California, as the ring will be only 16 feet square."

Burns concluded by saying that he would fight Johnson anywhere if he was offered the same inducements as had been held out in England.

B. Y. C. WINS AGAIN.

Captures Last Game of the Season by The Logan Aggies.

At Logan last night the B. Y. C. basket ball champions captured the last game of the season from the Aggies by a score of 27 to 18. The game was not the best seen there by any means as it was decidedly rough throughout. Many fouls were called and it was only at times the game looked like basket ball. It was the roughest game of the season. The teams lined up as follows:

Difficult Breathing

Short breath, fluttering, palpitation, sinking spells are symptoms of a weak heart, struggling to do its work. It must keep the blood in circulation to carry nourishment to make flesh, bone and muscle, and remove the waste out particles. When it cannot do this, it must have help. Dr. Miles' Heart Cure gives strength to the heart nerves and muscles, and increases the heart action.

"I am glad to say that I am so much improved in health. Dr. Miles' Heart Cure cured me when several doctors failed. I think no other medicine could do for me what Heart Cure has done. My case was indeed a hard one. I had been in bed for several months. I had difficulty in breathing, my heart beat so fast at times that I thought it impossible to live without relief. The pain was very severe in my left side, and my nerves were all unstrung. I almost gave up all hope of being cured. I am sure I would not, had I not taken Dr. Miles' Heart Cure. Dr. Miles' remedy is the best I have ever known. It has cured me of all my ailments with heart disease."

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is In Preserving Health and Beauty.

Cost Nothing To Try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better it is not a cathartic, but it absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath, after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further gives a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it infects the mouth and throat from the poison of caries.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow Charcoal, and other harmless antiseptics in tablet form or rather in the form of large pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, indigestion, flatulence, and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal from Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

ABE ATTELL BEATS YOUNG ED KELLY.

San Francisco, Feb. 28.—Abe Attell, the American featherweight champion, tonight defeated Young Ed Kelly, the "Buffalo Newsboy," in the seventh round of a scheduled 24-round bout.

The Californian felled his man four times in this round by kicking his fists into the jaw and the police stepped into the ring and stopped a very uneven contest.

Throughout it was a case of the polished and scientific boxing against the more rugged slugger, and science won out. The men fought at a very fast clip from the tap of the initial gong until the end. Kelly surprised the crowd by showing great cleverness during the fight, and there were several exciting mixups that brought the crowd to its feet.

The first two rounds were practically even. Attell contented himself with blocking and side stepping the easterner's defense. In the third and fourth rounds, Attell, finding that his opponent was not the best seen there by any means as it was decidedly rough throughout. Many fouls were called and it was only at times the game looked like basket ball. It was the roughest game of the season. The teams lined up as follows:

EVILS OF BETTING.

Discussed by New York Horsemen—Also in California.

New York, Feb. 28.—Meetings of various interests having to do with horse racing were held yesterday in the rooms of the Jockey club and the National Association of Race Track Owners. While no information regarding the action taken at the meetings was given out, it is said that they were called by August Belmont in compliance with his promise to the legislature to call together those interested in horse racing, in an attempt to formulate some plan whereby the betting at race tracks might be so conducted as to do away with the objections which have caused the introduction in the legislature of bills which absolutely prohibit betting at race tracks.

Many prominent horse men were present at the meetings, including James R. Keene, J. H. Bradford, Cornelius Fellows, William Engeman, P. J. Dwyer, C. J. Fitzgerald, Schuyler Parsons, August Belmont, Andrew Miller, F. K. Sturgis and the attorney for the Jockey club, Jacob Auerbach.

HOTEL GOSSIP.

Mr. and Mrs. George M. Hammond, of Orem, Mont., are guests of the Kenyon. They have been in the city a day or two, and are just completing a honeymoon trip prior to returning to their Montana home. Mr. Hammond is engaged in stock raising and has interests in the Big Blackfoot country, which is an excellent region for both industries. He says the country is rapidly growing, the opening of the Flathead reservation and the building of a branch of the G. M. & S. P. railroad helping the country out very materially. Both he and Mrs. Hammond are highly impressed with Salt Lake, and

REUMATISM

HEAVY PENALTY FOR COAL THIEF

Mat Zorak Shot in the Back by Watchman in the Rio Grande Yards.

HIS CONDITION IS SERIOUS.

He Had Collected a Sack of Fuel When Detected and Fired on While Running.

Charging that he was shot in the back while running away, after seeing that he had been detected in the act of stealing coal at the Bingham Junction Rio Grande railroad yards, Mat Zorak lies critically wounded at the Holy Cross hospital.

R. Macy Cochran, a special Rio Grande watchman, who did the shooting, declares that he shot because he thought his life was in danger. The bullet hit Zorak in the spine, completely paralyzing him. After being struck he turned, faced his assailant, and fell headlong towards him on his stomach. He is a magnificent specimen of physical manhood, weighing 200 pounds, and possessing an athletic build.

After the shooting Watchman Cochran removed Zorak to the depot, and sent for Dr. James E. Robertson. He then telephoned Deputy Sheriff Ira Beckstead, and gave himself up. Chief Deputy Sharp and Deputy Steel visited Bingham Junction last night and brought back Cochran and Zorak to Salt Lake with them. Zorak being taken to the hospital, where he lingers in a critical condition with a slight chance of recovering.

SHOT IN THE BACK.

Before coming to Salt Lake the authorities secured a statement from Zorak, fearing that he might die. To justify the Peace Williams he made a statement in which he said that with two companions he went to the Rio Grande yards to get some coal, as they were cold, and were out of work. They did not molest the cars, he declared, but picked up a sack full of the ground, someone shouted at them, and he started to run, and was then struck with a bullet, paralyzing his limbs so that he could not move.

COCHRAN'S STATEMENT.

Cochran also made a statement, in which he said that he was out looking for coal thieves, and while in the north yard, at 8 p. m. he heard someone throwing coal from cars, and crawling under one, he emerged on the other side to locate the scene of the trouble, he found a man and a woman, and a third person, who were taking coal from the cars, and were striking Zorak in the back. Cochran admitted owning a revolver of a 33 caliber.

He is 55 years of age, and has been a Rio Grande watchman for eight months. He is married and has several children, the family living in Salt Lake. Zorak, who is 40 years of age, is also married and has a wife living in Bingham canyon. Dr. Robertson stated that the man has a lacerated spine from a bullet wound received in the back just below the shoulder blades.

What charges will be filed against Cochran has not yet been decided.

DRINK PLENTY OF GOOD WATER

Tells of a Valuable Prescription Which Anyone Can Prepare at Home.

TRY THIS BEFORE ANYTHING.

Also Nature's Great Remedy for Stomach Troubles, Kidney and Bladder Disease and Rheumatism.

"The people here do not drink enough water to keep healthy," is claimed by a well known authority. The numerous cases of stomach trouble, kidney and bladder disease and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine for these ailments, is not taken in the proper manner. It is not the water, but the way of drinking it that counts. If you are really sick, why, of course, take the proper medicine—plain common vegetable treatment which will not shatter the nerves or ruin the stomach.

When requested for such a prescription for the cure of rheumatism and kidney trouble, the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism and urine must be neutralized so it will no longer be a source of irritation to the bladder and kidneys. Most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can make this at home, and it is a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often." This valuable information and simple prescription should be used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.
