ATLAS GROUP IS RICH IN GOLD

An Important Strike of 18-Ounce Ore is Reported.

GOOD ORE IN THE HICKORY.

Exchange Makes a Good Move - A. S. i& H. Co's Meeting-Contract on the Sharp - Idaho Placers.

Manager A. B. Lewis of the Imperial and Royal Copper companies of Beaver county, returned from the south today with news of a very important strike in the old Atlas property in the Frisco district. A good body of high grade gold ore is said to have just ben open ed up which discloses almost fabulous values in gold. As high as 18 ounces in the yellow metal have been shown to exist in a ton of rock. The Atlas has an 800-foot incline and has been developed quite extensively in former days when it was quite a heavy producer and if the above strike should prove to be permanent it will be a source of much gratification among mining men

Mr. Lewis also reports a fine body of silver-lead ore in the Hickory group, which is being developed on the 200 level at present. A great deal of ore has been taken out and now lies on the dump, but a fine face of ore is reported on the 200 level. The ore assays as high as 45 per cent lead in addition to silver, and it lies in what Mr. Lewis characterizes as the prettiest fissure he has ever seen. A clean body of ore has been followed for some distance which, in places, has disclosed a width of 5 feet, while the narrowest place so far found is about 18 inches wide.

A GOOD MOVE.

The Exchange Will Protect Investors Who Are Ignorant of Conditions.

A step in the right direction was taken by the governing board of the Salt Lake Stock Exchange yesterday afternoon. Heretofore certain brokers are said to have issued weekly circulars stating the condition of the market and also giving the quotations of the listed stocks. Against this there can be no objection, but it is said that the names have been included in these lists, which are not usted on the exchange. quotations on the properties have been gradually raised each week until better than 20 cents per share is said to have which, if listed on the exchange, would not sell perhaps for more than 3 cents This has been known for some time, but no action was taken by the authorities until yesterday afternoon, when the board decided that such practices shall disqualify a person for membership on the Exchange. The action of the board may be a little tardy but it is none the less welcome. esolution which was presented by Herman Bamberger and R. L. Colburn is as follows:

'Any member of the Sait Lake Stock and Mining Exchange issuing letters or circulars purporting to give the ex-change quotations is hereby prohibited from including in said list any stock or stocks not regularly listed on the exchange. The penalty for an infraction of this rule shall be suspension of membership.

Another resolution was also adopted which provides that on and after January 1st, 1901, the fee for listing mines shall be \$100 instead of \$25, and the fee for listing prospects shall be \$50 instead

DENIES THE REPORT.

Senator W. A. Clark Says He Has No Interest in Mexican Mines.

A New York dispatch to the "News" today says that W. A. Clark, president of the United Verde Copper company, a recent interview, asserted that he had no interest in the silver and gold mines in the state of Chihuahua, Mexi-He demed that he had purchased to him by the Rosarlo Mining compa. of Fort Worth, Texas, for \$800,000.

NEPHI LAWSUIT.

Judges Henderson and Dickson Argued in Behalf of Grand Central.

Judge Henderson occupied most of the court's time yesterday in reviewing the Grand Central-Mammoth case, testimony of the witnesses was touched upon and the apex question was dealt with at great length. In the afternoon Judge Dickson took up a part of the time and endeavered to show that the claim of the Mammoth company that the apex of the vein is on its ground is all guess work and conjecture,

THE A. S. & R. MEETING. Was Scheduled to Take Place in New York Today.

The meeting of the directors of the American Smelting and Refining con pany was scheduled to take place i New York today. In addition to declaring the regular quarterly dividend of 1% per cent on the preferred stock, it was thought that the proposition to consolidate with the Guggenheims would come up for consideration. The dividends of the company amounts to nearly \$2,000,000 per annum. The capit. stock of the company is placed at \$65 000,000, one-half of which is preferred Something like 5,000 shares of stock is still in the treasury, so that the company is paying dividends on some-thing like \$27,500,000 worth of preferred

AMONG THE PLACERS.

The Fine Weather is Favorable to

Placer Mining in Cocur d'Alenes. The Delta (Idaho) correspondent of the Spokane Review says that owing to the fine weather of the past two weeks placer mining is beeming in the Coeur d'Alene district. Busen and Brooks are now working a portion of the once famous Myrtle claim, one o the richest ever discovered in the Coeur d'Alenes. They will not clean up so

long as water is running in Trail creek. Some of the ground that they are work-ing was drifted a dozen or more years ago, but the drifts were run at a time when there was heavy expense attached to the work and the ground had to pay big in order to justify working.

Reuben Gilliland and James Ward have just completed a big boom at the head of Potosi creek and will be ready for the January thaw. They have three claims, beginning at the head of Potosi and running down stream 4,500 feet. Two of these claims are recent loca-tions. Potosi creek heads in green tim-ber, where the snow lies until late in June, thus affording a good supply of

Coulson and Heustiss have several claims on Beaver creek that have proved rich wherever bedrock has been reached, but it will be necessary to work the ground with an elevator, as water is reached at a depth of 15 feet, and then it is water all the way to bed-rock, an additional distance of from 10 to 15 feet. Rich deposits of placer gold lie on the bedrock, but present fa-cilities for mining fall to reach the yel-

Contract for the Sharp.

A. L. Jacobs returned from Stockton last evening, after letting a contract on the Sharp Mining company's prop-erty in that camp. A contract calls for 50 feet of drifting from the bottom of the shaft. This shaft is down about 100 feet from the tunnel level, and the company anticipates that it will reach ore within that distance. Patches of very good ore has been found on the

Location Notices Filed.

Provo. Utah. Dec. 18 .- Notices of locations of the Oregon and the Maine mining claims, situated in Santaquin min-Ing district on the north ridge of Broad Hollow about two and a half miles easterly from Santaquin have been filed by John T. Openshaw and Charles W. Higginson. "My Catharina," situated in the Tintic district, has been located Catharina Bestelmeyer and

MINING NOTES.

The Conklin sampler reported six cars of ore from Tintic today. Four cars of ore from the Star Con. was on the market today. The Ophir Hill reached the market today with six cars of concentrates.

today from the Horn Silver of Frisco. Receiver A. T. Moon of the Daisy expects to visit West Dip tomorrow.

The Ajax of Tintle was on the market today with two cars of copper ore Manager John A. Hunt of the May Day went out to the mine last even-

The Imperial and Royal Copper com-panies of Beaver county are employing A car of ore was on the market today

from the United States Mining company's property.

A. L. Jacobs reports a very good showing of ore in the west drift of the Bunker Hill of Stockton The annual meting of the Silver King Mining company is scheduled to take

place on January 21st at Park City. The Taylor-Brunton sampler reported six cars of ore from Stockton, two from Frisco and one from Bingham to-

Attorney D. W. Livingston came up from Manti today. He says a new start will be made by his company in the Black Pine district next spring.

A very rich strike is reported in the Morning Glory mine at Republic, Washington. A foot of ore is reported in the ace of the drift on the 200 level which is literally yellow with gold.

The Ben Butler company of Bingham proposes to increase its force. A staion has been cut in the tunnel and as soon as a turn table is put in place the management will start two new drifts. Jesse W. Fox has returned from an inspection of his mining interests in Cassia county, Idaho, where a great al of assessment work is being done. Several new dredges are reported to be

operating successfully on the Snake The Keckuk Mining company has also filed articles of incorporation. The company was organized to buy, sell and develop mining properties in Utah. The capital stock is \$5,000 divided into 5,000 shares of the par value of \$1 each. F. A. Druehl is president; C. W. Franken vice president; James L. Franken treasurer; S. M. Levy, secretary.

George L. Nye is the other director, The Josephine Mining company filed ts articles of incorporation yesterday n the county clerk's office. The company is incorporated with a capital of \$125,000 in 25 cent shares, for the purpose of developing 6 claims in the Elkand Constipation. Sold horn district, Wasatch county. W. H. Webster is president; M. M. Weil viceeverywhere, 25c. per box. president; Richard Seligman, treasurer; and A. O. Miller, secretary. E. P. John-Prepared by C.I. Hood & Co., Lowell, Mass. | son is the other director.

LOWER MAMMOTH

The Stock Sold Up to \$1.51 but Weakened at the Close,

GRAND CENTRAL STRONGER

Silver Shield is Firm-May Day Weaker - Star Con. Declining - Joe Bowers Active.

The value of the business transacted on the exchange today was more than \$15,000, which represented the selling value of 18,600 shares of stock. The feature of the call was Lower Mammoth, which soared to heights it had never reached before. On the opening sale 600 shares were dropped at \$1.48 from which figure it jumped to \$1.51% on the fifth sale. All efforts to force the stock higher than that figure failed and a steady decline was recorded to \$1.42%, at which figure the last sale was decorded. Something like 6,500 shares changed hands during the call. Grand Central was in good form, though it was not very active. The first sale was made at \$5.97½ and the last one was recorded at \$6 flat. May Day dropped nearly 3,000 shares at prices ranging between 42½ and 42¼, while Sacramento let go 1,000 shares at

Star Consolidated was in evidence to the extent of some 3,000 shares, which sold down to 76½, after opening at 78. Emerald was much stronger today with bid, while Silver Shield advanced to 26%, at which figure 1,000 shares changed hands. Joe Bowers was traded in at 3%, while Yankee Consolidated was but little changed, 500 shares being loosened up on a bid of 10.

STOCKS IN A TUMBLE

They Were Crowded Up Again, and Held Unsettled and Irregular.

INTEREST RATE GOES UP.

Chicago Corn Pit a Center of Interest Wheat Goes Bown-Live Stock Market Lowers.

New York, Dec. 18.-The weakness of the London market affected some international stocks at the opening here. Northern Pacific was most conspicuous. falling a point on running sales of 6,500 shares. Otherwise losses were fractional and many stocks showed good gains. The market was quite active but not excited. Professional optrators tested the market after the opening, forcing declines in the stocks which opened higher and moved up the earlier reactionary ones. This manoeuver cost the Brooklyn Transit its gain of a point while Metropolitan fell two points, Meanwhile some of the specialties were manipulated upward, including Sugar, Manhattan, International Paper pre-ferred, Cotton Oil preferred, Federal Steel and Tin Plate. The last rose 2%. Among the railroads changes were wide heavy buying of the New York, Chicago & St. Louis stock lifting them 2% @3% with the second preferred leading. with the second preferred leading.
Northern Pacific common and preferred
rose 2. The Wabash issues were under steady pressure and about a point der steady pressure and about a point de asurer: Northern Pacific

lower. At Il o'clock the market was working upward all around but the im-provement in the high priced railroad stocks was very light. Buffalo, Rochester and Pittsburg preferred jumped

points to 125

The upward movement of special stocks continued but constant realizing elsewhere kept the market unsettled and irregular. Cleveland, Chicago, Cincinnati & St. Louis rose 4%, and the Lake Erie & Western stocks both gained between 3 and 4 points. American Coal jumped up 10 points in a single sale. Later Sugar spurted up-wards 4 points from the lowest and Tennessee Coal 3½. None of those ad-vances was well held and there were reactions of from 1 to 1½ in the ma-jority of the stocks most actively traded in. Many prominent stocks, es-pecially among the grangers and Pa-cifics, fell below last night. The bond market was active and regular with heavy realizing in the Wabash issues.

AMUSEMENTS.

manness and a second The noted "Belle of New York" com pany, with Miss Beulah Dodge in the role made famous in New York and London by Edna May, opens an engagement of three nights at the Salt Lake Theater this evening. There are said to be 65 people in the cast, and the presentation is in all respects given just as it was in New York and London.

Nat M. Brigham's friends are expect ed to turn out in force at the Assembl Hall tonight, when he makes his debut as a lecturer. At the close of the lec-ture he will sing three ballads, "Bende-meer's Stream." "Daddie" (by request) and the "Danube River." During Fri-day night's lecture he will sing a number of Spanish and Indian songs.

It is very much to be regretted that the visit of Mr. and Mrs. Bicknell Young occurred just prior to the holl-days, when all amusements suffer more or less. Their recital last evening was attended by a select audience, but it was small in numbers. The pleasure Mr. Young's songs imparted, however was of the very keenest, and the audi-ence testified its approval by the warmest kind of applause. The evening was devoted to a brief chat on the growth and development of the ballad form of music, illustrated first by brief snatches from the early composers, and coming down to Sullivan, Clay, Molloy, etc., specimens of whose beautiful composi tions were rendered in full. The "Three Fishers" of Hullah was beautifully rendered, and the last verses had to be epeated. The most ambitious effort of the night was the rendition of "Lochinby Chadwick; it is a noble song, and Mr. Young rendered it in noble style. His voice, a full, rich baritone, is as beautiful as ever. Madame Young presided at the plano in her most artis-tic fashion. It is a regular study in Mr. and Mrs. Young sing in Ogden on Thursday night, and then return to their home in Chicago.

At the Grand there was a big house above stairs, and a fair one below, to welcome back the old favorite, "My Friend from India," with May Vokes in her old role of "Tilley." Miss Vokes easily carried off the honors and drew forth any amount of applause. The surcounding company was in lively hands Louis Peters, the leading figure among the men, doing specially good work The same bill goes tonight, and tomorrow night the "Orpheum Show" opens its Salt Lake engagement.

THE MEETING FAILED. Board of Public Works Transacted No Business Last Night.

The special meeting of the board of public works called for last evening by acting Chairman Spencer Clawson to consider business of importance failed of its object entirely, owing to the absence of Chairman Dooly and Engineer Kelsey, between whom there is said to still be some differences existing. Those present were Messrs, Clawson, Fabian and Farnsworth, the first named being in the chair. The first matter of importance that came before the meeting was Councilman Robertson's resolution, offered in the City Council, requesting the board and Mr. Kelsey to explain why two sets of inspectors, one appointed by the board, and the other by the engineer, were employed overseeing the pipe-laying work being done by Contractor Moran. The absence of Chair-man Dooly and Engineer Kelsey was then made more apparent, and an enquiry from Mr. Fabian as to where the latter was, brought forth the statement from Chairman Clawson that Mr. Kelsey had been sent a written invitation to attend the meeting, to which no re ply had been received. Remarks of various kinds were afterwards indulged in by those present, during which Mr Fabian said the Council should discharge either the board or engineer and appoint those who could get along without quarreling. Mr. Kelsey has not attended a meeting of the board since he and Mr. Dooly had a wordy war several weeks ago. Mr. Clawson, refer-ring particularly to that incident, said: I suppose each is staying away thinking the other is here." The inspector was referred to the Council with the whole correspondence relating thereto.

JOHN SHAFER DEAD. Old Time Salt Laker Dies at His Home in Granger.

John Shafer, an old time resident of Salt Lake City, died at his home in Granger ward this county yesterday, The cause of his demise was acute obstruction of the bowels.

The deceased was born June 30, 1820, in Wayne county, New York, and came to Utah in 1847, and took up his residence in the Nineteenth ward of this city. His funeral will be held from the Granger ward meeting house on Thursday at 11 a.m.

MISS MARIS'S SUIT FILED.

An Actress Demands \$6,000 from "Whose Baby Are You' Company,

In threee Causes of Action Plaintiff Alleges that Certain Acts of Parties Damaged Her Reputation.

The "Whose Baby Are You?" damage suit, referred to in the "News" a few days ago, has at last come to a focus. Yesterday afternoon Ellena Maris filed an action against Mark E. Swan and Fitzgerald Murphy, owners of the "Baby" show, in the Third district court, to recover on three causes of action the sum of \$6,000 for alleged breach of contract. For the first cause it is alleged, that on August 28, 1900, Miss Maris was engaged by the defendants to take the part of Abigall in the farce comedy, "Whose Baby Are You?" met with great success and was the re-cipient of very flattering press notices until November 13th, when she was informed that her services were no longer required. The defendants, Miss Maris says, continued to give representations of the play, but east for plaintiff's part a person unskilled in the dramatic art. The show bills, how-ever, gave the credit to plaintiff, who claims that it brought her into disrepute as an actress to her damage in the

sum of \$2,000. For a second cause of action Miss Maris says the defendants made false statements concerning her; attributing to her habits she did not possess. One of the alleged false accusations was the statement that plaintiff drank. Another was a statement published in the San Francisco Dramatic News to the effect that she had been discharged "because she was a gossip, made trouble, and at times her playing was erratic." This, Miss Maris says, was untrue, and damaged her to the extent of \$2,000.

For a third and last cause of action plaintiff says that the defendants caused to be published in the San Francisco Chronicle the statement that "she was a virulent and dangerous woman," to her damage in the sum of \$2,000.

DAVIS CO. ELECTION CONTEST. Transcript in Case of Ellison vs

Barnes Filed in the Supreme Court. The transcript on appeal in the Ellison-Barnes State senatorial election contest has reached the Supreme Court. The grounds of the appeal, as already to the district of the spear of the senatorial ready. stated in these columns, are that Judge Rolapp erred in sustaining the demur-rer of the defendant and respondent J. . M. Barnes; erred in holding that he

(Judge Rolapp) lacked jurisdiction, and

plaintiff and appellant, Ephraim P. El-

The Misses Bell have thoroughly tested its efficacy and are decirous that the full merits of their treatment to which they have given the descriptive name of "KILL-ALL-HAIR" shall be known to all sflicted. To this end a trial will be sent free of charges, to any lady who will write for it. Without a cent of cost you can see for yourselves what the discovery is; the evidence of your own senses will then convince you that the treatment "KILL-ALL-HAIR," will rid you of one of the greatest drawbacks to perfect lovelines, the growth of superfluous hair on the face or neck of women.

Flease understand that a personal demonstration of our treatment costs you nothing. A trial will be sent you free, which you can use yourself and prove our claims by sending two stamps for mailing.
