

At 10 a. m. the Tabernacle was filled with a happy people who appreciate the peace and happiness that reigns in our mountain home, and who are prepared, by the help of God, to sustain it.

The exercises were as follows: Committee of arrangements—Messrs. William H. Warner, Joseph W. Vickers and John Foot.

Choir sang: "My Country 'tis of Thee," tune "America." Prayer by the chaplain, Bishop Charles Sperry.

Sabbath school choir sang: "Ring the Bells of Heaven."

Reading of the Declaration of Independence by T. H. Parks.

Salute. Music: "Hail Columbia," by Captain Hawkins' Brass Band. A masterly oration by W. A. C. Bryan, Esq. Band played "Red, White and Blue." Some of the sentiments read were as follows:

"To sustain righteous principles, true liberty is the noble aim of every true patriot."

"May the sons of Zion prove true patriots."

"Liberty for freemen, bondage for slaves." "None but the brave deserve the fair," etc.

Mrs. S. A. Andrews sang "You Naughty Men." A comic recitation "Burdock's Goat," by Mr. Fred. Chappell. An excellent organ solo by Mr. Helen Grace.

A trio by Miss Lucy Evans and sisters, followed by a musical quartette by Messrs. John, Timothy and George Foot with H. T. McCune, Jr., next.

A serio-comic song, followed by a solo on the cornet by Mr. Jas. Darton, then a duet by Misses Kendall and Parks. Song by Mr. Enoch Bowles, "She Wore a Wreath of Roses."

"Speak Gently," a very pretty song by Mrs. Elizabeth Grace. Recitation by Mr. T. Schofield, "The Western Lawyer."

A short speech from President George Teasdel, who moved a vote of thanks to the committee and all who had contributed to make the entertainment such a success. Carried unanimously.

The Sabbath School Choir sang; Benediction by the Chaplain.

In the afternoon the children enjoyed a dance in Captain Hawkins' Bowery.

In the evening a very pleasant dance was had in the Social Hall, quite a social time.

The day passed in a very quiet and orderly manner. More social gatherings and display of fireworks than formerly.

EDITORIAL NOTES.

The United States produce thirty per cent. of the grain of the world, and thirty-one per cent. of the meat.

Judge Thurman of Ohio believes a stringent license law to be the only proper method of regulating the liquor traffic.

The International Electrical Exhibition, which was to have been held at Vienna during the present year, has been postponed until August, 1893.

The German government can put 964,872 soldiers into the field at twenty-four hours' notice, but it won't do so until somebody knocks the chip off its shoulder.

The Germans are fast coming to realize the advantages of having type like the rest of the modern world. Fully forty per cent. of the books printed in that country in 1890 were in Roman.

It transpires that two important acts passed by the New York Legislature have been defeated by incorrect engrossing—the new city charter of Albany and the charter of a public library at Rochester.

A practical use has at last been found for the cactus (we may now hope for a like result with the corner politician). It has been found that grapes, melons, cucumbers and tomatoes will thrive from cuttings inserted into cactus trunks. So that now "The desert may literally blossom as the rose."

A witty remark was that of an estimable Sacramento lady the other day, who on being called upon to name the fifth child of her married daughter, consented, and immediately dubbed the youngster "Enough." In the East it is the fashion to cry "Enough" at the naming of the first child.

"Never whip children just before they retire to rest. Let the father's caress, the mother's kiss be the last link between the day's pain or pleasure and the night's sleep." So we read in many papers religious and secular. Very good. But would you reserve the deserved spanking till the dawn, and start them out with pleasant recollections for the whole day.

The *British Medical Journal* says that a castor-oil plant was placed accidentally in a room swarming with flies, but almost immediately the flies disappeared, and flies were found under the plant, or clinging to its leaves dead. The leaves are said to give out a property deadly to insects. Who knows but that the mosquito, too, may succumb to castor oil, and that New Jersey and Staten Island may yet enjoy life, even in the dog days.

Perfectly Amazed.

In the San Francisco *Evening Bulletin*, we observe that Mr. Rosenthal, of the well known printing firm, Rosenthal & Roesch, 538 California street, of that city, said to one of their reporters: "We all know of St. Jacobs Oil, and are perfectly amazed at the suddenness of the relief it affords. If you know of any one who is suffering with rheumatism, bruise or sprain, tell them to use St. Jacobs Oil."

Certainly an elegant remedy for all aches and pains is St. Jacobs Oil, says Dr. J. Turner, of Shirrell's Ford, N. C., in the *Ravenswood* (W. Va.) *News*.

BROWN'S BLACKBERRY AND GINGER

cures Diarrhoea, Dysentery, Cholera Morbus and all derangements of the Stomach and Bowels, arising from over eating or drinking. Sold by all druggists in Salt Lake and Utah.

No Discovery in Medical Chemistry has been productive of such benefit to the human cuticle as GLENN'S SULPHUR SOAP. All local diseases of the skin are speedily eradicated by it and it is at once the best and most inexpensive clarifier and emollient of the complexion in use. With a box of this Soap, which only costs 60 cents, all the advantages of a series of Sulphur Baths which cannot be enjoyed without incurring considerable expense, are secured. Nothing opens the pores so effectually and no adjunct of the bath so happily combines the properties of a specific and those of a toilet article. All complexional defects are obviated by its use and it invariably mitigates rheumatic pain.

Sold by Druggists. Price 25c. per cake. 1 Box (3 cakes) 75c., sent by mail, prepaid, on receipt of price. C. N. CRITTENTON, Prop'r, New York.

BENEFACTORS.

When a board of eminent physicians and chemists announced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of diseases that most all other remedies could be dispensed with, many were sceptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the discoverers of that great medicine, Hop Bitters, are honored and blessed by all as benefactors.

BROWN'S PEPSIN TONIC is a never failing remedy for the cure of Dyspepsia, Indigestion and Sick Headache. So says Dr. J. J. Dewey, Fairfax, Mo., Hon. Thos. Gardiner, Valley Falls, Kas., W. F. Whittington, Dexter, Tex. and Dr. G. Harriger, Brainard, Neb. And so say hundreds of sufferers who have been cured by this wonderful remedy. FROM "THE TIMES."

Editor of the Times:—In reading the last number of your paper, I noticed you asked all who had been benefited by the letter published in your valuable paper about a year ago, to write you the facts for publication. The letter from Dr. Bates created a great amount of excitement in this vicinity, as he is well and favorably known by every one here. His reputation as a man and as a physician gave every one the utmost confidence in all his statements, and this of course soon made the name "Kendall's Spavin Cure" not only familiar but very popular. In reply to your request I will say: About nine years ago I slipped on the ice and sprained my right limb at the knee joint. I was very lame and suffered excruciating pain much of the time since, and some of the time thought I should be a cripple for life. Dr. Bates' letter printed in your paper gave me so much confidence in the virtues of "Kendall's Spavin Cure" that I tried it for my knee and less than one bottle completely cured me so that I have had no return of pain or lameness, for which, of course, I cannot feel too thankful. Since my recovery I have visited friends in the west and found that the following parties have used it with the grandest results in that part of the country. The Rev. John Rice, Hematite, Mo., used it on his own person for an injury of 35 years standing and performed one of the most wonderful cures I ever heard of. J. L. McClure, of Strong City, Kansas, cured a badly lacerated and poisoned hand, from a hog bite and also removed an enlargement near the hip joint which had become large and troublesome. He also used it for pleurisy and found that bathing his chest with it relieved him at once. To my surprise I found that this wonderful remedy was better known in the west than it was in the east, and I found they were using it there for all animals as well as on human flesh with the very best of results, and I find so many cases wherever I go to confirm the favorable opinion I had already formed of it, that I am glad of an opportunity of telling the readers of your valuable paper what I have learned in regard to it. Hoping to hear from others upon this very important subject, especially important to those who have suffered for years like myself, I remain,

Yours &c.,

J. A. ROYCE.
