

DEFEATED SHIP SUBSIDY BILL

President Deprecates Its Defeat
As a Serious Injury to Coun-
try's Commercial Interests.

GRATEFUL TO SUPPORTERS.

Writes Rep. E. M. Pollard of Nebraska
Saying They Rendered a Patri-
otic Service.

Omaha, Neb., April 1.—Representative E. M. Pollard of the First Nebraska district has received a letter from President Roosevelt thanking him for his support of the ship subsidy bill, congratulating him and other western congressmen upon the view they took of the situation and deprecating the defeat of the bill as a serious injury to the commercial interests of the United States. The president's letter follows:

"Washington, March 19, 1907.—My Dear Mr. Pollard—I feel that it is due not only to you, but to the other western congressmen, the congressmen from the interior who voted for the ship subsidy bill, that I should express to you, not only for you, but for all of them, also, the reasons why I think you have rendered a great and patriotic service.

"At the outset let me emphasize the fact that the present proposed ship subsidy bill has nothing whatever in common with certain previous measures of the same name. There were well-founded objections to certain features of those previous measures; but in the present measure all these objectionable features have been eliminated. I should heartily favor the present measure in any event, but the experience of Secy. Root on his trip to South America, and the course of events upon the Pacific, seem to me to render it of the utmost consequence to pass the proposed bill. As a matter of fact, my only objection to it is that it does not go far enough. I personally, for instance, would like to see a line to South America from one of our Gulf ports.

"I feel that you men from the west who stood by the cause of American shipping in supporting the ship subsidy bill deserve the same praise that should be accorded to those men of the east-coast regions who voted for, and by their votes succeeded in establishing our present system of national irrigation in the states from Kansas, Nebraska and the Dakotas, westward to California, Oregon and Washington. At that time the argument was made to me by many men representing the country east of the Mississippi that it was not fair to ask their support for a measure purely to benefit the states of the great plains and the Rockies.

"My answer to them was that anything that benefited a part of the country ultimately benefited all of it, and that we were in honor bound to support any such measure even if our particular locality was not affected. The same argument applies now in reference to this shipping bill. It is deeply discreditable to us as a nation that our shipping should be driven (and the high seas, and it has thus been driven partly because our steamship lines are quite unable to compete with foreign steamship lines, English, German, Japanese, French, which are heavily subsidized by their governments, and partly because the high standard of wages and of living which we exact for our seamen puts our ships at a disadvantage when forced to compete even with unsubsidized ships of foreign powers. This difference in our foreign and our domestic shipping, taken together, have created an obstacle to the development of our shipping which is insurmountable except by a subsidy, and this obstacle must be cleared away as we would clear away a bar from the mouth of a river.

"I felt that the loss of the ship subsidy bill at this session of Congress was a real blow to our country, and that it was particularly to be regretted because it tended to dampen some of the enthusiasm for closer relations with this country which Secy. Root's visit aroused in South America."

The General Condemnation of So-Called Patent or Secret Medicines

of an injurious character, which indulge in extravagant and unfounded pretensions to cure all manner of ills, and the

National Legislation Enacted to Restrict Their Sale

have established more clearly than could have been accomplished in any other way

The Value and Importance of Ethical Remedies.

Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the well-informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians, and the well-informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

WILEY-HOWARD CASE.

Murder Trial Brought to Close by
Death of State's Last Witness.

Portland, Or., April 1.—A special dispatch from Lewiston, Ida., to the Evening Oregon states that the trial of Ed. Wiley and Carly Howard, on the charge of murdering a packer named Knudsen, in the Salmon River country, has been brought to an end by the death of Mrs. Knudsen, the last of the state's witnesses. The state based its case upon the testimony of Mrs. Knudsen and daughter, at whose house the murder of Knudsen was planned. Mrs. Knudsen died near Grangeville Friday morning and the death of her daughter, who was the only witness in the hands of the county attorney.

The murder of Knudsen occurred about two weeks ago on account of fear of Wiley and Howard, the Scotts are claimed to have withheld knowledge from the county officials until three months ago when the arrest of Wiley and Howard was made.

BIG SUGAR SUIT.

Am. Sugar Refining Co. Answers Com-
plaint of G. H. Earle.

New York, April 2.—The answer of the American Sugar Refining company and Henry O. Haverty and John E. Parsons to the suit brought against them by G. H. Earle as receiver for the Pennsylvania Sugar Refining company, to recover \$20,000 for conspiracy and the prohibition law has been filed in the United States circuit court. The answer is a denial of all charges and is made by the Pennsylvania Sugar Refining company.

After making a general denial the defendants allege that none of the acts mentioned in the complaints came under the anti-trust laws and even if they were true, they are now barred by the statute of limitations.

AT TREDWELL MINES.

Acting Gov. of Alaska Wants Troops
To Keep the Peace There.

Washington, April 1.—The acting governor of Alaska, upon the request of the president for troops to preserve the peace at the Treadwell mines in Alaska, where about 70 miners are reported to be on strike. After securing an opinion from the judge advocate-general of the army to the effect that no troops in Alaska would operate to prevent the use of troops in such a case, the order has been issued to the military commander at the Treadwell mines in Alaska, where about 70 miners are reported to be on strike. After securing an opinion from the judge advocate-general of the army to the effect that no troops in Alaska would operate to prevent the use of troops in such a case, the order has been issued to the military commander at the Treadwell mines in Alaska, where about 70 miners are reported to be on strike.

MOVEMENTS TO SOLVE RACE PROBLEM IN SOUTH.

Atlanta, Ga., April 1.—Two great movements looking toward the solution of the race problem in the south, especially in Georgia, have been launched and have gained the support of some of the most prominent men in the country, according to a statement made by a conference of Atlanta evangelists, who reported to the conference that it is gaining great headway. Five of the wealthiest men in the south, who are reported to have put up \$100,000 for this movement. They contemplate the organization of all the colored men of the south into one great body and the appointment of a commission, composed of the best and most honest men of the south to handle the problem and deal with the situation affecting the relationship of the races.

TACOMA TEAMSTERS STRIKE.

Tacoma, Wash., April 1.—One hundred teamsters employed on street work went on strike today, demanding 36 per cent for men and team and \$2.50. The strike ties up several hundred thousand dollars' worth of work.

Ayer's Sarsaparilla is not a strong drink. As now made, there is not a drop of alcohol in it. It is a non-alcoholic tonic and alternative. Ask your own doctor about your taking this medicine for thin, impure blood. Follow his advice every time. He knows. Trust him. We have an secret. We publish it for the benefit of our fellow-men.

LAND FRAUDS.

Judge M. C. Burch, Special Asst. U. S.
Atty., Issues Statement.

Denver, April 1.—Judge M. C. Burch, special assistant United States attorney-general, in supervisory charge of coal, timber and other land frauds and offenses, leaves for the timber and coal lands in that state, where it is understood he will consult with the district attorney for Idaho in regard to the prosecution of timber and land frauds in that state.

"Dispatches heretofore sent out from Omaha indicating that S. B. Rush, the special attorney of the United States, residing at that place, is to have, in connection with me, the planning and management of this work in the department of justice in Colorado, Wyoming and the west generally, are entirely misleading. Such work belongs to the department of justice at Washington.

"Mr. Rush has no more to do with matters in the territory mentioned than any other attorney of the special staff. Naturally, Mr. F. A. Maynard of Salt Lake, Mr. Ernest Knabe at Denver and Mr. Rush in Nebraska, will have most to do in their respective territories, and each and every one of them will be likely to have as much to do in Wyoming, Montana and New Mexico or other territory as the others. Mr. Rush represents the government before the grand jury at Cheyenne and because he is spared at this time and the other attorneys named have engagements in the courts of Idaho and Nevada, he is sent to Colorado to see that the work is properly conducted.

"Mr. Burch himself claims no superiority in respect to this western business and says that he is merely sent to Colorado merely because he is connected with the department at Washington.

MACKLIN DOESN'T BELIEVE NEGROES DID SHOOTING.

Washington, April 1.—The testimony of Capt. Edgar A. Macklin of Company C, Twenty-fifth Infantry, was taken by the senate committee on military affairs today in the Brownsville investigation. It proved interesting particularly for the reason that Macklin is to be tried by court-martial after his return to Texas, and for the further reason that he was shot by an unidentified negro at Fort Reno after the negro soldiers were taken away from Fort Brown. Macklin does not believe the negroes were guilty of shooting up Brownsville, according to his story, told on the stand today.

PUBLIC DEBT STATEMENT.

Washington, April 1.—The monthly statement of the public debt shows that at the close of business, March 30, 1907, the total debt, less cash in the treasury, amounted to \$299,195,568, which was a decrease, as compared with March 1, of \$1,538,288.

The debt is recapitulated as follows: Interest-bearing debt, \$268,333,660. Debt in which interest has ceased since March 1, \$1,065,385. Debt bearing no interest, \$302,645,542. Total, \$1,311,944,588. General fund balance, \$19,032,548. In national bank deposits, \$165,235,679.

In treasury of Philippines, \$2,887,713. Total, \$1,445,790,812. Against this there are demands and liabilities outstanding amounting to \$19,245,222,807, which leaves a cash balance on hand of \$1,426,548,002.

HONOLULU PUBLIC BUILDING.

Washington, April 1.—The treasury department has selected a site for the new public building at Honolulu. The property is located on King street, running through to Merchant street, and is to cost \$104,125. The acceptance is conditioned upon the opening of a new street adjoining the property and running from King to Merchant street.

PAPAL SYLLABUS OF ERRORS.

Rome, April 1.—Work on a document which will point out the errors that have been committed at various times by the popes since the syllabus of Pius IX, published in 1864, is approaching completion. The document is to be called a new syllabus, it is evident that the two productions have much in common. The new document will cause as much discussion as did the syllabus of 1864.

BINGER HERMANN'S DEFENSE IS BEGUN

Testimony Produced That is In-
tended to Impeach That of the
Government's Witnesses.

MUCH EVIDENCE INTRODUCED.

Mrs. Maud Silverstein Denies She Was
Offered \$200 for Use of Her Name
in Land Fraud Entries.

Washington, April 1.—Binger Hermann's defense upon the charge of destroying public records was begun today with the eighth week of the trial with testimony intended to impeach the testimony of witnesses for the government.

Mrs. Maud Silverstein of Portland, Or., was the first witness called for the defense. She was called after some minor testimony had been heard from W. A. Richards and Irvin Rittenhaus, witnesses for the prosecution. Mrs. Silverstein's testimony was calculated to show errors in the statements made for the government by Henry Meldrum, former surveyor-general of Oregon, to the effect that Mrs. Silverstein was offered \$200 for the use of her name in connection with land entries. She said she had never received such an offer and had never seen Meldrum but once, and that was to ask for a position in his office, which she had been recommended by Binger Hermann. She did not get the position.

S. B. Hermann, son of the defendant, denied the statements of Meldrum that he and Binger Hermann and Irvin Rittenhaus had had a conference to call on Binger Hermann and Gately. He testified that he gave Gately Meldrum's address and office telephone number.

Officer Brennan of the local police force told of directing Meldrum to Gately's residence late on Saturday night. Meldrum had wronged Rittenhaus, which, he said, was given him by the clerk of a hotel.

Mrs. Cora Hermann, wife of the defendant, testified to letting Meldrum into the Gately residence that same night and overhearing a conversation between the defendant and Mr. Meldrum. Mrs. Hermann testified that Rittenhaus, who testified regarding a conference she had in a Portland restaurant with the defendant, Rittenhaus said that he and Mrs. Hermann were dining together. Mrs. Hermann said that a Mr. Huff also was present at the table with Rittenhaus and Muller.

Mrs. Hermann was corroborated regarding the presence of Huff at the table with Muller and Rittenhaus, by Muller, who was next called.

H. J. Rowland, counsel and assistant counsel of the defendant, gave testimony intended to discredit Meldrum and Rowland as witnesses. This money was introduced to show during their stay here since the trial began.

Meldrum, the witness said, told the defendant, during the trial, that he had visited the Gately residence referred to, that he knew nothing against the defendant, believed he was an honest man, was on top, and would come out of this trial on top. As to Rowland, Mr. Gately told of a conference between Rowland and Binger Hermann, during which Rowland said that the United States attorney wanted him to testify that he saw Hermann and Mays together in the Oregon surveyor-general's office at the time when Mays ordered a map made of the Blue mountain section, that "this was a d—d lie and he would see them in h—d before he would do so."

Rowland, however, did so testify last week.

SOUTHERN PACIFIC GUILTY.

Convicted of Violating Federal Safety
Appliance Law.

Portland, April 1.—The Southern Pacific company was today convicted in the United States district court of violation of the federal safety appliance law. The company was charged with running cars into the terminal of this city without all the necessary safety appliances.

EIGHTH YEAR OF THE GREENE-GAYNOR CASE.

New Orleans, April 1.—Entering its eighth year of legal battle, the case of Benjamin D. Greene and John P. Gaynor, convicted of defrauding the government of over half a million dollars in Salt Lake harbor improvements, was called for argument today in the United States district court of appeals upon a writ of error from the federal court at Savannah. The defendant in the first indictment was arrested before Judge Brown of New York he condemned the first eight out of 19 counts, but later, when the same indictment was before Judge Spect of Savannah, the attorney condemned the two counts which Judge Brown had sustained, while sustaining the eight counts which Judge Brown was condemned.

It was argued that Greene and Gaynor were extradited from Canada for participation in fraud by an agent or trustee. At Savannah, however, the attorney said they were tried upon a charge of conspiracy, and this amounted to trying them for a different offense than they were extradited for.

As for their indictment for embezzlement, it was claimed that the proof in the Savannah court raised the question of payment of money for their use had been made in New York. The argument for the defense had not concluded when court adjourned for the day.

MAJ. H. W. SALMON GUILTY.

Warsaw, Mo., April 1.—Major Harvey W. Salmon, one of the owners of the Salmon & Salmon bank, which failed at Clinton, Mo., on June 21, 1905, with liabilities of \$1,000,000, was found guilty by a jury here tonight on the charge of grand larceny, on the allegation that he received deposits when he knew his bank was in a failing condition. His punishment was fixed at three years in the penitentiary. Maj. Salmon was formerly prominent in the politics of this state.

A BOY MURDERER.

St. Joseph, Mo., April 1.—Charles G. Stanley, a commercial traveler, was shot and killed here early today by Wesley Christopher, 19 years old. Stanley heard screams for help and found the boy in a dark alley choking a young woman domestic. Stanley intervened and shot and killed the boy. Christopher was arrested.

SHORT TALKS BY L. T. COOPER.

NERVOUSNESS.
Nervousness makes people miserable, blue, and unhappy. They think something terrible is going to happen. At night they toss and worry and are not rested. They tire easily and haven't much energy. They think many things are the matter with them—Consumption, Kidney trouble, or twenty other diseases. It's just stomach trouble.

Two bottles of Cooper's New Discovery will put the stomach in shape in three weeks. I know this because I've seen it tried a thousand times. Then all nervousness will disappear. I know this too, because I've seen it happen a thousand times. Here's a letter I got the other day:

"My system was badly run down and my stomach and nerves in an awful shape. I could not digest my food, was always tired and would often feel faint and dizzy."

"I had heard so much of your New Discovery medicine that I began taking it. Relief and strength and happiness were found in the very first bottle and the benefit I have received from it has been truly wonderful. I am no longer nervous, my appetite and digestion are good and I eat everything and sleep well." Mrs. W. J. Schaefer, 229 Guthrie St., Louisville, Ky.

We sell Cooper's New Discovery. It makes tired, worn out, nervous people happy. The F. J. Hill Drug Co., 39 W. 2nd South St.
