

ARBITRARY RULE IN CAPE COLONY.

King's Subjects Deprived of All
Legal Protection.

SECY. CHAMBERLAIN'S WORK

Taxes Will be Applied Under War-
rant of the Governor With an Ap-
propriation by Parliament.

London, July 1.—The Daily News pub-
lishes an article by its parliamentary
correspondent on the political situation
in Cape Colony in view of the proroga-
tion of the Cape parliament, the writer
saying that an issue of the gravest
moment, namely, the sus-
pension of the constitution of
Cape Colony, is involved. He
adds: "From the night of June 30th,
for an indefinite period the king's sub-
jects in Cape Colony will be deprived
of the protection of the law and will
be governed contrary to its express
provisions. Taxes will be applied under
warrant of the governor without appro-
priation by parliament, which has been
prorogued until August 27th, and is not
likely to sit even then."

"This illegal method has been resorted
to by the governor and the military,
doubtless at the instigation of Lord
Milner and Colonial Secretary Cham-
berlain. In a word the imperial gov-
ernment has arrogated every attribute
of the compact under which a free people
owes allegiance to its rulers. Liberty
is dead, so far as our Dutch subjects
are concerned."

"The case calls for the authoritative
intervention of the liberal party, in
which there is a feeling in favor of
summoning a great popular conference
to consider the situation."

PROTECTION FOR DR. GLOCOMO.

At Request of Italian Minister it
Will be Afforded.

Denver, Colo., July 1.—A special to
the News from Cheyenne, Wyo.,
says: The report to the effect that
the Italian minister at Washington had
requested the state department to pro-
tect Dr. Glomco of Rock Springs from
violence at the hands of a mob, while
true, has aroused a great deal of inter-
est here. The state authorities have
called to bear anything of the pending
violence, and messages to Rock Springs
bring out the intelligence that Glomco
is in no danger of mob violence, and
never has been.

SHOT AT A DANCE.

An Officer and Two Young Kentuck-
ians Have a Fatal Row.

Metropolis, Ill., June 30.—A desperate
brawl occurred at a dance last night
between an officer and two young men
from Kentucky, near Brookport, six
miles from Metropolis. As a result,
Constable Grant Hankins lies dying
with five bullets in his body and James
Pritchard is shot through the stomach
and will die. James Mason is hurt
through the back and may recover.
The latter two are in jail at Metropo-
lis, where they are receiving medical
aid.

Tons of Dried Fruit Burned.

San Jose, Cal., July 1.—Four hundred
and fifty tons of dried fruit were de-
stroyed last night by the burning of the
fruit packing house of George N. Her-
bert near this city. Loss about \$40,000;
insurance \$40,000.

Martial Law at Panama.

Kingston, Jamaica, June 30.—The
garrison of Kingston arrived today from
Colon with reports that martial law
has been proclaimed in Panama, owing
to a report that the rebel forces are
being reorganized. It also appears that
considerable fighting has taken place
in the interior and that the government
is dispatching reinforcements. Stringent
precautions are taken in Panama owing
to the fear that the rebels will at-
tack the city.

Drought in Britain Broken.

London, July 1.—The long-continued
drought in Great Britain has been
broken up. Violent thunderstorms oc-
curred Saturday night and yesterday,
accompanied by heavy rain, hail and
lightning, which wrought much havoc.
Many parts of the continent have been
suffering from heat. In Portugal much
damage has been done by floods and
landslides. According to a dispatch
from Oporto twenty persons were
drowned by floods in the Carrizada
district and five killed by lightning at
Gouveia.

CRIPPLE CREEK GRAND JURY.

It Has Indicted a Number of Ex-City
Officials.

Cripple Creek, Colo., June 30.—A
special grand jury, summoned at the
solicitation of 300 voters, issued a
number of indictments, several of which
were served and the indicted par-
ties arrested. Charles Gray, Tom
Sunder and John Ward, ex-police-
men, and Barney Hoge, ex-city fine col-
lector, were indicted and arrested in con-
nection with the robbery of a foreigner
of \$1,700 last September.

Relative to the charges of corruption and irregularities on the part of the report of the grand jury intimations the members have been unduly in- fluenced by politicians and have been inclined to extravagance, but find nothing criminal in their actions.

AMERICAN MEN-OF-WAR.

May be Supplied with Wireless Tel-
egraph System.

New York, July 1.—Rear Admiral
Admiral, chief of the bureau of equip-
ment, will point out in his annual re-
port, says a Herald dispatch from
Washington, the necessity of equipping
American men-of-war with a system
of wireless telegraphy. As soon as the
appropriation is obtained he will recom-
mend the system to be adopted for the
naval service.

Believing that Commander Richard- son Clover, naval attaché in London, is deeply occupied with his current work the rear admiral has recommended to Secy. Lins that a wireless telegraph expert be sent to England to represent the navy in the trials of the two new systems developed by Lloyd's agency.

Having made arrangements for the establishment of coal depots on the New England coast, the navy depart- ment will now give special attention to the Pacific. A depot capable of accom- modating 10,000 tons of coal will be located at San Diego, Cal. Instructions have been sent to Capt. Merritt, at Hon- olulu, to begin condemnation proceed- ings at Pearl harbor, which is to be the site of a large fuel station. Nine hundred acres of land will be acquired. The report of the board ordered to ex-

TRIAL OF THE PYX.

Money of the United Kingdom is to
be Tested Wednesday.

New York, July 1.—The trial of the
pyx, or the testing of the money of the
United Kingdom, will take place in
London at Goldsmiths' hall on Wednes-
day, says the Tribune's correspondent.
The ceremony is a very ancient one.
The first known trial for which a writ
was issued took place in 1251. Edward
III. in 1345 formally established the
ceremony, which down to 1870, took
place at uncertain intervals. An act
was passed in 1870, however, stipulating
that the trial of the pyx, which is a box
or chest in which are deposited specimen
coins, shall be held at least once in
every year in which coins have been
issued.

THOMAS DUNN ENGLISH.

Author of "Ben Bolt" Celebrates His
Eighty-second Birthday.

New York, July 1.—Thomas J. Dunn
English, poet and writer, has just cele-
brated his 82nd birthday at his home in
Newark. The author of "Ben Bolt"
remains as vigorous as ever. He is still
vigorous and does some magazine work.
His greatest affliction is loss of sight. He is nearly
blind, and has to dictate all his matter
to his daughter, Miss Alice English.

TRADE OF THE PHILIPPINES

For the Calendar Year of 1900 There Was a
Great Increase of Commerce.

Washington, June 30.—A marked in-
crease in the trade of the Philippine
islands during the calendar year of
1900 over the commerce of the previous
year is set out in a statement made
public today by the division of insular
affairs of the war department. The
value of imported merchandise, gold
and silver for 1900 is set down at \$27-
765,100. This, according to the war de-
partment's statement, was the great-
est importation of any single year in the
history of the archipelago. In 1899
the imports amounted to \$20,440,047 in
value, thus showing an increase of
nearly 36 per cent in favor of 1900. The
approximate value of imports into the
Philippine islands for 1900 was \$3,915-
690; for 1899, \$3,252,690; and for 1897,
\$2,000,000.

Value of Imported Merchandise Over \$27,000,000—Greatest in History of the Archipelago.

During the five years 1897-1898, the
average annual value of imports from
the United States amounted to \$180,824
and during the five years 1898-1899 the
average annual imports amounted to \$136-
228; in 1899 the imports were \$1,357,824,
and in 1900 \$2,153,193. The total imports
from China and Hongkong for 1900
amounted to \$9,536,445, and for 1899,
\$9,931,355.

It has been shown as regards the statistics of imports into the islands from the United States that they do not include a large amount of mer- chandise that is imported indirectly, including such staples as wheat, flour, meat, products cotton manufactures and many other articles. A large por- tion of the trade is recorded as imports from Hongkong which are un- doubtedly re-exported from that port to the islands.

The imports from the United States direct for 1900 show an increase of \$601,234 over those of 1899, while the im- ports from Hongkong in 1900 show a material decrease from the estimated figures of 1899. This would indicate that as the shipping facilities in Ma- nila harbor are being improved, direct shipments to Manila are increasing, and there is a corresponding decrease in the re-exportation of merchandise from Hongkong to the Philippines. The imports into the Philippines from the United States direct in 1900 show an increase over 1899 of 59 per cent.

The total value of merchandise, gold and silver exported from the Philip- pines during the calendar year 1900 amounted to \$26,731,462, against \$19,273- 388 for 1899, and an average from 1890 to 1894 of \$20,526,961.

The exports to the United States in- creased from \$4,040,355 in 1899 to \$6,068- 831 in 1900.

ERNEST GREEN ARRESTED.

Alleged Horse Thief Will Be Taken to
Idaho Tonight.

Ernest Green, charged with horse
stealing in Idaho was arrested in this
city Saturday night by Deputy Sheriff
D. P. Rich of Fremont county, assisted
by Sheriff Naylor and Deputy Sheriff
Joe Raleigh. Green will be taken back
to Idaho this evening.

Green is said to have stolen some horses near Teton, and was seen there about Idaho Falls and Blackfoot with a herd of forty or fifty head. The sheriff of Fremont county followed him to Pocatello but he skipped out and came to Salt Lake. Deputy Rich was then put on his trial and came to Salt Lake. Green left for a few days and returned Saturday and was discovered by the officers on the corner of First West and Second South streets.

Green has already served a term in the penitentiary for horse-stealing and only a month ago was released from prison after serving a term for stealing a harness.

The Same Old Story.

J. A. Kelly relates an experience sim-
ilar to that which has happened in al-
most every neighborhood in the United
States and has been told and re-told
by thousands of others. He says: "Last
summer I had an attack of dysentery
and purchased a bottle of Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy, which I used according to di-
rections and with entirely satisfactory
results. The trouble was controlled
much quicker than former attacks
when I used other remedies." Mr. Kelly
is a well known citizen of Henderson,

ITH a percent-

the bold Lob-
sters still retain
their defiant
attitude and re-
sults of such efforts are already
discernible. Dr. Webster
says it has
come to that
pass that he
and his im-
maculate will
be forced to the
necessity of
hauling the bold Lobsters by main
strength, and that P. D. Q. too.

If it is fair to judge the future by
the past, there is every reason to be-
lieve that the White Wings are just
the boys to do the hauling down. If
ever a team had hard stumps to row
that team is the one which claims this
city as its home.

With having to contend with de-
serters, knucklers and had umpires, its
cup of sorrow has surely been filled
to the brim. But having drunk the
hemlock cup to its dregs, the team has
settled down to steady, hard work and
the results of such efforts are already
discernible. Today the White Wings
rejoice in holding the position of sec-
ond place, and their chances look ex-
ceedingly good. If the team remains
as it is, left to its present manage-
ment without interference from any
source, it will accomplish great things.

It will look still seems to hang with the
Miners. They are capable of putting
up a good game, but it seems to profit
them nothing. It is understood that
the team is to be strengthened with a
couple of fast easterners; if so, there
is no reason why the Miners should
not begin to climb up again.

The Lagoon team is also settling
down in better shape, and it is predi-
cated that before long the club will be
pretty closely hauled.

The proposition to give games on
Wednesdays to the clerks is gaining
favor every day, and if the clerks will
only say the word the baseball man-
agers will do the rest.

In speaking of the matter Saturday
afternoon, Mr. Griffin stated that so
far as he is concerned he would be
glad to arrange games for Wednesday.
The other managers have not been
heard from yet on the question, but
that they will be glad to enter into
any arrangement of that kind is almost
a certainty.

HITS AND RUNS.

That's all there was to the Game in
Park City.

The Lobsters took a package of 22
hits to Park City yesterday and hauled
back another game. The score was 15

the visitors' hits tells the story. In
the language of the fans, drink-of-wa-

SALT LAKES 6, LAGOONS 2.

Such Was the Score in Yesterday's
Game Here.

Webster and his White Wings con-
tinued to play ball yesterday and trim-
med the Lagoonites once more. The fig-
ures being 6 to 2.

Every man played a great game, es-
pecially Taylor, Morrow, Williams,
Hawley and Little Billy Mac.

Taylor, Hawley and Morrow each
figured in pretty double plays and Mr.
Williams allowed nothing to escape that
went over in his corner. In the mat-
ter of pitching "Pink" Hawley had way
the best of the argument. The Salt
Lakes pounded out 13 hits off Little Joey
Kostol, while Hawley allowed but 4
hits. Hanley late of the Park City team
played a real game at second for the
Salt Lakes.

MINERS LOST HERE.

Played a Close but Tame Game with
the Salt Lakes.

In Saturday's game here the Miners
came very near winning. They started
the thing off by making four con-
secutive hits, but the Salt Lakes, by
singles and as many runs enough runs
in the first inning. After that the im-
maculate staided down and the min-
ers got no more. By the ninth inning
the score was tied and the suspense was
intense. The visitors started out well
in the tenth, but failed to get a man
home. After Pendergraft's out Han-
ley was given a leave for first and
took another sack on Cope's single, and
third on a fly out of Redmond. Ma-
loney came up and swatted one down
to one Williams, who adorns third base
the White King. Off course Wil-
liams devoured it instantly. That's
what he has been doing right along.

Morrow came up and punched out a
two bagger. He went to third on the
captains out and scored on a throw
away of Pendergraft. Here are more
