## EARLY CHRISTMAS SHOPPING.

In the effort to save something of the severe strain on women clerks and the boys engaged in the delivery service, an official of the Associated Charities in New York has sent out some useful rules about Christmas shopping. First—Humility is worth practicing at holiday time. "First—Do as much of your holiday shopping as possible before Dec. 1."

"Second—Finish it before Christmas week."

"Third—Go to the stores as early in the day as possible."

"Fourth—Avoid buying during luncheon hours, and thus shortening this rest time for the clerks."

"Fifth—Carry home whatever parcels you conveniently can."

"Sixth—Allow a day, at least, for the delivery of parcels."

The very tired girls who wait behind the counters of our big stores are not fond of Christmas time. Its tax on their strength might be mitigated by the men and women who crowd the stores.

Those who come early to buy their Christmas books at the Deseret News store will get first choice of the rarest assortment ever brought to Salt Lake, they will too, see the stock before it is "picked over," and can get the satisfaction of knowing that they later be too rushed to answer questions. Do your Christmas shopping early.

I sell uncalled for suits and overcoats for \$10. Daniels, 57 West Second South.

**Dr. Ephraim G. Gowan.**—Announces that he has removed his office to the 5th floor of the Hooper Block. Hours, 2 to 5.

**FINANCIAL CLOUDS.**—Never could the vision of the man who owns his own home and lives on a little less than his income. It's the man who pays rent who has the most trouble, because at the end of every year of his life, except in rare cases of good fortune, he is a little poorer if he has not paid something on account for a home of his own.

We have recently built some beautiful homes in a location with every thought for proper sanitation and modern improvements of every description.

These houses cost from \$3,000 up on long time payment—long time because they are built so well that we want to loan money on them for a long time. You can get the keys at 48 S. street and look them over for yourself, and then instead of paying rent, pay for a place that will belong to you.
