MANY a dollar formerly spent on expensive Sulphur Baths is now savel by substituting therefor GLENN'S SULPHUR SOAP, which is ust as beneficial but infinitely cheaper. Local diseases of the skin, rheumatism and gout are all relievplexional blemishes, are eradicated by it, and it imparts to the cuticle a pearly whiteness and velvety softness which greatly enhance the effect of female charms. Its soothing antiphlogistic action constitutes it a prime remedy for sores, ulcers, cuts, sprains, scalds, bruises, and in fact every abnormal condition of the cutible attended by inflammation, Gents' Soft and Stiff Hats, Youths' and Boys' Soft and Stiff Hats swelling or itching. Ladies moving terms, and give it a decided preference to cosmetics which merely conceal but do not, like GLENN's SULPHUR SOAP, eradicate defects of the complexion. The use of ointments for eruptive complaints is to be deprecated because of their having a tendency to clog the pores and in some cases to aggravate rather than remedy the disease. They are, besides, seldom thorough enough in their effects to prevent the recurrence of eruptions of an inveterate type, and have the disadvantage of soiling the linen of persons who use them. GLENN'SSULPHUR SOAP, on the contrary, radically cures the diseases to which it is adapted and still further recommends itself on account of its cleanliness. It is besides an admirable disinfectant of clothing which has been worn by persons afflicted with diseases of a contagious nature. As a specific preventive and promoter of the general health it presents advan-
