Special orders No. 18 have been issued from National Guard headquarters under date of June 11 as follows:

First—The resignations of Major Ferdinand Erickson and Major H. G. Boyce, Capt. John M. Benning and First Lieut. J. O. Nystrom, all of the First Infantry, these officers having rendered patriotic service by appointment to staff positions, are accepted.

Second—Elections will be held in D company (Salt Lake City), and in I company (Commercial), First Infantry, on Tuesday, June 30, 1896, or as soon thereafter as practicable, to fill vacancies among the commissioned officers.

Third—Col. Henry C. Page, First Infantry, and Lieut. Col. J. M. Benning of the Brigade staff, will act as returning officers of these elections, respectively as D and I companies, and will promptly report the result of the same to the Adjutant General.

Fourth—The commissioned officers of the First battalion (A, B, D, and H companies) and of the Third battalion (C, F, K and L companies) will vote for officers of their respective battalions on the 30th inst., 1896. Each officer will deposit his vote in a letter to the Adjutant General, marking the envelope "Ballot for Field Officers" to prevent its being opened before the designated time. Those letters will be opened at 2 o'clock p. m., June 30, 1896, in the office of the Adjutant General, by a board of three officers appointed for the purpose.

By order of the Commander-in-Chief.

Adjutant General.

MRS. WINEGAR HURT.

Her Horse Runs Into a Telegraph Pole, Throwing Her Out.

Mrs. R. Winegar, of the Seventeenth ward, was injured in collision with a pole last evening. The lady, her three daughters and little Leroy Hobbs were riding in a buggy along Fourth North street, when the horse shied at a rise in the road and ran the buggy into a telegraph pole. The lady was carried into the residence of Mrs Nellie Dunn Pooley and pending the arrival of the ambulance

OPINIONS OF OUR LEADING MEN.

President Angus M. Cannon says of the Keeley treatment.

"I thought it impossible for one man to do what Dr. Keeley has done scientifically in counteracting the terrible evils of intemperance. His treatment strengthens men physically, mentally and morally. Under these circumstances they are given another opportunity to become men amongst men. Is there a man who loves his fellow beings that can fail to say, I view Dr. Keeley as engaged in a most commendable work? I trust his good work may continue."

ANGUS M. CANNON,
President Salt Lake Stake.

Gas, Natural and Unnatural.

The city Council committee on improvements met last night with City Attorney Varian, Fuel Engineer Wells and J. Edgar Clinton and talked over the petition of the Salt Lake and Ogden Gas and Electric Light company, asking that the franchise granted to the Natural Gas company be changed so as to allow the company to charge $1.50 per 1,000 feet of gas instead of $1.25 per 1,000 feet per month. No agreement was reached and the city council is firm. It will not be compromised. The committee reserved. Mr. Clinton declared that the gas company was not making 5 per cent as provided in its franchise and would be compelled to close furnishing gas if the Council insisted on a reduction in price to 50 cents per 1,000 cubic feet. The City Attorney Morris denounced such a statement as a bluff and would not listen whatever of using anything of the kind.

On the Lookout for Hermans.

DENVER, June 11.—Such excitement as every railroad running through Colorado has been authorized to arrest Frances Hermans, the Salt Lake City murderer. Hermans was granted a clerical permit numbered 898, signed by Chairman Caldwell of the Western Passenger association. After his flight detectives were put upon the trace, who, after being baffled at every turn, finally traced him eastward, toward this city. Hermans is a conductor who honored his permit when presented. The authorities asked the railroads to help and in response telegrams received the general passenger agents of every member of the Western passenger association asking for instructions to capture the owner of the clerical permit. If Hermans should board a Colorado line he would be captured. Rumors are current that he is making to Denver, although the police have not ascertained the fact.

Races at Calder's.

Over 500 people witnessed the horse races at Calder's park yesterday afternoon, the following events having proven a strong drawing card:

Ada beat Erma in a match race between the two mares. Time: first heat, 2:36; second heat, 2:34½; third, 2:37.

A pace and trot between Dennis, Pearson, Starlight, JoJo and Freddie B, was won by JoJo, the sixth and deciding heat being run in 2:32.

Velox went a half mile against time in an attempt to beat the Utah record, 2:21. He failed, however, the first heat being done in 2:23½ and the record to 2:24.

Agricultural College Notes.

'93, what is so rare as a day in June?" was the examination of men attending the commencement exercises.

Christian Larsen, Amos Merrill, Lorin Merrill, Joseph L. Rosell, William Langton, and Joseph B. Thomson were graduated B. S., June 10.

Dr. John B. Park's remarks upon presenting diplomas, were very appreciative and very practicable. "Make a living but don't forget to live."

The alumni banquet was well attended, and entertaining speeches were made by Dr. Brewer, Prof. Mary Ewan, Lieut. Styer, the retiring president and others.

The students' graduating addresses were of the most practical nature.

San Juan Stake Conference.

The quarterly conference of the San Juan Stake of Zion was held at Moab, Grand county, Utah, May 23 & 24, 1896, President F. A. Hammond, presiding. Elders Brigham Young and George Reynolds were present and gave us most excellent instruction. The subjects discussed upon were the life, labors and example of the savior, the agency of man, obedience to the Priesthood and the calling thereof, and the knowledge that the Gospel brought to earth and reports is manifested. Elder Young spoke of the position since we are living in, and called upon the people to repent and draw the dividing line between good and evil that we be not overtaken and destroyed with the wicked; said that the Lord had designated that the righteous should inherit the earth, and that he would have to step down and out, etc. Elder Reynolds spoke very forcibly and pointedly upon the marriage relation and the union of sexes, deplored the condition of the world, and the Latter-day Saints especially, that there are so many men and women that have passed the proper time of marriage and are entering the state of old batchelor and maidenhood. Said the batchelors and widowers are to a measure responsible for the increase of crime in consequence, for every true woman desires to become an honorable wife and mother.

The declaration of the principles of Church discipline were read, presented and unanimously accepted. The general and local authorities were also unanimously sustained. The Bishops of the Bishops were favorable; the Saints were endeavoring to live their religion; meetings, Sabbath schools, societies and associations were kept up and pretty generally attended. The condition of the people financially is not as good as ordinary on account of high winds and drought, but all felt to acknowledge the hand of the Lord in it, that it was for a wise purpose to Him that doeth all things well though unseen by us.

The conference was a decided success and the Saints wended their way home satisfied, and with new determinations and resolutions to return and do better in the future than in the past. Some of the Saints had traveled over one hundred and fifty miles by team to attend conference.

CHILDHOOD'S TROUBLES.
A Nuisance Removed from the Allotment Tract of a Little Girl.

Mr. Smith, agent for the Shaker Medicine company, is daily displaying similar proofs of the virtues of these wonderful medicines. Yesterday he exhibited a bottle which the medicine removed from the digestive organs of a suffering young child. The child is Mary, the 5-year-old little daughter, living at No. 271 West South Temple. No one, unless thoroughly familiar with the low worm and its nature, would expect any such thing could exist in so healthy a looking child.

Don't forget Saltair is public school day at Saltair.
