LAST NIGHT'S DISPATCHES

EASTERN.

Troops Gone to Hazelton.

WILKESBARRE, Pa., 7. — The sheriff to-day became satisfied that it was useless to try any longer to preserve order in the coal regions by a posse commitatus, and he called for troops. General Osborne at once ordered the 9th regiment of infantry and the Wyoming artillery in this city, with a battery of four guns, to proceed to Hazelton. The General and his staff left here by the 2 p. m. train for the scene of disorder.

Militia for Hazelton.

PHILADELPHIA, 7.—The first regiment of National Guards has been ordered to Hazelton, Gov. Hartranft having telegraphed that they are needed at once.

Black Hills Indians.

WASHINGTON, 7.—The Commissioner of Indian affairs to-day received a telegram from the agent at the Cheyenne River agency, stating that he can bring to Washington nine Sioux chiefs, including three or four prominent ones from the Black Hills, whenever needed, for the contemplated negotiation to buy that reserve. The Commissioner will not order them to come till he receives reports from two other agents in the Sioux country, so as to have all the proper representatives of the tribe here at the same time.

The Senatorial Party.

The U. S. steamer *Dispatch* has arrived at Pensacola. The Senatorial party leave for the North overland.

New Suit Against Tweed—Three Millions Bail.

NEW YORK, 7.—A new suit under the late act of the legislature has been begun against Wm. M. Tweed, to recover back $6,193,957, paid out under the board of audit of 1870, on which Tweed was convicted, and for which he is now under sentence. An order of arrest has been granted and bail fixed at $3,000,000.

The Yokahama P.M. Defalcation Denied—Specie Shipment.

The report of the defalcation of several hundred thousand dollars at the Yokohama agency of the Pacific Mail Company is denied at this office here, where it is said the story probably grew out of a difference of $80,000 between the accounts at the New York and Yokohama offices. The agent at the latter place is now coming here from San Francisco.

Specie shipments to-day, $22,000 in silver bars.

Pacific Mail & Panama R. R. War.

The *Tribune* says a bitter war has been inaugurated between the Panama Ry. and Union Pacific and Pacific Mail interests. When Sidney Dillon and associates entered into the administration of the Pacific Mail Co., almost the first act was to endeavor to arrange it on a working basis which would be generally satisfactory. While the representatives of the several Co's agreed that such an arrangement would be desirable, yet there was such a conflict of opinion as to what would be a proper division of the profits that the conference ended, and at the annual election of the directors of the Panama Ry. on Monday, all the Pacific Mail representatives were dropped from the list. Immediately after the organization of the Panama directory yesterday, the Panama Co. passed resolutions giving notice to the Pacific Mail that at the end of 90 days the present contract regulating the division of the profits would be abrogated. The Pacific mail directors caused word to be sent to the Panama Co. that they would waive 90 days' notice, preferring that the contract be abrogated at once, the intention being to ship Chinese freight over the Pacific Road, instead of by Panama, as now, allowing the Pacific Mail ship Co. half the receipts for freight between China and New York for all freight thus carried. The Panama people, not to be outdone, threaten the Pacific Mail with a rival line of steamers, which would be run in the interest of Panama.

Wool Market.

BOSTON, 7.—The wool market remains unchanged. Fair inquiry for all kinds of wools of the better assortment of suitable grades, such as medium and No. 1 fleeces and combing and delaine fleeces. The business would be much larger, as there is a demand for them at full price. There is a good supply of fine wools, including Ohio and Penna. fleeces and choice Australia, but buyers still operate cautiously, though prices are so low that any further concession can scarcely be looked for. Desirable lots of superfine are in request and command full prices. Sales of Ohio and Penna. fleeces have been at 52@56 as to quality, with XXX and medium.

Military at the Mines.

HAZELTON, 7.—Two regiments of infantry and one of artillery are ordered and expected to-day. About fifty of the special police, who arrived last night, left this morning for Philadelphia, from intimidation.

The suicidal policy of the men in stopping the pumps may be understood when the fact is stated that if a compromise can be immediately effected it will take four to five months to pump the mines dry, till when the miners must necessarily remain idle.

Miners Won't Put a Fire Out.

A fire broke out accidentally in one of the mines at Stocktou today, and the miners at a meeting especially called to consider the question, absolutely refused to assist in putting it out, although such action on their part is in direct opposition to their interest. A messenger from Stockton arrived for assistance to put out the fire, and a squad of special police have been detailed for that purpose. Lenderman, proprietor of the Stockton Co., telegraphed here, offering the steam fire-engine company $10,000 if they will quench the fire. The pumps at Buck Mountain are all idle and a raid is looked for at that place to-night.

More Strikers.

SCRANTON, Pa., 7.—The miners at Minook, O., struck to-day for ten per cent advance, and other strikes are expected.

Large Republican Majority.

PROVIDENCE, R. I., 7.—The State election occurred to-day. The question of the repeal of the prohibitory law partially broke up the political parties and renders classification of the assembly impossible. There is no election of governor or Lieut. Governor, but the remainder of the republican state ticket was elected by a very large majority, the largest ever given in the State, with three wards and three towns to hear from. Henry Lippett, the regular republican, was supported by the liquor dealers' league for governor, and has 7,084; Rowland Hazard, independent, supported by prohibitionists, has 7,560; and Charles R. Cutler, dem., 4,845. In this city only three of the assemblymen are elected, and they were run on the regular republican and democratic tickets. Whether Lippett or Hazard shall be elected will probably depend on the result of the subsequent election of assemblymen in this city and Warwick, where also there was no choice.

The Mail Contract Frauds.

CHICAGO, 7.—A Washington special gives the following details of the frauds in the contract bureau, P. O. dept. The detection of the criminals was obtained by a clerk in the office of the second assistant general, who had charge of the Arkansas and Texas routes. Kettle, who is the chief conspirator, had succeeded in obtaining sixty contracts for carrying the mails in Texas, and had been so successful in corrupting the clerks in the department that he became bold and assumed that all the clerks were corrupt and that they could all be used for his purposes. The lettings in which the frauds occurred commence July 1st next. Those for Texas had been awarded. Of these Kettle and a man named Trouplin, of Mich., succeeded by fraud in obtaining sixty. Encouraged by his frauds in the Texas route, he approached Sickles, the clerk, and exacting a pledge used it so that by connivance of the clerks the figures of the lowest bids were obtained by outsiders, and so that by means of counterfeited stamps bids could be slipped in which never were before the officers. Tyner's suspicions were aroused, and he immediately began an examination of Kettle's bids. The ear marks on the bids did not seem to be entirely regular. The official stamp was submitted to treasury experts, who pronounced it genuine. The P. O. department was not satisfied. Special agents were charged with the case. Baltimore engravers were visited and a clue was found, which led a Washington engraver, Lutz, to confess that he made the counterfeits for three men. Those three men were afterwards proved to be Kettle, the contractor, and Channell and Rotheroth, employees of the department.

Fire and Loss of Life—Sargent at Home.

SAN FRANCISCO, 7.—There was a disastrous fire and loss of life this afternoon, at the corner of Spear and Harrison streets, caused by the explosion of giant powder in a frame building adjacent to Hathaway's bonded warehouse. A number of frame buildings, occupied as saloon and dwellings, were blown to fragments. The wall of the warehouse was crushed and the whole in a few moments was a mass of flames. Men, women and children were crushed in the falling ruins or perished in the flames. It is impossible at present to ascertain the number of lives lost or persons injured. The fire is under control and confined to the immediate vicinity of the explosion. The loss in the bonded warehouse is not less than half a million dollars; that of the adjacent property burned, consisting of hay barn, coal shed, saloon and dwelling, is perhaps twenty-five thousand more. Search is being made in the ruins as promptly as the fire will admit for the recovery of the bodies. Three have been taken out thus far, and it is thought that several others, but in the confusion prevailing it is impossible to ascertain. There is a large crowd at the scene of the disaster and great excitement prevails.

Senator Sargent arrived this evening and is the recipient of a demonstration at the hands of those who endorse his political course.
