LAST NIGHT'S NEWS.

A Constitutional Amendment for Electing the President by Popular Vote.

A Bill for the Establishment of a Health Bureau for the United States.

Unpleasant Relations Developed Between the German and Spanish Governments.

Another Interesting and Vigorous Debate in the British House of Commons.

A Number of Severe Disasters and Criminal Cases.—Other News Notes.

By Telegraph to the NEWS.

WASHINGTON.

A Needed Amendment.—A Health Bureau, etc.

WASHINGTON, Dec. 4.—Representative Stone, of Kentucky, today introduced a joint resolution proposing an amendment to the constitution providing that the President and Vice-President be chosen every fourth year by a direct vote of the people. One section of the joint resolution forbids the holding of any local or state elections, except for members of Congress, on the day set apart for the election of President and Vice-President. The election is to take place on the first Tuesday in November.

This morning the Senate finance committee briefly considered the tariff bill which Allison announced yesterday he would call up today. They also had informally under consideration the Sherman bill declaring

UNLAWFUL TRUSTS

and combines in restraint of trade and production, reported with amendments to the Senate in September.

William H. Heald, of Delaware, has been appointed examiner of national banks for Oregon, and the territories of Washington, Idaho and Montana.

Senator Gibson introduced a bill today for the establishment in the Interior Department of a bureau of health, to be under the direction of a committee who shall receive an annual salary of $5000. It provides for the appointment by the President of a health commission to be composed of twenty members, who shall be divided into twenty sections, as follows: Five for yellow fever sections, and three each for the cholera, typhoid, scarlet fever, small-pox and

DIPHTHERIA SECTIONS.

Each member shall receive $1200, and it shall be his duty to investigate the cause and origin and best mode of the prevention of the diseases mentioned. Five members of the commission shall be organized into a quarantine district. Its duty shall be to examine into and report the efficiency of the quarantines at the various seaports of the United States. Upon the report of the commission to the health commissioner that the quarantine service at any port is inefficient, the commissioner is required to direct the collector of customs at the port to refuse entry to any vessels, goods or persons coming from the infected places, unless the vessel shall have undergone quarantine at some national quarantine station. The commissioner is directed, whenever called on by the governor of a state to make rules and regulations and take measures for the suppression of any

INFECTIOUS DISEASES.

It is made the duty of the consular officers to make weekly reports to the health commission in regard to the sanitary condition of foreign ports. It is made unlawful for any person to obstruct commerce between the states or with any foreign country except in accordance with the rules prescribed by the health commissioners.

Three Senators, Plumb, Berry and Dolph, and Representative McRae, today introduced bills similar in their provisions to allow persons who have abandoned or relinquished their homestead entries to make another entry. The bills introduced today provide that any person who has settled on the public domain, who has not yet perfected his title thereto, and who may not be able to subsist on the lands by drouth, the whole or partial destruction of his crops, sickness, etc., may take another homestead entry in place of the abandoned claim.

THE WORLD'S EXPOSITION.

A meeting of the board of promotion of the proposed Constitutional Centennial and the World's Exposition was held here today. A resolution providing for a committee to wait on Congress and urge the passage of pending bills providing for the proposed celebration and exposition was discussed and unanimously adopted.

The Postmaster General has ordered free delivery at Spokane Falls, W. T., and Walla Walla, W. T.

The Secretary of War has issued a general order directing that when not prevented by active service, all available infantry, cavalry and light artillery shall devote a part of each summer to practice, marching, encampments, maneuvers and other field operations simulating active war. For this purpose the

AVAILABLE FORCE

of each division or department will be assembled in as large bodies as practicable, having due regard to economy and the location of the Indians who may possibly require control. The concentration will in general be made by marches, but in some cases when the state of the appropriations will permit, the infantry may be moved by rail to and from the places of concentration for the purposes of joint operations with mounted troops.

Disasters.

NEW ORLEANS, Dec. 4.—A fire this afternoon destroyed the building occupied by James Boyle & Co., wholesale notions and clothing and Eugene Dupree, wholesale boots and shoes. The losses aggregate $125,000.

SYRACUSE, N. Y., Dec. 4.—A dispatch from Cortland at 1:30 o'clock says the Cortland wagon works are in flames with no hope of saving them.

MUSKEGON, Mich., Dec. 4.—The greatest timber fire Muskegon has ever had broke out among the timber piles on Hackley & Hume's docks this afternoon. The fire burned fiercely owing to the high wind prevailing. Between 7,000,000 and 8,000,000 feet of lumber burned, entailing a loss of about $150,000. Partially insured.

PITTSBURG, Dec. 4.—An explosion of a ladle of molten metal at Shoenberger's iron mill this evening fatally burned John Dwetzer, aged 35, and John Worley, a ten-year old boy, and seriously injured three Polish workmen.

LONDON, Ont., Dec. 4.—This afternoon the southern wall of McCreary's building, left standing after the recent fire, fell upon a gang of workmen. Two were fatally injured and twelve others more or less hurt.

LEXINGTON, Ga., Dec. 4.—A negro woman locked her three children in a house and went visiting. During her absence the house had burned to the ground and the children perished.

Charley Mitchell.

PHILADELPHIA, Dec. 4.—Charles Mitchell had an operation performed on his left hand by Dr. Dougherty today, and will hardly be in shape for a fight for some time to come. Mitchell's third and fourth knuckles were knocked out of place in the fight in France, and it was found that the hand would never be strong till the bones were returned to their proper places.

BERLIN BITS.

Spain a Subject of Interest.—Socialism, Etc.

BERLIN, Dec. 4.—The Emperor drove out today, his first outing in ten days.

Among the late orders issued by the Emperor is one prohibiting officers in Berlin and other garrison towns, under penalty of five days' arrest, from using civilian dress when off duty. The custom has been growing among the officers to throw aside their military garb on every possible occasion. This does not meet with the Emperor's aim, his object being to glorify military functions.

The report that the government intended to ask an appropriation of 50,000,000 marks for the

FIELD ARTILLERY

has become a subject for question in the Reichstag. General Von Schellendorf admitted that it was time that in view of the large artillery equipments of foreign countries, an increase of German artillery equipments was under consideration, but it was untrue that the sum of 50,000,000 marks would be demanded.

The response left the members in the dark as to what amount would be added to the budget and increased the distrust previously felt.

The spread of socialism appears to affect even the veterans. The soldiers' associations are uneasy under the indications of discontent among the veterans. The Emperor desires that no soldiers' association, old or new, shall be authorized, unless the statutes of such an association contain an article

AFFIRMING ATTACHMENT

and devotion to the Emperor. Such associations must also exclude from discussion at their meetings all political and religious questions.

The new Spanish embassador, Count Fascone, arrived here yesterday. Count Benomar has not yet presented his letter of recall, and is, therefore, still recognized as Spain's representative here. The relations between Germany and Spain are becoming decidedly unpleasant. Herr Stumm, German minister at Madrid, recently sounded Señor Armijo, Spanish minister of foreign affairs, in regard to the attitude of Spain in the event of war between France and Germany. Señor Armijo gave an aggressive answer. He said he hoped that Spain would have no occasion to interfere with the neutrality that suited her interests.

The dispatch was sent to Count Benomar, and communicated by him to Prince Bismarck. This emphasizes Señor Aamijo's hostility to the

TRIPLE ALLIANCE.

Señor Armijo declares Count Benomar should not have disclosed the nature of the dispatch, and that the dismissed minister is too much of a Prussophile to be in the service of Spain. The Spanish foreign minister proposes to try Count Benomar before the state council. This incident does not tend toward the friendly reception of Count Fascone.

The Commons.

LONDON, Dec. 4.—In the Commons this evening, Lord Randolph Churchill moved to adjourn the debate in order to discuss the sending of troops to Suakim. He said he believed the government was going against the advice of high and responsible military authorities. For what end was a mere handfull of British soldiers exposed to an encounter with the Soudanese?

Stanhope, Secretary of War, defended the action of the government and the motion was rejected.

O'Brien, resuming the Irish debate, made a long and vigorous attack upon Balfour for his treatment of Dunn Mandeville. He defied Balfour to face the English people again and try to do to death the Parnellites who refused to acknowledge themselves miscreants.

Balfour, replying, entered a denial of the charges. He said the matter had now been thoroughly threshed, and it might safely be left to the judgment of the country.

G. P. O'Connor and Harrington followed.

Ellis' motion relative to the reduction of the Irish appropriations was rejected by a vote of 235 to 181.

In the Lords, Lord Ashbourne moved the second reading of the bill providing for the extension of the land purchase.

Earl Spencer introduced an amendment and made a speech in which he attacked the salient features of the bill. His amendment was defeated without division.

Lord Randolph's challenge of the policy of the government in Egypt in the Commons tonight was a surprise to the conservatives and nearly caused the government a serious defeat. During the debate messengers were sent in all directions to drum up the absent conservative members. At one time the government whips, seeing the opposition growing in force, despaired of the result. The liberals were alive to the numerical weakness of the ministerial supporters and sought to cut short the discussion in order to have an early division. The government, however, succeeded in postponing the division until their benches began to show a majority. The conduct of Lord Randolph Churchill was severely censured by the conservatives.

After the Sugar Trust.

NEW YORK, Dec. 4.—General Roger A. Pryor, for the people of the State of New York, this morning opened the sugar trust presecution in the supreme court. The particular trust under consideration today is the North River Refining Company.

Attorney-General Tuber supplemented General Pryor's argument.

Ex Chief Justice Daly opened for the defense. He deemed that his company had not abused its privileges. The price of sugar had not been increased and the management was simply to promote economy, to protect them against unlawful combines of workmen and give each refiner the benefit of the appliances of others.

Appeal Dismissed.

NEW YORK, Dec. 4.—The court of appeals today dismissed the appeal of Charles G. Francklyn from the decision of the general term of the supreme court, requiring him to make an accounting to Sir Bache Cunard, in transactions involving about $3,000,000. Francklyn, it will be remembered, was president of the Horn Silver Mining Company and handled the money of Sir Bache Cunard, who was interested in the company. He was arrested in October, 1887, on the charge of wrongful conversion to his own use of cash and securities belonging to the complainant. The history of the case since is well known.

The "Haytien Republic."

NEW YORK, Dec. 4.—Captain Ramsey of the United States cruiser *Boston*, has come ashore. He says from inquiry on arrival at Port au Prince in regard to the seizure of the steamer *Haytien Republic*, he found she had been selling munitions of war and was going up and down the coast carrying insurgents. She was taken by the Haytien man-of-war and condemned apparently in the regular way.

Spinner Nearly Blind.

AMSTERDAM, N. Y., Dec. 4.—General F. E. Spinner, ex-United States treasurer, in writing to a friend in this city, said:

"I have a sore on my face that is said to be a species of cancer. A doctor is treating it and thinks he can cure it. The treatment affects my eye to such a degree as to make me nearly blind. I am forbidden to either read or write and I write this simple acknowledgment with pain and contrary to orders."

General Spinner is living at Pablo Beach, Florida. He is 86 years old.

It is pleasing to reflect that there is one place where all people are equally beautiful, and that, of course, is—in the dark.

POLITICAL POINTS.

Italy Concurs.—The Vote of Washington Territory, Etc.

NEW HAVEN, Dec. 4.—The municipal election today resulted in the complete overthrow of the democrats, the republicans electing their candidate for mayor, (the first time in six years), their candidate for town agent (the first time in ten years), and receiving a majority of aldermen and council.

ITALY'S APPROVAL.

ROME, Dec. 4.—*Reforma*, referring to President Cleveland's message, approves of the suggestion that the laws relating to the naturalization of immigrants be revised. Although five years was sufficient when the Union did not contain 60,000,000 inhabitants, it was insufficient now. Many immigrants abuse their rights in order to escape duties towards their mother land, especially military service. This state of things causes serious inconveniences.

INDIANAPOLIS, Dec. 4.—About the only out-of-town caller of note upon the President-elect today was General J. A. Williamson, of Iowa, ex-commissioner of the General Land Office, who is en route to Boston. Speaking of Senator Allison's probable membership of President-elect

HARRISON'S CABINET,

the ex-commissioner stated he was inclined to believe after a long acquaintance with the Iowa senator, that he did not care to leave the Senate at present. After Allison, he felt confident Clarkson was the choice of the Iowa republicans.

Tomorrow if the weather is pleasant, the President-elect proposes to take a holiday and enjoy a little grease shooting. A few days ago he received a handsome present from Syracuse, N. Y., of a new patent double-barrel, hammerless shotgun. It is elegantly mounted in gold plate and set in the stock is a small gold design upon which his name is engraved and the words, "Protection to American Industries." The party will leave tomorrow over the Indianapolis, Decatur & Springfield road. The car will be switched off at each small station, and from that point they will make a circuit and scour the fields for feathered game.

WASHINGTON'S VOTE.

PORTLAND, Or., Dec. 4.—The official canvass of Washington Territory shows the vote for Congressional Delegate was, Allen (republican), 26,290; Voorhees (democrat), 25,926; Greene (prohibition), 1,127. Out of fourteen district attorneys in the territory, ten republicans were elected. The legislature on joint ballot stands, republicans 28, democrats 3, independents 2.

SAN FRANCISCO, Dec. 4.—The executive committee of the state board of trade today adopted a memorial to General Harrison, asking him to select one member of the Cabinet from the Pacific Coast.

CRIMINAL CASES.

Wholesale Arson.—The "Q" Dynamiters, Etc.

JANESVILLE, Va., Dec. 4.—The town was nearly destroyed by fire on Friday night, with a loss of $100,000.

Yesterday Henry O'Ballon, one of the heavy losers, charged Daniel C. and Berry Craig with setting the town on fire. Last night the Craigs were killed.

MURPHYSBORO, Ill., Dec. 4.—Mrs. Jennie Greenwell, of Grand Tower, Ill., has been lodged in jail here on a charge of murder. She separated recently from her husband, Robt. Greenwell, and meeting him on the street on Saturday evening, shot him twice through the body. The wounds were fatal. Jealousy seems to have been the cause of the shooting.

Mrs. Greenwell is a beautiful brunette of about 27 years of age. Robert Greenwell, her husband, was a son of Judge Joseph Greenwell, formerly a prominent resident of Perry County, Mo. Mrs. Greenwell claims that she intended to commit suicide when she met him on the street, but he prevented her, when on lowering the revolver it went off accidentally, hitting him. The trial will develop sensational features.

THE DYNAMITERS.

GENEVA, Ill., Dec. 4.—The trial of the Chicago, Burlington & Quincy dynamiters began here today, with Judge Wilson presiding. The defendants' counsel did not arrive here from Chicago until 11 o'clock, and when the case was called they moved to strike out of the indictment either the twenty-six counts which charge conspiracy or the two alleging that the defendants contributed money for the purchase of dynamite with which to destroy the property of the railroad company. This was promptly overruled and the selection of the jurors began, and when the court adjourned for the day three had been agreed upon.

VIENNA, Dec. 4.—Many houses have been searched and several arrests made at Trieste in connection with a revolutionist plot discovered through recent arrests at Venice of irredentiste, suspected of having

DESIGNS UPON THE LIFE

of Emperor Francis Joseph. The details are kept secret.

ST. LOUIS, Dec. 4.—A special to the *Republican* from Evansville, Ind., says: A sensation was created by the announcement that Simon Weil, a member of a prominent firm of traders, had decamped with some $15,000 which he is alleged to have defrauded Kentucky farmers out of.

CANYON CITY, Col., Dec. 4.—At 4 o'clock this morning twenty armed men succeeded in effecting an entrance to the jail. They overpowered the sheriff and tore the steel cage down and got into Witherill's cell. The prisoner broke up his bed and with a portion of the frame knocked several of the mob down. Three shots were then fired by members of the party and Witherill fell to the floor with a shattered shoulder. He was immediately carried, without resistance, a short distance from jail and strung up to a telegraph pole and his body left hanging till daylight this morning.

The Southern Utes.

DURANGO, Colo., Dec. 4.—The commission appointed to treat with the Southern Utes for their removal to the new reservation, completed their labors at the agency today by giving the Indians a barbecue dinner, and after spending a day or two in this place will leave for Washington, when the treaty will be submitted to Congress for approval. The points of the treaty are as follows: The new reservation commences on the north bank of the San Juan River, where it crosses the Utah and New Mexico line, thence extends north 75 miles, thence west to the Colorado River, thence down the Colorado River to the San Juan River and up the San Juan to the starting point, embracing over one million acres of land in southeastern Utah. In addition, the Indians are to receive $50,000, or $5000 each year for ten years, and when located on the new reservation, $20,000 worth of sheep. The Indians appear willing, and many express a desire that the treaty may be ratified by Congress during the present session.

Francis Joseph.

VIENNA, Dec. 4.—Emperor Francis has received an autograph letter from Emperor William congratulating him on the fortieth anniversary of his accession to the throne. He renews his amicable assurance of personal friendship, and declares indissoluble the alliance binding the monarchy and empire.

King Humbert also sent cordial congratulations.

Time: Ada—I know that Elsie loved her lap dog, Flossie.

Ella—How do you know?

Ada—When the poor doggie died she had him buried in her new French bonnet.

A Safe Investment

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

TRADE S.S.S. MARK

An Important Announcement

About six weeks ago, while at business, I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to almost double their natural size, and sleep was driven from me. After suffering the most excruciating pain for a week, using liniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it. I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once got the S. S. S., and after using it the first day, had a quiet night and awoke next morning with my strength greatly benefitted. In three weeks I could sit up and walk about the room, and after using six bottles I was well and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from nine to ten hours a day, and am entirely free from pain. These are the plain and simple facts in my case, and I will cheerfully answer all inquiries relative thereto, either in person or by mail.

THOMAS MARKILLIE,
11 W. 18th street, New York City.

NASHVILLE, TENN.—I have warded off a severe attack of rheumatism by a timely resort to Swift's Specific. In all cases where a permanent relief is sought this medicine commends itself. For constitutional treatment that thoroughly eradicates the seeds of disease from the system.

Rev. W. P. HARRISON, D. D.

NEW YORK, 81 7TH AVE.—After spending $200 to be relieved of Blood Poison without any benefit, a few bottles of Swift's Specific worked a perfect cure.

C. FOSTER.

VIENNA, GA.—My little girl, aged six, and boy, aged four years, had scrofula in the worst aggravated shape. They were puny and sickly. To-day they are healthy and robust, all the result of taking S. S. S.

JOE T. COLLIER.

LADY LAKE, SUMTER CO., FLA.—Your S. S. S. has proved a wonderful success in my case. The cancer on my face, no doubt, would have soon hurried me to my grave. I do think it is wonderful, and has no equal.

R. H. BYRD, Postmaster.

WACO, TEXAS, May 9, 1888.

S. S. Co., Atlanta, Ga.:

Gentlemen—Knowing that you appreciate voluntary testimonials, we take pleasure in stating that one of our lady customers has regained her health by the use of four large bottles of your remedy, after having been an invalid for several years. Her trouble was extreme debility, caused by a disease peculiar to her sex. WILLIS & CO., Druggists.

Three books mailed free on application. All druggists sell S. S. S.

Drawer 3, Atlanta Ga.
New York, 159 Broadway.

U. S. GOVERNMENT APPROVAL.

So well known are Dr. Price's Cream Baking Powder and Flavoring Extracts for their strength, purity and excellence over all others, that they have the approval of the U. S. Government and are used at its various military posts.

The use of these articles is recommended in every family by the leading Chemists of the United States. They certify that they are the strongest and purest, free from Ammonia, Lime, Alum and other deleterious substances, and authorizing publications over their own names that bread prepared from Dr. Price's Cream Baking Powder is the most wholesome cereal food known to civilization. 8
