

HEBER LEE IS

STRICTLY SOBER

Well Known Shipping Clerk of the H. Dinwoodey Company Suddenly Dies This Morning.

FAMILY ARE DISTRACTED.

Mr. Lee Left Home This Morning Apparently in Good Health and Was Not Known to be Seriously Afflicted.

Without showing any symptoms of serious illness, Heber Lee of 174 West North Temple street, suddenly dropped dead this morning at 10 west Second and South street. The cause of his death is thought to be heart failure. Mr. Lee has been an employee of the H. Dinwoodey Furniture company since 1885.

He reported to work this morning as usual, but soon felt so badly that he went down to a lounge, where a fellow employee noticed him, and suggested that he go home. He agreed to the suggestion and left the store, going south on Main street to the office of Dr. H. S. Scott, his physician. Not finding the doctor in his office, he telephoned to his residence, and secured a prescription. Dr. Scott telling him he would come down to the office at once and see him. To this suggestion Mr. Lee assented, but he was not to see him. He then started for home but dropped into the LaVelle cigar store at 10 west Second South, to purchase a cigar. After being waited on, he complained to William Haywood, an old friend whom he met in the store, that he had felt bad during the night, and that he guessed he would not long survive if any more such attacks seized him. He had suffered from stomach trouble for many years, and last summer had undergone an operation in the hopes that it would benefit him.

"Right after that," said Mr. Haywood in narrative, "what took place, Heber's muscles began to twitch, and he fell over into my arms unconscious. I held him for perhaps a minute, while others who were present went for a doctor. In perhaps four minutes Dr. Beer arrived, and he pronounced the patient dead."

A SAD HOME SCENE.

It was a sad scene which followed at the home of Mr. Lee at 174 West North Temple street. His wife, Mrs. Lee, Mrs. Pitt, were in the home alone, when a neighbor brought them word of Mr. Lee's death. Just before this James H. Lee, a brother, had driven rapidly to the place and asked for Heber. He had been informed over the telephone that Heber was very sick, and learning from James Dinwoodey that he had gone home, he had come to the house. On learning that Heber had not arrived, James H. went back to the store and charged his fellow workmen with playing a mean trick upon him. In the meantime another telephone message was received stating that Heber was at the LaVelle cigar store, to which the brother started, and found that the unfortunate establishment of Joseph Wm. Taylor had been placed in charge of the remains and that they had been removed. He then rushed back to join the sorrowing household to which the news of the sudden death had brought distraction.

BORN IN SLATERVILLE.

Heber Lee was born in Slaterville, now known as North Ogden, July 24, 1858. His father, Andrew Lee, and his mother, died in 1885, and 1885 respectively, leaving a son, James H. Lee, and three daughters, Rachael, Charlotte, James H. and Heber. The two boys, Heber and James H., went to work for the Dinwoodey company, and have remained permanently with the institution ever since. Mr. Lee was not a member of any fraternal lodge, and so far as outside affairs, he had no social affiliations outside of his family. His wife, whom he married in 1887, was Miss Caroline B. Pitt, a sister of Harold Pitt, who is in the Philippines. They have no children. In the Dinwoodey store Mr. Lee was more than an employee. He was a nephew of the late Henry Dinwoodey. When he started to work there, a boy 42 years of age, Mr. Dinwoodey took him to his home, together with his brother, James H. Lee, and he raised the boys to maturity, treating them like his own sons. James H. now resides at 567 south Second West, while Mrs. Rachael Noble, a sister, resides in Arizona, and Mrs. Charlotte E. Jeffries, another sister, resides at 1115 West Second south street. Mrs. Lee resides with her mother, Mrs. Pitt, at the old Pitt corner on First West and North Temple streets.

The secret of fashionable beauty. I asked the question of a noted beauty specialist. "In order to be round rosy, plump, very pretty and stylish take Holister's Rocky Mountain Tea. 35 cents. Z. C. M. I. Drug Dept. 112-114 So. Main St."

SIGNED BY GOVERNOR.

School Teachers Take Interest in New Law Raising Tax Levy.

School teachers generally throughout the city are taking great interest in the new law which raises the tax levy for school purposes. The law which is among the last signed by the governor, raises the levy one mill for support and maintenance and half a mill for building. The text of the new law, which is already in effect through the operation of an emergency clause, is as follows:

Section 1. That section 1236, Revised Statutes of Utah, 1896, as amended by chapter 127, Laws of Utah, 1901, be and the same is hereby amended to read as follows:

1906. That the Board of Education shall, on or before the first day of May of each year, prepare a statement and estimate of the amount necessary for the support and maintenance of the schools under its charge for the first day of July, next hereafter, also the amount necessary to pay the interest accruing on all bonds issued for the first day of July, next hereafter, and also the amount of sinking fund necessary to be collected during such year for the payment and redemption of such bonds, and shall forthwith cause the same to be certified by the president and clerk of such board, and the same shall be assessed and collected, and the same shall be used for the purposes herein provided, and the said county officers are hereby authorized and required to place the same on the tax roll. Such taxes shall be collected by the county treasurer or other taxes are collected, but without additional compensation for assessing and collecting, and he shall pay to the treasurer of said board, promptly

Scrofula

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during childhood. It may then produce dyspepsia, catarrh of the bowels, and other troubles, before manifesting itself in such enormous eruptions of glandular swelling.

Hood's Sarsaparilla

to rid you of it radically and permanently. In usual liquid form or in chocolate tablets known as Sarsaparilla, 100 Doses \$1. Guaranteed under Food and Drug Act, June 30, 1906. N. Y. C.

as collected, who shall hold the same subject to the order of the board of education, provided, that the tax for the support and maintenance of such schools shall not exceed in any one year six and one-half mills on the dollar up on all taxable property of said city of which at least three mill shall be assessed otherwise than for the payment of teachers, and shall not exceed one and one-half mills additional on the dollar in any year to be used exclusively for the purchase of school sites and the erection of school buildings.

Sec. 2. That act shall take effect upon approval.

MARTIN COAL CO.

FEMALE GRAFTER.

Smooth Woman "Borrows" Sums of Money From Various Business Men.

All of the morning newspapers today have more or less sensational stories about the smooth work of an alleged woman grafter. They give her name as that of Mrs. Brown, her maiden name was Moffitt. She is accused of making persistent and profitable calls at the offices of business and professional men, and under the pretense of a child's acquaintance, to secure from them a sum of money ranging from \$1 to \$5, or as much more as she can get. Accompanying her are two small children, for whom she pleads, saying that they are hungry and in distress. It is a woman of about 35 years of age, and to have the desired effect. According to the morning press, this woman has just started upon the career of a professional woman grafter, and has been successful in the business for a long time. It is nearly two years ago that she came into the Deseret News establishment and secured money in a similar manner, by claiming a girlhood friendship with the wife of one of the editors and saying that she had just come down from Park City to visit relatives, and that owing to their temporary absence from the city she was obliged to go to a hotel to stay until their return. The "loan" was never returned. The young woman will be remembered by many of the readers as a former bicycle rider, with numerous state records. Her victims during the past year or so are many, and her pretended acquaintanceship with the friends of many of the editors and the friends of the state and states merely a means to an end. It is said the police are looking for her, but she should not be difficult to find, as she is a familiar figure on the streets, with her two children at her side. It is not believed the children or the woman come of respectable family, and the matter comes under the jurisdiction of the state land board to handle.

There are many tonics in the land as by the paper you can get. None of them can equal Holister's Rocky Mountain Tea. 35 cents. Z. C. M. I. Drug Dept. 112-114 So. Main St.

WESTERN MARKET LETTER.

Special Correspondence.

Kansas City Stock Yards, March 26.—The cattle supply last week was moderate at 38,000 head, of which about 10,000 were beef steers, cows and heifers and stockers and feeders, but there was a break of 5 to 10 cents on medium and heavy weight steers, and a steady demand for heavy cuts of beef, and this has shifted the demand more to the lighter cuts. A great deal of corn yet remains in the country, and pastures are almost a month ahead of time this spring, two features that hold up the markets on country. The price of the corn is 12,000 head, market steady to the lower, distributed along the lines laid out in the conditions last week, namely heavy beef grades getting 45 to 47.50, and there ranging from that to a steady basis. Colorado fed steers are worth 44.25 to 45, cows 35 to 44, feeders 35 to 44, stockers 35 to 44, stock calves 35 to 44. The supply of sheep and lambs last week was 10,000 head, of which 5,000 were for this season, but the market declined 10 to 20 cents during the week, mainly on account of bad conditions elsewhere. The price of the corn is 12,000 head, market steady to the lower, distributed along the lines laid out in the conditions last week, namely heavy beef grades getting 45 to 47.50, and there ranging from that to a steady basis. Colorado fed steers are worth 44.25 to 45, cows 35 to 44, feeders 35 to 44, stockers 35 to 44, stock calves 35 to 44.
