FIFTIETH CONGRESS.

Senate.

WASHINGTON, Dec. 11.—Frye's resolution of yesterday instructing the committee on foreign relations to inquire into the state of affairs at the Samoan Islands was reported back from the committee on contingent expenses and agreed to.

The Senate then resumed consideration of the tariff bill, the pending question being Harris' amendment to reduce the duty on beams, girders, etc., from 1 1-10 cent per pound to 6-10 of a cent per pound.

Vest, referring to Sherman's speech yesterday, denied the assertion that the late election settled the question of tariff legislation. He (Vest) was not disheartened by that result. The question would last as long as the country endured, because it involved a fundamental difference in the construction of the Constitution aside from the policies of the government. If the position of the republican party today was correct, (unlimited taxation for the purpose of protection) the war would never cease, because it was, in his judgment, a subversion of the principles of this government and its autonomy. Although the senator from Ohio might be right in stating the election was a triumph of the protective principle, he absolutely denied in the most emphatic terms that it settled the question as to the details of the bill. The people had not meant to endorse the Senate substitute. For himself he would exercise his right to criticise and oppose every single provision of the substitute although it should take up the balance of the session. Vest denied the accuracy of the statement made by Sherman yesterday that there was a reduction of 10 per cent in the metal schedule by the Senate substitute.

Sherman reaffirmed his statement, and said the reduction was over 10 per cent.

Vest continued to discuss the metal schedule in detail, characterizing the steel trust as a "gigantic, devilish combination" which put an immense amount of money into the pockets of its members in the name of American labor and protecting infant industries.

Gorman spoke lengthily on the matter, saying they all understood very well that the Senate substitute was framed during the campaign for a political purpose.

The debate was continued at great length by McPherson, Allison, Vest, Aldrich, Frye and Gorman.

In the course of it Allison disclaimed the idea that the Senate substitute had been prepared for a political purpose. There had never been a time when the finance committee did not know that a revision of the tariff and a reduction of the revenue was absolutely necessary. The bill had been prepared by the finance committee on their responsibility as senators, and not for the base purpose of making party capital. They did not claim it was immaculate, and knew it was open to revision.

The debate then drifted into a discussion of a political nature, which finally closed, and Hampton's amendment was rejected, 20 to 9. All the republicans voted in the negative, and with them voted Senators McPherson and Payne. Gorman did not vote at all.

Vest then moved to fix the rate on steel beams, etc., at 1 cent.

Allison assented to that, on the part of the finance committee, saying he had been instructed to offer that amendment and would have done so if he had been recognized by the chair. The amendment was agreed to without discussion, and the rate on steel beams, etc., stands at 1 cent per pound.

An amendment offered by Vance to reduce the rate on trace chains from three cents to two cents per pound was rejected, but on the suggestion of Allison the item was passed over without definite action.

An amendment offered by Jones, of Arkansas, to make cotton ties free of duty, gave rise to a long discussion. It was not disposed of, the Senate going into executive session and adjourning.

House.

WASHINGTON, Dec. 11.—After reading the journal the House went into committee of the whole on the direct tax bill.

Allen, of Mississippi, could find no warrant in the Constitution for refunding the direct tax.

Seney, of Ohio, supported the bill, whose purpose he said had been grossly misrepresented. If the bill passed it would place each and every state where it stood in 1861, when the tax was levied.

Buckalew, of Pennsylvania, argued against the policy of taking money from the National Treasury for distribution among the states, and in the name of Pennsylvania he protested against throwing into her treasury the sum of $2,000,000 to disarrange her well-conceived and well-understood financial system, and to test the wisdom and integrity of her legislature.

Grosvenor, of Ohio, said the passage of the bill would put the people of the country where equity says they ought to stand. It was a step toward the complete reunion of the hearts of the people of the country—a reunion not enforced by law, but controlled and promoted by the wish and purpose of both sections of the country to do actual justice towards each other.

Enloe, of Tennessee, declared the bill was sustained neither by law nor precedent. He denounced it as a subterfuge and fraud, and charged that its aim was to perpetuate the power of trusts to exact tribute from the people by means of a high tariff.

After further debate the committee rose and the House adjourned.

Austria and Servia.

VIENNA, Dec. 11.—The lower house of the Reichstag has passed the first and second articles of the army bill without alteration.

In the Hungarian Chamber of Deputies there is a growing discontent over the bill causing Premier Tisza to defer discussion until after Christmas.

The situation in Servia is critical. A strong radical majority in the Skuptschina has threatened to reject King Milan's revised constitution. The government, therefore, has resolved to curtail the deliberations of that body. If the radicals are obstinate, the Skuptschina will be indefinitely prorogued. Garrisons in Belgrade and other towns are kept in readiness to crush a revolt. An article inserted in the constitution provides that in case the King abdicates he shall have the power to appoint regents during his son's minority. The article is taken as an indication of the King's intention to abdicate.

GERMAN GOSSIP.

The East African Trouble—Russian Irritation, etc.

BERLIN, Dec. 11.—Count Herbert Bismarck's expected exposition of the government policy in East Africa was made to the foreign committee of the Reichstag today. Despite attempts at secrecy, it transpired that Count Herbert declared the government would take measures for the permanent security of

GERMAN POSSESSIONS

in East Africa, but was not in a position to submit a positive plan, demanding the attention of the committee. He trusted that the Reichstag would show sympathy with German commercial enterprises in East Africa, an expression which was taken to mean that the government would incline to the support of the East Africa Company's volunteer land force project. The impression left by Count Herbert's statement is that the government's plans are not matured, and that Prince Bismarck is still corresponding with Lord Salisbury regarding land operations.

Lieutenant Wissman's preparations will be completed in a week. He proposes to start for Zanzibar in a fortnight, and has presented a report to the Emperor on the route and prospects of the expedition.

THE CZAR,

through his ambassador at Berlin, Count Schouvaloff, has expressed irritation at the German hostility to the Russian loan. Count Schouvaloff was specially called to Gatschina last week to explain why the semi-official press attacked the loan. In the course of the interview, it is reported the Czar said the efforts to defeat the loan would be stopped if friendly relations between himself and Emperor William were desired; that the language of the German papers was personally offensive, and that he would hold the Berlin government responsible for it.

In the Reichstag today the bill for the erection of a national monument to William I passed its second reading. The socialist members had the bad taste and want of tact to vote against the bill.

THE SOCIALISTS

attempted another street demonstration on Sunday after attempting to hold a meeting on the rights of women, which was dissolved by the police. The crowd traveled over Leipziger Strasse into Wilhelm Strasse, and proceeded toward Unter den Lindeu, singing the "Workmen's Marseillaise." The police finally dispersed the crowd and made several arrests.

The Emperor directs the attention of the chief of police to these demonstrations, which are made within hearing distance of the official residences, and the police are ordered to take vigorous measures to suppress such demonstrations.

Two medical students named Bluhme and Elchler fought a duel today with pistols. Bluhme was fatally wounded. The duel was the result of a quarrel over the merits of Dr. Mackenzie.

The Railroads.

CHICAGO, Dec. 11.—Judge Cooley laid down the law to the managers and general passenger agents of the various railways today. About 200 officials assembled in the committee room of the Central Traffic Association to hear what the chairman of the Interstate Commerce Commission had to say. The judge unmercifully scored the roads that have been guilty of discrimination in passenger rates by dealing secretly with scalpers. He gave no names, but he gave them to understand he knew which were the guilty ones, and that he had sufficient evidence in his possession to convict them of frequent violations of the law. He told them that the pernicious practice would have to be stopped at once or the offenders would be prosecuted. Mr. Cooley talked for nearly an hour, and at the close of his speech Col. Morrison made a few remarks on the same subject. Immediately after adjournment a meeting of general passenger agents met and talked the matter over. The lines between Chicago and St. Paul and those between Chicago and Omaha agreed to give the necessary ten days' notice tomorrow of the reduction of passenger rates between these points.

SWITCHMEN STRIKE.

TOLEDO, O., Dec. 11.—Twenty-five or thirty Pennsylvania switchmen struck today for an advance in wages. Their places were partially filled.

Switchmen in the Cincinnati, Hamilton & Dayton and in the Toledo and Ohio Central yards, some eighty or ninety men in all, went out this afternoon, and the indications are the strike will extend further.

The Panama Canal.

PARIS, Dec. 11.—The Panama Canal crisis and the success of the Russian loan absorb exclusive attention. Financiers have hope that the schemes of the canal committee will avert a crisis. The credit foncier directors maintain their refusal to advance funds to bolster up the Panama Company without an explicit guarantee from the government with the assent of the Chambers. Public subscriptions close tomorrow. There is small prospect that the bonds will be taken. The reports that the government will subsidize or give a guarantee for the Panama Company are discredited. Financial houses have their eyes open to the fact that America might not tolerate the conversion of the Panama venture into a state enterprise. De Lesseps has his own schemes, the project being to make it an international one. According to his plan, England, America and other great powers will be invited to contribute in the ratio of their tonnage with an equivalent share in the control of the canal.

This evening excited scenes were witnessed among the small investors discussing the prospects of the Panama Canal Company around the company's office. It is rumored tonight that the company is likely to obtain an advance of 40,000,000 francs on its Panama Railway shares. This it is estimated will enable the company to meet its engagements until a commission, which it is rumored will be sent to Panama, will have come to a decision.

Disasters.

DENVER, Dec. 11.—A special from Canon City, Colorado, says: An explosion occurred in shaft No. 2 of the Canfield coal mine at 8:30 last night, resulting in the instant death of H. Wallace, the mine foreman, and Peter Galloway, and fatally wounding ten or twelve others. Of these James Wallace, brother of the foreman, and Henry Deeded are expected to die any moment. The other wounded are Thomas Shields, Jr., John Murphy, John Finn, J. Trouen, John Cashom, Thomas Cunningham, and two named James and Jamison, and three of these are extremely doubtful of recovery. The mine has been on fire since last Thursday, and last night a gang was sent down to endeavor to extinguish it. They had been at work about three hours and had the fire under control, when the gas ignited in some unknown manner and

AN EXPLOSION

followed, badly damaging the mine and with terrible result to the men.

VIENNA, Dec. 11.—During a performance at Hohomauth, Bodemia, tonight, a female lion tamer was attacked by the brutes and fearfully lacerated. She died soon after being rescued.

WILKESBARRE, Pa., Dec. 11.—The Royer coal breaker at Pleasant Valley was destroyed by fire this evening. Loss $100,000.

KNOXVILLE, Tenn., Dec. 11.—Miss Bynum and Miss Lewis, aged 20 and 18 respectively, were struck by a train while walking on the railroad track near Alexander last evening, and instantly killed.

"I see," remarked Withers, "that the Prince of Wales wears a black silk ribbon instead of a watch chain. Funny, isn't it?"

"Well, I don't know," returned Smithers; "perhaps he's lost the ticket."

POLITICAL POINTS.

The Boston Election.—The Virginia Election, Etc.

BOSTON, Dec. 11.—Today's election closed one of the most exciting municipal campaigns ever carried on in this city. Bitter personalities have characterized all sides, and especially has this been the case in the discussion of the public school question—the principal issue of the campaign. This issue was brought before the people last summer by the school board in a removal from the public schools of a certain text book which contained statements distasteful to the Catholic clergy, believing that in this action they saw the entering wedge by which Catholic supremacy in the control of the public schools was to be ultimately obtained. Friends of the public schools have held frequent meetings to protest against such interference, and the

PUBLIC FEELING

has been wrought up to the highest pitch. A mass meeting was held, and as the outcome, a committee of one hundred was appointed to prepare a list of school committee members for election, that should only contain the names of persons known to be friends of the public school system. The unusual interest aroused in the question was most noticeable among the women voters, and is shown by the fact that while only 627 women were registered for the municipal election last year and only 775 voted, the total registration this year reached 2026. The school board consists of twenty-four members, of whom eleven were elected today. Of the thirteen members who hold over, eight are of the Catholic faith, and it being held by the republican convention that this is a sufficient representation of that sect on that board, the ticket represented by the republicans contained the names of

NO CATHOLICS

whatever. The republican ticket was endorsed by the citizens' committee of one hundred. The democrats, on the contrary, renominated three retiring Catholic members. All the tickets are badly scratched, and this, with the fact that the vote for the school committee is so much larger than ever before, will make it very late before definite results can be known, except for mayor, the republican being elected.

The probability is the complete republican ticket for school committee, as endorsed by the committee of one hundred, is elected.

RICHMOND, Va., Dec. 11.—At a conference of the leaders of the anti-Mahone wing of the republican party tonight, it was decided to prepare a statement to be submitted to President-elect Harrison, of the manner in which they assert General Mahone mismanaged the campaign in Virginia by which the electoral ticket was lost.

THE PROHIBITIONISTS.

PITTSBURG, Dec. 11.—The national executive committee of prohibitionists met in this city today. The committee considered several plans for work during the coming winter, and decided the southern field demanded their attention most. Accordingly, the members of the committee will make a trip through the south as soon as possible and and a judicious distribution of literature will be made. The committee generally felt very much encouraged at the showing made by the party in the recent campaign, and it is intended to make a still stronger effort in the future.

CRIMINAL EVENTS.

The Oyster Fight.—Brutal Burglars, etc.

ANNAPOLIS, Ind., Dec. 11. — Last night's fight at the mouth of Chester River may have resulted in a considerable loss of life, as Peter Mullen, cook on board the schooner *Julia A. Jones*, says he was the only man out of a crew of eleven to escape. The state vessels were hotly attacked by the dredgers, who were heavily armed with repeating rifles, and did not return fire until compelled to. The steamer *McLane* was thoroughly riddled with bullets, and Captain Howard determined to resort to extreme measures. Backing the steamer off from the fleet of seven dredgers, which were tied together, he singled out the *Julia A. Jones*, and putting on a full head of steam made directly for her stern, striking her fairly, and the

SCHOONER SANK

almost instantly. Mullen escaped by climing up the steamer's anchor chain, but says the rest of the crew were in the forepeak and could not have gotten out. As soon as the *McLane* got cleared from the wreck she was again backed off and again heard for the fleet striking the schooner *J. C. Maloney* squarely in the stern. She at once commenced to sink and the remainder of the fleet got away as fast as possible. Some of the crew of the *Maloney* escaped by climbing on board the *McLane*, and as each one came aboard he was put in the hold. A white man named Colman and a negro named Bramble, of the crew of the *Maloney*, are believed to have been drowned, as they were not seen after the vessels were struck. A large fleet of dredgers are reported to be on unlawful ground tonight and it is not unlikely there will be another fight before morning.

PITTSBURG, Dec. 11.—Miss Mollie Ross, an aged lady living near Uniontown, was

HORRIBLY TORTURED

last night by burglars for the purpose of securing money she was supposed to have in the house. The rascals bound her with heavy cords and applied lighted candles to her feet and inflicted severe bruises upon her body with clubs.

CHICAGO, Dec. 11.—Two mysterious, well dressed persons are under arrest, it is supposed, for complicity in the Shufeldt dynamite explosion yesterday. Nothing definite can be learned.

CHICAGO, Dec. 11.—A *Times* special from Rockford, Illinois, says: Mead Holmes, an alderman from the Second Ward of this city, who has been fighting the liquor interest and who is the projector of an ordinance now pending which absolutely prohibits the sale of liquor here, today received a communication signed "White Caps of Illinois," asking him to resign his position in the city council, and threatening him with bodily injury in case he did not do so. The police are investigating the matter.

TWENTY-EIGHT YEARS.

TAYLORSVILLE, Ill., Dec. 11.—Chas. F. Henderson, a veterinary surgeon, was sentenced today to 28 years in the penitentiary for torturing 46 horses with sulphuric acid and croton oil during the progress of a political meeting held here Nov. 3d. Henderson made a confession in court. There was much excitement when the sentence was pronounced. Henderson was hurried off to Chester this afternoon.

ST. LOUIS, Mo., Dec. 11.—A *Republic's* special from Bevier, Mo., says: The striking miners are becoming ugly tonight and further trouble is anticipated. They threaten to build stockades and defy the militia. Only 45 of the latter are in town and considerable uneasiness prevails. Up to 2 a. m., however, all is quiet, and it is hoped no collision will occur tonight.

A FAMILY MURDERED.

ST. LOUIS, Dec. 11.—The *Republic's* special from Mount Pleasant, Texas, says: News was received from Cooksville tonight that the dwelling of John B. King was burned early this morning, together with King, his wife and six children. It is believed all the family were murdered and the house set on fire to conceal the crime.

Playing Napoleon.

PARIS, Dec. 11.—Madame Boulanger, in an interview today, denied she had refused to live with her husband. She complained he was trying to play Napoleon and make her his Josephine. She then burst into tears and begged to be excused from answering further questions.

Will Upheld.

NEW YORK, Dec. 11.—The will of Mahlon Sands, the patent medicine man, which was submitted to the surrogate for construction, has been sustained. It disposes of several million dollars. His widow, Mary M. Sands, is the niece of Vice-President elect Morton. All his children except Mabel, a child by the first wife, whose mother is provided for, are well taken care of by the testator.

Disobedient Irish.

ROME, Dec. 11.—A sensation has been caused here by the Pope's refusal to bless the medals and relinquaries sent to Rome by an Irish priest, who intended them for distribution in Ireland. The Pope sternly said: "I can not bless them. The people of Ireland are disobedient. They seem to prefer the gospel of Dillon and O'Brien to the gospel of Jesus Christ."

(Continued on Fourth Page.)

THE VERDICT UNANIMOUS.

W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all the diseases of the Liver, Kidneys and Blood. Only half a dollar a bottle at H. C. Smith & Co's drug store. 2

A WOMAN'S DISCOVERY.

"Another wonderful discovery has been made, and that too by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest test, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night, and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N.C. Get a trial bottle at A. C. Smith & Co's drug store. 2
