

NEW SCHEDULE IS ARRANGED.

Twenty-five Games Between White Wings and Lobsters.

THE FIRST CONTEST SUNDAY

Fourteen Games in Salt Lake and Eleven in Ogden - Local Team's New Line Up.

As first predicted by the "News," a new schedule of games between Salt Lake and Ogden, and a new local team have grown out of the recent shake up in baseball circles, and Salt Lake and Ogden fans will have a chance to witness some lively battles. By tomorrow evening both teams will post a purse of \$100 at McCormick's bank, the winning team to take all at the end of the season.

Of the twenty-five games agreed upon, fourteen will be played in Salt Lake and eleven in Ogden. The first contest is to be pulled off at Walker's field Sunday afternoon. Ladies will be admitted free at Wednesday games here and at Tuesday games in the Junction City.

The management of both teams have added new members to the clubs and they will be more on an equal footing than ever before.

The line-up of the home team will be as follows:

McQuaid and Nels Margetta, catcher; Meredith and Newmeyer, pitchers; Weaver, first base; Webster, captain and second base; McNichols, third base; Williams, short stop; Kimball, left field; Bradley, center field; Taylor, right field.

Backman is signed at a stated salary with the promise of \$20 extra if the team wins the purse. This action does not mean a new league, as the constitution and by-laws of the old organization apply to the new team.

RIDERS RECEIVE MONEY.

King is Made \$500 the Richer for His Famous 24 Hour Ride.

When a "News" reporter went down to the Salt Palace yesterday afternoon, he found "Billy" King taking a lively workout on the track and looking as fresh and strong as if he had not been in a twenty-four-hour nerve racking race. Turville appeared to be nursing that tired feeling, while John Lawson, Chapman, King's manager, wore a happy smile and said he would like very much to enter a 24-hour grind. The riders and their managers all expressed themselves as feeling O. K.

Between 5 and 6 o'clock Chapman and King and the other two riders, were called into Manager Rishe's office, where \$500 was divided. King received a little less than \$500, Lawson close to \$300 and Turville \$200.

TOMORROW NIGHT'S RACES.

Gibson and Chapman Matched for Twenty Kilometer Contest.

There will be races tomorrow night and a good program has been arranged by Manager Rishe. The feature of the evening will be a match race between "Baby" Gibson and John M. Chapman. They will be pitted by meters and ride twenty kilometers for a liberal purse. Chapman is a very good rider and has been in the race, and Gibson is in splendid condition. There will also be a one mile handicap race, a professional and a two mile amateur lay race. In the latter points will be counted at the quarter of a mile.

SINGLE MOTOR HEREAFTER.

Johnnie Nelson Badly Injured on New York Track.

New York, Sept. 4.-Johnny Nelson, the motor-racer rider from Chicago, was badly injured at Madison Square garden tonight. He was scheduled to ride a fifteen-mile motor-paced race against Jimmy Michael. The riders had traveled a little over two miles when a tire on Nelson's motor exploded and the machine and Nelson went to the ground, along with Michael's motor, which was trailing the rider.

Nelson's left leg was badly lacerated and he was removed to Bellevue hospital. The physicians who attended him stated that Nelson would be unable to ride again for a year. Michael escaped the collision by riding up the bank. The race was declared off.

The management announced that in the future single motors would be used in all paced races.

CRITICIZED CAPT. BARR.

Duncan Has Something to Say About Columbia's Tactics.

Newport, R. I., Sept. 5.-Mr. W. Butler Duncan was seen aboard the Constitution after the last race with Columbia and asked concerning the Columbia's tactics in the jockeying before the start. He was not disposed to complain although he did not think Capt. Barr's action was in accordance with the rules.

"I do not think Capt. Barr had a right to crowd us," he said. "The Columbia bore down on us at least three times. We shall make no protest, however, as there is nothing to protest. These boats are racing in order that the challenge committee may judge which is the better yacht under different conditions of sailing. We are not contesting for a cup. I have no complaint to make about the incident. In the condition in which Columbia had us when we came down to the line, to jibe and cross the other end was the only thing for the Constitution to do. The boat is doing much better. I think it is due to the sails."

Capt. Barr of Columbia was not much inclined to talk about the incident at the starting line, although he felt that he was clearly within the rules.

"We certainly did not break any rules," he said. "I am quite sure that if the Constitution were inclined to make a protest to the committee the decision would be in our favor. I would be glad if the Constitution should make such a protest to settle the point."

Elkes vs. Walthour.

New York, Sept. 5.-Harry Elkes and Bobby Walthour will meet tonight at Madison Square garden in a fifteen mile bicycle race behind pace. This is the first time the two have met at the garden, and in view of the varying results when the two have met before there is much interest in the result.

Commando to Retire.

New York, Sept. 5.-Commando, pronounced by turf men to be one of the greatest race horses known in the last thirty years on any course, is to be retired to the Castleton stud in Kentucky, where he was foaled, and it is announced, will never race again. His last race was the Realization stakes. In that race he was injured and more recently he bowed a tendon.

DESERET HOWARD.

Is in Jail and Will Soon be Court-Martialed.

Manila, Sept. 4.-Lieut. Hazard, of the Third cavalry, has brought in here Arthur Howard, the American deserter who was recently captured by the Lieutenant while in command of some scouts in the Island of Mindoro.

Howard was placed in jail and will shortly be court-martialed. Howard denies that he was ever an American soldier. He claims he was born in Spain, that his father was English and his mother Spanish; but that he espoused the cause of the Filipinos. In 1898, after peace was declared, he says he went to Hongkong and returned in 1898 as Aguinaldo's chief of artillery. While in that position, Howard also says, he made friends with many Americans before the insurrection, including Gen. Greene. He cast his lot with Aguinaldo at the time of rupture with Americans, and he says that he brought in sixteen American prisoners under a flag of truce at Angico in September, 1899.

Howard denies that he commanded the force at San Mateo which killed Gen. Lawton. He speaks like an educated Englishman.

Lieut. Hazard says he, himself, saw Howard at Angico in 1899. Two former American volunteers today identified Howard as a deserter from their regiment, named Walley, of company A, who deserted in 1899.

Fire at Emporia.

Emporia, Kan., Sept. 4.-It had not been for the providential interposition of the wind, the greater part of Emporia would have been laid in ruins by a fire this afternoon. As it is, a large number of residences, the Crystal Ice company's plant, Sprague's planing mill and a lumber yard and the beautiful First Methodist church lie in ruins, and the race will closely approximate \$100,000. Two firemen were caught under a falling wall of the church, but escaped with slight injuries.

DR. CALDAS WILL NOT BE DOWNED

Says the World Will Yet Recognize That He is Right.

HIS YELLOW FEVER SERUM.

It Proved to be Unsatisfactory to the United States Military Surgeons in Cuba.

New York, Sept. 5.-Dr. Caldas, the Brazilian physician, whose serum for the prevention of yellow fever failed to satisfy the United States military surgeons in Cuba, will soon be released from Hoffman Island, where he has been in quarantine, and will return to Brazil to continue his experiments. Dr. Caldas talked to a reporter last night over the long distance telephone from Hoffman Island.

"I am to be released at once," said Dr. Caldas. "I return immediately south."

"My yellow fever tests are by no means over. Against the reports of failure in Cuba I place the long record of my experiments in Mexico and Brazil, not only my own, but those of Dr. Beilnagel, who treated fifty cases, with a successful result in 43.

"It is not my belief that what happened in Cuba could be called a failure of the serum. Three people were allowed to be bitten by mosquitoes that had preyed upon yellow fever patients. These three died. Then the same mosquito was applied to a man who had been treated with my serum, and it was yellow fever.

"That is not my diagnosis. I believe that had any autopsy been performed on the fatal cases due to this same insect it would have shown that they died of blood poisoning, not of the yellow fever, and that is what all the patient who was treated with the serum and then exposed to the infected insect died of."

HOW IT HAPPENED.

Details of Reception of Chun by Emperor William.

Berlin, Sept. 4.-Emperor William's reception of the Chinese mission of Prince Chun, which took place today at Potsdam, was marked with all the severity consistent with an audience nominally friendly.

The Chinese envoy, not of the palace was not accorded a salute to the garde du corps. The emperor received him seated. The butlers and eunuchs of his majesty's white uniform were developed in crepe.

Prince Chun bowed twice on entering and leaving. Emperor William remained seated during the reading of the Chinese letter. Afterward, however, he relaxed his stern demeanor and welcomed the envoy courteously and subsequently, accompanied by his adjutant, he called on Prince Chun at the Grangery. Later in the evening the emperor, Prince Chun and a dozen members of the embassy mission took tea on an island in the Spre.

The emperor had evidently arranged the entire ceremony with a view of impressing Prince Chun with the feeling that the ceremony meant explanation, which was to be given by the emperor. Prince Chun had acquired the right to be treated with princely honors. Not until after the ceremony did the atmosphere of the Grangery seem deeply impressed with the solemnity of the occasion and when summoned to the throne room he showed visible embarrassment. He bowed respectfully while approaching the throne and his voice was agitated while he was reading the Imperial address. The entire manner of Emperor William was calculated to impress Prince Chun with the solemnity of the ceremonial. He spoke emphatically and seriously, emphasizing particularly the word "civilized."

The ceremony lasted only ten minutes. In the meantime six Chinese dignitaries of the highest rank, who were halted in the anteroom remained there perfectly motionless and speechless, awaiting Prince Chun's return with evident anxiety. Prince Chun returned backward from the throne room, bowing profusely.

Emperor William received Prince Chun at noon in the presence of the royal princes, Baron von Richthofen, the foreign secretary, the principal ministers and generals and court dignitaries. The prince read a letter, written in yellow ink to the emperor, as follows:

LETTER OF CHINESE EMPEROR.

The great Emperor of the Chinese empire to his Majesty, the great German emperor, greeting.

Ever since the empires have been mutually represented by permanent legations we have stood uninterruptedly in friendly relationship with one another, especially since the visit of Prince Yen-hui, whom I had the privilege of receiving frequently and treating with on intimate terms.

Unfortunately in the fifth month of last year the Boxer rebellion penetrated into Peking and the soldiers of the great Emperor of the German empire were sent to suppress it.

Prince Chun at noon in the presence of the royal princes, Baron von Richthofen, the foreign secretary, the principal ministers and generals and court dignitaries. The prince read a letter, written in yellow ink to the emperor, as follows:
