## WALTHOUR WILL MEET KRAMER

Five Mile Race at Saucer This Evening the Feature of Program.

SPRINTS FOR THE OTHERS.

Mile Invitation and Two Mile Handicap Professional-Amateurs to Have Big Events.

Local bike fans, will have another opportunity this evening to see Bobby Walthour, the champion pace follower, in Walthour, the champion pace follower, is a sprint race. The sprint will come at the end of five miles and Walthour is tacking the greatest sprinter in the world today—Frank Kramer. This race will undoubtedly be the feature of the program. The contestants will be paced by rour singles who will drop out at the finish and leave the fight to Walthour and Kramer.

Waithour has already disposed of Iver Lawson and other fast ones and believes he can hold his own in a five-mile race with Kramer. The men will be paced up to the last two taps and then will come the big sprint. Assuming that Walthour will have the lead, can he prevent Kramer from going around him? Can he go around Kramer if the latter is in the lead? Echo answers. Waithour, it is well known, can held a terrific pace. If he can do this and tire Kramer he a good chance to win.

ALL SPRINT EVENTS.

The balance of the program consists of sprint events. The professionals will have a two-mile lap handleap and a mile invitation. All the fast ones will be in these events. Kramer, Clarke, Downing, Pye, Hollister and the rest of them will fight it out for the big money.

#### BIKE RACES AT OGDEN.

Hardy Downing Defeated W. E. Samuelson in Five Mile Motor Paced. A splendid program of bicycle races was run off at the Oguen saucer track last evening in the presence of more than 2,00 enthusiastic bike fans. The meet was one of the best of the season and those who saw the races were more than pleased.

one of the best of the season and those who saw the races were more than pleased.

Hardy Downing smashed the five-mile motor paced record in a sensational race against W. E. Samuelson. Downing covered the distance in 4.42-5. The former record held by Bobby Walthour was 5.49-3-5. Downing was paced by Gussie Lawson while Samuelson was paced by his brother.

Another interesting race was the mile handleap in which tlarke made a great ride. He was puiled by Hollister and Pye and kept them until Hopper made a jump to go around him. Clarke left the pace and fought it out with Hopper, winning by a wheel length.

A summary of the events follows; Final one-mile open, professional—Clarke, Downing. Samuelson, Monroe. Time—120-3-5.

Final one-half mile open, amateur—Demara, Hollister, Duester, Giles, Time—1:02-3-5.

SULLIVAN HAS MORE TO SAY ON BOXING.

John L. Sullivan, the great John L., who is here with Jake Kiirain, will give his last exhibition and monologue at the Salt Palace tomorrow night. In an interesting talk on boxing, John L. sald:
Boxing to young men is invigorating, healthful, and one of the best athletic exercises that any young man could indulge in. It makes every muscle in the body act its part, makes the eye quick, the brain conceive every move that his opponent can make, and not as some people think, that a man to be a boxer or to know anything of the manly art of self-defense, has to have a brain that consists of nothing else than brutal instinct.

Some of the most learned men who rep-

Some of the most learned men who represent the United States of America in the halls of Congress, were great boxers and athletes, such men as United States, senator Jack Chandler, Rosecoe Conkiln and John Morrissy. Even at this late date, we have the chief magistrate, the president of the United States, himself,

who suffer from sleeplessness, backache, or pain will find relief by taking Dr. Miles' Anti-Pain Pills. They are quick in action, relieving headache in a few minutes, while nearly every other form of pain yields to their soothing influence. A great many women have found that a few carried with them, insures immunity from suffering."

Suffering."

"I am one who has suffered for 13 years every month. For several years I took doctors medicine, until I gave up to suffer until death. One day when I was in great pain, Mr. Sales, for whom I was working, gave me a box of Anti-Pain Pills. At first I refused them but he insisted on my giving them a trial, and I must say they are the only thing that I ever took that relieved me without putting me to sleep. Last August I began to use them and to-day I am willing to say that I am cured as I had only one pill this month. I recommend them to women who suffer, and believe they can live without pain if they will take Dr. Miles' Anti-Pain Pills."

A man has got to have brains to be a fighter. It is not necessary for him to have a great physical strength. It goes without saying that a little reliew cannot light a bigger and stronger man than himself; though he might win for the time being. It is an evident fact that a good little man cannot beat a good big man; the same thing applies to horses, as a good little horse cannot beat a good big horse. They both must be put in their proper class.

A man to be a lighter must have brains as well as physical ability. As regards a boxer or fighter, his personality must be much the same as that of a general. A good general must know his ground, how to handle his men and place them to the best advantage, or eise he will lose his men in useless fighting. The same thing applies to a prize fighter; he must, at a giance, take in the strength or weakness of his opponent.

In stepping into the ring with an opponent I feel as if I were going to sit down to a healthy meal. I never was nervous at all. A great many people might not believe this, but I never was affected with nervousness in my life. Some fighters get nervous, but this wears off after the first two or three rounds. I have never been affected that way.

Was I ever knocked down in my life. It was claimed that Mitchell knocked me down, but that was more of a slip than anything else. The blow that I was claimed Mitchell knocked me down with, landed on my chest. I had both feet close together. I was not down a second but jumped up and went at him.

Those of us who, like Cassie and Lon Whiteman, the former mayor of Duluth, have made a million casy and lost it, do not envy those who have a million of so in stocks that refuse to produce since the frenzy set in. We who have lost know the worst. The others can merely console themselves with the thought, "Cheer up, the worst is yet to come." I've earned a million of not have anything but my

INSANE WARDS PUT UP VICIOUS FIGHT.

Not Until One Madman Was Shot and Help Arrived, Was Uprising Quelled.

Plattsburg, N. Y., Aug. 22.-For two hours last night a mob of patients at the State Hospital for the Criminal Insane, in Danneniera, stod off theli guard, while others made a desperate attempt to force an exit from the building. Not until one of the madmer had been shot and killed and the guards had been shot and killed and the guards reinforced by less violent inmates and villagers was the outbreak suppressed and the patients again locked in their rooms. Two large dormitories were wrecked, windows smashed, iron gratings bent, and walls damaged where an effort to wrench their bars from fastenings had been made. The dead man was Isaac Dubois, who had been at the hospital only a short time. Convicted of larceny in the second degree, he was subsequently ordered to the state hospital.

The outbreak was planned with great

subsequently ordered to the state hospital.

The outbreak was planned with great cunning and carried out with reckless boldness, All had been quiet among the 320 men in the institution when at exactly 9 o'clock and without any noticeable signal having been given, almost all of the inmates who had been lined up for retiring rushed into one of the big dormitories and slammed the doors in the faces of the surprised guards, who rushed after them.

The madmen barricaded the doors with beds and other furniture, and began a fierce assauti on the heavily barred windows, evidently hoping to force all at once and thus obtain easy avenues of escape. A number of the less violently insane offered their assistance to the keepers and were enlisted. It was impossible to force the doors and guards were stationed at all the outside windows and ordered to shoot arms and hands appearing through the windows, but not to kill save in case absolutely necessary.

All the fire hose was then connected and heavy streams of water directed at the windows, where the patients could be seen. But the insane rioters put matresses in the windows and continued to hammer at the stone work in which the bars are fixed, all the while shouting and shrieking. Above the tunuit, however, could be heard the furious pounding of the iron bed posts wielded by the inmates, who also had a heavy chisel and siedge hammer. Several shots were fired by the guards, but it was impossible to tell whether they were effective. When the riot quieted it was discovered that Isaac Dubois had been shot and killed probably instantly.

Townspeople and guards from the

probably instantly.

Townspeople and guards from the prison were attracted by the terrific noise and assisted materially when at 11 o'clock the wardens made a series of assaults and finally forced the doors and overpowered the rioters.
