

FLOATING FRAGMENTS.

Diphtheria group has appeared in Ogdenville.

People's Party meeting in Ogden to-night.

There was a daring robbery in the Twelfth Ward last evening, suggesting the necessity of citizens having their shot-guns handy.

The new Compendium of the doctrines of the Gospel is giving great satisfaction, and is selling rapidly, as a consequence.

Mrs. Bird, dressmaker, has returned from her trip to Europe, and will be pleased to receive the patronage of her old friends. See advt.

In the District Court this afternoon the case of the People, etc., against Wilson for the murder of Durnell at Park City, was being tried.

Early this morning, so it was reported in town, there was a fatal collision between two freight trains on the U. & N., this side of Pocatello. We understand that a brakeman on Walter Holbrook's train got killed in the smash-up.—Ogden Herald.

We understand that Mr. S. S. Jones is packing a couple of barrels of choice potatoes to send direct to England. They are to go as a present to some friends of Major Hill, manager of the Horn Silver mine and Smelter. Mr. Jones will probably send at the same time an extra barrel to be delivered to some leading seedman of London, by way of letting the fine quality of our Utah Potatoes be known. Provo Enquirer.

LOCAL AND OTHER MATTERS.

Home Mission.—Elders of the Home Mission of this State will visit the meetings of the city wards to-morrow evening.

Primary Association Officers.—The officers of the Primary Association of Salt Lake State are requested to meet at the Council House on Tuesday, October 24th, at 2 p.m.

United.—On Thursday last, in this city, Brother John W. Taylor, son of President Taylor, and Miss May L. Rich, daughter of Brother John T. Rich, were united in marriage. They are a comely couple, worthy of success in life. Our very best wishes and warmest congratulations are tendered to them.

Diphtheric Group.—We learn from Brother Alma P. Spilsbury, of Toquerville, Kane County, that diphtheric group has appeared in that place. A little son of his recently succumbed to that disease. Brother Edwin R. Lamb has also parted with a little daughter from the same cause. In both instances the sickness lasted but a few days. No new cases are reported.

Music and Telegraphy.—Mrs. Flora S. Hill, music teacher, announces that she has changed her place of residence from the Morgan College building to Second East Street, in door north of the Catholic Church.

Brother H. J. Hill states that he will teach telegraphy free of charge, in his classes to open in the City Hall, on Monday, Oct. 30th, to one lady from each of the Y. L. M. I. Associations of this city. New pupils in these classes can begin any evening during the two weeks following October 30th. For terms and other information read the advt.

Ladies' Associations.—Sisters E. R. Snow Smith and Zina D. H. Young are at Nephi, attending the conference of the ladies' and children's associations of Juab State which opened yesterday, and will continue over to-day.

Sisters M. I. Horne and E. B. Wells were at East Bountiful yesterday, on a similar mission, the occasion being the conference of the Ladies' Association of Davis State. President Smith and Counselor Call were present, and set forth the sisters apart for their association work.

Distressing Accident.—On Thursday morning, at Eden, Ogden Valley, Weber County, while Frank Campbell was fixing the side gear of a threshing machine at Eden, the sleeve of the right arm of his coat caught in the cog of a wheel which in its revolutions drew his arm into the wheel, tearing the flesh from the bone from near the elbow to the articulation of the wrist; but fortunately no bones were broken. It is not improbable that the limb will have to be amputated to save the life of the patient. The particulars of the accident are in the Ogden Herald.

Mr. Campbell is about twenty-six years old, he lives in North Ogden, and has a wife and one child dependent on him for support.

Daring Robbery.—About half past seven o'clock last night, Mr. E. Woodford, proprietor of the 12th Ward store, heard somebody on the premises and entered for the purpose of waiting upon two parties whom he took for a couple of customers. His idea was correct in a certain sense, as they proved to be tough customers indeed. They were masked ruffians, who, immediately he entered, covered him with their pistols and demanded his money, threatening to shoot should he give an alarm. At this juncture Mrs. Woodford entered, when one of the ruffians presented his weapon at her. She shut the door connecting with the back room, rushed out of the rear of the premises, and shouted "Murder." One of the robbers went around the counter, grasped at Mr. Woodford's watch but did not get it out of the pocket. He then emptied the cash till, which fortunately only contained about two dollars, and the two robbers then made their escape.

Officer Hilton, who lives in the neighborhood, hearing the screams of Mr. Woodford, seized a shot-gun and rushed for the scene of the robbery, but by the time he reached there the villains had made their escape.

THAT MYSTERIOUS MURDER.

The investigation by the coroner's jury yesterday afternoon resulted in the development of some very important and significant facts in regard to the fatal shooting of Mrs. N. T. Wilder, and the investigation is being vigorously prosecuted to-day. Telegrams have been sent to relatives and business correspondents, answers to which are hourly expected. An autopsy was held to-day, at which several leading physicians were present. A careful examination of the premises was made to-day by the jury, an inventory of the effects is being taken by competent and responsible parties, and no labor or expense will be spared to get at the facts. It appears from the evidence elicited yesterday afternoon that five balls were fired from the pistol; two more balls were found making four found on the premises, the fifth being imbedded in the brain of deceased. The jury and officers are in possession of important information that it is not deemed wise to publish at present; but aside from this and the separation of witnesses to prevent collusion, there is and has been no attempt at secrecy during the inquest, any one being permitted access to the court room who desired to enter. The inquest was resumed at 3:30 this afternoon.

Last evening the United States Marshal, by deputy, applied to City Marshal Burt for the custody of the prisoner Jessie Walton, which was declined. This afternoon a writ of habeas corpus was served upon Marshal Burt, directing him to produce the woman in Court forthwith, the application for the writ being based, we presume, on an allegation that the prisoner is illegally held. It is rumored that there is something behind the proceeding, to which we refrain from alluding at present.

At 2:30 o'clock to-day an examination of the body of Nellie S. Wilder, was made by Dr. Ellen B. Ferguson, in the presence of Coroner Taylor, the jury; in the case, and other gentlemen. Drs. Fowler, Hamilton and McElheny, being there to watch on behalf of the individuals concerned. Having shown to those present the external wound in the head, Dr. Ferguson proceeded to remove the scalp, to examine the interior of the skull, the object being to find the bullet which made the fatal wound. The point of entrance was in the right parietal eminence, two inches above the right ear and about half an inch behind the hole being about half an inch in diameter, jagged and uneven. Upon removing the scalp considerable extravasation of blood and crepusculin the skull indicated the probable position of the ball, which was found imbedded between the dura mater and the skull, two inches above the left ear and an inch forward of it. The ball which was considerably flattened at one end, is now in possession of the coroner. Introducing a probe clear through the head from the point of entrance to the point where found, Dr. Ferguson called the attention of the jury to the direction of the ball, which passed in an oblique direction from behind forwards, thus precluding the possibility of the wound being self-inflicted.

It is a matter of significance that the ball found in the head was a .38 calibre while the pistol in the hands of the jury carries a .32 calibre bullet.

As we were about to go to press Coroner Taylor received a telegram from Bowes & Co., of Denver, directing that the body be held and prepared for shipment east. The same firm will direct all details in regard to the body and property of the deceased.

SERIOUS STABBING CASE.

A YOUNG MAN FROM MALAD ACCUSED OF THE CRIME.

The Idaho Enterprise says that on Friday of last week, James Evans of Malad City, Oneida Co., who has been employed by Hall Bros. saw-mill proprietors at Beaver Canyon, during the past summer, as stock tender, started out from the mill hunting for stock. He rounded up about 12 o'clock at Williams' Junction on the railroad just over the Montana line where he stopped for dinner. A young man named Musson, a section hand on the railroad, volunteered to go and show Evans where to put his horse, and the two started for the corral, a few rods away from the house.

Musson not coming to his dinner and Evans appearing without him, he enquired to be made and on looking in the stable Musson was found weltering in his blood, with stabs in the forehead, cheek, and several in the back; one in the region of the kidneys left them exposed to view. The stabs were all deep, and will undoubtedly prove fatal. The wounded man was taken to Dillon and his wounds were dressed and was still lingering at last reports.

Evans was arrested and taken to Dillon on Sunday, and is held there awaiting the action of the grand jury. It is said there was a previous quarrel between the young man, which accounts for the trouble. When Evans was arrested (on Sunday) he had Musson's hat on his head, but disclaimed knowing anything about the wounding of Musson.

We find a statement in the Idaho World of the 13th inst., that may ultimately throw some light on this case and possibly show that Evans is innocent. It is to the effect that a man named Chris. Thompson, a companion by Musson, left Kemper's place on Crooked River, on Sep. 15, to search for a location for a tie camp on North Boise, and neither he had Musson's hat on his head or had since been heard of, leading to the supposition that Musson had killed and robbed his companion, it being known that the latter had considerable money. Thompson had left a team and wagon at Kemper's, and a young man claiming to be a nephew of Musson's, called and made a demand for them, which was not complied with.

James Evans, the young man now under arrest on a charge of what may assume the nature of murder, is said to be a member of a respectable family.

The New Cars.—Three new street cars have arrived at the Utah Central Railroad depot, and will be running in a few days.

A Horrible Crime.

At a small settlement in the northeastern portion of Wyoming, called Sun Dance, a horrible crime was committed, last Sunday. During the absence of Mr. Curless and Son on a hunting expedition B. F. Cornish called at their residence and asked Mrs. Curless for food. She kindly invited him in for the purpose of feeding him. He knocked her prostrate upon the floor, seized her by the throat and choked her to death and smashed the house for plunder. Had the villain not been removed to Deadwood by the officer who arrested him the enraged inhabitants of the place would have slain him.

Monster "Murphies."—This morning Brother Thos. E. Jeremy, of the 18th Ward, who is noted for raising first-class garden products, brought to this office a few samples of what he can do in the line of potatoes. They were superior looking "spuds," and no mistake, and are named by him "Smith's Favorite," a new kind in this country. They are huge tubers, the samples weighing from three to four pounds each. He states they are not only large but of excellent quality, white and neatly when boiled, solid clear through, and exceedingly prolific. This is but one of six kinds raised by Brother Jeremy, and he calls it his best. Parties wishing to purchase can obtain any desired quantities from him.

More Light.—It is possible that some information may be had leading up to the mysterious murder of Nellie Wilder, by summoning some of the leading citizens of Mountain Dell, whose hospitalities herself and party—including an M. D.—shared after they had been emptied into canon creek a week ago last Tuesday night, and at which time it is alleged, the deceased lost a \$2,000 diamond necklace, for the recovery of which another man the next day offered a handsome reward. It is said the M. D. claimed one of the women as his wife, and after the mishap remarked that he would not have the affair get into the papers for \$1,000.

The Hintze Case.—After recess yesterday the examination of this case was resumed. C. C. Neilson, Nellie Neilson, recalled; Henry Madison, Joseph J. Peterson, C. H. Romer and Jacob Jensen, father of Mary Jensen, testified in behalf of the prosecution, but no evidence was adduced tending to prove illegal cohabitation of the defendant with Matilda Wall, this being the charge upon which he was arrested. L. A. Howard and W. C. Harrison testified on behalf of the defense. The testimony showed that the investigators of the proceedings were actuated by malicious motives, owing to their having been fined by the defendant, when brought before him on a criminal charge, in his capacity as Justice of the Peace.

The case was submitted by counsel without argument. To the surprise of everybody, Commissioner McKay held Mr. Hintze in \$500 bonds to answer to the grand jury.
