Both men quit training yesterday afternoon and did nothing today but light exercise to keep in the good condition they have placed them. Each is in excellent condition and is expected to give the fans a good show.

WAS HE MERELY DREAMING?

John L. Sullivan Should Now Wake Up And See Things.

Is Dr. Osler in the house? asks Ted. Say, Doc, what's that you said about following over forty being out of the game any more?

He said you hear about old John L. Sullivan putting McCormick out in two rounds.

Was it on the level? Search me.

The reports say that he just rained him on this one. He is coming on the minutes after the knockout before Mac could gather his legs under him.

McCormick is a few years ago and made such a rep. Strange that old John L. should come through like that.

going to make things hum if you'll listen to what I have to say. In a punch it—Corbett? That! Merely a rush or two, if "Fitz" that old has been. One on the front and good night, if—

Dear John, we're afraid you're not awake yet. Roll over and rub your eyes. Here, throw this cold water on your face. You'll be all right in a few moments. You mustn't eat sauer kraut and jelly roll before going to bed.

JENKINS AFTER GOTCH.

He Wants Match Either on Mat or in the Ring.

Tom Jenkins, the former champion wrestler, is hot on the trail of Frank Gotch, the present holder of the title "Big Tom" has issued a sweeping challenge to his conqueror, and wants to meet him either in the ring or on the mat. Jenkins claims that Gotch is afraid to meet him and has sidestepped the issue.

I want to meet Gotch, for I have the "Indian sign" on him," says Jenkins. "He won a victory over me in Cleveland when I was in poor shape. In condition I can defeat any wrestler in America. Gotch is soft picking. I can beat him the best day he ever saw. He has the pugilistic bee in his bonnet and wants to add a fighting title to his credit. I can beat him in the ring or on the mat, and I want to make a match with him. Let him sample me before he does Jeffries, and I promise you he will go back to the farming business at Humboldt, Ia.

The experience I gained in training Jim Corbett, Fitzsimmons and Gus Kilb has given me enough points to beat Gotch. As for Garry, I can't beat him tomorrow night at which Casino I will quit the game forever. I have to beat him in order to obtain a match with Corbett. I will do it decisively and quickly that there will be no question as to whether I have hit the toboggan, or not.

Par is working like a Trojan at Billy Elmer's gymnasium, where he went upon Monday night to train. He has added another victim to his long list of the night. When told of Jenkins' remarks, he said he was not at all surprised. "I never would have wagered \$500 on my chances. When a man bets his own money, he knows what he is doing. I will win what he will lose, and he will be a much surprised man if Jenkins can make me assume the defensive for a moment."

Good for Boxers.

Albany, N. Y., March 9.—The Frayley boxing bill, permitting limited-round bouts, has passed the New York assembly, and is now before the senate today. The bill now goes to the assembly.

JIM COFFERT'S SCHEME.

If Ralston Will Passes He Will Start New Club.

Should the Ralston bill, which is now before the assembly, become a law there will be an exodus of boxing promoters to the goldfields of Nevada. Jimmy Coffert is already figuring on incorporating a boxing club at Tonopah, which expects to be a great success. He knows from his experience in the ring that the fight game is a money-making game. He has seen the boys in action. They are in the ring for the money. He has seen the boys in action. They are in the ring for the money.

Against Race Betting.

Jefferson City, Mo., March 9.—The house bill providing for the repeal of the law prohibiting race betting in Missouri, today by a vote of 15 to 13. The bill was introduced by Representative J. B. McPherson.

The passage of the measure marks a distinct step in the efforts being made to eliminate race betting in Missouri, as it was necessary to repeal the law prohibiting bookmakers and gambling on races in Missouri, which measure will probably be taken up tomorrow.

NOT MRS. "A. W."

Wrong Woman Connected With Accident Yesterday Afternoon.

It was Mrs. J. W. Parratt, and not Mrs. A. W. Parratt, who met with an accident on East Temple street yesterday afternoon, and who was later taken to the city jail at her own request.

It is the former who has a police card record and who is much given to bibulous conduct. The latter is not the same kind of a woman and has never been arrested for any kind of wrong doing. The initials "A. W." were given to the "News" by its informant in the belief that they were a part of the name of the police card character.

As much as the "News" is indebted to the "News" for the information, the "News" hastens to make correction.

SUES SOUTHERN PACIFIC.

Wants \$20,000 for Loss of a Leg in Accident in Nevada.

(Special to the "News.")

Ogden, March 10.—A suit has been prepared by W. L. Maginnis and will be filed in the district court, wherein R. D. Boman is the plaintiff and the Southern Pacific Railway company the defendant. The plaintiff sues for \$20,000 damages for the loss of a leg while he was employed as a brakeman by the company, between Sparks and Winnemucca, Nevada, and alleges in his complaint that the accident was due to a defective hand rail due to carelessness on the part of the defendant.

The recount of ballots was resumed this morning in the contest case of Hamer vs. Howells.

PRISONERS GET AWAY.

Brace of Thirty Day Men Take French Leave and Keep It.

John Stone and George Cornell, two city prisoners serving 30 days' sentence, and doing duty on the chain gang in City Creek canyon, made their escape this morning and all efforts to locate them have proved unavailing.

Just how they managed to elude the watchmen is not known. The prisoners took some of the prisoners up the canyon to complete certain work and while they were there the watchmen failed to give the other guard the slip and vanished as completely as though they had evaporated.

The police department and the sheriff's force were quickly notified and descriptions of the men furnished and the officers are exerting every effort to locate them.

TRIBUNE OFF ON WRONG FOOT AGAIN

Sensational Yellow Story Regarding Canadian Business Men Another Dizzy Fake

Three gentlemen prominent in business circles in Canada have been staying for a few days at the Knutsford hotel. They are H. A. Mullins, general manager of the Cochrane Ranch company in southern Alberta, and an ex-member of the Manitoba legislature; Ernest B. Cochrane, a director in that company, and Charles M. Holt, K. C., the company's solicitor. They came here on business connected with the Cochrane company, and having been grossly misrepresented in the Salt Lake Tribune, which appears to have started on a wild career of misrepresentation and falsehood in relation to almost everything and everybody, these gentlemen vigorously expressed to a representative of the Deseret News their disapproval of the article mentioned and their disgust at the statement that their visit here had any reference whatever to alleged polygamists, or polygamy, which they denounced as absolutely false. They wish the Deseret News to deny that the authorities of the Church in Canada, have fields of the Church in Canada, have been introduced to them or that they have anything whatever to do with it. They said they did not believe that the "Mormons" in Canada, and they certainly have nothing to do with the matter in any shape or form.

They stated that they had met President Smith and his counselors, and found them broad-minded, straightforward men, with nothing small or mean in them, and that no one could meet with them without entering into the highest respect for them personally, and without being impressed with the thought that a religion which produced such men must also be worthy of respect and investigation. They wish to state, further, that the Church authorities had not given any hint concerning the matter treated by the Tribune nor was there any ground for the slightest suspicion that the subject was in any way introduced.

Mr. Mullins is a very large cattle dealer and has under his direction about 15,000 head belonging to the Cochrane ranch company, which he has for sale. Mr. Cochrane is a business man of high character and ability, and the ranch with which he is connected is a large and valuable tract of country belonging to the heirs of the Cochrane estate. Mr. Holt is a king's counselor and one of the leading lawyers of Montreal. They speak very highly of Messrs. LeGrande Young and F. E. Richards, whom they had met while here, and consider them distinguished members of the bar, cultured and able, and as indicating the good effects of the "Mormon" religion upon personal character. They did not enter into particulars as to the business which brought them to this city, but they did express their admiration of what they had seen here, the gentlemen whom they have met and the general character of the "Mormon" colonists in Canada.

They take the position that, not being here on any public matter, their private affairs were no concern of the newspaper which so grossly misrepresented them. They will probably leave the city this evening, but may possibly stay over a day longer, and will return to their homes after visiting some other parts of the United States. They are clever business men of high character and connections, with whom it is a pleasure to meet. The "News" is pleased to know that they will take away with them, with the exception here noted, a pleasant and favorable impression concerning Salt Lake City and the people of Utah.

FOR EMBEZZLEMENT.

Thomas Loughney was arraigned before Judge Diehl this morning on three charges of embezzlement. It is alleged that he embezzled \$144.50 from Grant & Howard and later \$136, and \$127.50 from the same firm. He pleaded not guilty and the cases were set for the 23rd.

A MINER KILLED.

Frank Whitmore Victim of a Serious Runaway in Brigham.

A miner named Frank Whitmore was killed Wednesday night while riding a horse down Bingham canyon. It is supposed the animal ran away, and that the rider's head was dashed against one of the upright timbers of the Copper Belt railway trestle where it crosses the roadway. The skull was crushed on the right side, and the victim died the next morning, without regaining consciousness. He was said to have been intoxicated at the time of the accident. Whitmore was unmarried.

BRICK PLANT IS BADLY DAMAGED.

Disastrous Fire in Southwestern Part of Town Early This Morning.

The Ashton Fire Brick company's plant at Eighth South and Third West streets, was visited by a disastrous fire early this morning, the loss being about \$6,000 with insurance of \$4,000. The cause of the fire is not known as the main building containing machinery and stock, and two sheds, was practically destroyed. The loss would have been much less had the fire department been notified sooner, but considerable property was saved anyway. The alarm was turned in at 2:45 this morning, after the fire had been raging for some time. The alarm came in from the O. S. L. depot where Officer Frank Brown was on duty. He saw the flames and rang out the apparatus from No. 2. The firemen saw the blaze when leaving the station and at once ran quickly to the scene. Officer Brown then thoughtfully went to the station and closed the house.

ITS ORIGIN IS A MYSTERY.

Loss Estimated at \$6,000 With \$4,000 Insurance—Will Rebuild At Once.

There was considerable activity in the criminal division of the district court today when Judge Armstrong made a setting of criminal cases and arraigned a number of prisoners. The settings commence on Monday, March 27, and run until Friday, April 7.

Will Gentry, alias John Gourey, one of the alleged street car bandits who held up a Salt Palace car on the night of Feb. 22 and relieved the conductor of several dollars, withdrew his plea of not guilty and entered a plea of guilty to both charges against him. The court set Monday, March 13, as the date for passing sentence upon him.
