THERMOMETER 40 degrees F. In the shade at 11 a. m. today. Cloudy, a little sunshiny.
Fog.—A little more fog or thick this morning.
St. Valentine.—This is St. Valentine's Day. Generally a hard season on post-office clerks.
Returning.—We understand that four returning missionaries from Australia have arrived at San Francisco, and they may be expected to arrive here in a day or two.—Ogden Junction.
Intimidation and the Number of White and of Colored Voters in Louisiana in 1876, as shown by Historical Data derived from Republican Official Reports. By Prof. S. E. Chaille, M. D. Published at New Orleans.
Immortality.—It is reported that the case of Le Baron, charged with immoral conduct, now in the city jail, involves some circumstances of a most atrocious and revolting character.
Postponed.—Mr. Sothern telegraphed to Manager Harris that he will be unable to appear in the Salt Lake Theatre this week as announced, but that he will play here on Friday and Saturday of next week, February 23 and 24.
Washington's Birthday.—The 22nd inst. will be the anniversary of the birthday of the great Washington. We understand that it is intended to celebrate the occasion in this city, by making it almost, if not quite, a general holiday. All the leading stores and places of business will be closed.
Repairing the Street Crossings.—A correspondent writes as follows:—"I am glad to learn that the city council has appropriated the delinquent taxes of parties in the Twentieth Ward to repairing the streets and sidewalk crossings. For some of them badly need it, the crossings of several of those streets which debouch into South Temple Street, for instance, two or three of which are perpetual nuisances when there is any mud about."
Missionary.—This morning we received a call from Elder Edward Cliff, of Mount Pleasant, Sanpete, who was compelled to return from his mission in Nebraska and Iowa on account of ill health. He is still afflicted with a severe cough and chills. Elder W. F. Reynolds, who resides in the same part of the Territory, returned with him. Those two Elders labored diligently while in the States, holding a great many meetings, having had no lack of opportunities to preach to the people.
Jealousy.—This morning a couple of young men were before Justice Pyper, on a charge of engaging in a fight. The evidence showed that the quarrel grew out of a love affair, as both youths were paying their addresses to one damsel. The latter received a ring from one of her admirers, and the other, in a fit of jealousy, pulled it from her finger. When the two lads next met, the donor of the ring challenged the other to fight, which he readily did, giving the challenger the worst of it.
Summit County.—William Brewster writes from Hennesseyville, Summit County, February 11, as follows:—"Our Mutual Improvement Association has succeeded far beyond our anticipations. We meet twice a week and an excellent spirit prevails. One improvement was to the effect that we made a resolution to start our dances at two p. m. and close them at 10 p. m., which has proved a complete success. It has also created a feeling of unity among the young men. They are improving in talking, most of them occupying their full time. The association now numbers 35 and we have a day and Sunday school in good order. We are having an unusually mild winter. The stock on the range are doing well. A few grasshoppers have deposited their eggs, but it is thought there are not enough to do much damage. Considerable fall grain was put in, and good health prevails."

JAMES TAYLOR, City Recorder.
WALTER THOMPSON, THOMAS D. DEE, CHAS. W. PENROSE, FRANK D. GILES, JOHN H. REESTALL, JAMES H. COOK.
—Ogden Junction, Feb. 13.
City Council.—The City Council met last evening, Mayor Little presiding.
Petition of Henry Snell, for the privilege of quarrying limestone from a certain specified location, north-east of the Warm Springs; referred to the committee on public grounds. A like petition from Morris & Evans was similarly referred.
Petition of John Shap and seventy-one other residents of the 20th Bishop's Ward, for the privilege of applying the delinquent taxes of that locality to repairing the streets and sidewalks. The sum of \$500 was appropriated as asked.
A proposition of Dr. S. B. Young to attend to the duties of city and quarantine physician for \$50 a month was accepted, and \$500 was appropriated to be drawn by him at the rate above mentioned.
The committee on fire department recommended that \$500 be appropriated to be distributed pro rata to the members of the fire brigade, according to the services rendered by each, since the former appropriation was made for a similar purpose.
The committee, to whom was referred the petition of Thomas J. and J. R. Jones, for the privilege of cutting ice from a certain sweep on the east side of the River Jordan, recommended that the prayer be granted; adopted.
The sum of \$900 was appropriated to pay T. W. Ellerbeck for services as superintendent of waterworks for the half year ending Jan. 31st, 1877.
Salary of the City Recorder, \$200, for the last month, was appropriated.
The Mayor, in his capacity as superintendent of waterworks, was authorized to purchase such supplies as are necessary for that department of the corporation.
Adjourned till next Tuesday evening, at 7 o'clock.
Mormonism in Williamsburg, N. Y.—The organization of the "Latter-day Saints" at Williamsburg is 15 years old. Until three years ago the membership was over 300. At present it has diminished to 100. The members live in Greenpoint, Newark, Hoboken, New York, and Williamsburg. Services are held every Sabbath, in American Hall, No. 170 Grand Street, Williamsburg, at 3 p. m., and two elders from Utah occasionally visit the congregation. The object of these meetings is stated to be to remove popular prejudice against the Mormons, and to preach the Mormonism to the churches in this part of the country, for which the central point, to which they all aspire to go. It is a principle of the sect to gather there as soon after conversion as possible, as many privileges not permitted here may be enjoyed in Utah. One privilege is that of having a plurality of wives. The Williamsburg members belong to the poorer classes. As soon as they amass sufficient funds they will emigrate to Salt Lake City. It has been recently stated that special delegates had been sent out to establish permanent local organizations of the Latter-day Saints; but the truth is that missionaries have been sent for years to the principal cities of the Atlantic States to preach, and to establish branches of the church. The policy is really as old as the church itself. The missionaries come here at their own expense, because it is their theory that it is wrong to make merchandise of the gospel. After a mission tour of six or eight months they return to Utah, and their places are filled by others.—N. Y. Tribune, February 13th.
Improvement Societies.—Elders Joseph H. Parry and H. A. Woolley have been on a visit to Tooele County, in the interest of Mutual Improvement Associations. They held meeting at Grantsville on Saturday evening, and re-organized a society there, held meeting at Pine Cañon on Sunday afternoon, where a good association exists; on the same evening they met with the young people of Tooele City, and effected a re-organization of a Society. Leaving Elder Woolley at Grantsville, Elder Parry came eastward to Pleasant Green, Point of the Mountain west, and re-organized an association there, with a membership of from twenty-five to thirty.
At all the places named those young brethren found a good spirit prevailing, and had great pleasure in speaking to the young people on the important subject of mutual improvement.
Supreme Court.—The session of the Supreme Court of today convened at 2 p. m.
Judge Boreman delivered an opinion in the case of the Flagstaff Mining Co. vs. J. N. H. Patrick, affirming the decision of the Third District Court, with costs.
A. U. S. commissioner was appointed for each of the following places: Logan, Woods' Cross and Leeds.
On the motion of Judge Sutherland, chairman of the examining committee, Mr. Scipio A. Kenner was admitted to the bar of the Supreme Court.
Confirmed.—It will be seen by our dispatches that the Senate yesterday confirmed L. P. Luckey Secretary of Utah.
In Illinois.—We have perused a letter from Elder M. V. Jones, dated at Galva, Henry County, Illinois, Hays:—"By inquiry from the farmers, I learn that, for years past, Illinois has not raised enough small grain to give back the seed that is put into the ground. The wheat raised is of a very inferior quality. The breadstuffs of the State are chiefly imported from Kansas and other States. The consequence is that many farmers are obliged to sell stock to buy seed grain. Potatoes are \$1.20 per bushel and of most inferior quality. To be brief, the principal or chief products of the State are corn and hogs. During the last year many farmers in this section have lost many or all of their hogs by what is known as the hog cholera. The people say, 'Hard times, hard times.' The land has ceased to yield of her products; the new land when tilled is equally as bad, so that the welfare of the farmers depends on their stock and corn, and their stock of course are all fed by their corn crop. I am free to say that one slight deviation in the seasons, or a grasshopper war, such as Utah has experienced, for one year would envelop this part of the country in a famine. In my opinion, a farmer in Utah, with twenty acres of good land, lives better than the farmer here with 60 or 80 acres."

SUGGESTIONS IN REGARD TO LIQUOR SELLING.
SALT LAKE CITY, Feb. 13, 1877.
Editor Deseret News:
To give unasked for advice is generally regarded as a work of supererogation, and such the following suggestions may be considered by the City Council; but learning from your columns that the liquor question is again under consideration by the City Council, I have been bold to present a few alterations in our present ordinance, which I think would be wise and salutary, and would be sustained heartily by public opinion, if they become law. My proposed amendments are—
1. That the City Council may grant licenses to keep as many dram shops within the corporate limits as they may think the public good requires, upon the application by petition of a majority of the legal voters (or residents) of the block on which it is proposed to open and carry on such business.
2. That the license of any dram shop may be revoked by the City Council, whenever they shall be satisfied that the person licensed has violated any of the provisions of the city ordinances, or keeps a disorderly or ill governed house, or places a room for idle or dissolute persons, or allows any illegal gaming in his dram shop or in any house or place adjacent thereto.
3. That no person shall be licensed to sell intoxicating liquors unless he shall give bonds in the sum of \$5,000, with at least two good and sufficient sureties, tax-payers in the city, conditioned that he will pay to the city all damages that they may sustain, either in person or property, or means of support, by reason of the person so obtaining a license selling or giving away intoxicating liquors.
4. That any person, who shall sell or give away intoxicating liquors, or his employees, who shall sell or give away intoxicating liquors, without the written order of his parent, guardian, or employer, shall render himself liable to a fine.
5. That all places, where intoxicating liquors are sold in violation of the law, may be abated as nuisances, and be closed until the proprietor gives bonds with approved securities, that he will not again break the city ordinances.
6. That any person injured in person or property by a husband, wife, child, or other person, depending upon him, obtaining liquor from a saloon, etc., may institute a suit for damages against the proprietor.
7. That any giving away of intoxicating liquors, or other gift or device to evade the ordinance, shall be held to be unlawful selling.
Are there any good and sufficient reasons why these amendments should not be made in the interest of temperance, morality, and good government?
A Sure Cure for the Piles.
A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles, has been discovered by Dr. Williams (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases, and has stood the test of time. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electrocutes do more harm than good. Williams' ointment supports the inflamed parts, and relieves the pain, and is prepared exclusively for Piles, and nothing else. Over 30,000 cured. Patients attest its virtues, and Physicians of all schools pronounce it the greatest contribution to medicine of the age.
WENT TO THE NOTED HOT SPRINGS.
Cleveland, O., Dec. 27, 1876.
DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried nearly every remedy, but without success. I was advised by a friend to try Williams' Indian Ointment, and as a last resort went to the noted Hot Springs, Arkansas, for treatment. He informed me that the Indian Ointment had cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.
JOSEPH M. RYDER.
