OGDEN NEWS.

OGDEN, UTAH, - OCT. 12, 1901.

CHARCED WITH ASSAULT

James Harrington Arrested for Stabbing Tom Kelly in Drunken Brawl.

Serious Charge Against Humane Officer Heninger-Funerals of Geo. Fowers and David Moyes.

Last evening Tom Kelly, who claims to be a miner from California, swore to a complaint charging James Harrington with assault with a deadly weapon. Kelly says he was yesterday morning standing in front of a Twenty-fifth street salcon, when Harrington, without provocation, stabbed Kelly in the right shoulder with a pocket knife, making a bad wound, which was afterwards dressed by Dr. Gordon. As near as can be learned Kelly, Harrington and two other men had been drinking together in the saloon and became somewhat intovicated, angry words ensued and Kelly was stabled.

CHARGED WITH SERIOUS CRIME.

Mrs. Roebuck last evening swore out a complaint charging R. L. Heninger, state humane officer, with adultery The complaint is a short one and only sets forth the charge brought against Hen-inger. The complaining witness in the case is the woman who alleges that Heninger brought her to Ogden under

the promise to marry her. The warrant for Heninger's arrest was placed in the hands of Sheriff Layne, but the man could not be found last evening. A communication has also been sent to the board of county commissioners asking that the appointment of Heninger as deputy sheriff to act as humane officer in the county be revoked.

Word was received in this city this morning from the headquarters of the Humane society in Salt Lake City to the effect that Henninger was never an appointee of the society and had no authority to represent it or to collect fees and monies and give receipts for the same, as he is alleged to have done. The police are now diligently searching for the much wanted man.

FUNERAL OF GEO. FOWERS.

The sudden death of George H. Fowers,one of Hooper's most respected citizens a full account of which appeared in last night's "News," was a severe shock to the entire community. Mr. Fowers was born in England in 1852; he joined the Church of Jesus Christ of Latterday Saints in his native land and emigrated to Utah in the sixties. He leaves a wife and seven children to mourn his untimely demise. The funeral ser-vices over his remains will be held in

as soon as possible, but the officials thought the state asylum is the best place for him until he can be sent home BRIEFS AND PERSONALS.

Today the monthly payrolls of the Ogden city school teachers were al-lowed, and over \$5,000 was distributed among the worthy educators of our

city. All jurors for the October term of the district court were excused until Thursday, October 17th. the The funeral services over the remains of Prof. Robinson will be held at the Methodist church Sunday afternoon at

A NEW DEPARTURE.

A New, Effectual and Convenient Cure for Catarrh.

Of catarrh remedies there is no end, out of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that er H. Rampton, Bishop Grant, (West Bountiful), and Bishop Stoker, (East Bountiful), all extelling her many virreally cure The old practice of snuffing salt water

through the nose would often relieve

and the washes, douches, powders and inhalers in common use are very little. if any, better than the old fashioned salt water douche

The use of inhalers and the applica-tion of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney rouble or rheumatism and it cannot be cured by local treatment any more

than they can be. To cure catarrh, whether in the head, throat or stomach an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remark-able success of Stuart's Catarrh Tab-lets is because being used internally t drives out catarrhal infection through action upon stomach, liver and bowels. Wm, Zimmerman of St. Joseph, re-lates an experience with catarrh which s of value to millions of suf-erers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected. as I was able to keep up and do a day's work I let it run along until my hear ing began to fail me and then I realized that I must get rid of catarrh or lose my position as I was clerk and my hearing was absolutely necessary.

hearing was absolutely necessary. "Some of my friends recommended an inhaler, another a catarth salve but they were no good in my case, nor was anything else until I heard of Stuart's Catarth Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarth although I had suffered nearly all my life from it. all my life from it. They are pleasant to take and so

much more convenient to use and so much more convenient to use than oth-er catarrh remedies that I feel I can-not say enough in favor of Stuart's Catarrh Tablets."

A little book on cause and cure of catarrh will be malled free by addressing F. A. Stuart Co., Marshall, Mich., and the tablets are sold by all druggists in the United States and Canada,

Ablest of All Physicians Free-

ly Cive Advice.

It is truer today than ever before that one man is no better than an-

ther unless he does more than an-

When, recently, in the most learned medical review, in London, the organ of the great English college of physi-clans and surgeons, it was proved by exhaustive statistics that, despite the drain upon nerves and blood incident to the modern streamons life-despite

to the modern, strenuous life-despite the fact that diseases of the nervous

system appear earlier and oftener among working people than formerly, nevertheless, within the past five or six years the average life of Americans

was materially longer than it was a decade ago-the editors of the review pronounced it as their firm opinion that

this undoubtedly resulted in no small degree from the discovery a few years

ago by an eminent American physician

Russia, George Kennan, the traveler, lecturer and writer, returned to Bos ton on the steamer Commonwealth last Friday. Mr. Kennan set out last June to revisit Russia, which he had not seen since the time of his famous investigation into the horrors of the Siberian exile system.

For a week or so he made his headquarters in Helsingfors, the principal center of Finland, and, after satisfying himself that the present state of mind of the Finns is an unhappy one, set out for St. Petersburg.

Mr. Kennan made no concealment of his identity. He had every reason to believe that he would not be considered persona non grata in Russia, and was therefore both surprised and disappointed to receive an official notification that his room would be consid ered preferable to his company. H made no protest to United States Min

made no protest to United States Min-ister Tower, and the latter made no offer of official assistance. Having spent so little time in the country he had started out to revisit. Mr. Kennan really did not have an op-portunity of observing just how far social and political conditions there have changed since his former visit have changed since his former visit "I was in Finland long enough to learn that the feeling there is exceed-ingly bitter toward the Russian govern-

ment," said he. "The Finns have always been peaceable and contented people, but the wrongs they have suffered from Russia have been too much for them to bear in patience, and there is a widespread and growing feeling of resentment against their oppressors.

"The treatment of Finland by Russia has been, to my mind, one of the most deplorable episodes in the history of that despotic country. The pledges made to the Finns by every czar, from Alexander I. to the present one, that no changes were to be made in the con-stitution of Finland without the conent of the local diet, have been ruthlessly broken.

"As far as I can see, too, the outlook for Finland is hopeless. I was some what surprised at not being able to stay in Russia, and was particularly disappointed because the edict of expulsion prevented me from calling on Count Tolstol, who is doing such an able work for the uplifting of his cour

and Arizona in a home mission-

for

which are constantly growing up. A life-like enlarged picture of Brother Call was placed in full view, and many hearts were melted at the sight of his dear old face. Mother Samantha Willey will be custodian of his picture, being the oldest Call living. This old and sturdy New England stock was represented by a number over 80 years of age, men and women who have passed through all the hardships incident to the early struggles of the "Mormon" pioneers. One of this num-ber, who had been ailing for some time, passed away during the proceedings at the ripe age of 90. Aunt Mary, as all used to call her, has gone to a well-earned rest, filled with the love of the

Gospel, and conscious of the good will all had for her. Willey led the singing with familiar old "Mormon" hymns, Judson Tol-man pronounced a blessing upon the food, and after enjoying a magnificent repast of good things to sat, an im-promptu program was rendered at \$:39

clock p. m. After some discussion it was decided to continue these meetings annually, always remembering that the prime object of these reunions is for gen-ealogical and temple work.

ANOTHER PIONEER LAID TO REST Bountiful, Davis Co., Oct. 12 .- After a 90-years career of usefulness all that was mortal of Sister Mary Cali was laid away at the Bountiful cemetery yester-day, the 11th of October, 1901. Her death

occurred here on Oct. 8; born in Ver-mont, March 27, 1812. She settled in mont, March 27, 1812. She is settled in Davis county in 1848. She is survived by a son and daughter. Bishop Chester Call, (late of Bountiful, but now a resi-dent of Chesterfield, Idaho). Sister Varsity, her daughter, is also living in Idaho. Her husband, the late Anson Call, was a pioneer of Davis county.

Respecting the Case of S. A. Peterson-Sheep Did Not Befoul Waters.

Special Correspondence. Santaquin, Utah County, Oct. 11 .- In your Semi-Weekly issue of last Tuesday, among the news items from Provo is the following: "County Attorney Page and Sheriff Storrs returned from "County Attorney Spring Lake last evening, where they attended the hearing of Solomon A. Peterson, charged with permitting sheep to befoul the water of Santaquin Defendant was adjudged guilty

by Justice Perry and fined \$10." This statement is incorrect, from whomsoever it came. Mr. Peterson was not charged with allowing sheep to befoul the waters of Santaquin creek, as can be shown by the complaint filed in the justice's court at Spring Lake, nei-ther did the sheep befoul the water in any way or manner whatever, but he was charged with keeping sheep within even miles of town and making his bed and slept a few nights, where he had about two hundred head of sheep on the Santaquin bench, a mile away from any stream of water, while go ing from winter to summer range which he was adjudged guilty and fined \$10 in accordance with the laws and of Utah.

Mr. Peterson thinks that they who made and passed those laws should be classed with the law-makers of the United Colonies of New England in 1656.

CAREY, IDAHO.

Farewell Social to Elder J. R. Adam son-Place for Homescekers.

Carey, Blaine Co., Idaho., Oct. 9 .- A farewell missionary party was tendered Elder John R. Adamson, a young man of this place, who took the train for Salt Lake City today on his way to a mission in the Southern States. A very good program was rendered, after which dancing was indulged in till 12 o'clock. Brother Adamson leaves beo clock. Brother Adamson leaves be-hind him a most excellent record for hard, faithful work among the societies of the young people of this place, and his friends expect much of him in the missionary field. missionary field. Since receiving his call, he has done a considerable amount of missionary work among the young men of his own age; and a good many of the boys appear to be interested more than ever in the work, probably to the extent of being ready for a call when it comes to them.

A good harvest, good weather, and rain enough to make the ground right for fall plowing, have filled the farmers of this community with thanksgiving that they live in such a good locality; and another month of clear weather will

vill see them ready for winter. A representative of a number of families from southern Utah passed through here last week in search of a suitable place for homes for his friends, and said that this is the best locality he has seen on his trip of about six hundred miles: and he will report favorably on this vicinity as a place for them to come to.

MESA CITY, ARIZONA. PIONEER LAID TO REST.

Sarah M. Holman Johnson Gone to Her Reward.

Special Correspondence,

Mesa City, Maricopa Co., Ariz., Oct. 7. -Another pioneer woman has gone to her rest. At Mesa City, Ariz, on Oct 4, 1991, Sarah Millssa, wife of Patriarch B. F. Johnson, passed away from dis-B. F. Johnson, passed away from dis-eases resulting in blood poison. She was born in Kirtland, Ohio, Nov. 18, 1826, and was blessed in the Temple there. Her father, James S. Hoiman, and family, with the Prophet and many others, fied to Miscouri in the winter or spring of 1837-5 to experience the ter-rors of that persecution and expulsion

county in 1851, where he ing to Utah was ordained the first Bishop at Santa-There she was married in 1856 quin. to B. F. Johnson, to whom she bore eleven children, seven sons and four daughters, all surviving her, together

with over sixty grandchildren. Aunt Melissa, as she was so lovingly alled by kindred, friends, and called all who knew her, was a true Latter-day Saint, a faithful wife, a loving mother, devoted to her duties as president or as counselor of Relief Societies, in which work she was always engaged, and wherever her lot was cast her influence was felt for good.

Her funeral was as an ovation of love, mingled with sorrow and tears vreaths of lovely flowers covered the beautiful white casket in which she

vas laid to rest. It is still a time of health, peace and common prosperity in this Stake of Zion. But while our outside friends appear animated by the prospect of statehood, large railroad extensions beet sugar plant, water storage, and other plans for the future development of this country, our inside condition here just now is much like the "Spring windle" in a colony of bees, But those who throw away their inheritances will never be able to buy them back, for real values here will in time, like lower Cal., go up clear out of sight, for this alley has before it a grand future. .

Crowell, a regent of the Mr. State University of Kansas, a typical example of the strenuous life of today, convict system, Mr. Kennar, said that conditions there had unquestionably a college graduate, with a later mas-ter's degree from Columbia, who rehanged for the better since he visited that country fifteen years ago .- Chicasigned from the prosecuting at-torneyship of Atchison county after four years to engage in the grain business with the famous

Liberians Will Navigate the Manna.

ge Tribune.

London, Oct. 12 .- The Associated Press learns that the Liberian officials who arrived in England early in Aug-ust, with the object of obtaining from Great Britain the right to navigate the Manna river, have been successful, despite the fact that Great Britain was unwilling at first to grant the request of the republic.

In addition to this the envoys dis-cussed with colonial officers further and more propositions. These were more propositions. These were put in the form of a memorandum, which is now being submitted to the Liberian government. If, as is thought most probable this memorandum is ratified, Liberia's international status will be considerably strengthened.

Happiness depends very much on the ndition of the liver and kidneys. The lis of life make but little impression n those whose digestion is good. You

aid meeting. By order of the Board. HEBER M. WELLS. President.

M. A. BREEDEN, Secretary, GOOD GIRL FOR GENERAL MOUSE-work. No washing, @ E. First North.

REASONS FOR BAD EYESIGHT

are easily accounted for, but the correcting of bad eyesight is not always ao easy. Care should be exercised when conaulting anyone about the eyes. and it should be remembered that everyone who has a stock of eye glasses or specticals is not an experienced optician. Bad glasses are always worse than none.

EYES EXAMINED FREE.
