

HOUSE AGAINST PORTLAND FAIR

Bill Appropriating \$30,000 to Lewis & Clarke Exposition, Fails.

MCREA'S FRANCHISE MEASURE

Out of 360 Bills Introduced, 29 Have Been Approved by the Governor.

Members of the house were in no mood Saturday afternoon to incur expense, and as a result S. B. 42, appropriating \$30,000 for an exhibit at the Lewis & Clarke exposition, was defeated on a vote of 21 to 15. The bill was brought to the front by Chairman Merrill of the committee on ways and means, who moved that the rules be suspended and the measure placed upon its final passage. The motion lost, whereupon Austin moved that the bill be placed at the head of the calendar. This motion prevailed, but before roll call those against the measure got busy and rallied to their support a sufficient number to seal its fate. The vote was:

Ayes—Allen, Anderson, J. A., Austin, Carroll, Christensen, Dailey, Fishburn, Jones, Kinney, Kuchler, Luther, Lyman, Maughan, McCreo, Merrill, Peterson, Richards, Roberts, Stewart, Tolson, Hull—21.

Nays—Anderson, A. V., Cottam, Cromar, Curtin, Edwards, Hone, Hopes, Johnson, Miller, Panchake, Sims, Birmingham, Thompson, Wilson—15.

Wilson voted "no" so as to give notice of a reconsideration. This he did, and the bill will likely come up again this afternoon.

EGG BILL STRICKEN

Wilson moved that H. B. 177, creating a capitol building fund, be reconsidered and at the request of Marks the bill was placed at the foot of the calendar. Later the bill, requiring the marking of cold storage eggs when offered for sale, afforded considerable amusement, but went down on a vote of 16 ayes and 13 nays. Notice of reconsideration was given by Curtin.

A communication from the senate requested the speaker to sign S. B. 57, providing for the survey of county boundary lines. The speaker then read his reply, in which he explained that the bill had been passed, but had later been reconsidered and rejected by the house, although the bill, with the notice of its first passage, had been sent to the senate by mistake. The house, on motion of Miller, directed that the speaker's letter, with the bill, be returned to the senate.

THREE NEW BILLS

By consent three bills were introduced during the session, their authors being Luther, McCreo and Kinney. Luther's bill is No. 228, and provides that undisciplined bodies of persons who may be in prisons, jails, almshouses and charitable institutions, may be turned over to the professor of anatomy for the purpose of dissection. The bill is introduced in the manner provided by law for submitting propositions to electors in municipalities and the applicant for such franchise, or the extension thereof, shall deposit with the mayor of such city or town a good and sufficient bond in such sum as the city council

MCREE'S FRANCHISE MEASURE

H. B. 229, by McCreo, provides for the submission to electors of propositions for the granting of municipal franchises. The bill reads:

"Section 1. No municipal franchise to encumber or occupy the streets of any town or city of the State of Utah shall be granted to any corporation or person or association of persons, nor shall the life of any existing franchise be extended unless the proposition to grant or extend the life of such franchise shall have first been submitted to the vote of the qualified electors of such city or town, and the majority of said qualified electors shall have voted in favor thereof. Such election shall be conducted in the manner provided by law for submitting propositions to electors in municipalities and the applicant for such franchise, or the extension thereof, shall deposit with the mayor of such city or town a good and sufficient bond in such sum as the city council

My Offer to Kidney Sufferers

I will give you a full dollars worth of my remedy free to try without cost or deposit or promise to pay.

I could not make this offer—a full dollar's worth of my remedy—for an ordinary kidney remedy. It is not, I treat the kidneys themselves, but the nerves that control them. The cause of kidney trouble lies ALWAYS in the nerves. The only way to cure kidneys is by strengthening and vitalizing and restoring the nerves. That is exactly what my remedy—Dr. Shoop's Restorative—does. Therefore I can make every kidney sufferer who makes this trial will be helped.

When I say "nerves" I do not mean the ordinary nerves of feeling, thought, action, I mean the automatic nerves, which night and day, unguided and unperceived, control and actuate and propel every vital process of life. These are the master nerves. The kidneys are their slaves. Your mind cannot control them. They will cannot away from them. Yet who are strong, you are well; when they are not, you are weak and die.

I have written a book on the kidneys which will be sent when you write. This tiny, tender "inside" nerves control not only the kidneys but each of the other vital organs.

I have made my offer that strangers to my remedy may know it is not intended for or open to those who have used my remedy. They need no further assurance. To those who have not heard, or heard only that they are "old" or "weak," I say an order for which your druggist will send the bill to me. There are no conditions—no requirements—simply write me today.

For a free or dollar bottle of my Restorative, write to Dr. Shoop, Box 2 on the Nevada, address Dr. Shoop, Box 2 on the Nevada, Reno, N. V. Write for Men, Box 2 on the Nevada, Reno, N. V. Write for Women, Box 2 on the Nevada, Reno, N. V. Write for Children, Box 2 on the Nevada, Reno, N. V.

Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

Dr. Shoop's Restorative

may require at the time such application for such franchise, or the extension thereof, is made.

"Sec. 2. This act shall take effect on approval."

The bill was referred to the committee on municipal corporations.

H. B. 230, by Kinney, requires complaints in justice's courts to be verified. Committee on judiciary.

COMMITTEE REPORTS.

The committee on judiciary recommended the passage of the following: H. B. 189, by Marks, relating to pawn brokers and second-hand dealers; H. B. 198, by Merrill, relating to jury trial; H. B. 208, by Thompson, relating to limitations other than real property; H. B. 202, by Kinney, relating to the purchase of courts in personal injury cases.

REFERENDUM KILLED.

The committee on judiciary recommended the non-passage of the following: H. B. 183, by Joseph, providing for supreme court decisions within six months from date of hearing; H. B. 169, by Miller, providing for the initiative and referendum; H. B. 141, by Blaker, relating to costs in disbarment proceedings; H. B. 130, by Hopes, relating to notice of sale of personal property.

The committee on ways and means recommended the passage of S. B. 42, by Hollingsworth, creating a commission for a display at Lewis & Clark exposition.

PRISON-MADE GOODS.

The committee on judiciary reported favorably on the constitutionality of H. B. 148, by Cronan, requiring prison-made goods offered for sale to be plainly marked, with a recommendation that it be referred to the committee on manufacture and commerce for favorable action.

SIGNED BY GOVERNOR.

Out of 360 bills introduced in the Legislature, 29 have been signed by Gov. Cutler and will become laws in 60 days. Those approved are as follows:

S. B. No. 1, appropriating \$5,000 for the contingent expenses of the Legislature.

S. B. No. 13, providing for the testing of methods of irrigation and reclamation of alkali land.

S. B. No. 16, authorizing county recorders to take acknowledgements.

S. B. No. 17, requiring a bond from the county clerk.

S. B. No. 30, limiting the time for giving notice of claims for damages for personal injury against cities and towns.

S. B. No. 33, defining the duties of the state auditor.

S. B. No. 36, creating jurisdiction over the military reservations in Utah to the United States government.

S. B. No. 46, relating to jury commissioners.

S. B. No. 40, providing that the fiscal year shall close on Nov. 30.

S. B. No. 45, creating a state board of sheep commissioners and providing for the inspection of sheep.

H. B. No. 12, providing that the process of municipal courts may run to the chief of police.

H. B. No. 21, prohibiting judges of city courts from acting as attorneys.

H. B. No. 36, appropriating \$25,000 for the payment of the expenses of the national guard in Carbon county.

H. B. No. 44, making it felony to imitate clearance cards, union cards, etc.

H. B. No. 56, defining the manner in which the conditional sale or leasing of railway equipment and rolling stock shall be effected.

H. B. No. 68, making a slight amendment in the practice of courts in relation to motions and orders.

H. B. No. 66, relating to the time allowed for the settlement of bills of exceptions.

H. B. No. 106, making it a misdemeanor to leave gates open or bars down into any field or enclosure.

H. B. No. 10, making it a misdemeanor to prevent any employee from entering or remaining in the employ of another by means of threats.

H. B. No. 74, permitting corporations to elect one-third of their boards of directors annually.

H. B. No. 70, defining the crime of burglary in the first degree and making housebreaking burglary in the second degree.

H. B. No. 40, providing that wills shall be revoked by the subsequent marriage of or birth of issue to the testator.

H. B. No. 45 changes the word "plaintiff" to "appellant" in the law relating to undertakings and appeals.

H. B. No. 13, relating to the statute of limitations and the manner of pleading cases.

H. B. No. 98, permitting executions to issue on cases of tuberculosis.

H. B. No. 89, providing that transcripts of judgments may be filed in counties other than those in which the judgments are given and enforced therein.

H. B. No. 132, providing that city courts shall have concurrent jurisdiction with district courts in certain cases.

H. B. No. 232, permitting a majority of the stockholders of a corporation to issue preferred or special stock.

H. B. No. 24, providing a majority of the stockholders of a corporation to amend its articles.

Many Bills Passed.

Without debate of any length the senate Saturday passed the following bills:

S. B. No. 95, by Hollingsworth, providing for the purchase of voting machines.

S. B. No. 108, by Walton, providing for the disinfection of railroad coaches, etc.

S. B. No. 128, by Park, defining common battery and fixing a penalty.

S. B. No. 97, by Walton, requiring reports on cases of tuberculosis.

S. B. No. 93, by Walton, providing for an annual convention of health officers.

S. B. No. 101, by Walton, making it unlawful to extortate on sidewalks, in public buildings, etc.

S. B. No. 106, by Hollingsworth, relating to sale of real estate held by counties under tax deeds.

S. B. No. 94, by Hollingsworth, making slight amendments in the existing law relating to inheritance tax, etc.

S. B. No. 105, by Hollingsworth, relating to the pay of assistants who aid in getting out tax rolls.

S. B. No. 98, by Walton, relating to sanitation of school buildings.

S. B. No. 96, by Walton, providing for courses of instruction in public schools in sanitation and prevention of disease.

UNIVERSITY S. S.

Interesting and Instructive Lectures by Dr. Talmage and Prof. Mills.

The University Sunday school convened yesterday at 12:30 p. m. and lectures were given as usual by Dr. Talmage and Prof. Mills in the respective classes. As a part of the general exercises, Mrs. Nellie Druce Pugsley sang a solo, "O Dry Those Tears."

The special topic of the day's lecture in the course on Jesus the Christ was "The Voice in the Wilderness." Dr. Talmage first considered the predictions of the prophets regarding the forerunner of Messiah—the messenger sent before His face. The burden of the Baptist's preaching was "Prepare ye the way of the Lord." His doctrine attracted great attention for he proclaimed himself the herald of that for which all Israel anxiously waited—the coming of the Messiah. He taught the repentance and baptism, and thousands flocked about him. His synagogue, the natural stream his baptismal font. He on such food as the desert could supply, locusts and wild honey, and in place of the priestly robes which indeed he

The Secret of Long Life and How to Overcome Waste.

To "know thyself" is to take advantage of life's secrets and equip one's self with an armor which will successfully resist the attacks of disease.

The old idea of fate or "kismet," and that a person always dies when his time comes, is now exploded. Every mechanism, whether made by God or man, has a definite amount of wear and its life can be lengthened or shortened according to the care that is given it. If, as a matter of fact, the mechanism of the body is destroyed by the waste of the works of the watch or the human mechanism an end comes to its usefulness.

Man's system at times gets rusty like the wheels of the watch and only needs a little cleaning and oiling to put it in shape for further work. An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather enables the organs to take from the food just the nutriment the blood requires.

Prof. J. R. Taggart, of St. Peter Street, Quebec, writes: "I had been ill for some time with Grippe and did not regain my strength. Within a week after using Dr. Pierce's Golden Medical Discovery I was able to be around again. I found that my system was entirely free from any of the bad effects of the Grippe. I now keep a bottle of 'Golden Medical Discovery' on hand, and when I catch cold, take a few doses, which keeps me in perfect health. As a builder up of lost strength and vitality I do not believe your 'Discovery' has an equal."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

Dr. Pierce's Pleasant Pellets, the best laxative for old people. They cure constipation and biliousness. Led a life of simplicity and denial, living

was entitled to wear, he wore a rough garment of camel's hair cloth held in place by a leather girdle. His manner was as unadorned as his person; he was, however, rebuked, detained.

Unto him came Jesus, asking baptism and though the Baptist resisted if indeed he did, he did not demur; but finally administered the ordinance in the interest of the man of righteousness. As the baptized Redeemer rose from the water the Holy Ghost was manifested and the sign of the dove appeared already made known to John as the sign which he would know the Messiah. Then was heard the voice of the Father acknowledging the Son. Immediately following His baptism Jesus repaired to the wilderness, whether he was led by the Spirit according to some scriptures, driven by the Spirit according to other writings; and for 40 days was in retirement from men and in communion with His God.

After the temptation with which he was assailed by the devil, he returned upon the active labors of His ministry.

Prof. John M. Mills lectured on the subject, "Mormon and his son Moroni—the last of the Nephites." He reviewed the conditions existing at the time of the birth of Moroni in the year 310 A. D. The two peoples were having great difficulty in all their dealings, and the Church suffered great hardships.

In Amman, the holder of the sacred plates, not knowing any one who could be trusted with these records, hid them in the hill Shim. Later he told Moroni, who was 10 years old, where the plates were, and asked him to go and get them when he should arrive at the age of 24. The next year his father took him southward, where at the age of 15 years he became chief captain of the Nephite army.

After this he showed great strength of character, but his soldiers were immoral and unable to give him the necessary support. He resigned at one time but yielded to their pleadings and once more led them into battle.

He was driven by the Lamanites through the "narrows neck of land," by Angora, Teacum, Desolation, Boaz, David, Jashon, Shem, Joshua and Antum. In the last place was located the hill Shim. Moroni took out the plates, and between battles he abridged them on plates made with his own hands and called this new record the "Book of Moroni."

He gave it to his son Moroni, who had been, and was at that time, a valiant general in the army, and asked him to tell the story of the downfall of the Nephites. Moroni did not refuse to come from the battle of Cumorah alive. He was about 75 years old, and a life time in the battlefield had made his body weak. His son carried on his work after him, and when his work was finished, hid up the records in Cumorah where they were found by Joseph Smith. The speaker referred to some Indian traditions.

Next Sunday, Prof. Mills will discuss "The period between the close of the Book of Mormon and the conquest of Mexico."

The Best Cough Syrup.

S. L. Apple, ex-Probate Judge, Ottawa, Kan., writes: "I have used your cough syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used. 25c. 50c. \$1.00. \$2.00. Z. C. M. I. Drug Dept."

MAY BE WANTED.

This morning Sergeant Hempel arrested a man named George Wilson on the charge of vagrancy, but it is believed that it can be shown that the fellow has been mixed up in a recent robbery case. On Saturday, Judge DeLoe gave Wilson until 2 p. m. yesterday to leave town, and promised him 90 days on the rock pile if he did not leave. Wilson will remain with the city for a few days at least.

To the Point. If other Teas are as Good or Better than Tree Tea should they not lead instead? But other Teas don't. Tree Tea leads them all.

The passenger department of the Southern Pacific has returned from a trip to the coast.

A circular was received at the local general agency this morning, announcing the election of W. B. Biddle as third vice president of the Rock Island and K. C. & Colorado R. R. in general charge of traffic and the development of industries.

The passenger department of the Southern Pacific has returned from a trip to the coast.

E. W. Gillett, general freight and passenger agent of the Salt Lake Route, is in this city, having arrived from Chicago yesterday. He expects to meet General Manager Wells here tomorrow before continuing on his way to the coast.

Gen. Supl. J. H. Young of the Colorado & Southern is in the city from Denver. He expects to take Mrs. Young and his family back with him when he returns this week.

PRESS CLUB BANQUET.

Third Annual Function of Newspaper Men a Great Success.

Salt Lake has never looked just the same as it did under the hands of the expert artists, cartoonists, and fun makers of the Press club who fore-

ARE INSPECTING SALT LAKE ROUTE

Messrs. Cornish, Bancroft and Party of Harriman Officials Are Heading This Way

TO ARRIVE HERE TOMORROW.

Traveling in a Special Train Made Up Of Four Private Cars—Las Vegas Today.

Judge Cornish, E. H. Harriman's right hand man and vice president of a number of lines embraced in the Harriman system of railroads, Vice President W. H. Bancroft of the Oregon Short Line and the Salt Lake Route, and General Manager Wells are in Las Vegas today and will arrive in Salt Lake tomorrow coming over the new line from Los Angeles. The special train in which they are traveling is made up of four private cars and it is believed that Vice President J. Ross Clark, Chief Engineer Tilton of the Salt Lake Route and Chief Engineer Hood of the Southern Pacific are also in the party.

The party is thoroughly inspecting the new line and undoubtedly upon their arrival here the officials will have some definite information as to the time of the opening of the new line. Judge Cornish will spend a few days in Utah inspecting the Oregon Short Line and looking into matters needing attention before returning east.

WELCOME CHANGE.

Tourist Sleepers from Salt Lake to Portland and San Francisco.

Today the first tourist sleeper via the Rio Grande through Denver to Portland, Ore., passed through Salt Lake on No. 5 this morning. This service has been put on daily until May 15 and will be appreciated by the traveling public who heretofore had to wait until reaching Portland before it was possible to secure a tourist berth.

In addition the passenger department of the Rio Grande announces a daily tourist car service through Denver to San Francisco via train Nos. 3 and 4. This makes a double daily tourist car service over the Rio Grande between Denver and San Francisco in addition to one between Denver and Portland.

NEW FREIGHT RATES.

Action Taken at Last on the Commercial Club Petition.

After close upon three years of endeavor the new rate sheet securing better concessions for Salt Lake has been issued and goes into effect a week from today. The fight which was taken up by the general committee of the Commercial club for the benefit of the Utah jobbers in Idaho territory has resulted in the putting in of better rates. While nothing has been done in relation to the rates on the coast, the new tariff sheet reduces the rates from 15 to 40 per cent on many articles. Copies of the new schedule are now in the hands of the committee which will meet, possibly this evening, to go over the changes and pass upon the concessions.

The carload rates on cotton piece goods and denim, about which there was so much grumbling a year ago, are not included in the changes, as concessions were made by the Short Line on these shipments last summer.

As it is the new rates mostly affect mixed carload lots.

D. & R. G. OFFICIALS HERE.

Messrs. Schlacks, Ridgway, Hughes and Groves on inspection trip.

Vice President H. Schlacks, General Manager A. C. Ridgway, General Traffic Manager A. S. Hughes, Chief Engineer E. J. Yard and Mechanical Superintendent Groves of the Rio Grande system are in Salt Lake today going over the local situation, and incidentally inspecting the line, mainly for the benefit of Mr. Ridgway, who is making his maiden trip over the system.

Yesterday the party spent considerable time in Carbon county with the officials of the Utah Fuel company. It is also significant that some time was spent by the party at Green River where plans for yards were looked over. This action is taken to mean that something will be done at an early date in the direction of commencing work on the Salina cut-off and other improvements as outlined in the "News" last week.

Mr. Schlacks, however, states that the party will not be here for their visit at this time—simply a regular routine trip.

EXCURSION TO SALT LAKE.

Grand Hall to be Given at Popular Resort on Friday.

The prevailing spell of warm weather has brought out the dancers with the result that the Salt Lake line will run an excursion to the beach on Friday evening on the occasion of a grand ball to be given by the employees of Keith-O'Brien company. Since the dance floor has been enclosed with window shades it is possible to dance in the most comfortable weather with comfort. A dance at Salt Lake March 10 comes near breaking all previous records for balls at the lake.

SPIKE AND RAIL.

Traffic Manager T. M. Schumacher of the Oregon Short Line has returned from a trip to the coast.

A circular was received at the local general agency this morning, announcing the election of W. B. Biddle as third vice president of the Rock Island and K. C. & Colorado R. R. in general charge of traffic and the development of industries.

The passenger department of the Southern Pacific has returned from a trip to the coast.

E. W. Gillett, general freight and passenger agent of the Salt Lake Route, is in this city, having arrived from Chicago yesterday. He expects to meet General Manager Wells here tomorrow before continuing on his way to the coast.

Gen. Supl. J. H. Young of the Colorado & Southern is in the city from Denver. He expects to take Mrs. Young and his family back with him when he returns this week.

PRESS CLUB BANQUET.

Third Annual Function of Newspaper Men a Great Success.

Salt Lake has never looked just the same as it did under the hands of the expert artists, cartoonists, and fun makers of the Press club who fore-

gathered at the Commercial club for their third annual banquet Saturday night. The banquet began late, in order to accommodate the workers on Sunday supplements, and ended early—by the view point of the sleeper—by night. In point of attendance, decorations, and fun for those present, it surpassed previous efforts, and the links, although they were pointed and fished to the edge, were not of the sort to give offense, despite the fact that some of the hardest hit were present when the "package" addressed to them arrived.

The decorations consisted of telegraph fluffies, matrices, head-lines, and portions of front pages from all of the city and many state papers. The guests were sufficient in number to completely fill the rooms of the Commercial club, and included besides most of the active newspaper men, many state officials, members of the Legislature, and prominent citizens.

Judge O. W. Powers officiated as toast master, and started the fun making by reading a large number of telegrams from absent guests, explaining why they could not be there. "The Tabloid," increased this year to eight pages, was distributed at each place, and gave the guests something to laugh over while the dinner was being served. Later in the evening a trip around the city in the "Seeing Salt Lake" car was made with the assistance of a stenographer, and wherever the car stopped it made a hit.

Other features of the program were an "Inaugural Address" by Gov. Cutler, a session of the Smoot investigation committee, a minstrel show, parodies on popular songs, and the singing of the "Holy City" by a pupil of the man who made the song unpopular.

WARD ENTERTAINMENTS

Fifth Ward—A high class minstrel performance will be given in the Fifth ward assembly rooms on Thursday and Friday nights, March 9 and 10, under the auspices of the Sunday school. The circle is made up of the following: Bones, Archie Buchanan, tango, Thomas Brimley, edmen, James Bywater and Thomas Burt; Interlocutor, George E. Burdick; makers of melody, Ed Rich, Peter Burt, Harry Hill, Alex Buchanan, Jr., Fred Mugleston, L. H. Bywater and John A. Burt. In addition there will be a stump speech by Orson May, a quartet by Messrs. Scofield, Reese, Evans and Burt; an Ethiopian sketch, entitled, "A Red Hot Massacre," by Buchanan and Bywater, and a fancy minstrel drill by the ladies and gentlemen of the direction of Miss Julia Little.

A household necessity—Dr. Thomas' Electric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

STREET CAR BANDITS.

Young Men Accused of Crime Plead "Not Guilty" in District Court.

Will Gentry, alias John Goursey, and Chester A. Bouton, the alleged street car bandits who held up a street car near the Salt Palace on the night of Feb. 22, 1905, and relieved Conductor R. G. Smith of \$7, were brought before Judge Armstrong today and entered a plea of not guilty to the charge of robbery.

The attorneys for the men were not present but the sister of Bouton was in court and argued with Dist. Atty. Loofbourrow that they could enter a plea at this time with the understanding that it could be withdrawn should they see fit to do so later on.

TEA

There is a great deal of cheating in trade—there isn't any in Schilling's Best—there can't be any.

Your grocer returns your money if you don't like it.
