Washington.-The Senate commit-

tee on elections this morning resumed

their investigations into the election o Senator Caldwell of Kansas. Ex-gov-ernor Carney corroborated the testi-mony previously given by Samuel T. Smith, Caldwell's partner, to the effect that at a private interview between Caldwell and Smith and himself, Caldwell offered him, Carney, \$15,000 if he would withdraw from the contest for senator. This offer he soon afterwards accepted and signed a paper, pledging himself that he would in no case become a candidate, in return for which he, Carney, received Smith's note at thirty days for \$10,000, given unconditionally, and Smith's due bill for \$5,000, conditioned on Caldwell's election. The consideration named in the agreement was for expened by Carney. Smith's note for \$10, 000 was paid Carney at maturity. The GIVE attention the pension laws passed.

The Lamp is cons ructed with two these, the cutside one intended only for the attachment of the burner, and the inside one to contain oil and receive the wick. As there is no connection between these tubes it will be evident that there is no possibility of communicating any heat to the oil, and as long as the oil in a lamp can be kept perfectly cool there is, of course, no chance for an explosion.

The Lamp is strongly and well made, attractive in appearance, and something entirely new and novel. It will burn kerosene scapted to any burner. With all of these advantages it combines cheapness, and from present indications it is destined to become very popular.

In case of accident, the Lamp fa ling or thrown over, by which many expiculous occur, is the cause of the oil rushing to the flame. In this Lamp it is not so; it can be thrown over, and cannot send the oil is—the flame; it will run from it, so there is no danger of catching fire.

The public may rest assured that the Lamp is all that we claim for it, and we consistly invite the most critical to examb we feel confident the ver-This Lamp can be filled from the fount, or
