

ESTIMATES FAR EXCEED REVENUE

Chairman Tawney Says That for Next Fiscal Year Excess Will be \$118,826,277.

WILL HAVE TO BE A REVISION.

Will be impossible at this session for Congress to authorize new Gov. financial services.

Washington, Dec. 17.—Chairman Tawney of the house committee on appropriations, which was appointed yesterday by Speaker Cannon, effected organization today by the appointment of sub-committees as follows:

Sundry civil, Tawney, Smith, Brown, Jones, Fitzgerald and Shelby, legislative, Bingham, Gillett, Brick, Livingston and Burleson; District of Columbia, Gardner, Madden, Vreeland, Burleson and Powers; pensions, Keifer, Gardner, Brownlow, Bowers, Livingston, Burleson, Smith, Gillett, Gillett, Shelby and Fitzgerald; deficiencies, Tawney, Vreeland, Keifer, Brown, Burleson and Livingston; permanent appropriations, Brick, Madden, Burleson, Burleson and Burleson.

At the close of the committee's meeting today, Chairman Tawney dictated the following statement:

"The committee on appropriations in Congress are confronted with a situation which will require a very material revision of the estimates submitted for public expenditures for the next fiscal year ending June 30, 1909. In order to keep the appropriations within the possible and estimated revenues of the government."

"The estimates submitted at the beginning of the present year, amount to \$585,969,445. The estimates for the next fiscal year, submitted at the beginning of this session in the book of estimates, totaled \$985,948,228, or an increase in the estimated expenditures for the next fiscal year over the current year of \$100,988,783. The estimated total revenue for the next fiscal year is \$875,122,011, while the actual revenue, including postal revenues received during the last fiscal year—which total revenue was larger than that of any previous year in the history of the government—was only \$846,723,238.

"It will be seen, therefore, that on the basis of the estimated expenditures and the estimated revenue for the next fiscal year the expenditures as estimated exceed the revenue by \$118,826,277. This excess does not include estimates for the regular deficiency and miscellaneous appropriations, which for the current year amount to \$12,147,999. Nor does it include any new appropriations for spontaneous expenditures. From this total of \$118,826,277, however, should be deducted \$25,000,000, which is included in the estimated expenditure for redemption of national bank notes. This expenditure is not made out of the current revenues, but out of the statutory fund obtained from national banks, which fund is not carried as part of the government's revenues.

"Deducting the \$25,000,000 still leaves a deficit of \$93,826,277 between the estimated expenditures and the estimated revenue, and shows the necessity for a material revision of the estimates submitted by the several sub-committees having jurisdiction of the appropriations for the next fiscal year, in order to keep expenditures for that year within possible revenues and thus to avoid a deficiency.

"It also shows the practical impossibility of Congress at this session authorizing new governmental services or the undertaking of new projects, appropriations for which would have to be

What Time Is It By YOUR Stomach

If Your Stomach does Not Strike "Meal Time" Three Times a Day It Usually Means Dyspepsia.

HOW TO BE HAPPY-HUNGRY

As a rule all hours of the day look alike, and feel alike to the dyspeptic. There is no hand for breakfast, no knowing for lunch and no mouth-watering for dinner. Digest takes the

place of desire, and the clock itself at mealtime reflects the owner's grumpy face.

If before breakfast, before dinner and before supper you do not feel a happy-hungry feeling and longing for food, and feel that you could eat almost anything put before you, you have a symptom of dyspepsia.

If during your meals you still have an aversion to food, or feel hungry and not-hungry at the same time, you have a very pronounced case of dyspepsia.

If after your meals you feel bloated, or gassy, or you have heartburn and pains in your stomach, or you feel gurgly, burpy, or you have a chronic case of dyspepsia, and you have had it a long time, probably without realizing it.

For all these things there is a sure cure, a cure that will make mealtime an awaited pleasure, and the meal itself a soothing luxury. This is true—because the cure, Stuart's Dyspepsia Tablets, contain just the elements which a good, strong, healthy stomach has.

Each little tablet is enough to digest 2,000 grains of food thoroughly and well—just as though you had no stomach at all.

Stuart's Dyspepsia Tablets actually do all the work of a healthy stomach. They digest it for you. They digest everything. Take one or two after each meal and know what it is to have the luxury of a perfect digestion, and stop irritation, belching, bloating and heartburn, and that "bump of lead" feeling. They cure dyspepsia, indigestion and all stomach troubles. They contain absolutely nothing harmful. They are made of golden seal, dillseed, and similar digestive agents.

Try several today and let your stomach be convinced, let your mind be at ease, and your face be happy. Stuart's Dyspepsia Tablets at any drug store on earth for a box. Send up your name and address today and we will at once send you by mail a sample package free. Address: J. A. Stuart Co., 150 Stuart Bldg., Detroit, Mich.

COYNE CONVICTED AND GIVEN TWO YEARS.

St. Louis, Mo., Dec. 17.—Charged with perjury because he "could not remember" when questioned by the grand jury concerning alleged hoodlums in the house of delegates, William R. Coyne, once a member of Tammany Hall and prominent in local politics, tonight was convicted by a jury and sentenced to two years in prison.

Coyne stated that he forgot when asked by the grand jury to testify concerning an alleged offer of \$1,000 made by him to secure legislation, and in the trial ending tonight the charge of perjury was sustained after Judge Williams ruled out the testimony offered by the defense to the effect that Coyne injured his head by falling down a stairway in New York in 1906, and his memory has since been impaired. Depositions by New York physicians were read tending to show Coyne's memory had been affected by his fall, but this and other testimony was stricken from the record on Circuit Atty. Sager's motion, which was based on the assertion that the testimony did not cover the period during which Coyne testified, and that it did not show that he was insane in the sense.

CABMEN'S STRIKE OFF.

New York, Dec. 17.—Through the efforts of Marcus M. Marks of the National Civic Federation, as conciliator, the strike of the 1,900 cab drivers who went out today to enforce their demands for a 12-hour day and \$15 a week, was called off tonight. The cabmen obtained their demand for \$15 a week, and the strike was called off. The matter of minor difference will be submitted to arbitration.

PHILIPPINE ASSEMBLY.

First Bill to Come up for Final Reading Appropriation for Schools.

Manila, Dec. 17.—The first bill to come up for final reading in the assembly appropriated \$1,000,000 for the construction of schools in the outlying barrios, or villages will secure a unanimous vote, it having been supported by the committee to which it had been referred without a dissenting voice. It is now ready for passage.

The commission and the assembly are preparing instructions for the delegates to Washington. The principal matters which Congress will be asked to grant include tariff reform and the abolition of head tax charged visitors from Hong Kong and Japanese ports. The delegates will leave for America on Dec. 21.

CHICAGO GETTING DRIER.

Chicago, Dec. 17.—Chicago today has one more square mile of "dry" territory than it had yesterday. Last night of square mile almost one per cent of the entire city, was added to the prohibition area by the city council.

No oratory marked the addition to the city's prohibition districts. With-out comment other than that the district had been canvassed and that prohibition was the desire of its residents, the vote was ordered taken. The result was that by 37 yeas to 25 nays, Chicago is one per cent drier than ever before.

LORD KELVIN DEAD.

Generally Regarded as Foremost Scientist of His Time.

Glasgow, Dec. 17.—Lord Kelvin, the noted scientist, died today.

Lord Kelvin suffered a chill a fortnight ago. On Wednesday last serious complications developed. Until the time of his fatal seizure Lord Kelvin preserved remarkable vigor of body and mind. He leaves no heir, and his title becomes extinct.

The newspapers pay him the highest tribute as the foremost scientist of the age, comparable with Newton and Faraday.

Is always an acceptable gift to a lady at Christmas or any other time.

Find out what she likes and then come to us, we have it. Put up in Christmas packages. The finest of imported and domestic goods, ranging in price from 25 cents to \$25. It's easy to find what you're looking for, and any of the packages make an elegant present.

"GEORGE B. CORTELYOU."

PHILIPPINE CATHOLIC PROVINCIAL COUNCIL.

Manila, Dec. 17.—The first provincial council of the Catholic church in the history of the Philippines is now in session in this city.

The bishops and clergy are considering matters important to the church, of which the most important event is the placing of the Chinese upon an American basis throughout.

The Spanish and other clergy conform to the understanding with the action which is the result of direct instructions given by Pope Pius X to his delegate here.

A magnificent torchlight procession of 25,000 men, women and children took place in honor of the event, which is considered a complete victory for the American bishops who control Chinese affairs here. The procession to the pleasure has some principally from foreign-born Catholics.

"Never before was a popular history of literature so carefully planned or so satisfactorily completed."—The Review of Reviews.

JUST READY-NEW EDITION

ENGLISH LITERATURE

By Richard Garnett, C. B., LL. D. and Edmund Gosse, M. A., LL. D.

An Illustrated Record in 4 volumes.

Vol. I.—From the beginning of the Age of Henry VIII. to the Age of Milton, by Richard Garnett, C. B., LL. D., and Edmund Gosse, M. A., LL. D.
Vol. II.—From the Age of Henry VIII. to the Age of Milton, by Richard Garnett, C. B., LL. D., and Edmund Gosse, M. A., LL. D.
Vol. III.—From the Age of Milton to the Age of Johnson, by Edmund Gosse, M. A., LL. D.
Vol. IV.—From the Age of Johnson to the Age of Tennyson, by Edmund Gosse, M. A., LL. D.

WHY

Should You Have This Set In Your Library?

First—It is the ripest achievement of two recognized authorities, one a foremost scholar, the other one of the most distinguished critics of the day.

Second—It is by far the most popular and handsomely illustrated history of English literature that has been published in the last century. The text is characterized in the main by comprehensiveness and soundness of judgment.

It is not confined to any one class or section of people. One never tires of its pages; there is always something new, amusing or interesting to be found therein.

Fourth—It is a work which every man who values books and the culture that comes from association with them, and every man who wishes his children to learn in their turn to value them, should have for general reference.

Fifth—It is published at a price and on terms to bring it within the reach of every lover of books.

THE TIMES: "The range of the present work is so encyclopaedic that it would be perfectly idle for a single man in a single article to attempt a critical review of the whole, or even of a whole volume. The story of our early literature has been often enough told, but it has never, we think, been popularized to such good purpose. . . . Most of the pictures here are interesting, many of them charming, and not a few illuminating. . . . Of such wealth of illustrative matter we may without exaggeration employ the happy phrase that Dryden, in the noblest of prefaces, applied to Chaucer—'Here is God's plenty.' . . . The volumes seem to have been very carefully revised for press; and in significant gleanings, after a careful survey, only demonstrate, in a work so widely comprehensive, the general care and accuracy of the revision."

GLOBE (N. Y.): "The most cordial and sincere praise which can be given to the Garnett and Gosse Literature is to endorse its discriminating inclusions and omissions, its judicious sense of the relative importance of each author treated; in a word, its admirable sense of proportion. The broad scholarship displayed in its critical estimates, quite as much as the beauty and wealth of its pictorial and typographical attractions, make it a welcome addition to the shelves of any well-selected family library."

JOURNAL OF EDUCATION: "This is by far the most attractive history of English literature that has ever been published at a price to bring it within the reach of ordinary persons. The illustrations are exquisite. . . . Most of the portraits and facsimiles are new to the general reader, and are invaluable. . . . So much is to be said of the artistic effort of the book that there is liability of its literary features being overlooked, which would be unfortunate, since the literary features are of high merit. . . . In every regard this book breaks all records."
