

LOCAL AND OTHER MATTERS.

FROM FRIDAY'S DAILY

MORE CAPTURES.—Messrs. Kimball, Knowlton and Judd, after consigning to safe keeping here the supposed robbers of the railway trains near Toano, captured by them a few miles from this city, on Wednesday, left for the west yesterday morning to continue the pursuit, and to capture, if possible, the remaining two of the party. When a short distance this side the Point of the Mountain they met a man who, they thought, answered the description of one of the robbers. They questioned him pretty closely, but he gave such straightforward answers that they let him pass on. When they reached E. T. mill they learned that this individual had been there making inquiries about the two men, first captured. This strengthened the suspicions of the three detectives, and they sent a boy immediately, to this city, with a description of the suspected party, to the police officers. They were quickly on the track of the gentleman, keeping pretty close watch on his movements yesterday evening, he also viewing them with great uneasiness and distrust. About half-past nine o'clock last night they arrested him, he giving the name of F. B. Barnes. His answers to several questions put to him were very conflicting and contradictory, and tended to strengthen the opinion that he is one of the guilty parties.

Intelligence was also received last evening, from Bro. Heber that he and his companions had captured a man answering to the description of the remaining robber, at Stockton, and that he would be in this City this afternoon. Word was also sent that the saddle-bags, thrown away by the second man captured, had been recovered; and they, it is said, contained \$1,200 in greenbacks, two sacks of gold dust, and some other articles.

NEW TELEGRAPH OFFICES.—The following dispatch, per Deseret Telegraph Line, explains itself:

"PLEASANT GROVE, Utah Co.,

November 11th.

Thanks to the Superintendent of our Line, A. M. Musser, an office is opened here, by which we can hold communication with the rest of the telegraphic world and sustain ourselves in the way of information in this age of progress and improvement.

BEN. W. DRIGGS."

An office of the line has also been opened at Dry Creek, or Neff's Station, in this County, to which, as well as to the office at Pleasant Grove, messages are transmitted for twenty-five cents each. The Superintendent deserves great credit for the progress made by the line under his supervision and direction. We congratulate him on the success of his efforts.

SUCCESSFUL.—We have been informed by Brother George D. Keaton, Secretary of the Sixth Ward Co-operative Store, that that "Institution" continues to be successful. The last dividend declared was ten per cent. for six months. Considering the cheap rates at which goods are sold there and the dullness of the times this is doing as well as can be expected.

DIED.—At Coalville, Summit Co., Nov. 2d, Erastus E., son of W. W. and Ann Cluff, aged one year, four months and two days.

CRIME IN IDAHO.—The press in Idaho is getting alarmed at the fearful increase of crime in that Territory. Murder, it is said, is done there on the slightest provocation, and trial is a mere farce; juries always acquit the criminal, because they think some day they may want the criminal to do a similar office for them. A Boise paper alludes to the past condition of Montana compared with its present position, with regard to murders, robbery, etc., and attributes its freedom from those evils now to the swift justice dealt out to criminals by the citizens. The same paper advises the people of Idaho to pursue a similar course and winds up with a fervent wish that the day may speedily come when justice will be done in the courts of Idaho. This is certainly an uninviting picture of the condition of matters in that Territory. We think there is a person in Utah whose proclivities for turning criminals loose upon order-loving citizens are as strong as in any party of like tendencies in Idaho.

THE HOLY LAND.—The lecture in the Tabernacle last evening was listened to by an audience of about three hundred persons. The subject, the Holy Land, was handled in an interesting manner by Rabbi Snerston. He related many historical facts connected with Palestine and drew vivid pictures of the sufferings which had been experienced by the inhabitants of Jerusalem on the five occasions on which it had been utterly destroyed. He stated that the sun had not shone more favorably for ages on the Holy Land than it does at the present time, and that the Spirit of God still hovers over it. He described the manners and customs of the wild Arab tribes that inhabit the mountainous parts of the country, as well as the Turkish and Jewish population. He said there were about 3,200 Jewish families now in Jerusalem, who were principally from Spain, Portugal, Germany and Poland. They are strict adherents of the law of Moses, admitting no innovations. A number of the

men have several wives each, as it is not forbidden in the law of Moses for a man to have as many as he can support. The speaker dwelt for some time upon the fruitfulness of the soil and the spacious nature of many of the buildings throughout the land, yet the orchards and habitations are not owned by Jews but by strangers. The Rabbi concluded by expressing his firm hope and belief that the time would come when Israel would inherit their own country and the smile and glory of God would yet rest upon it.

FROM SATURDAY'S DAILY.

PERSONAL.—Amongst the visitors now in our city, are Judge Enos, late of the Supreme Court of the State of New York, and United States Senator Guinn, whose name is so intimately associated with the history of California. Judge Enos, though over ninety years of age, has "done" the trip across the Continent alone. He is a remarkably well preserved man and possesses rare legal attainments.

TARIFF.—The Deseret Telegraph Line tariff to Pleasant Grove is fifty cents instead of twenty-five cents, as stated yesterday.

BE PREPARED.—Brother John A. Rehnstrom, of this city, called this morning and made the following statement: As he was going toward his home from his workshop last night after dark, and when on South Temple Street, a short distance east of President Young's office, he was stopped by a man dressed in the uniform of a U. S. soldier. Brother R. was wheeling some potatoes in a barrow. The soldier took a small derringer from his pocket and commenced feeling in the barrow to see what was in it, at the same time telling our informant that if he said a cross word his brains would be blown out. Brother Rehnstrom mildly remonstrated with him when he became more peaceably disposed, and stated that it would be advisable for people not to come out after dark in this city, as it was the intention of the cavalry now stationed at camp Douglas to come down and clear out the town. He said he belonged to the cavalry himself, and that he intended to be one of the party who would make the raid.

The assertions of this soldier may only have been the idle talk of a half-drunken man and made without any foundation; yet the Provo affair has taught a lesson which will not be readily forgotten. We think it would be advisable for the officers now at Camp to keep strict watch on the movements of their men, and let the citizens be prepared for any emergency, remembering the good old Scriptural saying that we should "watch as well as pray." As we understand that a number of the principal officers of Camp Douglas are now at Fort Rawlins, there may be a necessity for increased vigilance on the part of those remaining.

FATAL ACCIDENT.—By courtesy of Elder Albert Carrington we are enabled to publish the following dispatch:

PLEASANT GROVE, Utah Co.,

November 11, 1870.

Elder A. Carrington:

Reuben, son of Widow Harriet Rock, aged twenty-one years, was killed, to-day, in Battle Creek Canyon, by the falling of a tree.

D. M. SMITH.

The funeral of the deceased was to take place this afternoon at four o'clock.

AT OGDEN.—Professor Bosco with his magic and mystery, accompanied by Sangiovanni and his pets, are interesting the people of Ogden and representing the interests of the Salt Lake Museum and Menagerie. They will continue their journey northward next week.

ARM BROKEN.—As Mr. James Allen, of Draperville, was entering his barn on Thursday, he was kicked by a mule on his left arm, breaking it between the wrist and elbow. It appears the mule was a very timid animal and the entrance of Mr. Allen, near to where it stood in the barn, frightened it and was the cause of the accident. The arm was set by Dr. Dunyon, and Brother Allen, who is sixty-five years of age, is doing as well as can be expected.

THE TWO DAYS' MEETINGS.—At half-past seven this morning a special train started for Ogden, having on board Presidents B. Young, G. A. Smith and D. H. Wells; Elders John Taylor, Geo. Q. Cannon, B. Young, Jun., Jos. F. Smith, A. Carrington and a number of others, en route to attend the two days' meetings in that city. Judging from our own experience in this city, we anticipate the people of Ogden will have a time of refreshing from the presence of the Lord, during the stay of these brethren in their midst. The meetings will continue to-day and to-morrow.

A GENTLE REMINDER.—Our friends should not forget that the Sabbath afternoon meetings now commence at one o'clock. The recollection of this fact will save them the annoyance of arriving at the Tabernacle when the meeting is half over and the speaker is in the middle of his discourse. Late arrivals at meetings also disturb the congregations.

ANOTHER OFFICE.—Superintendent Musser, of the Deseret Telegraph Company, has opened another new office on the line, being the third within the last few days. This last one is located at Lehi, Utah coun-

ty. It will supply a want long felt by the residents of that city.

RELEASE AND APPOINTMENT.—Elder William Douglas has been released from his duties as Traveling Elder in the Glasgow Conference, and appointed to labor as Traveling Elder in the Nottingham Conference.—*Mill Star*, Oct. 18th.

THEATRICALS AT OGDEN.—A gentleman present at the theatrical entertainment given at Ogden, on Thursday evening, informs us that the performance gave great satisfaction, the pieces represented being admirably performed. The absence of a great number of the citizens from home prevented there being as large an audience as would otherwise have been present.

ACCIDENT.—We were pained to learn through a telegram from Provo, that last Monday Mr. William Ridd, of this city, who was engaged in the erection of the Provo Co-operative factory, was seriously injured through his right hand being caught in the feed rollers of the planing mill. The skin and flesh of his arm, half way to the elbow, was mostly torn off by the machinery. He left Provo for his home in this city yesterday morning.

MORE TREASURE.—We are informed that the search for the remainder of the treasure taken in the late robbery at Toano resulted, yesterday, in the discovery of some gold bars, jewels and \$36,000 in greenbacks. The man supposed to be the remaining one of the four connected with the robbery is in custody at the city jail.

RETURNED.—Officers William Hyde, Charles Crow and Adam Paul returned to this city at ten o'clock, this morning, from Elko, to which place they had escorted the two supposed mail robbers first captured. On their arrival at Elko with the prisoners, they were met, at the Railroad station, by the County Sheriff and his deputies, who treated our officers with marked courtesy. The prisoners were safely lodged in jail.

THE JUVENILE INSTRUCTOR.—Another number of this highly interesting periodical, for old and young, appears to day, embellished with a fine two page engraving, representing some of the people of the various nations in Europe. The publisher has lately received a number of new engravings from the east, illustrative of interesting topics which will gladden the hearts of the *Instructor's* young subscribers.

REDUCTION OF FREIGHT ON ORES.—A dispatch, per Deseret Telegraph line, sent this morning, from Ogden, by T. W. Cook, Agent of the U. P. R. R., says that the rate on ores is now reduced to two hundred and forty dollars per car from Ogden to New York, and to two hundred and fifty dollars from Ogden to Boston.

STOCK AND BEE ASSOCIATION.—A meeting of those interested in the importation of Bees and of pure breeds of stock, will be held in the City Hall this evening at half past six o'clock. Those wishing to order through the Association will please make their arrangements immediately, as W. C. Rydall, stock purchasing Agent, will leave for the East to-morrow morning and W. D. Roberts, Agent for the purchase of Bees, will leave in a few days. The meeting this evening will be open to the general public.

DEEP CREEK IN UTAH.—The following was among the telegraphic dispatches this morning:

"DEEP CREEK, 12.—The government surveying party decide that the line is three miles west of this place, thus making Deep Creek in Utah. The people here are satisfied, as they had just been assessed for taxes by Nevada, and the change to Utah will make the taxes lighter. Several parties who have herds of stock, intended to move East, so as to be in Utah; they couldn't afford to pay Nevada's taxes.

POOR JOHN CHINAMEN!—Dr. Backus, a Minister of the Baptist denomination, who preached in the New Tabernacle in this city a year last summer, and, after being treated with civility and kindness here, went away and indulged in scurrility and vituperation of the "Mormons" has gone to San Francisco to purchase the First Baptist Church for the Chinese Mission. There's hope for the "heathen Chinese!"

THE BIBLE IN COLORADO.—The American Bible Society is meeting with great success in Colorado, and the Bible is being extensively circulated among the people of that Territory by its agency. The *Denver Tribune* doubts if any State in the Union can show a better record compared with the number of inhabitants. Mr. William McCandlish, one of the agents of the Society, in a letter to the *Tribune*, says:

"In ten counties of Colorado there are Bible organizations and Bible depositories; eight auxiliary societies and two Bible committees. In all of these counties Bibles are sold at the cost of manufacture in New York. In all, donations are freely given to the poor. In the southern portion of the Territory the scriptures in the Spanish language are circulated to meet the wants of the Mexicans. From nine counties of Colorado, during my recent tour, I have received for the Bible cause \$754.40, \$606.50 being for payment of Bibles received from the Parent Society, and \$152.90 as donations to the American Bible Society. Six auxiliary societies have fully paid the claims of

the American Bible Society for books, and the remaining societies are exerting themselves to meet all claims. Holding an appointment from the American Bible Society as agent for Colorado, I have thought it proper to lay the above statement of facts before the public before leaving the Territory."

DRAWING.—We have been informed by Brother Dan. Weggeland that he purposes shortly opening a drawing school in this city, when he will teach that useful art in all its branches and, from what we know of his abilities in that direction, we are satisfied that he is highly qualified to teach it. It is his intention, in instructing his pupils, to commence with the rudiments or first principles of drawing, beginning with geometrical lines, quadrants, prisms, &c., &c. In the second class the student will be taught the rules of perspective, light and shadow and to copy from all kinds of shaded and unshaded pictures and in the third or last class, to copy natural objects such as flowers, figures, landscapes or ornamental work, according as the taste and talent of the student may lead him. The cultivation of any of the branches of the fine arts has an elevating and refining influence; a taste for such things should, therefore, be fostered and encouraged in the young of our community, and we trust that Brother Weggeland will be supported in his effort to impart his knowledge of the art of drawing to the youth of this city. Those desirous of joining his class can see him at the picture gallery of E. Martin, on East Temple Street.

SALT LAKE EXCHANGE AND READING ROOMS.—A well attended meeting for the purpose of adopting a set of by-laws, and forming a permanent organization to carry on the above institution was held in Faust's Hall on Saturday evening.

A. S. Gould Esq., Chairman of the Committee on Constitution and By-Laws, submitted a set of by-laws containing twenty-two articles, which the Secretary read, section by section. Amendments were offered and accepted, and the By-Laws, as amended, were finally adopted as a whole.

Warren Hussey, Esq., Chairman of the Committee on permanent organization, submitted a list of officers to conduct the affairs of the Institution for the first year, who were unanimously elected. Charles Hempstead, Esq., suggested the addition of one more name to the number of Trustees, which was carried.

The following are the names:

President, Warren Hussey; Vice President, James F. Woodman; Treasurer, J. Robinson Walker; Secretary, Bentham Fabian.

Trustees: Alfred S. Gould, William Jennings, Henry Lawrence, John Cunningham, Thomas Taylor, Samuel Kahn, W. H. Evans, and Judge O. F. Strickland.

[Com.]

Died.

At Parowan, Iron County, on Tuesday, Nov. 1st, 1870, Harriet Goodrich, relict of Ezra Thornton, aged 79 years, 4 months and 17 days.

Deceased was born at Glastonbury, Conn., June 14th, 1791; embraced the Gospel at Collins, Erie County, N. Y., in 1833, where she was baptized by Elder John P. Green, and then gathered with the Saints at Kirtland. In 1838 the family moved to Missouri, but her husband died the same year near Far West. The deceased with her children passed through all the subsequent drivings and persecutions of the Saints, moving from place to place as they were driven by mobs. They left Nauvoo in 1846, and were residents of Winter Quarters and Kanesville till 1850, when they emigrated to Utah. Of her children—six sons and five daughters—only four survive her, three sons and a daughter, one of the former residing in the States, the others in this Territory.

At Grantsville, Tooele County, on Wednesday evening, Nov. 9th, 1870, of lung disease, Edward Frost, aged forty-seven years.

The deceased was baptized into the Church of Jesus Christ of Latter-day Saints, November 28, 1848, at Bristol, England. Up to 1855, when he emigrated to this Territory, he labored in the ministry as traveling Elder and afterwards as President of a Conference.
