

PROVO.

PROVO, UTAH.—DEC. 1, 1894.

A Serious Runaway.

Last evening, about 2 o'clock, a team driven by John Gilchrist, in the employ of the St. Louis Steel Range Co., became unmanageable and broke away, but, however, until the horses had been dragged some distance, it was impossible to stop them and horses on the head and right hand, and a fracture of the left hand. After all, they got at the horses and the team ran into a livery driven by Miss Louise Jacobs. The top was torn from the wagon, and the horses were so frightened as to throw over before two Postmen's Robert's lot. The young lady has been an invalid for seven years, and continued to her best of that time. Strange to say she received no severe physical injuries from the accident, but was, of course, badly frightened.

Charged With Adultery.

Andrew Johnson, of Spanish Fork, has been arrested on a charge of adultery alleged to have been committed with Margaret Craig. After examining into the testimony that would be given by the witness, the court remanded him to jail, where he will remain until trial. The trial will be held Monday, when an examination will be held. Johnson has a wife and five children.

The School Election.

Sometime ago the party managers of the two political parties met and agreed to nominate one set of candidates for members of the board of education, to be voted on for the fifth of December. This was done to save expense. The next week was to nominate Republicans and the Fourth, and Fifth wards Democratic. The primaries were held last evening and the following candidates nominated: C. D. Grier, First ward; Thomas John Stevens, Second ward; James J. T. McLean, Third ward; Joseph T. McLean, Fifth ward. The above nominations were in accordance with the agreements made at the meeting of the party managers, but the Fourth ward Republicans refused to nominate any candidate and nominated John J. Haste. The Democrats of the ward nominated E. A. Wilson. If the parties in the Fourth ward cannot bridge over the heavy chasm it may cause the other wards to do the same through the agreements and run two sets of candidates.

Notes and Personals.

It is expected that Presidents Wilcox, Woodruff, Joseph F. Smith, Bishop, and C. F. Williams and George Romney will attend the Mutual Improvement Association conference tomorrow. Bishop Whitney is announced to deliver a lecture to the audience.

Company C, Second Regiment, N. G. D., Captain Deinbaker's company, are expecting their uniforms every day.

Lugan Paul and M. J. Levy engaged in a fight at the opera house Saturday evening. Levy, who is a young boy to dance and Paul said he should not dance with Levy, applying at the same time an insulting epithet to him. The cause of the fight is not known, but both parties were separated, and both were arrested. They asked for separate trials, and the hearing will be had on Monday.

A pleasant reception was given in the Third ward assembly rooms last evening in honor of Eliza W. H. McCullough's return from a mission to the Samoan Islands.

Deputy Sheriff Wilkins took a trip to Idaho yesterday and arrested Joseph McCullough, who is wanted here. McCullough left without a hearing. McCullough put up a \$500 cash bond for his appearance.

AN OPINION PLEASE.

Recently Mr. J. D. Thomas, of North Dakota, visited the Mountain Valley, Virginia, and after capturing several men, including John W. Winchester, he writes to Mr. V. H. Hinman, Land and Immigration Agent, Baltimore & Annapolis, Baltimore, Maryland, as follows: "I have seen in your paper a statement and opinion that this valley surpasses all other sections in the Union. The lands are low in price, and produce profitable crops. I think you for the information you have written that those seeking pleasant and profitable houses in lands in this country."
