

More Than Half of Republican **Primaries Are for Present** Congressman.

WANT RAILROAD COMMISSION

Bingham Candidate for Attorney General Has Fight on His Hands In Home Precinct.

Republican primaries last night indicate that Joseph Howell, present incumbent, is to have more than half of the Salt Lake county vote for renomination, to add to his Cache county nest egg of a solid pledged delegation. The incident of the gatherings was the congressional competition and except for this there was no marked contest for place among the delegates. One gity precinct pledged its delegates to work for a railroad commission in work for a railroad commission in Utah. Another passeed a resolution pledging the delegation for Howell. This district was Harry Joseph's and Harry made the motion to that effect. In many districts resolutions were passed advocating that Republican electors refuse an endorsement from the "American" party. In Bingham, Harry J. Robinson, who wants to be attorney general, had a fighting contest on his hands, as some people in Bingham don't like him. His candidate however secured 174 votes to 100 for the opposition. The list of delegates chosen is as follows:

follows: CITY DISTRICTS.

District No. 1-E. O. Leatherwood,

Frank Schuyler, District No. 2-Raymond A. Sermon, H. V. Van Pelt, District No. 3-Carl A. Badger,

HIGH SCHOOL CADETS.

Freshmen Assigned to Various Companies This Afternoon.

The High School cadets are making preparations for another year of corps work, and this afternoon at 2:30 o'clock all freshman boys will assemble on the campus and assignments will be made to the various companies. There exists great rivalry among the boys for the military honors within the powers of Captain Webb to grant, and the cap-tain has decided that the fairest way for all concerned will be to hold exam-inations to decide who shall be chosen to fill positions. These examinations will be held this afternoon. Captain Webb is ambitions in many lines and has announced that the band will be increased from 30 to 50 mem-bers. At a meeting yesterday Captain Webb spoke to the boys and generally outlined the proposed development of the cadets from one company of 30 men to a battallon of over 300 men. He also hinted that something big would happen during the coming year but as to just what that was he was not at liberty to tell. all freshman boys will assemble on the

Principal Eaton then took the floor and told of plans which had been for-mulated to increase the number of companies and to make the band arger and better equipped than ever before. After his address to the cadets, Prin-

After his address to the cadets, Prin-cipal Eaton exhibited the picture of Admiral Evans which had been pre-sented the High School cadets with the compliments of "Fighting Bob" and upon which was writen, "For the Salt Lake High School cadets, in remem-brance of their acting as my escort in San Francisco, May 7, 1907, Rob-ley D. Evans, rear admiral, U. S. navy," which was greeted with cheers.

Can you believe your senses? When two of them, taste and smell having been impaired if not utter-ly destroyed, by Nasal Catarrh, are fully restored by Ely's Cream Balm, can you doubt that this remedy de-serves all that has been said of it by the thousands who have used it? It the thousands who have used it? It is applied directly to the affected air passages and begins its healing work at once. Why not get it to day? All druggists or mailed by Ely's Brothers 56 Warren Street, New York, on re-ceipt of 50 cents.

EVERYBODY WANTS SPACE.

If Demands Continue Fair Buildings Must be Increased.

The demands for space at the Utah State fair which are daily being registered from the State Fair association are already embarrassing the officials of the fair, according to Secy. Horace En-sign, and the problem of providing for all those who wish to make displays is daily becoming more difficult. "Al-though the fair is nearly a month away," said Mr. Ensign this morning, the indications are that the display this year will be the largest and most attractive ever held. If the demand for space continues, as it evidently will, the exhibition halls will have to be in-creased. The erection of the new art gallery this year will supply ample-space for the display of pletures and statutes, and it may be necessary to erect several wings to the main build-ing to provide for the different sec-tions of the general exhibit." tered from the State Fair association are

Pastor of Phillips Church Delighted With Visit Abroad, and More Than Pleased to be Back.

Rev. P. A. Simpkins, pastor of the Phillips Congregational church returned yesterday afternoon, accomturned yesterday afternoon, accom-panied by Mrs. Simpkin, from three months' absence in Great Britain, where he was a delegate to the Inter-national Conference of Congregational churches held in Edinburgh, Scotland, July 11-12. Rev. Simpkin says there were \$50 delegates present from all parts of the world, and there were generally several thousand people in attendance in the great hall during the sessions. The whole field of religious effort was covered in the transac-tions of the conference, particularly the so-called new theology, considered by the more orthodox as an attempt KØB KØB

be prevented by the rigid enforce-ment of a regulation prohibiting the sale or use of milk from premises coms would be quickly blocked by fire and smoke, and it would be impossi-ble for any person to release the in-mates. I would respectfully suggest the installation of an automatic syswhere typhold fever exists. "My recommendations to the super-intendent were that he should cause the contents of the outhouses upon the tem of locks operated from one cen-tral location."

the contents of the outhouses upon the infected premises to be properly cov-ered and disinfected, a measure which will prevent further danger from that source, and which, in addition to the disinfection of excreta, should be car-ried out in all cases. I have no recom-mendations to add to the measures al-ready adopted for the prevention of the spread of scarlet fever. The au-thorities and physician in charge have been vigilant and faithful in their ef-forts, and are still doing everything in their power to cope with a difficult situation. Everybody is Talking About Oasis. 2,000 people will want selections of land under the Oasis project opening, September 28th, with only 43,000 acres to supply this demand. Figure it out.

APPOINTMENTS PASS MUSTER.

Fire Committee Will Recommend to Council Chief Glore's Men.

The recent appointments made by

have passed muster with the fire committee and will be recommended for

mittee and will be recommended for confirmation at the next meeting of the council. Andrew Eikrem will be promoted from lieutenant to captain; George Lorenze will be made lieu-tenant; Rufus Smith and Frank Stanley are to be firemen. The committee on streets last even-ing considered the application of rosidents of Poplar Grove for 20 flumes to carry off flood waters. The petitioners were advised to make their wants known in writing to the council, and meantime the situation will be looked into. The city engineer will be asked to draw plans and specifications for the five-room cottage for accommodation of men employed at the intercepting sewer pumping station, the same to be submitted to the engineering com-mittee.

5

nittee

mittee. Upon advice of the Car attorney, recommendations will be made to the council that the matter of trying to collect \$1,000 from James C. Leary as rental of the sewer farm, be dropped. It is the opinion of the attorney that the bill is not collectable.
