DON'T BE IMPOSED UPON!!!—H. Reiser, opposite the Herald Office, has Watches and Clocks for all who want reliable timepieces. Repairing done on short notice. Everything warranted. 480

Great Reduction in Lamp Goods at Reid & Kinsey's.

UNIVERSITY LIBRARY AND READING ROOM, University Building.

FREE.

Open every evening from 6 till 10. d520

GREAT inducements offered to wholesale purchasers in Lamps, Coal Oil, etc., at Reid & Kinsey's.

CHAMBER'S ENCYCLOPEDIA.—Messrs. J. B. Lippincott & Co., of Philadelphia, announce that, by a recent purchase, they have become the sole proprietors of the American Revised Edition of "Chamber's Encyclopedia," and are thereby enabled to offer the work at much lower rates than hitherto.

In the course of its recent thorough revision, the American edition was edited with the special view of supplying the wants of our readers. It also possesses a special attraction in containing a series of over seventy-five full-page engravings not contained in any other edition. d50

WATCHES and Clocks repaired at low prices by C. Amussen, opposite Post Office. He is the best watchmaker in the land. d121

THOSE who could not get seats at the Theatre last night should not fail to secure some for to-night.

IMPORTANT TO THE TRAVELING PUBLIC.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more routes leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road bed has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh, Fort Wayne & Chicago, Kanokake Line and Pullman Road, and at all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets by the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal application to J. W. Ticker Agent, Salt Lake City, or J. E. Ticker Agent at St. Paul, Minn., or J. E. Ticker Agent, Omaha, Neb., or J. E. Ticker Agent, St. Louis, Mo., or J. E. Ticker Agent, Chicago, Ill.

ALL kinds of fancy and mixed drinks at the Old City Liquor Store. Sangle does the mixing. d11

PRICE OF GOLD.

Corrected daily by Desert National Bank. SALT LAKE CITY, June 5, 1875.

Buying at \$1.15; selling at \$1.17.

EVENING NEWS.

Saturday, June 5, 1875.

Local and Other Matters.

Thermometer 74 degrees F in the shade at 1 p.m. to-day. Fine.

Meetings.—Religious services at the New Tabernacle to-morrow afternoon and at the various ward meeting houses in the evening.

The Messiah.—If anybody wants to hear Handel's magnificent oratorio of the Messiah, performed as well as it can be by the musical talent available in this Territory, they should go to the Theatre this evening.

Notice.—The superintendents and teachers of Sunday schools will hold their usual monthly meeting at the City Hall on Monday evening, June 7th, at half-past seven o'clock. A punctual and general attendance is requested.

Information Wanted.—Elizabeth Geary, 11 Manor street, Hull, England, wants to hear from her husband, George Geary, formerly of Hull; he left that place eight years ago with the intention of going to Utah.—*Millennial Star*.

Meeting of Silk Culturists.—In should be remembered by all parties interested in the silk business that they are cordially invited to attend a meeting to be held at the City Hall, on Monday evening, at five o'clock, when it is probable a veritable society will be organized, the object of which will be the diffusion of information with a view to the promotion of silk culture in Utah.

Utah Northern.—On and after Monday, June 7, train No. 3, freight or accommodation, is announced to leave Ogden for the north at 9 a. m. every Tuesday, Thursday and Saturday, and train No. 4 will leave Franklin at 8 a. m. every Monday, Wednesday, and Friday, enabling passengers to make the entire distance between Salt Lake City and Franklin in one day, each way on the particular days named respectively.

Those Clock Weights.—The position of the weights of the City Hall clock is being changed. Wooden pipes, terminating in the collar, have been constructed, in which the weights will be placed, so that should they break from their fastenings and fall they will not break through any floor and ceiling and endanger the lives of the people in the rooms below, as was the case when they created a stampede while the Supreme Court was sitting in the large hall some time since.

Where They Secrete.—It appears that the coding grubs do not yet take as kindly to the rough boards as might be desired. If you examine these traps you will see they are not taken there, but if you examine the leaves of your apple trees you will probably discover them there numerous.

As soon as they get upon the leaves of the edges of the latter curl up toward the middle, and in this covering they ensconce themselves in a kind of "fuzzy" fibrous substance.

A Bouquet.—Mrs. Wm. Wagstaff, of Glendale Gardens, brings to our office a beautiful and fragrant bouquet, wherein double geraniums, pelargoniums, German hebeas, etc., sweet peas, verbena, yuccas, magnolia, columbines and the red, red roses are handsomely set off with a background of ribbon grass and verdant and delicate foliage. Floriculture is a fascinating art and worthy of all encouragement. A thing of beauty is a joy as long as it lasts.

District Meeting at South Shields.—The *Millennial Star* reports a district meeting held in the Central Hall, Chapter Row, South Shields, Sunday, April 25, meetings at 10.30 a. m. and 2 and 8 p. m. Elders present from Utah—A. McFarland, F. M. Lyman, John H. Smith and John Squires, who severally addressed the congregations. "The whole of the meetings were well attended by the Saints. In the afternoon and evening there was a numerous attendance of strangers, who listened attentively, and appeared to be much interested by the remarks of the brethren."

Frost—Mails.—R. R. Lewellyn, Fountain Green, Sanpete, writes under date of June 3—

"It has been very cold here the last few days. Night before last, and today, the thermometer was down to 20, and the tops of the locust trees were frozen in many parts of this town."

"We do receive our mails promptly. Last winter, when the snow was the severest, I wish to say, to the credit of Mr. Leonard I. Smith, that this end of the route was carried, and is now carried, as well as any other, and I ever knew of since I came to live in Sanpete."

Gunnison.—"C. G." writes from Gunnison, June 2, stating that on the day previous the scholars of the day school of that place, under the management of Brother Joseph Gledhill, assembled in the School house, to honor the birthday of President B. Young, and enjoyed themselves in various exercises and games, interspersed with songs and recitations, especially poems sung by Misses Sarah A. Penn and Mary J. Gamble, both very little girls, accompanied on the organ by the teacher. Fruits and candies were handed round to the children, who highly enjoyed themselves on the occasion.

Gaining.—The health of President Geo. A. Smith appears to continue to improve.

Theatre.—The Theatre is likely to be full again to-night, for the people really enjoy good songs and choruses alike given.

Firemen.—The members of Pioneer Engine Co. No. 1, are requested to meet at Fireman's Hall, on Monday, June 7th, at 7.30 p. m., sharp.

At Lindsey's.—The 8th Ward Sunday School spent a very enjoyable day at Lindsey's yesterday. Everything passed off in the pleasant manner.

Sixth Year.—The Salt Lake Herald commenced the sixth year of its existence this morning, looking as young and fresh as ever. We wish our contemporary many happy returns of the day.

The Oates Company.—Week after next the pleasing and popular Mrs. Oates' English Opera Troupe will commence a brief engagement in the Theatre in this city. They come highly recommended and we are inclined to think that they will furnish a species of light and frolic, which will be enjoyed by all who will exactly suit and satisfy Salt Lake theatre-goers.

Mon'as.—The Deer Lodge New North-West of May 28th says—

"Quite a number of immigrants arrived from Corinne last Friday and were absorbed somewhere or other. Plenty of room."

Utah teamsters threw green apples on the market at 20 cents a pound during the past week and created consternation among the rubarb growers in the suburbs."

General Garfield.—The excursion party over the Utah Western Railroad and including a sail on Salt Lake, in honor of General Garfield, was participated in by a large number of gentlemen and ladies, probably in the vicinity of two hundred.

A special train having been placed at the disposal of the General by the Utah Southern Company, there was another excursion of a similar character to Prove today.

A Brilliant Meteor.—Shortly before four o'clock yesterday morning a large, brilliant meteor was seen to sail through the air, from north to south. It had the appearance of a fiery ball, and behind it was a tall stream of light. It appeared to travel on an almost straight horizontal line, and seemed to be a comparatively short distance from the surface of the earth. It remained in sight for at least thirty seconds, when it disappeared as if it exploded or bursted to fragments, which sparkled like the disconnected portions of a spent rocket.

The British Mission.—The following are from the *Millennial Star*—

"East Dereham, Norfolk, May 3.—I have held two district meetings with some of the brethren from Wymondham—one at Norwich on the 18th ult., and one at Shipham on the 22nd inst. We had a good time. We expect to hold a district meeting at Wymondham on the 30th of this month. The Saints feel well, but they are much excited in the conference, which makes it rather hard for them to come to public meetings. I never felt better in health in my life, for which I thank God."

"London, May 4.—Our meetings in the Metropolis are being well attended by strangers, who are earnest in their inquiries after truth, and we judge of the sincerity of their investigations from the fact that several have of late been admitted into the Church of Christ by baptism, and are rejoicing in the efficacy of the Gospel."

"On Sunday last we had a very interesting and enjoyable time at each of our meetings. In the morning a good company of the local Priesthood met at the North London Branch."

"At 2 p. m. I accompanied President Burton to the North London Baths, where he administered the ordinance of baptism to several most candidates for the Kingdom of God, who were there awaiting our arrival. After the ceremony was performed, we repaired to the place of meeting, where the new members were confirmed, and partook of the Lord's Supper, and it was truly a season of rejoicing for the honest in heart."

"The same spirit of peace and instruction, and feeling of interest, that characterized our proceedings through the earlier part of the day, was manifested in our evening meeting, which was held at the North London Branch, and was attended by the Whitechapel Branches; there being a goodly number of Saints and friends present at each meeting, and much liberal speech enjoyed by the speakers."

"WILLIAM L. BENDER."

The Fracas at Alpine.—Brother John Dovey writes from Alpine, Utah County, June 3, as follows—

"Seeing you have published something concerning the fracas which happened here on the 22nd of May, I write you a few of the items concerning the trial, which came off to-day before R. T. Booth, Justice of the Peace."

"By the time appointed for the hearing of the cases nearly every man and boy were at the place appointed, anxiously desiring to know what the result would be. Mr. John B. Milner, of Provo, was on the side of the people, and Dr. Roberts, also of Provo, on the part of the defendants. Such an affair never before happened in this quiet little city."

"Several of the cases were dismissed without a hearing. Mr. John Thomas, of Lehi, had to answer three different charges. The first was proved, and the decision held under advisement."

"David Mitchell, of Lehi, was proved guilty of an assault on Stephen Moyle, and was fined fifteen dollars and cost of prosecution, or fifteen days imprisonment in the county jail."

"After this case had been disposed of, counsel for defendant wished a change of venue for the other cases, which he believed they could not have a fair and impartial trial. Overruled."

"John Thomas, then pleaded guilty to a charge of assault on Bro. Roberts, and also on Bro. Milner, of Lehi, pleaded guilty to a charge of assault on A. Smith, of Lehi, and was fined fifteen dollars and cost of prosecution, or fifteen days imprisonment in the county jail."

"Mr. Albert Smith, who was not so badly as getting along very well, was fined five dollars and cost of prosecution, or five days imprisonment in the county jail."

"Everything is moving along quietly. Grain is looking well."

There was a slight frost on Tuesday night."

Dust in Climate.

Said a friend to us once, with some emphasis, "I detect the climate of Washington." We asked why, and received for answer, "Because there is so much dust in it."

The idea was new to us, that dust could make part of climate; but in that day, before the advent of the district government, the error was allowable. Dust in Washington, as in San Francisco, is the cause of the locality. Certain unreconstructed winds come up from the South, and meeting certain loyal winds from the North, the two go at it hammer and tongs, and whirl up pulverized continents on every square.

We thought ourselves free of this plague for over a year. It was fast sinking into an unpleasant memory of the past, when suddenly it returned, bad as ever. We have been choked, blinded and made wicked in our blasphemy by the old-time nuisance. The sacred soil is very light soil, and ready for your eyes, throat, nostrils, and ears at a minute's notice.

Of course, as a guardian of the water tower, embodied by that on the New York Tribune buildings, are made in this way as the cause of this unexpected return. We found that the streets had been cleaned by a company possessed of the Niagara, Kohl Balm, Frost Trees, Orchards, Clover and Cultivation. Household Hints—How to Deal with Them.
