## Sanpete S. S. Conference.

Last Sunday closed the Sanpete S. S. conference in the history of the Sanpete Stake of Zion. The conference was held in the Tabernacle, and the Tabernacle being too small did not accommodate the very large turn-out, so great is the interest manifested in the Sunday school cause. Present on the stand were Elders Griggs and Summers, Dr. J. L. Taylor, and the local Stake and ward authorities.

The general spirit and feeling of the conference was peace and unity, and the principal topics were graduation of work and improvement of methods. President Summers, in his address, was inclined to think that these Sanpete Sunday school members in the stakes, 650 of which are acting teachers, Stake Pres. G. C. Christensen, with friends, Newton E. Noyes and A. M. C. Clegg, are doing their best to make our schools what they should be, models, as for a Stake we lead out in the number of Church schools, and in the excess of Religion Class work; why shouldn't we in Sunday school work?

General Mills, Inc., of Harrisonburg, Virginia, and after carefully examining the country located in Winchester, he writes to Mr. E. H. Barnes, Land and Immigration Agent, Baltimore & Ohio Railroad, that he has selected a site in Harrisonburg, Maryland, for a new mill. The new mill will be built in the early spring state and territory of the United States, and can rank in my opinion that this valley surpasses all other sections in the Union. The roads are now in repair, and produce of flowers, fruit, etc., is abundant. I hope you will send me news, and select those seeking pleasant and profitable homes to locate in this country.
