DESERET EVENING NEWS: WEDNESDAY, APRIL 22, 1903.

W. I. Salkeld of Oakland, formerly a Park City Mining man and who installed the great hoisting plants of the Ontario and Daly companies, has suicided at the age of 73. It is said he was demented. The first arrest of the season for violating the bloycle ordinance was made by Officer Davies this morning, when he ar-rested a messenger boy named Bert Hoffman for riding on the sidewalk in the restricted district. A team of fine horses with the wreck-sge of a rubber tired carriage bei them, were stopped at the University grounds last night, after having run for a long distance, for they were thorough-ly exhausted. M. Beckstead of 205 Thir-teenth East caught the horses, and is walting to hear from their owner.

The plan is to give a grand ball in Christensen's hall on Fri-day night, tickets to which will be 75 cents aplece. For several days past the boys and girls have been pushing the scheme with great diligence and the out-look now is that the ball will be quite lib-erally patronized. General Manager D. S. Murray of the Rocky Mountain Bell' Telephone com-pany and eight of the Salt Lake girl operators returned yestenday afternoon from Butte. The girls scattered to their homes, and failed to announce their ar-rival to the dear public. The other three girls remain for a few days longer at Butte. However, conditions were found to be such on reaching the city that it was thought wise to shut up the building.

We have a man in that neighborhood who is not considered safe to be at large among peaceful and law-abiding citizens. This man, whose name is George Argile, chased my wife off the street with a knife and seemingly would have killed her had she not managed to reach the house and lock the door in time to save herself. The neighbors later gath-

And to my great surprise I found that the man was tried for being drunk and fined \$10, and was also told by the judge that had he been tried on the other charge be would have been
