DEMOCRATS SAVE REPUBLICAN CHIEF.

In Absence of Mayor Morris it Was Intended to Remove Lynch From Office.

SCHEME FAILED SIGNALLY.

Black and Davis Said to Have Hindered the Movement but They Lacked One Vote—The Plot.

It has been persistently rumored in political circles since Mayor Morris left the city for a visit to Los Angeles that a scheme was hatched among the Republican members of the council to remove Chief of Police W. J. Lynch during his absence and to put a man of their own choice at the head of the department. The failure of A. J. Davis to land the election of mayor pro tem, defeated the plot entirely, and the scheme has failed flat.

From the report being circulated it appears that the friends of A. J. Davis had planned to elect him mayor pro tem and he was to remove Chief Lynch at once. Black is said to have been at the head of the scheme, as he has had a personal grievance against the chief for some time past for the reason that the chief at one time threatened to dislodge the councilman's face unless he ceased abusing him on the floor of the council. A. J. Davis had one vote, however, of the concerted mayor pro tem, and hence Chief Lynch is still at the head of the police department and will remain for some time yet, from present indications.

Various kinds of alliances were attempted in order to elect Davis and to carry out the plan to remove the chief, but the eighth vote was wanting. It is a well-known fact that at least of the Republican members who voted for A. J. Davis had pledged their votes to the chief, and that he did not do so. It is very evident that some influence was brought to bear upon him to induce him to break his pledge and that influence is believed to be the plot which had been hatched to remove the chief of police.

A DAY OF FIRES.

Home of Lewis M. Cannon Destroyed Yesterday—Other Damage Done.

The Salt Lake fire department was kept on the jump yesterday. The day's trouble began with the burning of the home of Lewis M. Cannon on Eighth West and Ninth South streets. The alarm came in at 7 o'clock and the one-story nine-room frame house, valued at \$3,500, was destroyed. The cause of the disastrous blaze was an overheated stove.

The place was insured for \$1,200. The furniture, valued at \$3,000, which included some fine paintings, was practically all saved, so that the loss of contents was but little over \$100, which is covered by insurance. Mr. Cannon had the house on jacks preparatory to moving it to another location just west of the place.

He was the only member of the family home on Saturday night. Sunday morning he started a fire in the kitchen stove and went out to the bar. In a short time he discovered the house in flames. An alarm was sounded and the fire department responded. But the run was a long one and the water pressure low, so there was little chance of saving the place.
