moved that R. V. Morris be Secretary for the society; seconded by Prest. J. M. Higbee; carried unanimously.

Bishop Smith remarked: I will now proceed to organize the society in this place according to the instructions given me by Prest. E. Hunter. The Lord has seen fit to call this people to reform, and we have to do it in this matter. We have a very large field enclosed here and we want to appoint men to farm; mechanics to attend to their own branch of business and others to attend to our Iron Works, and when the harvest comes we all new milk cow; and any person bringing her to the Post can assist each other and eat together as our Prophet remarked when he first organized the Deseret Iron Company in the Old Fort.

Prest. Elias Morris remarked: Home manufacture is an interesting subject to me. I do not see THE UNDERSIGNED want to purhow this people can become independent unless we carry into operation the principles of reformation. We want to make our own oils, nails, paint, clothes, &c., &c ; and it is of no use for any one to join this society unless he means to stay here and have interest in its progress. I see through the Deseret News that the Bishops have been appointed agents for this society in their respective wards.

Prest. J. M. Higbee said: If we are united in this, we will surely accomplish something. If we one, two, three and four years ago, come on and settle up. want to become an independent people we have to put a check to States transportation which will suck our blood as long as it can and afterwards use us up if possible. We have our Iron Works to al price and good pay will be given. carry on, Can we carry them on as we now are trying? No, we cannot. Mechanics work some at their own trade and raise their own grain, and when the farmer wants any small job done he cannot have it done for grain, but they want cash, 300, will call and settle, I will feel better and I know they pork, butter, &c. We want to turn out stock and will. I never pushed a man for money due me; but I get us some sheep that we may make our own clothes.

Moved and seconded that Joshua T. Willis be their Bishops' hands. Treasurer for this society. Carried.

Bishop Smith remarked that we have only just
