Stop paying rent and secure a home and so provide for the future when you get too old to work. Why sit by some one elses fireside instead of your own? lan't it better to be paying for your own home than for someone elses? And that is what you are doing when you are pay-ing rent, paying for someone elses home. Just stop and think how you are throw-ing money away when you pay rent. Just see how easy if would be for your to pay the amount that you pay to your landlord or a home of your own and thereby have something to show for your hard earned money. BENJAMIN F.
